Boy Scout Troop Will Hold Campout, Family Breakfast

Boy Scout troop 174 will hold its annual overnight campout and family breakfast at the Izaak Walton lake Saturday and Sunday, it was announced this week by O. K. Brandstetter, troop committee chairman.

Troop members will hike to the Ike lake at 3 p.m. Saturday afternoon. They will be joined by their fathers for the overnight campout. Fathers will prepare the Sunday morning breakfast, to which all family members and troop advancement counselors are invited. Breakfast serving will start at 6:30 a.m. About 130 persons were served at last year's event.

A court of honor will be held following the breakfast. Star Scout awards will go to Dave and Dan Rees and Bob Johnson, jr. Mark DeBow will receive his first class badge, Mike DeBow will receive his second class award.

Merit badges will be presented to Eric Manley, Ronald and Robert Wraedt, Dave and Dan Rees and Bob Johnson, jr.

Winside Band Sets Saturday Concerts

Winside — Band concerts will be held every other Saturday in the Winside park, according to Mrs. H. F. Otto Mueller, Winside school band instructor.

On alternate Saturdays, the band will practice at the band room of the high school. In case of rain, the concerts will be held in the city auditorium. The second concert will be Saturday.

Mrs. Mueller invited any person with band experience to join the band during the summer months.

A beginners' band will practice each Saturday at the school house, starting at 6 p.m.

Jan Garber to Play at WSTC Dance Here Friday

One of the major social events of Wayne State's third term comes Friday in the form of a big name band dance.

It also is being planned as a reunion of students — for those not attending third term to visit the campus and hobnob with those who are in school.

Jan Garber's nationally famous band will provide music for the dance from 9 p.m. to 1 a.m. in the Rice building. The public is invited to the dance. Tickets are on sale now and also at the door.

SUMMER BASEBALL for kids got into full swing with one of the largest turnouts ever and the Hahn boys still in school. The boys will have two weeks of fundamentals before league play begins. Here one group of youngsters learn about the proper batting stance from program director Hank Overin. Practice is now being held every day with boys broken up into age groups with different practice times.

Wayne Police Record Four Accidents, All in Reverse

The Wayne police department recorded four traffic accidents during the week, all of which involved autos backing up.

The first occurred June 8 when Ben Nissen, Wayne, struck a parked auto as he backed out of his drive way. Damage was minor, according to police reports.

The next two occurred June 9. Marjorie Vonasek, Verdel, was backing out of a parking place, stopped, and was struck by the tractor of a semi-truck driven by Larry Ebker, Wayne. Again damage was minor. This accident occurred about 10:30 a.m.

Then shortly after 5 p.m., Herbert Hinnerichs, Wakefield, backed away from the curb at the corner of Main and second, continued backing across the center line and struck an auto stopped for the stop sign driven by Paul Telgren, Wayne. The mishap resulted in about $150 in damages.

The final accident happened Tuesday when an auto driven by Wilma Wylie, Winside, stalled at the intersection of Main and 7th. She started the auto but put it in reverse gear instead of forward and backed into a truck driven by Evan Bennett, Wayne.

Five Summer Session Profs Added at WSTC

Five professors joined the Wayne State College faculty for the summer session which started last Wednesday.

Here for the summer only are Dr. Hal Hagen, dean of Scottsbluff Junior College, Stanley Westergard, superintendent of Wayne city schools, both teaching education, and Dr. Dale Flowerday, director of the Northeast Nebraska Experimental Station, teaching conservation.

John Jermier, who will coach football in the fall, is teaching physical education this summer. He comes from an assistant coaching position at Coe College.

Mrs. Carolyn Putnam will teach education this summer, then serve as supervising teacher of the Hahn Campus School's third grade in the coming year. She has been supervisor of elementary grades in Norfolk schools.

Bureau Will Survey Home Food Supplies

Information on stocks of household food supplies will be sought in the June Current Population Survey, it was announced today by the Bureau of the Census, U. S. Department of Commerce.

The information on household food supplies is being collected for the U. S. Department of Agriculture for use in civil defense planning. Topics to be covered include how frequently the household shops for food, date of last food shopping trip, and estimates as to length of time and amount of food in the household would last without replenishing the supply.

The special questions on household food stocks are in addition to the regular inquiries on employment and unemployment asked each month in the Current Population Survey.

The Current Population Survey will be conducted here and in 332 other sample areas of the country during the week of June 18. Information will be collected locally by Ruth Koehler, 108 North Doxelder, Norfolk.

Medical College Director To Speak to Presbyterians

The director of the Vellore Christian Medical College in South India will be the featured speaker at the Thursday evening session of the Nebraska Synodical Society of the United Presbyterian church meeting to be held at the WSTC Willow Bowl at 7:30 p.m.

The director, Dr. John S. Carman, has been in India since 1928. His hospital treats more than one-third of a million patients each year. In addition, 865 doctors and 700 nurses have graduated from Vellore.

This hospital is supported by the mission boards of 14 denominations in the United States as well as other denominations in Australia, Great Britain, Canada, Germany and New Zealand.

Other speakers at the two-day meeting will be Mrs. Naomi Carman, wife of Dr. Carman and acting treasurer of Vellore; Mrs. Donald E. Zimmerman, president of the United Presbyterian Women; and Miss Emily V. Gibbes, secretary of the women's department of the board of Christian education.

In addition to being treasurer of Vellore, Mrs. Carman is a nurse, seamstress, pioneer homemaker, business administrator and possessor of such honorary jobs as substitute teacher, dean of women, medical librarian, and medical record keeper.

Mrs. Carman is the mother of five children, all of whom were born in India, and a grandmother of eight. One of her children is already a missionary in India; two others are training for missionary work.

Mrs. Zimmerman, wife of Dr. Zimmerman, the General Presbyter of the Presbyterian Missions, recently returned with him from a world tour of United Presbyterian Missions in connection with her attendance as an official delegate at the Third Assembly of World Council of Churches at New Delhi, India. She also met with leading church women in India, the Philippines, Thailand, Kenya, and Egypt.

Miss Gibbes has served as confidential secretary to the first woman elected to the New York City Council.

In the fall of 1953, Miss Gibbes traveled around the world, participating in leadership training among women in fifteen countries. She spent three months as leader of the Women's International Fellowship team in India, Pakistan, and Thailand.

DAHL NURSING HOME . . . to begin in July

Construction Will Begin On Nursing Home Structure

Construction will begin July 1 on a new Dahl nursing home structure to be situated on the south half of the present property.

