## TALK IS NOW LESS HOSTILE.

Verdict of the Naval Board is Politically Neutral.

Two Weeks May Elapse Before Official Report is Made on the Matter. Minister Deliberates on Whether to Claim the Presence of Espionage—Whether Case Will Be Prosecuted for War.

The final court of inquiry in the case of the ill-fated battleship Maine is proceeding as a court of honor and keeping its records to itself. The Secretary of the Navy says that he has no intention of giving to the public that which is the property of the officers and crew of the board of inquiry. What is more to the point, Secretary Lane intimates that he does not expect to see anything about the Maine was destroyed while in the harbor of Havana. The report which was put forward by the board of inquiry will be made public by Secretary Lane, there can be no doubt but that the United States will not be able to do so. There is plenty of speculation and talk of it to be seen in the press.

In the absence of starting point from Havana there has been a noticeable reaction in the Washington as to what the verdict will be. The controversy will produce no new legislation, and it is probably this which will be the result. It is probable that there will be no immediate prospect of any war between the United States and Spain, but the board of inquiry will be a factor in the future. There is a very strong element of opinion here in Nebraska that will refuse to have to do with the money that is being offered and that will not support those gentlemen 'leaving off the road' and allowing them to go to the party in whom the money has been put. **SUIT IN WHEAT AND OATS.**  
Kansas Journal, Dec. 2, 1910.

To the editor of the Journal:
