The polls will close at the expiration of the time.

Thousands of men are flocking to the frontiers of the West to be employed in the construction of railroads and other enterprises.

Wayne county is the poorest of the West in which the population is increasing. It is the only county in the West in which the population is decreasing.

We have tried Bryan's '72 free trade doctrine and now we know that it is the only thing that will ruin the West.

W. S. Watkins, a prominent citizen of Wayne county, has been elected to the office of county auditor.

With a few American votes we can elect a man to the office of president of the United States.

The average man in Wayne county is a politician and a cheat.

Some of the most prominent citizens of Wayne county are engaged in the sale of liquor.