The new nursing home will include a glass-walled recreation room connected to a main entrance and lobby. A nursing station located adjacent to the recreation room will afford effective control and conserve the nurse's time.

Other facilities to be built are a utility room, examination room, drug storage room, and administrative officers. Single and double patient rooms with private toilet facilities and closets, main baths and wheel chair showers, dining room, kitchen, kitchen storage, broiler room, and storage space will also be provided.

The added patient rooms will provide the nursing home with a 65 bed total.

An upper story will be used for living quarters for the Dahls.

Plans call for construction to be completed in late fall. Simpson, Inc., Norfolk, is the contractor, while R. A. Theisen and E. B. Watson, Norfolk, are the architects.

Overin Wins as Wayne Stays in League Lead

Wayne maintained its NE Nebraska baseball league lead Sunday night with a 2-0 victory over Onawa, Ia. on the local diamond.

The victory came behind a three-hit pitching performance by Manager Hank Overin, who struck out 16 Onawa batters. He walked only three.

Wayne faces two important league contests here this week. The locals entertain Decatur tonight and Sunday night will play host to Homer, the defending league champions. Homer has won the loop title the past three years.

Wayne took a 1-0 lead in the fourth inning Sunday as Ron Jones led off with a double. He moved to third on Don Prafke's sacrifice and scored on Overin's double to right center.

An insurance run was added in the seventh when Duane Wehrer opened with a double and scored on infield outs by Overin and Ralph Vincent. Jones was Wayne's leading hitter with a double and single in four trips to the plates. Four of Wayne's six hits were doubles.

Batteries: Kuhlman, McIntyre (8), and Miller; Overin and Jones.

It happened 100 YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862 . . . the same year that

Sketch of first Homestead in The Nebraska Territory

IN NEBRASKA the people cheered when they learned Congress had passed the Homestead Act, making it possible for them to get free land in the territory. Throughout the west the event was toasted with foaming steins of beer.

For then, as now, beer was the traditional beverage of moderation—light, sparkling refreshment that adds a touch of Western Hospitality to any occasion. Nebraskans have always enjoyed the good fellowship that goes with every glass.

TODAY in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

Bjorklund, Johnson Wed Friday Evening In Double Ring Candlelight Ceremony

Photo by Hicks Studio

Eunice Bjorklund, daughter of Mrs. Nels Bjorklund and the late Nels A. Bjorklund, Wakefield, and Elroy O. Johnson, son of Oliver Johnson, Oakland, were married Friday evening in the Salem Lutheran church, Wakefield, Nebr.

Rev. Robert V. Johnson performed the double ring candlelight ceremony before an altar decorated with bouquets of white gladioli and blue shasta daisies. Baskets of white gladioli and blue carnations and pew tapers with bows completed the appointments.

James Nelson, Oakland, played the traditional wedding music and accompanied Robert Palme, Omaha, who sang "O Perfect Love," "The Wedding Prayer" and "The Lord's Prayer."

The bride given in marriage by her brother, Dwaine Bjorklund, chose a bridal gown fashioned of silk organza and imported rose point lace over mist taffeta. The sculptured bodice was overlaid with lace and was styled with a portrait scoop neckline framed in scallops traced with seed pearls and iridescents. The sleeves were long and tapered. Deep box pleats at the basque waistline fell into a voluminous bell skirt which was floor length, and was accented by a deep hemline of lace. Lace motifs were scattered over the skirt which extended into a full chapel train. Her long floating tulle veil was held by a crown of sequins and chantilly lace. She carried a cascade bouquet of pink roses.

Mrs. Donald Schlickting Lyons, was matron of honor, and Mrs. Leland Johnson, Craig, was bridesmaid. The attendants were gowned in azure blue organza over taffeta. The fitted bodices were styled with square scoop necklines and elbow length sleeves. Box pleats at the waistline formed street length domed skirts with back pleats, detailed by a rose. They wore matching bandeaus of Swiss braid leaves, with veils. They carried cascades of white mums and blue shasta daisies. Sharon Crom, Onawa, Ia., was flower girl, and Donavon Bjorklund was ringbearer.

Kenneth Nelson, Craig, was best man, and Harlan Nelson, Oakland, was groomsman. Ushers were Dwaine Bjorklund and Leland Johnson, Craig.

The bride's mother wore a navy lace dress with rose accessories and a gardenia corsage.

A reception was held in the church parlors following the ceremony. Mr. and Mrs. Forrest Magnuson were hosts. Mrs. Ernest Swanson was in charge of the guest book. Mrs. Dwaine Bjorklund and Mrs. Ray Benson poured. Mrs. Reuben Goldberg and Mrs. Luther Goldberg, Essex, Ia., cut the cake. Mrs. Evert Johnson and Mrs. Glenn Barth, Elkhorn, helped serve at the reception table. Waitresses were Bordine Barling, Coleridge, Mrs. Harlan Nelson, Oakland, Mrs. Tracy Schmeddling, Winnebago, Mrs. Lloyd Person, Oakland, and Betty Bettenhausen, West Point. Myrna Swanson, Eunice Kurtz, DeLoise Pearson and Marie Johnson arranged the gifts.

The bride attended WSTC and has taught in Wayne county and in the Oakland public schools.

The bridegroom is a graduate of of Oakland high school and is engaged in farming.

After a short wedding trip, the couple will make their home on a farm near Oakland.

Kabisch, Wylie Married in Double Ring Rites at The Methodist Church, Dixon

Joanne Kabisch, daughter of Mrs. Dorothy Kabisch, Wayne, and Clarence B. Wylie, son of Mr. and Mrs. Chester B. Wylie, Winside, were married June 2 at Dixon Methodist church.

Rev. Charlotte B. Dillon officiated at the double ring rites. Delores Cochran, Howells, Nebr., sang, accompanied by Mary Jewell, Dixon, Nebr.

The bride chose a ballerina frock of imported Swiss organdy, an original by Cahill. The sculptured bodice featured a portrait neckline defined by a bias fold of organdy and an overlay of Swiss embroidery. The full, circular skirt was finished at the wide hemline with a bias fold of organdy and embroidery trim. Her shoulder length illusion veil fell from a pearl crown.

Betty Mohlfeld, Wayne, served as maid of honor. She wore a frock of Romance blue organza over matching taffeta, fashioned with scoop neckline and cap sleeves. A full gathered skirt of organza veiled a flounce of imported chantilly lace. Miss Mohlfeld wore a matching head dress and carried a bouquet of white mums trimmed with blue.

