A good idea

is to keep some Pearline in a drawer, ready to use for floor-washing, dish-washing, etc.

You sprinkle a little over the floor, for instance, and then just wash it over with a wet cloth. See how much more convenient to use than soap.

If you're buying and using Pearline simply for washing clothes, and not for all kinds of washing and cleaning, you're cheating yourself out of a great deal of comfort and economy.
