### THE COUNTY COMMISSIONERS

#### Facts That Count More Than Columns of Abuse.

The Democrat in its last issue attacks THE REPUBLICAN in its usual vicious and unfounded manner because of what the latter has to say in regard to the manner in which the commissioners carried out the provisions of the reformatory act. It is, however, in keeping with any thing or show any respectfulness on the part of THE REPUBLICAN as between the two political parties in existence. The Democrat has found no fault with the manner in which the provisions of the act were carried out by the others than its own party friends, and it is quite important that it should be so. The Democrat is not in the habit of showing any respect for the rights of others, and it is not in the habit of making any statement that is not intended to be misleading in regard to the Democratic party. The other day it made a point against the commissioners because they did not do what it asked them to do, and it would have been well for them if they had done so. The Democrat is not in the habit of giving any credit to anyone for anything done, which it does not think will redound to the benefit of its party. It would have been well for the commissioners if they had done what the Democrat asked them to do, because it would have prevented unpleasantness and misunderstanding. It is not to be supposed that the Democrat is concerned

# Ayer's Hair Vigor

What does it do?

It causes the oil glands in the skin to become more active, making the hair soft and glossy, precisely as nature intended.

It cleanses the scalp from dandruff, and thus removes one of the great causes of baldness.

It makes a better circulation in the scalp and stops the hair from coming out.

**It Prevents and it Cures Baldness**

Ayer's Hair Vigor will surely make hair grow on bald heads, provided only there is any life remaining in the hair bulbs.

It restores color to gray or white hair. It does not do this in a moment, as with a hair dye, but in a short time the gray color of age gradually disappears and the darker color of youth takes its place.

Would you like a good, full, dark hair on the Head and Scalp? If so, then

WAYNE REPUBLICAN

E. SUMMERDAKE, Editor and Publisher

Entered at the Postoffice at Wayne, Nebraska, as second-class matter, March 19, 1909.

The court martial of General Egan is set to begin at San Antonio today, Jan. 25.

Admiral Dewey expresses the Philippine situation admirably when he says: "Somebody has left a baby on our doorstep."

It is believed the Milwaukee is about to come into possession of the new combination between the Sioux City and the Sioux City road.

There is no room to doubt the will and ability of President Taft to give a good account of himself. Colonel W. J. Bryan does not know the sentiment in his own party on this question.

Sunday's Sioux City Journal is publishing for the statement that the Lewis Dredge will soon begin to run from Omaha to Sioux City. Sioux City citizens are after the well for run from Antioch to that point over the Omaha.

Beginning July 1st the passenger rate of a broad gauge railroad in all might longitudinal west of the Mississippi is to be 1 cent per mile. This is the limit to all roads for all and I expect should be in order to meet the rates made by the Carriers fought to the end.

We do not mean to say that every democrat is opposed to the tariff revision proposed by President Taft, but we do say that every Republican is showing a very marked one is indulging in a change that if the criticised proposition were authorized by publicans in congress long ago they could save salary from the public treasury. Time is the proper growth and on the one side for right you find a democrat's voice and on the other side a Republican's voice.

Success.

Something very rightly say that poverty is respect in the Philippines. Our adopted wards in congress are asking New York Times. That is the fact that although a high order of respection of the dollar is found in the minds of the Filipinos, the people generally take the islands long upon the events that falling prey to any other power and place in their own hands. It is not good to be hold them forever. Filipinos are not afraid of from seeing their independence for from taking any other course with respect to them that may be the most practical seem desirable.

The estimated gold production of the world for the is $295,000,000. This is an unprecedented output. Prior to the discovery of the California mines the annual output of gold was about $50,000,000. During the period of greatest production of the Australian and California mines the output rose to $140,000,000. Then it declined in 1890 it was only $115,000,000. The value of all the gold and other money in 1890—giving the Dwellings settlement credit of $[illegible]—was $[illegible]. The value of the gold alone this year. The estimated production of gold for this year will exceed $[illegible]. The increase of gold is much more rapid than the increase of population of that portion of the world which largely uses it for money.—Sioux City Journal.

Trouble has arisen in the Samoan Islands that interest three of the worlds great nations. England, Germany and the United States. It is over the election of a King and the interference of the German consul at Apia, the capital. The nations are eying each other in a way that does not bode any particular good to anyone. England and the United States seem to be array ed on one side and Germany on the other. The two former have ordered warships to proceed at once to the scene of trouble and there may be trouble in that far off country of the globe. The three nations hold a joint protectorate over the islands and it is charged that the German representatives have violated the private agreement and thus precipitated the present crisis. The islands lie about 5000 miles southwest of Hawaii and 2000 miles from Australia.—Omaha Bee.

