

Our . . . Anniversary

One year ago we came to Wayne and we have met with greater success than we had reasons to expect. We came with a new and select stock. Our trade was good from the start and has been increasing every day since. To meet an increasing trade we have put in more than double the stock we had last year. We now have the largest and best selected stock of clothing ever brought to Wayne county. Our stock would be a credit to a town twice the size of Wayne. The class of goods we sell has induced people to come from neighboring towns to trade with us. When we located in Wayne we believed there was room for a first class, first price retail clothing store and we are glad to state we were not mistaken. Our success has proven that the people appreciate our efforts. Some of our competitors predicted that we would be here about six months; others said that about one year would satisfy us that Wayne would not support an up-to-date clothing store such as we are conducting. Our method of buying and selling goods has proven that the old way of selling clothing on long time cannot compete with us. The class of goods we sell cannot be bought outside of this city. We can promise to your entire satisfaction that you need not go to Omaha or Sioux City for good clothing as our prices are lower and our selection will please you. If you have ever looked at our clothing it will pay you to call on us before you buy. Our goods are all marked in plain figures and we sell strictly at our prices. If you should change your mind after you bought the goods you can return them and your money will be cheerfully refunded.

Men's Suits.

We sell the Knapdale coat for men. This kind of suit is in high vogue and most stylish. It has a unique feature as to the pockets and if satisfactory you can't bring it home and get another one. The other kind of suit made in America is the prairie suit. It has the better look and will keep its shape and color longer than the prairie suit. Price \$15.00 to \$18.00. We also have a cheaper line, made and cut like the best for the price and good as the best you can buy for a general use. We can save you money on this class of clothing. Price \$5.00 to \$8.00. We can show you no matter how big you are or how old and thin. Try and get a suit that fits.

Young Men's Suits.

Young men like nice clothing. They like to look well. We make special suits for these young men. We have the latest things out, and they are all made and cut like the best. I have a lot of change that is right by. It is right by me. It is right by me. It is right by me. It is right by me. It is right by me.

Mrs. J. J. Jones and wife of Red Oak, Ia., were in the city Friday, with their family. Robert J. Jones of Red Oak, Ia., is very much pleased with our county and sees no good reason why they should not all live in the high school as the western town.

Boys and boys' clothing have a representative district. Recently the people and demonstrate to be convenient for the purpose of nominating a candidate for the legislative body. The vote of each party put up a candidate and they are both known candidates.

Frank S. Adams has carried away first money in two races and third money in another at the Lincoln State Fair as Lincoln talker. "Og" was let money in the 21 race, (John Nelson) won first in the 2021 race, but Adams and the same horse won third place in the 2021 race.

The street fair management seems to be the midway features of the fair will be all that they are to expect. The State exhibits will be the center of comparison on the end of the exhibition to be held. New specialties, want features are being added daily and so one of the most of the fair program may be anticipated by all.

Secretary Jones of Arkansas, chairman of the Democratic national committee and by virtue of his position, spokesman of that party, attributes the election of McKinley to the votes of "ignorant foreign born voters, who are taking the bread out of the mouths of honest voters." This is what democracy thinks of those whose votes it cannot control.

The managers of the speakers bureau of both the Republican and Democratic national committees have given the local committees a word of warning. They are not to be regarded as mere speakers but as men of letters. The managers of the speakers bureau of both the Republican and Democratic national committees have given the local committees a word of warning. They are not to be regarded as mere speakers but as men of letters.

Then C. E. Dullick has things coming his way in being black-balled by the Democratic machine of the opposition. They are now doing the best they can to get political agreement. The idea of "keeping it between the good names of McKinley and Og" is to make it appear that the two are the same. The two are not the same. The two are not the same. The two are not the same.
