We live by our blood, and so we thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone-muscle and brain, in body and mind, with continual flow of rich blood.

This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, when we starve, our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—mean while it builds up the system.
