But we sell the goods and the reason for it is that we always keep

WHAT THE PEOPLE WANT

Then, again, we never ask a fancy price for the fanciest of goods. Our principle of doing business is many sales and a small profit from each. We don't expect to make expenses and a big profit from any single sale, but a little on each one and the aggregate will keep us out of the blue.

THE GROCERY BUSINESS IS OUR BUSINESS

And if you are a customer of ours you know it, and if you are not, it will pay you to become one. Remember the phrase,

DISHES!

We have added to our already complete line of other goods a complete line of decorated and white china ware. These dishes are manufactured by Alfred Meakin, one of the best manufacturers of china ware in England and we bought them so low that we can sell you a set of decorated ware as low as you get any good white ware. We also have a nice line of glassware. Come in and buy your dishes and then do not forget that we keep the best line of porcelain to make a meal complete, and tastefully decorate a dinner table. Our dry goods and genteel furnishing goods, boots and shoes are first class. Bring in your produce and we will pay highest market price.
