A NEW SCHOOL BUILDING FOR WAYNE HOW TO BUILD IT.

Before commencing to build a public school it is necessary to have sufficient funds to pay for it when required. When citizens agree there is always a way to get the cash. Now, right here all good people agree—that is, all well, get some expert architect to make the plans, and let the contract to a good mechanic, and make him responsible by giving a bond. That is the proper way to build a school building, and every person holding office knows that tax money will not be collected until a building is in any other way. Did you ever stop to think that you pay no more every year for clothing than you do for school purposes? Do you use the same judgment in buying your clothing that you do in building a school building? If you buy your clothing of any one you will use the same judgment for our suits are designed and cut by expert cutters, are made by skilled tailors, and are sold to you by experienced clothiers, and our bond secured by a responsible clothing manufacturer is sewed in every coat pocket.

The garment guaranteed by Dr. Adam B. KUPPENHEIMER & CO. Chicago.

The absolute satisfaction guaranteed by the KUPPENHEIMER Clothing is vouchered for by this Guarantee Label which is sewed in the inside coat pocket.

Isn't that fair? What more can you ask? In buying your clothing here you not only get better looking clothing, but you get superior clothing, made in a clean factory, all free from all contagious diseases. It costs no more than cheap shoddy clothing such as you can buy in general stores, and it is made by the "strong system" and is not cheap and flimsy from contagious disease. You take no chances in buying your clothing of us, and you will have the satisfaction of knowing that it is clean and free from disease.

Our spring stock is new, clean, complete and you will find here what will please you and at the lowest price.

Furnishings for the Boys.
