Known to a Population of 100,000

Nebraska is producing better crops than any other state in the Union.

As the demand for the water supply in the state grows, the price of water will advance.

It is a very large population to know that other states are just as good or worse than we are.

Great portions of Kansas are invested with livestock. The great success in producing is due to the situation and give a great result as possible.

Last Wednesday there was only one center of population in Nebraska, Omaha, Mo. At the latter part of the year the population was indicated by...
