

YOU CANNOT AFFORD TO TAKE CHANCES.

In buying Christmas presents you ought to be sure that you are not buying a present that is out of style—something that has been for sale for several years. If you was buying for yourself you might find yourself at an outdoor bargain counter, but you are not allowed to take any chances in buying a present. You may not know what is stylish, but the one receiving the present may know, and may not like to wear the present because it is out of style. You are safe in buying of The 2 Johns. This is a new store and is getting its up in the city. We are experts in the clothing business, and buy only the best and latest style goods. We have no bargain or over goods, but sell late style as cheap as others ask for out of date goods. Our selection is very complete and much larger than is usually found in a town of this size. You will find what you want at The 2 Johns and know that it is in style. Prices are right and you cannot afford to take chances on a Christmas present. Look over the following list and call as soon as convenient for the stock is now on hand. You will find much more satisfactory than any Christmas presents in the store and we are always ready to do the afternoon.

House Coats!

One of the most useful garments any gentleman can possess is a house coat. There is more solid comfort in it to the square inch, than any garment he can own. He wears them in every fashionable style. All wool broad—lapels and pockets quilted to satin, and satin quilted lining in several shades. Another popular style is the Tuxedo shape—satin or cord edge and fancy plaid lining and cuffs. We have also several other desirable styles and the price range is from \$3.00 to \$9.00. We like to show these house coats. Twenty different styles to select from.
