

The Story Just Told O.K. Although the Outrage Was Committed September 2-A Married Cultivator in Arizona-Armed Hero.

White Cap Outrage

The white caps here show their brutal habits by being a mob armed with pistols and shotguns. They first attacked the family of Tom Boy, a young man from Toledo, Ohio, and leaving him alive in order to visit their sympathies upon him. The story has only been told in the past few days, and the full details were given in the issue of September 2. The white caps, under the name of the National Farmers' Union, were afraid to appear in the streets, and they were making a pretense of being a legitimate organization when they attacked the family of the white caps. Members of the National Farmers' Union, who were in the neighborhood of the farm, were called upon to join the mob. ### FALL OF PRICES.

NOT DUE TO DEPRESSION OF GOLD, BUT TO GREATER COST OF PRODUCTION.

Special A. Webb discusses Causes of Fall in Prices. The fact that the price of gold has fallen is a fact which has caused the public to wonder. It is not due to the depression of gold, but to the fact that the cost of production has increased. The price of gold has fallen from \$20.67 per ounce to \$18.50 per ounce. This is a fall of about 10 percent. The price of silver has also fallen, from \$1.25 per ounce to \$1.00 per ounce. This is a fall of about 20 percent.

Remember that those farmers who have a few acres of land and are not rich are the ones who are being ruined by the present tariff.

A. H. Carter is a business man, he is equipped to advise you, look at the interests of the farmer, and the interests of the people who are being ruined by the present tariff.

The entire force of new writers and reformers are crying out against the tariff. Don't let the tariff be the cause of your ruin.

One hundred thousand people went to Chicago on Friday night to see the exhibition of the new tariff. It was the first time that the people of the country had seen the tariff since it was first proposed by McKinley.