Paul Koenig, Lincoln, served as best man. Derald Brundieck, Omaha, and Elmer VonSeggern, Wisner, were ushers.

A reception was held in the church parlor for 125 guests. Elaine Anderson, Wakefield, and Mrs. Don Eitzel, Sioux City, Ia., arranged the gift table. The guest book was kept by Mrs. Harland Schemm, Valentine, Nebr. Hostesses were Mrs. Lillian Miller, Wayne, and Mrs. John D. Wilson, the bride's sister, Scottsdale, Ariz.

Mrs. U. S. Ross, Lyons, poured coffee, and Mrs. C. N. Nelson, Lyons, served the punch. The cake was cut by Mrs. E. J. Bennett, Elgin, and Mrs. Paul Johnson, Hoskins. Waitresses were Mrs. E. J. Bennett, Elgin, and Mrs. Paul Johnson, Hoskins. Waitresses were Mrs. J. LeRoy Spahr, Wayne, Mrs. LaVina Falke, Schuyler, and Mrs. Gerald Haasebroock, Norfolk.

The bride was graduated from Wayne high school and attended WSTC and Stephens College, Columbia, Mo. Prior to her marriage she taught at Howells Public schools.

The bridegroom was graduated from Winside High school and the University of Nebraska. He is an engineer at the Boeing Company.

After a wedding trip to the Black Hills, the couple will reside in Wichita, Kan.

Allison Costain Weds Dale Eckerman in Scarsdale Congregational Church Rites

Allison Haliday Constain, daughter of Mr. and Mrs. Harold Haliday Constain, Scarsdale, N. Y., was married Saturday to Dale Harold Eckerman, jr., 2nd Lieutenant, U. S. Air Force. He is the son of Mr. and Mrs. Dale Harold Eckerman, Scarsdale.

The afternoon ceremony at the Scarsdale Congregational church was preceded by a musical program given by Mrs. Bernice Gordon, vocalist, and Mrs. Claire Thomas, organist. The ceremony was performed by Rev. Howard Anderson, and a reception at Dyckman Hall immediately followed.

The bride, given in marriage by her father, wore a full-length gown of silk organza with a chapel length train. Her lace mantilla veil was arranged to form a lace crown, and she carried a cascade bouquet of gardinias.

Nancy A. Walter, Scarsdale, was maid of honor and M. Judith Wright, Scarsdale, was the bridesmaid. They wore blush pink silk organza, full-length gowns and pink picture hats. They carried cascades of shaded pink roses.

Robert Tatman Sholz, Scarsdale, was the best man. The ushers were Robert K. Stevenson, Scarsdale, and Lieutenants James J. Pieri, Adams, Mass., and Barry L. Thompson, Lexington, Mass.

The bride is a graduate of Scarsdale high school and Katherine Gibbs school, N. Y. Before her marriage, she was employed by I.B.M., Personnel Department, White Plains, N. Y.

Lieutenant Eckerman, also a graduate of Scarsdale high school, studied at Ohio Wesleyan University, Columbus University, and is a graduate of Boston University, College of Business Administration.

After their honeymoon trip, the couple will leave for Texas where Lieutenant Eckerman will begin his 3 year tour of military duty.

The bridegroom is the grandson of Mrs. H. J. Felber, Wayne, and the nephew of Walden Felber. Mrs. H. J. Felber and Mr. and Mrs. Walden Felber attended the wedding.

'I See by the Herald'

Edwin R. Morrison, Kansas City, Mo., visited in the home of his sister Mrs. Paul Harrington and her husband Friday through Sunday. Mr. Morrison was on his way to his summer home in Miltona, Minn.

Mystery club met at the home of Mrs. R. H. Hansen. The next meeting will be in the William Knoll home, July 3.

Eileen Doud, Dale Tramp Exchange Vows At St. Catherine's Church, Oyens, Iowa

Eileen Mae Doud, daughter of Mr. and Mrs. Ralph F. Doud, Grand Island, and Dale Joseph Tramp, son of Mrs. Alphonse Tramp, Elk Point, S. D., were married June 2 at St. Catherine's Catholic church, Oyens, Ia., in a double ring ceremony. Rev. William Schoppner officiated.

Pink and white gladiolas were on the altar. St. Catherine's senior choir sang the nuptial high mass with Donald Kunkel as soloist.

The bride, given in marriage by her father, chose a gown of chantilly lace, with sculptured bodice accented with sequins and seed pearls, and bouffant skirt. Her veil of illusion was held by a crown of butterfly orchids and stephanotis.

The bride's attendants were Dorothy Connell, Storm Lake, Ia., maid of honor, Betty J. Tramp, Sioux City, Ia., Elaine Cink, Parker, S. D., and Betty Georgen, Omaha. They wore Paris pink dresses of silk lace and satin, and carried bell arrangements of pink roses and feather carnations.

Duane Tramp, the bridegroom's brother, was best man. Darrell Tramp, Kenneth Wagner and Dennis Doud were attendants. Sue Ann Doud was flower girl, and Roger Doud, the bride's brother, was ring bearer. Duane Stevenson and Verdon Doud ushered. The bride's mother chose a Dior blue lace dress, and the bridegroom's mother wore a beige ensemble. Both had corsages of pink rosebuds.

Mr. and Mrs. Doud, were hosts at a dinner in St. Catherine's Hall, and an afternoon lawn reception at the home of the bride's grandmother, Mrs. J. L. Doud.

After a wedding trip to Detroit Lakes, Minn., the couple will reside at Jefferson, S. D., where Mr. Tramp will teach and coach football.

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

It is the duty of an editorial writer to search all available facts before he sits down to write. From this basis the writer should be able to give a clear picture of important topics.

You may not agree with an editorial — but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

More Bicycle Safety

More children are killed each year in bicycle accidents than in domestic air line crashes, the United State Chamber of Commerce reported in a story in a Chicago newspaper recently.

An average of 450 children die annually in bicycle accidents while plane crashes last year took 350 lives.

Fortunately Wayne has gone without a bicycle fatality, but has had two bicycle-auto mishaps reported to police this summer. Neither of the riders were injured seriously, although one suffered a concussion.

High auto speed, although a definite contributing factor in many cases, is not a necessity for a bicycle mishap to become fatal.

A bicycle rider is in a precarious position at anytime when just a fall from the vehicle can be deadly. Add to this any amount of carelessness on the part of the rider and you have a bad situation. A minor bump from an auto can send a rider spinning to the pavement and very easily injured. This calls for caution on the part of the rider and driver.

The Wayne police department is considering a bicycle club to promote safety on the part of the riders. The project, which outlines rewards for safe riding and penalties for careless riding, sounds like a good one.

