The fire alarm Wednesday afternoon badly rattled Wayne people for a few minutes as the wind was blowing a hurricane. The fire was in the most fortunate locality, being in the east of West Goodhart's, two blocks from the depot. It was an old home owned by J. G. Wright the carpenter. It and the furniture were totally destroyed. An insurance policy of \$450 just covered what Mr. Wright owned on the premises, and he and family are in destitute circumstances. Mrs. Wright is in a hospital at Omaha and Mr. Wright was working at Wakefield. The children were in school and the origin of the fire is unknown. Citizens have been around with a subscription paper, for the benefit of the unfortunate family and liberal contributions have been made.

### HOLCOMB to SPEAK

The Ex-Governor and Secretary of State Porter at Wayne Oct. 6th.

A big, rousing meeting will be held in the Wayne opera house Friday afternoon, Oct. 6th, Ex-Governor Holcomb and Secretary of State W. F. Porter to be the speakers. Watch for posters and make arrangements to be present.

The Pringles are Good.

For about the first time in many months the DEMOCRAT is able to state upon its own responsibility, and without fear of contradiction, that we have a first class comedy company doing business at the opera house. Other people appear to have a similar opinion for Wednesday evening there was a very small audience and last night the house was full and everybody enjoyed the play, "My Sweetheart," immensely. Miss Ida Pringle is far superior to the average "leading lady" and she is the "real thing" on the stage and "brings down the house" in every act. Mr. John Pringle is just as good as John Dillon ever was, and the balance of the company are popular favorites.

Tonight the bill is "Romance of Sleepy Hollow," and tomorrow evening "Rip Van Winkle." The illustrated songs kaleidoscopic pictures are much better than anything ever before seen in Wayne and as Charley Lundgren says, even superior to anything they have had in his town, Sioux City. If you want to see a really good play don't fail to get seats for this evening's play. You will be more than pleased. The above has not been omitted by the show people, but is given as a matter of news, good news.

The County Fair  
Although the fair has been little advertised a great many people are coming to town each day to take it in and enjoy the sports. Secretary Neely informs us that over 1000 people were on the grounds yesterday notwithstanding the severe cold, nasty winds and general disagreeableness of the weather. The exhibits are not very numerous but the races are what catches the people and some exciting ones were had yesterday afternoon.

In the 2:35 trot for a purse of \$100 Alice G., owned by Mac Miller was 1st, Union Medium 2nd, Speculation 3rd, time 2:29 1/2.

The 2:40 pace was won by Cap Medium, Iona 2nd, time 2:27, purse \$100.

The novelty race, walk trot and run, was won by Nels Nelson's horse Bill, the other horses entered being Bird, by Bert Ellis; Kate, by M. S. Engler and Queen by W. Evans. The purse was \$50.

The pony race was postponed until this afternoon on account of a mix-up. The ponies entered are Neo Nell, Hat Rack, Kirk Nell and Little Pet.

A special race between Tansy Tanglefoot and Joker was as exciting a running race as has ever been seen on the track, Joker winning.

S. B. Scace is starter and James Britton clerk, and the gentlemen give the best of satisfaction. The Wayne band is furnishing good music.

This afternoon there will be a 2:24 trot, 2:18 pace, a running race and the pony race.

Just the weather for Tennis and Outing Flannels. We have the line in all prices 5 to 10c. Ahern's

# TO RELEASE GILMORE AND HIS COMPANIONS

## Reported that the Filipino Congress Has Decided to Surrender Yorktown Men.

# MAY BE GIVEN UP THIS WEEK

## Two Englishmen Formerly Held by the Rebels Bring the News to Manila—Rockefeller's Disappearance.

Manila, Sept. 27.—10 a. m.—Two Englishmen who had been held by the insurgents since June have arrived at Angeles. They report that the Filipino Congress has ordered that the four American prisoners shall be surrendered on Wednesday or Thursday. They have, however, no information as to the whereabouts of Captain Charles M. Rockefeller, of the Fifteenth infantry, who disappeared in April last, and of whom no trace has been discovered. They assert that three Americans who were captured by the rebels are acting as officers in the insurgent army.

