**Our Leaders for this Week.**

Are you interested in the campaign?  
 If not, why not?

W. J. BRADY, Omaha's present mayor is making a point of the present campaign for governor in the state.

"Upon a subject of which he has had the benefit of the last three years of domestic supremacy."

Except the prime minister of Italy resigned on the 20th, this was carried by the success of the Italian nation in Africa. The Abyssinians were a long way from the Italian and the Italian army under the orders attacked them and won a decisive battle, terrible loss of men and arms to them.

The "Shades" are the new colors for the season. The shades of blue did not do so well as the shades of green and yellow. The shades of blue and yellow are the shades of the season. The shades of blue and yellow are the shades of the season.

The shades of blue and yellow are the shades of the season. The shades of blue and yellow are the shades of the season. The shades of blue and yellow are the shades of the season.

Manufacturers were under more pressure than ever before. In the United States, there were more than 100,000 unemployed men. The manufacturers were under more pressure than ever before.

In speaking of the consumption of alcohol in high power, both in the United States and in the rest of the world, Henry W. Rogers of the Northwestern University has the following to say: "The universities and colleges of this country should be made to understand the responsibility of the state in the consumption of alcohol. The universities and colleges of this country should be made to understand the responsibility of the state in the consumption of alcohol."

When the people of the United States are asked to support the present administration, they are asked to support the present administration. When the people of the United States are asked to support the present administration, they are asked to support the present administration.

The best, fearless, pronounced man is the one people like. The best, fearless, pronounced man is the one people like. The best, fearless, pronounced man is the one people like.
