It is with confidence, as well as a certain degree of pride, that we ask your inspection of our stock for the spring and summer season of 1909. In no other store in this vicinity, nor so far as we know, in no other store in Nebraska, outside of the few cities, will you find as complete and well assorted stock of clothing as you will find in our store today. We claim to carry not only a variety and size of stock, but also a high class of goods, and a large assortment of our own make, but the difference between the goods we have for sale and what you will find elsewhere is in the quality of the material and the workmanship. Some stores make a business of selling cheaply made, but our business is to sell well made goods. We are not more so, for we will make good on our goods in any way that we can. That is, we will give you a good price for the goods you buy here. We are always willing to guarantee them. We know all about them.

The Guarantee furnished by the

The 2 Johns

There are two things to be used in mind when buying a suit of clothes—name is to buy a good article and the other is to buy it at the right place. So what others offer. Search the market from beginning to end; then come here and we will show you the money saving points, and convince you that this is the right place.

If you can't do better for you than where you can have your money back.

All goods marked in plain figures and sold at **STRICTLY ONE PRICE**

CHARACTER—The speaker's address was a study in the art of the dramatic and the oratorical. His words were simple, direct, and powerful, and he spoke with a confidence and authority that were inspiring.

He began by pointing out the need for a new political party, one that would stand for the principles of democracy and the rights of the people. He spoke of the failures of the existing parties and the need for a new platform that would address the needs of the common man.

Craig Indian Remedies!

The manager of the Craig Indian Medicine reproduces a few of the many testimonials which have been printed from time to time. We desire to say on the report that those names we publish are but a few of the many who have been restored to health and strength by the powerful healing and medical properties of Craig's Indian Medicines. The tortures of rheumatism have been removed, appendicitis cured without the knife, female diseases with all their aches and pains have been obliterated and those suffering from kidney and liver troubles relieved from one and a half to two weeks. Bright's disease and premature death. Frigids, don't know your life to be destroyed when, after the recovery of the Craig Indian Medicine office at Wayne, Nebraska, you will "cure" your head what a few of the people say who have tried them.
