

A UNITED STATES SENATOR

Says Pe-ru-na, the Catarrh Cure, Gives Strength and Appetite.

Sen. Frank B. Rowland, United States Senator from North Carolina

Frank B. Rowland, United States Senator from North Carolina, writes: "I have used Pe-ru-na for several years and it has given me strength and appetite. I have been advised by my doctor that it is probably the best medicine for my condition. I have used it for several months and I feel much better. I have gained weight and my appetite is much improved. I can now do my work as usual and I feel much stronger and more energetic than I have for some time." "No other remedy can take the place of Pe-ru-na."

Sore Hands

Red, Rough Hands, Itching, Burning, Pruritus, and Painful Finger Ends.

One Night Treatment

Soak the hands on retiring in a strong, hot, creamy lather of CUTICURA SOAP. Dry, and anoint freely with CUTICURA, the great skin cure and purst of emollients. Wear, during the night, old, loose kid gloves, with the finger ends cut off and air holes cut in the palms. For red, rough, chapped hands, dry, fissured, itching, feverish palms, with shapeless nails and painful finger ends, this treatment is simply wonderful, and points to a speedy cure of the most distressing cases when physicians and all else fail.

Cured by Cuticura

I WAS troubled with hands so sore that when I put them in water the pain would not let me sleep, the skin would peel off and the flesh would grow red and break down. The blood would flow from it and I had to stop work. I was advised to see a doctor, but he said I had to stop work for three years. I tried every remedy I could get, but nothing helped. I was advised to try Cuticura. I did so, and in one night I was cured. I have used it ever since, and it has kept my hands in the best of health. I can now do my work as usual and I feel much stronger and more energetic than I have for some time. I would not be badly deceived. I got the leading bottles of Cuticura. DEATH

begins in the bowels. It's the unclean places that breed infectious epidemics, and it's the unclean body—unclean inside—that "catches" the disease. A person whose stomach and bowels are kept clean and whose liver is lively, and blood pure, is safe against yellow fever, or any other of the dreadful diseases that desolate our beautiful land. Some of the cleanest people outside are filthiest inside, and they are the ones who not only "catch" the infections, but endanger the lives of all their friends and relatives. There's only one certain way of keeping clean inside so as to prevent disease and that is to take **CASCARETS**. Perfect disinfectant and bowel strengtheners. All diseases are PREVENTED BY

The legislative body of the State is now in session at Lincoln, Nebraska, and there seems to be very little prospect of an election in the near future.

Nebraska is one of the most important of the States of the Union, and it is a great thing that it should be so prominent in the eyes of the people of the United States.

The Republican party is the only party in the State that is not interested in the pockets of the people, but in the pockets of the State.