We hope to hear more of it!

Two-Headed Freak

The experimental tire has radial ply construction; that is, the cords (fabric) in the tire casing are constructed in parallel layers across the tire (at right angles to the direction of travel.) In a conventional tire casing the cords are in diagonal layers. The tread base of the smooth tire is flatter than the round, nearly circular tread base of a conventional tire and the rim width is narrow — 3½ inches.

Will State Be "Obligated" With Federal Training Act?

Lincoln — A question has arisen as to whether the state board of education can enter into an agreement with the federal government for participation in the federal manpower development and training act program.

Some believe such action would amount to "obligating" state funds during the next biennium. This would be so, they contend, if the board gave approval to an agreement which calls for matching state and federal funds during the third year of the three-year program.

The board can sign the contract, Atty. Gen. Clarence Meyer believes, because the agreement permits a state to drop out at any time. Meyer reasons that if the legislature failed to appropriate funds for the third year, the state could drop out without having spent any money.

Governor Morrison says the final decision rests with the attorney general. He said he will probably ask for a formal opinion before any action is taken by the board regarding participation in the program. The board has already gone on record that it will participate only if a provision is removed which calls for federal control of all projects.

Nebraska could receive up to $171,000 for training and also some money for subsistence payments during the first year of the program when $97 million would be allocated to the states. In the second and third years, Nebraska would receive the same percentage from a total of $161 million in federal funds in each of the two years.

The federal program is aimed at stepping up vocational training and at helping those who have suffered job displacement because of technical changes or automation. The training would be done in established vocational facilities, mainly in public schools and colleges.

The board of education has notified federal officials from the other 49 states of its request for removal of the federal controls. A meeting between federal officials and representatives of 12 states was scheduled in Washington this week to discuss the federal contract provisions.

Driver Training

More students took driver education in Nebraska high schools last year and more high schools offered the course than ever before. Dr. Floyd Miller, state commissioner of education, said a recent survey showed that 7,598 students took both classroom and behind-the-wheel training in 168 public schools during the just completed academic year.

Nebraska has had driver education since 1948. The course is usually offered as a fifth subject or is taught during the summer. Most of the students are tenth graders because that is when most become eligible for their first driver's license. Using sophomore enrollment as a base, about 35 percent of all students in Nebraska receive driver education.

Tax Study

A start was made last week on a survey of Nebraska's taxing system. The study will also include a look into various opinions on what type of taxing setup the state should have.

Directing the study, which is financed by $30,000 made available by the 1962 Legislature, is Dr. Harold McClelland, assistant professor of economics at Claremont, Calif. college.

McClelland said he wants to gather as much evidence and as many opinions as possible before he comes up with some concrete recommendations to the Legislative council tax study committee.

Tax Abstracts

The state tax commissioner is beginning to receive abstracts of assessment from the various counties. The deadline for submission of the abstracts is July 1. Commissioner Forrest Johnson says it will be some time before any trend appears in property valuations for the year. He has predicted a slight increase in the state property tax this year, mainly because of a .17-mill hike in the special park fund levy. Last year the state levy was 8.41 mills.

Projects Scheduled

Governor Morrison has approved a tentative schedule of work projects and expenditures for the state department of public institutions from May of this year to September, 1963.

The major project getting the stamp of approval was the new addition to the Lincoln Orthopedic hospital. It would cost an estimated $153,000 and would include a brace shop, clinic for diagnostic and treatment services and space for rehabilitation services. A drive and parking lot would cost an additional $13,500.

Also included in the tentative schedule: Girl's Training school, Geneva, $4,500; Soldiers and Sailors home, Grand Island, $18,000; Hastings hospital, $23,500; Boys' Training school, Kearney, $6,000; Lincoln State hospital, $10,000; Orthopedic hospital, $38,900 (this does not include the addition and the drive); penitentiary, $20,000, and Women's reformatory, York, $8,200.

Opening lead: ♦Q

Would you submit to a one trick defeat in today's hand, or would you find a way to fulfill the bid against the best defense?

South properly opened with a bid of one club. North quickly flashed the slam signal with a jump shift to two spades. This bid by North showed a holding of at least nineteen points. North with undesirable four, three, three, three distribution, eventually settled for a small slam in spades.

East led the diamond queen. Declarer won with the king, and immediately observed that the North-South hands held identical distribution. One loser in clubs and one loser in diamonds appeared inevitable. But our declarer today was not the type to give up without a struggle. The three high spades were next led from the North hand, leaving one spade in North and one in dummy. A diamond was led to dummy's ace, declarer noting that West had played the eight and nine on the two diamond leads. The king, queen, and ace of hearts won the next three tricks. Declarer won the next trick with the club king; then led a club to dummy's ace.

At this point both the North and South hands held one club, one diamond and one spade. The seven of diamonds was now played from dummy. East won, but was forced to return a diamond. On the diamond return a club was tossed from the dummy as declarer trumped with the nine spot. North's seven of clubs was ruffled in dummy to fulfill the contract.

It was not by a fluke that declarer was able to bring in the contract by the line of play he adopted. East was marked with the jack of diamonds, and perhaps the ten, by his opening lead. When West followed with the eight and nine of diamonds to the first two leads of diamonds, there was a good chance that East had started with five diamonds. After East had followed to three rounds of spades, three rounds of hearts, and two rounds of clubs, declarer had no choice but to assume that East had started with five diamonds. This assumption offered declarer the only legitimate way to bring in the contract.

It will be noted that had a club been led from dummy when all players were down to their last three cards that the final result would have been the same. West would win the club trick, but would be forced to return a heart or a club. The ensuing ruff and sluff would lead to fulfillment of the contract. But declarer was concentrating on the diamond suit, so he threw East in with a diamond at the opportune time.

Weaning Weights

Weaning weights of beef calves are directly related to the amount of milk produced by the cow, especially to three months of age, Oklahoma Station research trials have shown.

The more milk the cow gives, the heavier the calf weaned. Scientists also have shown that the nutritional level of the cow during the previous winter affects the amount of milk she produces, even on good summer grass. A rather narrow margin for wintering the cow may be required to reach the corect nutritional level for maximum milk and calf production.

Weed Control Pointers

Amino triazole will kill practically all plants it comes in contact with. Therefore this substance should be used principally for spot treatment or small patches of such undesirable pasture plants as thistles. If amino triazole is used in a pasture, livestock should not be permitted to graze the treated area for six months.

