WAYNE REPUBLICAN.

A CONTINUING... Published for the Proprietor by the Wayne Republican Co., 100 North 10th Street, Wayne, Neb.

Every patriotic organ in the State of Nebraska will follow the lead of John M. Thurston and welcome him as though he were installed.

The wages of the coal miners in Mark Hanna's mine have been advanced 10 per cent and are a credit to the industry. There is no doubt about it.

John C. Sprenger of the Secretary Guild is complaining of having been unfairly treated in the election of the State of Nebraska, where he was elected.

Why is it that the free and unlimited organs of the country put in all their time talking for the dark side of every question? It is possible they may of light never penetrate their secret.

On November 3, the New York postoffice was robbed of about \$100,000 and the robbery was the most complete that ever occurred in the history of the country.

Why does the fusion organ for the State of Nebraska, which has been published in Chicago for weeks, try to get the market for the State of Nebraska to give up their own interests?

The two new battle ships, Kearsarge and Kentucky, were launched with a hull above the water line and a hull below the water line.

THE REPUBLICAN is not in accord with this portion of the President's message, and it is believed that the United States ought to put a stop to the use of property. It believes that Spain is a leader in the field of the world.
