# Only Thirty and Gray

How is that? Perhaps temples might be dotted with gray hairs, or perhaps it was your mother who was the first to show you the signs of old age. You can't see the color of your hair, but you can see the color of your eyes. If your hair is turned gray, the hair has lost its color. It is the same with the eyes. The color of the eyes is the color of the soul. If the eyes are turned gray, the soul is turned gray. **Ayer's Hair Vigor** restores the color to the hair and the eyes. It is a natural bleach for the hair and a natural tonic for the eyes. It is a natural bleach for the hair and a natural tonic for the eyes. It is a natural bleach for the hair and a natural tonic for the eyes.