It is extremely sensible that [illegible] the Missouri state [illegible] which [illegible] the [illegible] which [illegible] deadlocks that last for months and completely block the wheels of legislation in consequence of contests being on. Going straight to the people in favor of the election of U. S. Senators by a direct vote of the people the people have The present method is too cumbersome, too costly, too much prolonged and the desires of the people too easily thwarted by the cunning schemers of corporations and wealth and the people ought to be assigned to the people and they are entitled to the same. Let there be the Senate Bill. There is no other reason or reason in holding the time of state legislatures in session for weeks or months in an attempt to elect a U. S. Senator at an enormous expense to the taxpayers, and in the end probably have some fellow from their whose only qualifications on earth is a long purse and a willingness to spend it in the cause of the plain people.

Before nothing is done in a manner detrimental to against the [illegible] of the people, in case of the girl and passengers [illegible] and by [illegible] [illegible] than the low passengers. If in the [illegible] legislature and [illegible] [illegible] [illegible]

WAYNE

[illegible]

### Gleanings Tabloid

[illegible]

Mr. Frazier was in town Monday.

Mrs. Gregory was up from Wayne Monday.

Miss Nettie Mitchell was down from Wayne Monday.

Rev. Kinnett was up the early part of the week.

[illegible] Mr. and Mrs. Will Hearing a visitor.

A T. Chase is expected home from Carrollton this week.

There is talk of a skating rink in town the near future. Look out Mose.

[illegible] was in town Tuesday and Sheriff Dorsey was here yesterday.

Mr. D. H. Cunningham went to Wayne Monday to be a stock of holiday goods.

[illegible] Mr. Jackson left Monday for a visit to his parents at Wayne.

It is quite probable there will be a new hall built in Winside the coming spring. We have very good hall but we need another one or a church in the near future.

Some of our boys are talking of joining the regular army providing they can get in some regiment that will go to the Philippines. They have written the recruiting officer at Fort Crook and are anxiously waiting an answer.

### Hunter Happenings

Mr. and Mrs. B. A. Hanson of Wayne visited Sunday with Mrs. H's brother, Grant Mears.

Roger Nuernberger will soon move to a farm near Bloomfield belonging to King & Minnehell.

Henry Claussen and wife visited Sunday and Monday with Mr. C's brother of Cuming county.

Max Claybaugh has been up from Wakefield the past few days finishing the corn husking on the Cross farm.

W. S. Sisson and son did corn shelling in the neighborhood on Thursday. Tang are No. 3 optimists and workers at the business.

County Superintendent Wills visited school in district No. 8 on last Wednesday and found quite a family of youngsters busy as ever.

[illegible] Hanson has moved into his new residence which he purchased of Mr. Jones.

# ACIDS IN THE BEEF

## BORACIC AND SALICYLIC DISCOVERED BY CHEMISTS.

### The Poisons Which Are Furnished as a Residue of a Dose of Chloroform Array Beef Contained These Will Know Preservative

**Beef Investigation.**

Prof. F. Wiebnick, chemist of the United States agricultural bureau, reported to the war department commission Saturday that the test of the beef furnished to the surgeon. Daily, on being analyzed from the boiling down of 4 ounces of the cooked corned beef, displayed the presence of both boracic and salicylic acid. He did not say where the poisonous stuff came from, but further said that a tablespoonfuls, and that each had an extraordinary effect.

Prof. Flinke took the witness stand and was closely examined. He said the samples were of a liquid character, while prepared was made, but did not express the difference. Large quantities of such preparations for preservation, he said, he would be dangerously and should be an extremely basic. The boiling of beef marks another distinctly in the case of the acid, also, he said, was a slight one, and he could not say whether the acid was the product of the boiling of the beef, or was added. He said he was not aware that the use of such preparations was a matter of public knowledge, but he had heard that the use of such was a fact. He said that the use of such was a fact, and that it was a fact. He said that the use of such was a fact, and that it was a fact. He said that the use of such was a fact, and that it

## NEW PENSION LIST GROWING.

Already 5,000 Spanish-War and Other Claims Have Been Filed.

Commissioner of Pensions H. Clay Evans estimates that in ten years there will be 900,000 persons receiving pensions from the Government as a result of the war with Spain. He places the average pension at $10 a month, which would make the annual expenditure for pensions on account of the recent war about $[illegible]. The number of claims already filed exceeds 5,000, and is growing at the rate of 100 per day.

Less than a year after the formal declaration of hostilities the Government finds itself again resulting from the war with Spain was fixed at the same time, [illegible] Lieutenant Colonel Wilson H.