# CRITICISED OTIS' METHODS.

## Dewey Said to Have Used Blunt Language to the General.

New York, Sept. 27.—The Tribune in a dispatch from Washington publishes extracts from letters of officers at Manila, which give the alleged reason why Admiral Dewey left Manila and new light on General Otis' methods of dealing with the situation. It is reported that Admiral Dewey plainly spoke to General Otis before the peace commissioners of his "lying reports." This and other things which developed at the conference are said to have caused Admiral Dewey to decide to come home.

Other passages in the letters, which are from officers of repute, hint at irregularities in the conduct of the government at Manila. The Tribune introduction to the letter says: "These advices tend to strengthen the adverse impressions as to General Otis, which it is now known President Sherman and the cabinet have expressed, and which Admiral Dewey is expected to corroborate in the next few days."

# CITY OF PARA ARRIVES.

## Brings "Volunteer Regulars" Home—Sherman Outward Bound.

San Francisco, Sept. 27.—The United States transport General Sherman arrived here today from Manila. The Para has on board members of the Twenty-third United States infantry, Twenty-second infantry, Fourteenth infantry, Third artillery, Fourth cavalry and Eighteenth and Nineteenth signal corps, who enlisted under general order No. 41 and who are known as volunteer regulars. All of the returning men enlisted in California. The vessel was boarded by the health officials and an examination of the passengers is now progressing.

San Francisco, Sept. 27.—The transport Sheridan sailed Saturday for Manila with the Thirtieth regiment, United States infantry, and a detachment of 350 recruits for the Eleventh cavalry and the Thirty-sixth and Thirty-seventh volunteer regiments.

Colonel Cornelius Gardner goes in command of the Thirtieth, while Captain William B. Reynolds, of the Fourteenth infantry, is in charge of the recruits. Lieutenants Miles and McKelvey are also with the recruit detachment.

# PERMIT CHINESE TO LAND.

## Two Shiploads of Celestials Allowed to Disembark at Manila.

Washington, Sept. 27.—Secretary Root received a cable from Otis today regarding the Chinese situation in the Philippines. He says a shipload of 700 can be landed without serious interference with military operations. Otis discusses at considerable length the subject of Chinese in the Philippines. The dispatch was referred to the state department, and made the subject of a conference with the Chinese minister.

The result of the conference was set out in the following official statement: "Chinese from Amboy on the steamers Esmeralda and Salvador, about half of them being previous residents of the Philippines, have been permitted to land owing to the special circumstances of the case, on the promise of the Chinese consul general at Manila that the returning men will leave Chinese ports for the Philippines unqualified to land under the war department regulations."

# LESS WORK AND LOWER WAGES

## Tobacco Worker's Testimony in Regard to Combines' Effects.

Washington, Sept. 27.—The industrial commission today listened to a statement concerning the operation of the tobacco combine in the United States from R. C. Evans, of Louisville, Ky., founder of the order, and now its secretary and treasurer. He said that about 80 per cent of the tobacco manufactured was produced by the two combines known as the American and Continental Tobacco companies, and he expressed the opinion that such combinations were not beneficial to labor. He cited one instance in which three manufacturers had been absorbed by the American company, resulting in the throwing of 500 and 60 employees out of work. In another case wages had been reduced from \$2.50 to \$1.25 per day after consolidation.

# Daughter of Sigbee Dead.

New York, Sept. 26.—Captain James D. Sigbee yesterday happily left his anchor with the rest of the fleet in the bay, and started for Rehoboth Beach, Del., having received a telegram from that place announcing that his daughter, Ethel, had died there suddenly of heart disease.

# VALENCIA'S SOLDIERS DEBARK.

San Francisco, Sept. 27.—The transport Valencia arrived from Manila yesterday with Companies A, B, C, F, I and K of the First Montant volunteers on board, was docked early today, and the soldiers disembarked and marched to the presidio, where they went into camp. The men received a fine reception. The sidewalks along the line of march were crowded with cheering people, and at some points it was a difficult matter for the veterans to make their way through the surging crowds. The men were decorated with wreaths of flowers.

# YAQUI-MEXICAN BATTLES.

## Indians Defeated in Two Fights by General Torres.

Los Angeles, Cal., Sept. 26.—Official reports from the Yaqui state, between Mexico and Yaqui have just been received here. General Luis Torres had declared the campaign suspended until October, but the Yaquis were not consulted on that point. Lorenzo Torres also appears to have made different arrangements.

