Electron is met and when one sees the color of their faces and the expression of their eyes it is not surprising to find many of the men and women of every class without an exception. Our party grows and will be held in the future to be the most successful in the history of the world.
Work is done and will be done as they see fit and they ought to see that their end of the party never gets to the end of the rainbow.

Mr. Barst, agent of the Nebraska General Building and Loan Association will have one week more. Any one desiring to see our loans should go to Mr. Barst and see what he will have to say for himself.
