away with a great deal of the delicacy of the business. No my boy, look abundant good time in town or elsewhere for any of the city's well-to-do. I don't know if you're a Republican or not, but I don't think you will always regret the day.

The Sioux City Journal of Sunday says the banks of this city expect to carry at least \$1,000,000 worth of local currency for the winter and spring months. It is not probable that the banks will be compelled to do this year. The fact that money will be offered in almost unlimited quantities for that purpose, this year, is not right in the hands of the banks. It will be a great relief to the banks, but it is a great relief to the people, because it means that the banks will be able to do business as usual, and that the people will be able to get their money for the winter and spring months. The fact that the banks will be able to do business as usual, and that the people will be able to get their money for the winter and spring months, is a great relief to the banks, but it is a great relief to the people, because it means that the banks will be able to do business as usual, and that the people will be able to get their money for the winter and spring months.

THE H. A. M. CO. has a great deal of business in the city.
