VOL. 7.

WAYNE, WAYNE COUNTY, NEBRASKA, WEDNESDAY, OCTOBER 24, 1900.

NO. 36.

Not a Matter of Dollars Alone.

While it is true that you may make a considerable saving in dollars and cents by making your purchases at this store, that is not the whole of it. There is more than money at stake with us. There is satisfaction. There is style. There is a philosophy about the goods that won't make you wish you had bought something else.

There are people who are looking for bargains. The style is something that they want a bargain in. That is, a little more than their money's worth. To accommodate this trade we go to market and work hard to secure the bargains. Here we have them. The bargains in every department, and what is more they are bargains in stylish and reliable goods, a fact that makes them the more desirable.

There is another class of trade that deals with a largely unresponsive and unfeeling public. This is the trade in the THE TWO BIRNS. I know their goods are better than the goods and that is what I mean. The price is better because of the fact that they buy in goods so cheaply that it is well worth the price paid for work returned to you.

To continue we will add that our stock was brought to satisfy the demands of a large trade in Wayne and vicinity, and that in case you are in doubt. See and compare goods and prices and give us your opinion.

ABRAHAM LINCOLN SAID SO

One of the strongest objections that is made (inspired by the Bryanites) to the proposed amendment is that it would take away from the people the right to elect their own representatives. This is a very serious objection, and one that is often made by those who are opposed to the amendment. It is true that the amendment would take away from the people the right to elect their own representatives, but it would also give them the right to elect a representative who would be elected by the people. This is a very important right, and one that should not be taken away from the people. The amendment would give the people the right to elect a representative who would be elected by the people, and this is a very important right. The amendment would give the people the right to elect a representative who would be elected by the people, and this is a very important right.
