

There are two kinds of STEEL RANGES  
**THE MAJESTIC** And Others

The Majestic Steel and Malleable Range is the best and cheapest

Best because it will not warp or break, uses less fuel and bakes quicker. Has a larger reservoir and works more satisfactory than others. Cheapest because the best is always the cheapest. Cheaper than a castiron stove because it lasts three times as long.

Watch this space for date of exhibit, at which time we will demonstrate the above to be facts. Come in and see them at our store

The menace is the result of the failure of the government to take any effective action to stop the spread of the disease. The people are being misled by the government and the press. The only way to stop the disease is to take immediate and effective action.