When thistles are a problem, control can be achieved by using one pound of 2, 4-D ester per acre without any injury to grass. The most effective time for controlling thistles with 2, 4-D is in the fall or in the spring before bloom.

If all the milk cows which are losing their owners money were sold, we would have a shortage of milk.

Treadless Tractor Tire

An experimental treadless tractor tire has outpulled a regular tractor tire by 40 percent under average operating conditions, in tests conducted by U. S. Department of Agriculture engineers.

Don Cunningham Says

The other day we had occasion to be in one of these new drug stores. Shades of the Prophet, how different they are from the old drug store as we knew it. We wandered around amidst floral displays, electrical appliances, costume jewelry, beauty aids, hair clippers and lawn mowers, and finally wound up in the coffee shop, where you could buy anything to eat, from a lowly hamburger to the fanciest three-decker sandwich you ever saw, from a plain steak to a four-course dinner.

Couldn't help but think of what a far cry that was from the drug store of yesteryears. In the first place, it didn't smell like a drug store of earlier days. Gone were all the big glass-stoppered bottles, with the strange sounding labels emblazoned across their front, that used to line the drug store shelves. Frankly, I think a lot of them were either empty, or contained just colored water, but they made an impressive display.

The only concession the old time store made in the way of serving food, was the old-fashioned, ornate soda fountain, where you could buy a phosphate, a plain soda or you could even go all out and buy an ice cream soda for a dime. You could line up at the fountain, or if you wanted to look and act a little ritzy, there were three or four little iron legged tables surrounded by a few chairs of like vintage.

While I was in this new deal, I looked all around for the prescription case. Saw some white-coated young fellows dashing around in a compartment that looked like the medical center of a hospital. Working right out there in the open. Man alive, that was different from the old fashioned prescription case, behind which our old druggist used to retire to compound the things that would either kill or cure you. They were mighty secretive in those days and from some of the vile concoctions that they brewed behind those cases, they were entitled to keep them a deep, dark secret.

There was always sort of an air of mystery as to what lay behind those prescription cases. An air of mystery to most of us, especially those of the younger generation, but there was a certain class of people who seemed to have easy access to this sanctum sanctorum. Seemed like some of the town's best citizens used to drift back there with a rather nonchalant air. If you listened intently, you could hear the glass stopper being pulled out of a bottle, then the clink of a glass and sort of a gurgle as the liquid component of the prescription was being poured. In my younger days I never could figure out the reason for the satisfied sound of a long drawn-out "ah-h-h," immediately after the prescription was compounded. Sort of smelled a rat though when some of the town's most revered citizens sort of furtively "snuck out" from behind the case giving their lips a smack or two with their handkerchief.

Took me a long time to get to know that the big, glass bottle, which had on it the label "Spirits "Frumentil" really contained the "cup of cheers." Consequently it was a much sought-after prescription by those who couldn't afford to be seen going into Joe Bloke's saloon or who needed a nip on Sunday.

Then, too, these new fangled stores lack a little bit of the intimacy of former days. There used to be two places in a town where you could hear all the new stories about the traveling man who got marooned in the country overnight, where you could get all the "scuttlebutt" and up-to-the-minute gossip. Those two places were, first, the barber shop, with the drug store running a close second.

Well, "time marches on." Not many barber shops any more and darned few of the old time drug stores. We adjust easily though. There are still the same things going on yesterday, only they are being done by a different class of folks in much more elite surroundings.

Thinking OUT LOUD

Rev. E. J. Bernthal, pastor
Grace Lutheran Church, Wayne

LET GOD BE GOD

In the calendar of the historic Christian church, retained to this day by some communions, the Sunday following the Feast of Pentecost is Trinity Sunday.

As the term suggests, Trinity Sunday recognizes the basic Hebrew-Christian belief in God, Father, Son and Holy Ghost, three in one and one in three.

When the Soviet cosmonaut German Titov had successfully completed his remarkable 17 orbits of the earth, he is said to have stated at a news conference at the Seattle World's Fair, "Some people say there is a God out there. But in my travels around the earth I looked around and didn't see Him."

With the same specious reasoning one might approach the essence and nature of God. One might say, "I cannot understand how God can be three in one. To me this is preposterous. Indeed, what some people call the Trinity has never been scientifically or reasonably demonstrated."

Granted. So what?

The problem with many, however, is not outright denial of a "supreme being," "divine mind," or "ultimate cause." The real problem is that of letting God be God.

To say that God cannot be known and believed in is like saying love cannot be found or experienced. It depends upon what you are trying to find and where you are looking. Like the Russian spaceman you might look for the right thing in the wrong places. Too often men seek God much like the spinster looks for the prowler she suspects hiding in her bedroom. Daringly and thoroughly she looks behind the door, searches the closet, peers warily behind the curtain and even timorously lifts the lid of the trunk—everywhere except under the bed, because that's where he is!

We must not try to find God in our own imaginations. Nor in the heathen religions. Nor in philosophical systems. We might, to be sure, find in these the kind of god we would like to discover — one who will smile benignly upon our unholiness and iniquities, approve of our own efforts of achieving righteousness, cut down to our size, and whom we can manipulate.

God has revealed Himself to us in His Word and in the person of His Son, Jesus Christ.

The uniqueness of the living God is His essence, Father, Son and Holy Spirit. In this He is completely distinct from Baal, Budha, Allah, Jupiter, Ra, Zeus and every other invoked and worshipped deity.

"Ye worship ye know not what. We know what we worship for salvation is of the Jews," said Jesus bluntly one day to a Samaritan woman whom He met at Jacob's well outside the village of Sychar. This matter of worshipping the true God is not just a subject for theological dispute. It is a vital soul issue. Salvation "is of the Jews"—comprehended in the promises of a Messiah, realized in the incarnate Son of God of the house of David, and bestowed by the wondrous, gracious working of the Holy Spirit.

Trinity Sunday reminds us to let God be God.

Extension Notes

Defrost Food Freezer

Before freezing this summer's crop of delicious fruits and vegetables for next winter's good eating, better check on the frost accumulation. When your freezer is heavily frosted, it loses efficiency in both operation and storage space.

Defrosting will lower the temperature and thus provide top efficiency for quick freezing. Also, the removal of a half-inch layer of frost gives you an extra cubic foot of storage space — which would provide room for 75 standard size packages.

Removal of heavy frost can be speeded up by using your electric fan. Turn it on high speed and aim it at the frosted walls and shelves. This causes frost deposits to loosen so you can lift them out in large pieces.

After the frost is removed, follow with a soda bath. Use two teaspoons of soda to a quart of water. Then clean dust from all mechanisms, polish the exterior of the freezer and your freezer is ready for another season.

