Half a Bottle Cured Me

“About thirty years ago I bought a bottle of Ayer's Hair Vigor to keep my hair from falling out. One half a bottle cured me. A few days ago my hair began to fall out again. I went to the medicine store and bought the old bottle of Hair Vigor just as good as when I bought it.” J. C. Burton, Brookwood, Ill., Sept. 2, 1899.

Keeps Thirty Years

Ayer's Hair Vigor is certainly the most successful preparation ever tried on the market. A little of it goes a long way. And then, what you get is not just a hair, but the most perfect hair that can be made. It is not a fancy thing, but a real thing. It is not a fancy thing, but a real thing. It is not a fancy thing, but a real thing.

BOWEL BAY-WINDOWS

When a man gets one, he becomes a slave to his bowels. Every person ought to have control over the different parts of the body, and it is the easiest thing in the world to educate the bowels, make them do their duty naturally and regularly, and keep them from becoming a source of misery and a deformity as well.

Educate your bowels! Don't neglect the slightest sign of irregularity, but see that you have at least one natural easy movement a day. Pill, salts and black draughts are dangerous because they strain and weaken the bowels. What you want is a mild but sure laxative, that tones and strengthens the bowels and stimulates their movements. Such a laxative is CASCARET, and when you get it, you will find that it is the easiest thing in the world to make good, keep your bowels clean and regular, strong and healthy. Be sure you get the genuine CASCARET, as never sold in bulk. Look for the "C" mark, the "C" on the box. By keeping the bowels clean, all serious disorders are prevented by

WAYNE REPUBLICAN

Published by J. W. BROWN, Editor. Published at the office of the Wayne Republican, 100 North Main Street, Wayne, Nebraska, Monday, March 11, 1906.

Members of the Legislature for the first time in the history of the state have been elected by the people.

Alford said at Boston: "The Legislature will be glad to admit that the people are the source of all power."

Special Agent in Charge of the Bureau of Investigation at Washington, D. C., in which he testified that the government is not interested in the work of the people.

Secretary of the National Education Association at Washington, D. C., in which he testified that the government is not interested in the work of the people.

What would the people do if they were not to be ruled by the few? The answer is simple: they would rule.

It is a fact that the people are the source of all power. It is a fact that the people are the source of all power.

At the general election of 1904, the people of Nebraska elected a Legislature that was the first in the history of the state to be elected by the people.

It is a fact that the people are the source of all power. It is a fact that the people are the source of all power.

In a little while a fellow will visit you, and ask you all kinds of questions. You must be ready to answer them.

The present situation is a result of the failure of the people to elect a Legislature that was the first in the history of the state to be elected by the people.

It is a fact that the people are the source of all power. It is a fact that the people are the source of all power.

Government set of delegates and the convention held at different places. The delegates were not elected by the people.

The World News says of the suggestion that M. B. Schneider be elected as a delegate to the convention. Schneider has many claims upon the party, and there is no possibility of his being elected.

It would probably be just as well for the government to hold a convention at the time of the election. This would save the expense of a convention held at a later date.

Editors are forgotten. It is a fact that the people are the source of all power. It is a fact that the people are the source of all power.

What a great deal of trouble about the government. There is a large number of people who are not interested in the work of the government.

It is a fact that the people are the source of all power. It is a fact that the people are the source of all power.

On the 11th of March, 1906, the people of Nebraska elected a Legislature that was the first in the history of the state to be elected by the people.

It is a fact that the people are the source of all power. It is a fact that the people are the source of all power.

Senator Allen, the two most prominent members of the Nebraska Legislature, have been elected by the people.

It is a fact that the people are the source of all power. It is a fact that the people are the source of all power.

It is a fact that the people are the source of all power. It is a fact that the people are the source of all power.

It is a fact that the people are the source of all power. It is a fact that the people are the source of all power.

lution from his wealth and inadequate standpoint of view. The people are the source of all power.

The World News says of the suggestion that M. B. Schneider be elected as a delegate to the convention. Schneider has many claims upon the party, and there is no possibility of his being elected.

It would probably be just as well for the government to hold a convention at the time of the election. This would save the expense of a convention held at a later date.
