The 2 John's Go a Fishing!

One John went fishing and the other stayed at home to look after things. Well this fishing business is like all other affairs men have to do with in their life: there is a right way and a wrong way to fish. In the first place you want all your time if you fish where there are no fish. To catch fish you must go where there are fish to catch, and where there are plenty of them. Then you want to know how to catch them or have some one along that can show you how. This reminds us that it is the same in buying clothing. If you want good clothing you must go where they have it, and plenty of it to get a fit. If you don't know good clothing, you must trade with a merchant that does. Well, we went where there was plenty fish and we know how to catch them—of course we caught fish. It is the same if we buy clothing we go to the best factories where they make only good clothing, and we use the best bait. CASH which always catches the bargains. In some stores you catch only shabby clothing. Where we fished we caught Black Bass and if you trade with us you will catch all wool clothing in the latest style. Some men use stores and try to force the fish into them, and some merchants try to talk you into buying something you do not want. When we fish we use only good bait, and if you trade with us you will not be asked to buy anything, but we will let us sell the best bargains in clothing this country affords, and if you like you will catch good clothing at less price than you can buy it elsewhere. Fish for your clothing at the 2 Johns for you will always have good luck and your string will be cast of big bargains and the right kind of clothing. You will not need much bait (cash) if you trade here. Try this place the next time you go fishing for bargains in clothing, and you will always fish here. June is the best month to fish, and if you give this store a trial during June you will find it easy to catch anything you want, for everything is here that is desirable for summer wear. Call your hook in this store and you will not be disappointed. FOR IF ITS RIGHT YOU WILL FIND IT AT THE 2 JOHNS.

They were named John, only to be the 2 John's.

Mr. Frank E. Dineen was a passenger from the boat at Chicago.

General W. A. Lester arrived in the morning from Chicago and was placed in the 21st Hotel.

Two men of the name of the President, who were here recently, were in the city.

There is considerable discussion just now over an order prohibiting cock fighting under various conditions.

The police people oppose it on moral and religious grounds.

The friends of the measure, on the other hand, urge that the spirit of the law is to prohibit the same.

It is not only a hardship on the police, but it is a hardship on the citizen.

WHAT THE PEOPLE WANT

Then, again, we've got a larger stock than the farthest of grocers. In the course of a long business we have many sales and a small stock. Therefore, we don't expect to make a profit and a large profit from any single sale, but, if that be the case, we will not aggregate our profits as a result of it.

THE GROCERY BUSINESS IS OUR BUSINESS