A good inventory of the foods in the freezer will mean a saving of time, energy and money. Knowing what is in the freezer will simplify meal planning and assure constant turnover. Remember there is a time limit for most frozen foods on how long they remain appetizing and nutritious.

Canning Not Passe'

Don't consider yourself old-fashioned if you still like to can fruits and vegetables. While freezing foods has been the popular method for processing, and still is for that matter, there is still a place for home canned products on your kitchen shelf.

The time and enegy required for canning can be offset by the money saved in taking care of those fruits and vegetables in plenteous supply at their peak seasons. Also home canned foods can be quickly made ready for the table in case of unexpected guests at mealtime and provide a change in flavor from that of frozen foods to tempt waning appetites.

Circulars on methods for canning fruits and vegetables are available at the local county extension office.

Check Gauges Now

With canning season coming up in the next few weeks, homemakers will be wise to take time now to have their canning equipment checked, says Mrs. Clara Leopold, Extension home management specialist at the University of Nebraska.

Since steam pressure is the key to successful canning of non-acid foods, the gauge is the key to success with the pressure cooker, Mrs. Leopold pointed out. In tests conducted at the University of Nebraska, only 16 percent of the gauges tested had absolutely correct settings. And two-thirds of the gauges tested showed an error of one pound or more.

A gauge is a delicate instrument and is easily affected by pressure and jarring. A dial gauge should be checked before each canning season — or more often if the canner is used a great deal. The local county extension office can check the cooker gauge if brought in with the lid of the cooker.

If the test shows an error of five pounds or more a new gauge is recommended. If it is less than five pounds "off," attach a note to the gauge or lid to remind yourself of the discrepancy. You can then adjust your setting by adding or subtracting the number of pounds in error.

Uncle Zeke FROM Plum Creek says:

Dear Mister Editor:

I see by the papers where Bobby Kennedy is claiming the Democrats is gaining in Vermont. It could be the game warden has caught a couple of them hiding in the brush up there. And I was reading a piece where 17 percent of all the people born in Georgia moves out of the state afore they die. I reckon they git converted to the Republican party and has to run fer their lives.

They ain't nothing in this world that splits folks up like politics. When the other side puts it out it's always propagander and when your side puts it out Moses brung it straight down from Mt. Sinai. When a tax collektor takes a bribe he gits throwed in jail, but a public office holder calls it a campaign contribution and gits elected fer another term.

I was reading here a while back where some woman from South Carolina celebrated her 104th birthday. She told the newspaper folks she loved everybody, even Republicans. I know a heap of Democrats that would rather die at 64 as to love Republicans at 104—and viser verser.

I recollect about a feller we used to have living out here. He was a great Republican, didn't have much use fer anybody if they wasn't a Republican. He wouldn't even speak to a Democrat. He'd go to his funeral, didn't mind seeing him buried, but he didn't want nothing to do with him while he was living.

We was talking about these things at the country store Saturday night and the fellers was agreed that common sense in this country has gone in orbit and horse sense is disappearing with the horses. Ed allowed as how his old lady was even talking orbit stuff these days. Ed says some mornings when she gits up she feels "go" and some mornings she complains she is feeling "stay."

Hank said he was reading where some feller in Hollywood is fixing to manufacture wimmen's clothes out of cellerphane. All the fellers was in favor of it natural, and Matt claimed it would fit in real good with the Age Of The Fig Leaf, that being the one in which we was living.

I don't know what the world is coming to no more. Sometimes I think the people in this country has growed tall but not up. How else can you figger it when rich folks will pay $100 fer a necktie, when the big print giveth and the small print taketh away, when ever magazine puts a girl on the cover and no cover on the girl, and when it's easier to git a divorce than to git married?

It's sad, Mister Editor. I've come down to the sunset of my days fer what? To see instant coffee, instant milk, instant biscuits and, if ole Khrushy has his way, instant cremation.

Yours truly:
Uncle Zeke

Conservation NEWS NOTES

The first dam to be built this year is under construction on the farm of Marvin Grothe, Hoskins. The watershed above this dam is terraced and part of the area is in grass. It will supply good clean water for livestock as well as a good fishing pond.

A survey will be made on the George Claycomb farm this week. A big gully is beginning to eat back from the creek. A dam with a drop-inlet tube will help to stabilize the grade on this gully.

Arnold Marr will be conducting several tours in the next few weeks for the school children of Hahn School. These children are studying Conservation of Soil, Water and Wildlife this summer. They plan to see some examples of good conservation. Also, they plan to see some examples of erosion and waste. They will study and observe methods used to conserve Soil and Water in Wayne county.

A BIGGER PLATE?

"That's not necessary. If you can return for more, as many times as you like, and the price is still only $1.75 (children under 10 — $1.00).

"Choose prime rib of beef or ham, barbequed ribs, fried chicken, and fish.

"Then select from an array of potatoes, vegetables, salads, relishes, rolls, and dessert.

"Our hours are 5:30 to 8:30 P.M. daily, and 12 Noon to 8:00 P.M. on Sunday (closed Mondays.)

Connie's Column

by Constance Flame

DEVILISH IDEA

A spoon salute to Mrs. Ray E. Dow of Madelia, Minn., for this deviled egg reminder! Line empty egg cartons with waxed paper. After you've stuffed hard-cooked eggs, set the halves into the cartons. Cart them off to the picnic! P.S.: Cut your eggs the "short" way, instead of long. They'll sit better. And don't forget waxed paper over the tops.

PEACHY TREAT

Mrs. L. K. Albertson of Wayne, Nebr. calls this dessert "Peach Marlo". We call it sweet inspiration! Combine *1 cup crushed peaches* (canned or fresh), *6 Tbsp. sugar and 2 Tbsp. lemon juice*. Let stand at room temperature 20 minutes, while you quarter *20 large marshmallows*. Dunk them in *4 Tbsp. juice from peaches*. Stir over low flame till melted. Add fruit, and cool. Whip *1 cup heavy cream*. Fold in marshmallow-fruit mixture. Freeze till firm, in your gas refrigerator.

CLEAN-UP COMMITTEE

Somebody remarked backyard barbecues go right back to cayeman cooking. But cavewives never faced a pile of used paper plates, cups and napkins! Less dishwashing? Yes. But more trash to stash! Outdoor burning puts coughs in the after-dinner conversation. Outdoor garbage cans are not hospitable. What would help? An indoor gas disposer, waiting to gulp up refuse—melon-rinds to mustard-stained paper! Year around, you'd like a gas disposer . . . now in colors, at your *local gas company, Peoples Natural Gas* or *gas appliance dealer*.

