CHAPTER XIX

When the door opened, the woman who had been waiting for him came in. She was dressed in a simple, practical way, and her face was pale and weary. She looked at him for a moment, and then she spoke.

"I have been thinking about you a great deal lately," she said. "I wonder how you are getting on. I hope you are well."

"I am well, thank you," he replied. "I have been busy with my work, but I am getting on all right."

"I am glad to hear that," she said. "I have been thinking about you a great deal lately, and I have been wondering how you are getting on."

GETTING BIGGER EVERY DAY!

We have been in Wayne for many months and our business has been growing every month. The first month of the second year shows an increase in trade at this store of 20 percent and this month we have an increased amount of 25 percent. Persons who have not investigated our plan of doing business may not understand why it is that this store is prospering with such favor in Wayne county. We realize how hard it is for you to go into a new store and get acquainted but it is the only way that anyone can keep up with the times. If you will get acquainted with this store you will know why it is getting so well patronized. It is hard to get an idea why it is so but it is to prove that where you have been trading for years is the best place to trade in it is only you who put yourself to rest by going to this store. If this store was like other stores in Wayne there would be no need for you to go to it. It is only by coming with the new and good things that this store is using in buying and selling clothing.
