Twelve Letters to Mrs. Pinkham.

Mrs. Jenny Wilkinson, Eng Isleboro, N. J., writes:

"Dear Mrs. Pinkham: I feel it my duty to let you know what your Vegetable Compound has done for me. I was so weak that I could hardly walk across the room without fainting. I had much trouble and took a boarding-house to keep me in comfort. I was troubled with pleurisy, dizziness, pain in my back, and bearing-down pains. I had tried many medicines, but they did me no good. I read your advertisement in the paper, and thought I would try your Vegetable Compound. I do not regret it. I feel better than I have for years. I can do my work, and I do it. I have recommended your medicine to many others, and shall always do so."

Mrs. Josie Wilkinson, Eng Isleboro, Waldo Co., Maine, writes:

"Dear Mrs. Pinkham: I have suffered with female weakness, irregular periods, and bearing-down pains. I had tried many medicines, but they did me no good. I read your advertisement in the paper, and thought I would try your Vegetable Compound. I do not regret it. I feel better than I have for years. I can do my work, and I do it. I have recommended your medicine to many others, and shall always do so."

Disturbances of Cuba.

Reports from the Antilles continue to reach us of Spanish troops in the south of the island, and advices received from Havana indicate that the situation is not improving. Cuba is in a state of insurrection, and the Spanish officials are trying to make the best of it. The Spanish troops are in pursuit of the insurgents, and it is said that they have had some success in driving the rebels into the mountains. The Spanish troops are said to be well provided with food and ammunition, and it is said that they are in good condition. The Wayne schools have been closed on account of the numerous cases of diphtheria, and all the text books used in the schools have been ordered burned.—Madison Reporter. Here it is again, coming from home to claim the news. There has been no order for the burning of any text books except those used by one of the pupils that was stricken with diphtheria.

The Pioneer was with Senator Allen in his noble purpose of securing to the Native Indians their claim against the government without paying one per cent to collectors. The senator assured the Indians that no such fee was necessary. But the claims were encouraging and John S. Robinson is said to have written to the senator requesting him to hold back the passage of the bill until he secured the signatures of the Indians to the contracts. Rev. James Darsie of Santee agency had put in a good deal of time searching the records and getting the names in shape, and came home from Washington in 1896 full of encouragement. Last behind in his efforts by Senator Pettigrew, who stepped in under his nose, and stabbed to John S. Robinson who had all Santee after his scalp. A pretence under "public" claims, and a pretence under "public" claims, and a pretence under "public" claims, and a
