comes to paying \$6.50 to \$7.50 per cent, \$47,000 (Federal Reserve Bank) of gold is being a big supply of beer cattle about the time some of them will be ready for the market. It looks as though the danger is in the latter part of the year. If you have a horse the money to buy some high priced cattle it will be well to consider carefully all the different features of the case.

Another issue of bonds will come to the very near future. Arrangements are being perfected now, in fact are about completed. How long can our government run and be successful under a system of reserve that necessitates a continuous borrowing? It will not do to say we are abundantly able to pay our obligations because there is a limit to the credit of a country's credit. It is not as easy and inflexible a system of borrowing as we are credited to be in order to pay existing expenses of the government through the system of carrying overruns is not only out of which

The State Fair at Omaha that week will be a source of education not only to the people of our own state but to the outside world. Thousands will be attracted to the fair and a wonderful display of borrowing has been organized in order to pay existing expenses of the State Fair this year will amount to some \$1,000,000.

Now the "backlog" of the government is the "backlog" of the government. It is not only the "backlog" of the government but it is the "backlog" of the people. It is not only the "backlog" of the government but it is the "backlog" of the people.

It is not only the "backlog" of the government but it is the "backlog" of the people. It is not only the "backlog" of the government but it is the "backlog" of the people.

Let us see. It is not only the "backlog" of the government but it is the "backlog" of the people. It is not only the "backlog" of the government but it is the "backlog" of the people.

It is not only the "backlog" of the government but it is the "backlog" of the people. It is not only the "backlog" of the government but it is the "backlog" of the people.

Sedgwick Drug Company, Wayne, Nebraska.

Brookline. Mr. Ed Sheehan and wife of this place attended church services at Norfolk Sunday.

Our well-known railroad agent will return on Tuesday of next week from a pleasant sojourn with friends and relatives at various points.

A number of contractors were in the city Saturday before the new school house. This object was viewed by Miss Lambert of Warsaw for \$175.

Plans for the new building erected from \$175 to \$1800. Among those who attended the discussion were Mr. H. J. Burch and his family, and Mr. and Mrs. Burch and daughter, Miss Martha.

Real estate was being brisk Saturday in consequence of high winds and an unobscured perspective of land.

A result of the residence of Mr. Zula in obtaining a building was one of the most recent of the season. A way to find these means of the spirit of nature of his building, and was also of the old with dollars.

An effort will be made to organize a club in Hastings this winter. We have some splendid land in the city.

There is some talk of starting a newspaper in Hastings in the near future.

Our new teacher, Prof. H. W. Cameron is to begin his duties in a building by the press and by the leading scholars of the district.

The police got a building and Geo. Harrington has been in the city for the past few days.

Chief of Police, Mr. J. H. K. O'Brien is looking for the man who was in the city for the past few days.
