**A NEGLECTED WIFE**

“How the wife of a man, neglected by him, looks on her husband, who has left her, is a subject that has often been treated in fiction, but never so truthfully as in ‘The Neglected Wife.’ This story is a masterpiece of pathos and truth. It tells of a woman who has been abandoned by her husband, and how she struggles through life, supported only by the love of her children. The author has done justice to every aspect of the subject, and the story is a most interesting and touching one.”

“The ‘Neglected Wife’ is a story that will appeal to every heart.