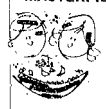
RUB-A-DUB

Here's a keep-fit trick you can try in the tub! Bracing your back against the tub-back . . . keeping your hands on tub-sides for support . . . grasp a sponge between your feet. Hold it there. Bend your knees. Slowly raise your legs till they're straight. Good for hips and waistline . . . and a good excuse to soak longer!

HEDGE EDGES

When Son goes out to trim the hedge, suggest that he keep the bottom a bit wider than the top. This helps lower greenery to get siftings of sunshine; keeps branches from growing brown or bald before the summer's half through.

EDIBLE MASTERPIECE



A summer centerpiece we can eat? That's news! Halve a watermelon rick-rack style. Chill one half. Scoop the insides from the other, retaining a rim of red. Pile it high with cut-up watermelon pulp, fresh berries, sliced bananas, melon balls. Top with frosted white grapes. Rest this beauty in your gas refrigerator. Then plant it before your guests, and dig in! Margaret Andresen of Sioux Falls, S.D. designed it for a summer coffee-brunch.

LIGHT-UP RIGHT

There's more comfort in summer nights . . . now that gaslites are once again so popular! How protectively they glow, lighting streets that once loomed dark and forbidding. Insects are the only guests who don't go for gaslite. Your patio's more hospitable to humans! Gaslites personify my favorite fuel — a glow of comfort, economy and gracious living! Northern Natural Gas Company pipes gas to your *local gas company, Peoples Natural Gas* . . . so they can put this glow in your life.

Lorna Labs And Willis Hollman Married In The Altona Trinity Lutheran Church

Trinity Lutheran church, Altona, was the scene of the Sunday wedding of Lorna Faye Labs, daughter of Mr. and Mrs. Herbert Labs, and Willis D. Hollman, son of Mr. and Mrs. Fred Hollman, all of Wisner. Rev. E. Meschke, Columbus, performed the double ring ceremony.

The chancel was decorated with white gladiolas, and the pews were marked with white bows and streamers. Mrs. Herbert Geu, Wisner, sang "The Wedding Prayer" and "The Lord's Prayer," accompanied by Mr. John Blasig, Columbus.

The bride, given in marriage by her father, wore a floor length gown of chantilly lace and pure silk, which featured a scalloped neckline accented with pearls and long tapered sleeves. The bouffant skirt was fashioned with three panels of lace in front and a pure silk bow at the back waistline, completed by lace medallions on a silk skirt. Her elbow length veil was held in place by a pillbox of lace and silk, trimmed with tiny bows and pearls. Her bouquet was a cascade of pink roses with white streamers.

Attendants were Nancy Labs, Wisner, maid of honor, Jane Labs, Kearney, and Mrs. Walter Bierman, Wisner. They wore identical gowns of white lace over mint green taffeta featuring a square neckline, cap sleeves and a full skirt accented by a ribboned waistline ending in streamers. They wore veiled crowns of rosebuds and carried cascades of pink carnations.

Lyle Hollman, Beemer, the groom's brother, was bestman. Vern Labs and Walter Bierman, Wisner, were groomsmen. Wilbert Stuthman, Wayne, and Reuben Rabbass, Wisner, seated the guests.

The bride's mother wore a green sheath dress with white accessories. The groom's mother wore a beige ensemble with black accessories. Both wore pink sweetheart rose corsages.

A reception for about 300 guests was held at the Wisner auditorium. Mrs. Gus Stuthman, Wayne, and Mrs. Reuben Rabbass, Wisner, were hostesses. Mrs. Lyle Hollman, Beemer, was in charge of the guest book. Mrs. Kenneth Koehlmoos, Pilger, Mrs. Lane Marotz, Hoskins, Cynthia Duer, Stanton, and Agnes Timm, Wisner opened the gifts while Jodene Goetsch, Stanton, arranged them.

The wedding cake was cut and served by Mrs. Paul Hilpert, Wayne, and Mrs. Henry Bruns, Pender. Mrs. Frank Walker, Madison, poured, and Mrs. Wilma Goetsch, Stanton, served punch.

Waitresses were Kathy and Goetsch, Florene Bruns, Jerene Wolfe, Mrs. Rod Tompkins, and Mrs. DeVerne Wegner. Ladies assisting in the kitchen were Mrs. Fred Koehlmoos, Mrs. A. F. Bergt, Mrs. Don Matthes, Mrs. Ernie Wolfe, Mrs. Leo Richter, and Mrs. Anna Mohlfeld.

For her going-away ensemble, the bride chose a pink dacron dress with white accessories.

The bride attended Wayne High school and Concordia Teacher's College, Seward, and taught the past year at Immanuel school, Columbus. The groom attended Wisner High school, served in the Army reserves and attended Nebr. Voc. Tech. school, Milford. He is presently employed in Columbus.

After the wedding trip the couple will reside in Columbus.

Dianna F. Jonson Marries M. Buske In Dixon Ceremony

Hoskins—Zion Lutheran church, Hoskins, was the scene of the wedding of Dianna F. Jonson, daughter of Mr. and Mrs. Lloyd Jonson, Carroll, and Manifred Buske, son of Mr. and Mrs. Max Buske, May 27.

Rev. Ronald Tucker officiated at the double ring ceremony. Mary Scheurich sang "O Perfect Love" and "The Wedding Prayer," accompanied by Mrs. Paul Scheurich at the organ.

The bride, given in marriage by her father, wore a gown of hand-clipped Chantilly lace over tulle featuring a scalloped Sabrina neckline embellished with pearls and sequins. Her bouffant veil was held by an orange blossom cap centered with three organza cabbage roses. She carried a bouquet of pink roses.

Mrs. Ralph Kreuger, Pilger, was matron of honor and Becky Davis, Winside, was bridesmaid.

Glen Alberston, Sioux City, Ia., served as best man, and ushers were Alan Dale Church, Moville, Ia., and Joey Schnoor, Norfolk.

A reception was held in the church basement.

After a wedding trip to Colorado Springs, the couple will make their home on a farm east of Pierce.

Dorothy C. Blair And Donald Perry Married in Nevada

St. Bridget's Catholic church, Las Vegas, Nev., was the scene of the June 2 wedding of Dorothy C. Blair, daughter of Mr. and Mrs. Edward Blair, Twin Falls, Idaho, and Donald D. Perry, son of Mr. and Mrs. Herbert Perry, Wayne.

