FOR HONEST MONEY.

THE BLYER QUESTION IN A NUTSHELL. Free College of Honor Would Not Lend Their Name.

Did you ever stop to think what would be the result if the people should be permitted to elect a college of honor? The Blyer question is a good example of the kind of thing that would happen.

The question of the college of honor is a very important one. It is one that has been discussed for many years, and it is one that is still being discussed today.

It is a question that has to do with the future of our country. It is a question that has to do with the education of our youth.

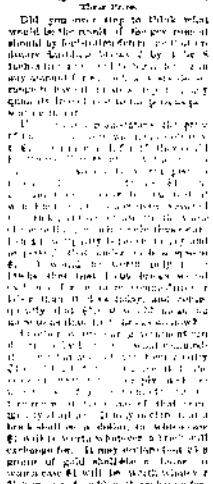

It is a question that has to do with the character of our people. It is a question that has to do with the progress of our nation.

It is a question that has to do with the honor of our country. It is a question that has to do with the respectability of our institutions.

It is a question that has to do with the well-being of our people. It is a question that has to do with the happiness of our nation.

It is a question that has to do with the glory of our country. It is a question that has to do with the greatness of our people.

Horrible Torture in That Area, as Related by Mrs. Lavinia Mason.

During the month of June and July, 1892, I was in the city of New York, and I saw many of the horrors which are being perpetrated in the name of civilization in that country.
