

It Hangs On

We are talking about your cough. One cold no longer passes off before another comes. But it's the same old cough at the end. And it's the same old story, too. There is first the cold, then the cough, then the pneumonia or consumption, with the long sickness and life threatening in the balance.

Ayer's Cherry Pectoral

Loosens the grasp of your cough. The irritation of the throat will largely be removed, all inflammation is subdued, the parts are put perfectly at rest, and the cough drops away.

Worms
CASCARETS are a sure cure for tapeworms and those other pests of worms that make the lives of children and their mothers miserable. Any variety of parasites that live in the human stomach or bowels, and feed on the substance which should properly nourish the body, are dislodged by Cascarets Gandy Cathartic, and expelled. One or two tablets usually drive them out and persistent use is sure to do away with the unwelcome intruders. Many children and older people suffer from worms without knowing it, and get thin and weak, although their appetite is good. The best way to find out is to take Cascarets. Never accept a substitute!

For Years We Have Been In the Clothing Business

It is about the same way as a great many other stores in the country, except that our principles have been carried out very carefully by doing as honest, bright clothing business. During into others as we wish to be done by 1/2 other stores have started out on these principles, but they fail by the way side when they see the better articles that spring up from day to day and the "get-rich-quick" fever strikes them then they change their motto for "Do as others do, they'll do you." One merchant says that "There is no use trying to give the people honest values they don't appreciate it." Our experience is entirely different. The first great mistake of some stores make is in untruthful advertising. If your advertisements are not true you cannot hope to win the people's confidence. We're pleased to have you try up on any article advertised by us that is not found to be as advertised.

Then our prices are in plain figures and every customer pays the same price. Isn't that right? All good suits have a written guarantee that they must prove satisfactory. Isn't that fair?

Spring Goods
