Silent, but not Dead.

During the past month we have not used the new papers to keep our business before the public. It got too hot for us to write and too hot for the people to read. We have not been dead, but have used other means to keep our business before the public. We have used 2,500 fans that have sent a daily refreshing breeze to our friends and we hope have kept our name where they will be remembered as well as our good intentions.

A Stranger Without Friends.

There is a man here who came to Wayne as a stranger and a stranger he has remained. Many are saying that we must expect something from him and people naturally, probably that we would be mainly of a short time. All agree in what we are a member of a community that our business has been growing from the start and now the leading house in the town.

Have Come to Stay.

Every morning tells you they have come to stay. For our business has grown to such proportions that we cannot think of going and we have bought more goods than ever before for this fall and winter. Other stores may doubt when their stock is on hand, but our stock will be larger than ever.

Without Proper Clothing.

In this climate it is not to be expected that we should be without a program. Our new goods of this season are light and comfortable. Our State Athletic underwear will be your favorite. It is in your feet, your hands will be in the way. We have our pants will make you happy.

What Shall we do with Him?

It is a nice baby and don't know what to do with him. So you are always getting clothes bring him here and we will be glad to put him in our hands. But don't know what to do with him. He is a nice baby and don't know what to do with him. So you are always getting clothes bring him here and we will be glad to put him in our hands.

Make Him Happy.

We would give you a baby to play with. Our goods are different than those of other stores. We have the best. Our prices are plain and there are no tricks. You are always safe in trading here. Life is worth living if you trade at Jones.

CHAPTER XXXI—Continued.

When the first of the arrangements for the day of the celebration were made, it was found that the program was too long. It was decided to shorten it, and to include only the most important features. The program was revised, and the day was made more enjoyable for all concerned.

The first of the arrangements was the opening of the day by the Mayor. He gave a short address, in which he congratulated the city on the success of the celebration. He then presented the first of the prizes to the winners of the contest.

The prizes were presented by the Mayor, and were given to the winners of the contest. The prizes were of various kinds, and were given to the winners of the contest.
