In some conditions the gain from the use of Scott's Emulsion of Cod Liver Oil is rapid. For this reason we put up a 50c size, which is enough for an ordinary cough or cold, or useful as a trial for babies and children.

In other conditions gain must be slow, sometimes almost imperceptible, health can't be built up in a day. For this Scott's Emulsion must be taken as nourishment, food rather than medicine, food prepared for tired and weak digestions.