Rev. O'Connor officiated at the morning ceremony.

The bride, given in marriage by her father, wore a street length dress of white eyelet embroidered lawn over taffeta with a portrait neckline and a full skirt. The lily point sleeves and back bodice had tiny taffeta buttons. Her dress was designed and made by her mother. The double shoulder length veil was crowned by a flat taffeta bow on seed pearl embroidered leaves. Her bouquet was a single white orchid with lily of the valley on the streamers.

The bride's sister, Barbara Blair, Las Vegas, was her only attendant. She wore a dress of ming blue and a white flowered veil. Her flowers were a nosegay of roses and white daisies.

The bridegroom's brother, Michael Perry, Wayne, was the best man. Ushers were Earl Echtenkamp, Wayne, and Jack Shelton, Las Vegas.

The mother of the bride wore an off-white, pastel flowered, brocade sheath dress with white accessories. The bridegroom's mother chose a beige lace dress with a jacket and white accessories. Each had an orchid corsage.

A reception was held in the Goldfield Room of the Tropicana Hotel.

No hand labor with Farmhand Bale Handling System!

1. FARMHAND BALE ACCUMULATOR attaches behind baler. As bales are pushed onto the Accumulator, they are gathered in a tight "package of eight" arrangement, then discharged off rear ready for mechanical pickup.

2. SIXTEEN HOOKS on the Farmhand Bale Fork, operated by a hydraulic cylinder, grasp the "8-pack" in a powerful grip for lifting, loading and stacking. Bales are always handled in units of eight. The Bale Fork fits all Farmhand F-10 and F-11 Loaders. Operator can often make complete pickup on the run.

3. ONE MAN with a Bale Fork can load wagons in the field, haul, unload and stack without help. The Bale Fork makes hay stacks more water-tight and more stable than can ever be done by hand because great pressure can be applied as each "8-pack" is added to the stack. Mechanical hay feeding with Bale Fork completes bale handling with no hand labor.

Special Bale Wagon Kit available in 120 and 160-bale sizes.

"WHAT IS THE FUTURE FOR DAIRY FARMING"

Reports on the dairy industry during recent months have not been very encouraging. Decreased per capita consumption, surpluses and lower support prices have concerned all dairy farmers and caused them to think about what the future of the dairy industry has to offer them.

With lower prices facing them, in the near future outlook, dairy farmers have had to try to figure out some means of maintaining a stabledairy income. The two means that offer the greatest possibilities are improved production efficiency and improved dairy product marketing and processing efficiency.

It is in the marketing and processing field that the Nebraska-Iowa Cooperative Milk Association feels that it has something to offer dairy farmers.

Nearly everyone in North Eastern Nebraska has heard about the new co-op milk manufacturing plant that is now under construction in Norfolk. When this plant gets into operation it will offer Nebraska dairy farmers a better opportunity than they have ever had to market their whole milk through a large local Nebraska plant that will have the most modern and efficient milk processing facilities that are available at the present time.

When this new plant is in operation it will no longer be necessary for dairy farmers to be charged with the inefficiency of having their milk hauled first to some receiving station for dumping and reloading and then having it hauled great distances to some out-of-state plant.

Why not start doing business **now** with a cooperative that can offer you the best possible in the way of marketing and production efficiency for your milk. By doing so you will be taking a big step toward assuring a solid future for yourself in the dairy farming business.

If you are interested in becoming a part of our association and start doing business with yourself at a profit the cooperative way, fill in the coupon in this ad and mail to us. We will see to it that you get the complete details of our program.

NOTICE TO BIDDERS

1. Notice is hereby given that sealed bids will be received by the Wayne County Public Power District, Wayne, Nebraska (hereinafter called "Owner") for the contract to furnish the materials, supplies, and equipment listed and described in the "Materialman's Proposal" hereinafter mentioned on or before 10:00 o'clock A.M. central standard time, July 3, 1962, at the District office at 303 Logan Street, Wayne, Nebraska, at which time and place said sealed bids will be publicly opened and read aloud.

2. All proposals must be submitted on the form of "Materialman's Proposal" furnished by the Owner and must be delivered to the Owner in a sealed envelope on which shall appear the name and address of the bidder, together with the date and hour of the opening.

3. Prior to submitting proposals, bidders shall make a careful examination of the "Specifications for Materials," which are on file at the office of the District at 303 Logan Street, Wayne, Nebraska. The successful bidder will be required to execute a materials contract in the form attached to the Materialman's Proposal.

4. In estimating the lowest cost to the Owner as one of the factors in deciding the award of the contract, the owner will consider, in addition to the price quoted in the Materialman's Proposal, the following:

(a) Bidder's experience in design, manufacture, testing, and servicing of the equipment for which bids are submitted;
(b) The effect of any price adjustment clauses;
(c) Losses, if substantial difference exists between bidders.

5. If requested by the Owner, the bidder shall furnish evidence, satisfactory to the Owner, that the bidder has the necessary facilities, ability, and financial resources to perform the contract.

6. Bidders must submit bids on one or more complete schedules of the Materialman's Proposal. Bids on incomplete schedules will not be considered.

7. The Owner reserves the right to waive minor irregularities or minor errors in any Materialman's Proposal if it appears to the Owner that such irregularities or errors were made through inadvertence. Any such irregularities or errors so waived must be corrected on the Materialman's Proposal in which they occur prior to the execution of any contract which may be awarded thereon.

8. The Owner reserves the right to reject any or all bids.

Cadillac

How to pay for a Cadillac—and not get one!

There are several ways that a man can pay the price of a new Cadillac car—and find himself in possession of an automobile of far less stature.

Because there are many motorists currently considering the purchase of their next car, we would like to enumerate these ways of going astray.

1. Assume that the purchase price of a new Cadillac car is higher than it actually is. (There are eleven models of other makes that this year cost more than the lowest-priced Cadillac model.)

2. Fail to appreciate that the basic price of a new Cadillac includes important things that are *extra* on many other cars. (Including automatic transmission, power steering and power braking.)

3. Neglect to find out from a Cadillac dealer what your present car is worth in trade. (He is especially anxious this spring to welcome new owners.)

And if you take one of these detours, think of all the unique pleasures you could be missing.

There is Cadillac's styling—so majestic that it attracts attention wherever it goes.

There is Cadillac's comfort—so wonderful that every journey becomes a brief vacation.

And there is Cadillac's performance—so great that it is without rival on the world's highways.

So we suggest that you play it safe—and get all the facts from your dealer soon.

You might be closer to a Cadillac than you think.