On September 14 Lorenzo Torres crossed the river at Vicam, a town supposed to have been captured by Luis Torres in August, and found the Indians. They attacked his rear guard and a running fight ensued. The report says the Indians were dispersed and nine killed. The Mexican loss was five killed and nine wounded, among the latter Lieutenant Colonel Navarro, of the Eleventh battalion, one of the best officers on the Mexican side.

The report of a battle on the 18th comes from another source, also official, and its statements of the number killed may be accepted. According to this report the forces under Colonel Hernandez, number 200, attacked and countered 1,000 Indians near Lake Zaqueca, a small lagoon between Torin and Potam. The Indians retired from the open field and sought cover in the thick woods, where the combat raged for more than two hours, beginning at 6 o'clock in the morning. The report says the Indians were defeated and dispersed, leaving on the field eighty-seven dead.

The Mexican losses are stated as fourteen soldiers killed and thirty-six wounded. Major Ruiz, of the national guard, was mortally wounded and Julian Espinosa, captain of the Yaquis, who are friendly to the Mexicans, and who were present in the ten years' war, was killed.

An interesting feature of the reports is the statement that several inhabitants of river towns who were taken prisoners by the Yaquis in July have been released and have returned to headquarters in Torin. Heretofore the Mexicans have represented the Yaquis as invariably torturing and killing all prisoners.

# INSIST ON EIGHT-HOUR DAY.

## Work on Transports Delayed by the Boilermakers' Strike.

San Francisco, Cal., Sept. 26.—At a meeting of the striking boilermakers a motion that men of all shops that work on all transports—whether government or chartered—stay out until eight hours a day was carried. The motion was granted them on all transport work was unanimously carried. A motion that this action be final was also carried.

By this action the union men working at Union Iron works on transports are called out as well as the men of the Eureka Iron works, who are working on the Centonite and are granted their demands by contracts.

# TO BE MUSTERED OUT TODAY.

## Minnesota and North Dakota Troops to Be Discharged.

San Francisco, Sept. 26.—The Minnesota volunteers now at the presidio have turned over their guns to Governor Lind, of Minnesota. They will be kept under guard and forwarded with the transport to their homes, where they may parade on their arrival in St. Paul and Minneapolis. The arms will then be returned to the United States government at the Rock Island arsenal.

The North Dakota and Minnesota volunteers will be mustered out today.

# EARTHQUAKE KILLS 200.

## Disastrous Seismic Disturbance in Asia Minor.

Constantinople, Sept. 26.—The district of Aidin, in Asia Minor, was visited by an earthquake on September 20, and, according to the latest advices, over 200 persons perished.

# OTIS A CATHOLIC CONVERT.

## Paulist Fathers Publish the General's Name in Their List.

New York, Sept. 26.—In connection with the charges of vandalism in Catholic churches in the Philippines by American soldiers, a copy of the New York Times calls attention to the fact that in a recently published book, issued by a Paulist father, is given a list of "American converts from Protestantism." In which appears the name of "Colonel E. S. Otis." Although Otis holds the rank of brigadier-general in the regular service, having been promoted from colonel in 1893, the Paulist fathers no doubt refer to the officer in command at Manila, as there is no other E. S. Otis in the army.

# Pensions Granted.

Washington, Sept. 25.—The following pensions have been granted: Lewis, Addison—Thomas N. Hatcher, McClintockville, \$10 to \$12; Supplemental—Edward Crosby, Clarinda; Thomas A. Fletcher, Burlington, 48; Recognition and Increase—John W. Hatcher, 48; Kirtland, Dallasville, 42; Addison A. Parish, Bedford, 40; R. S. Renewal, Charles E. Dunn, 40; Daniel Phillips, 40; Frederick W. Smith, 40; Marysville, 40 to \$12; Samuel H. Elliott, Union, 32 to \$12; James L. Jack, Charlton, 38; George Dowling, Rosville, 35 to \$12; Henry C. A. Nicholson, Muscatine, 38 to \$12; John Moler, Fairfeld, 35 to \$8; Henry Dowling, Rosville, 35 to \$12; Hiram C. Humbert, Akeley, 35 to \$20; Reissue—William H. Bigelow, Maple Lake, 36; Benjamin W. Conroy, 36; John W. William A. Boudinot, Des Moines, 30; Emily A. Wood, Vinton, 38; Sarah A. Pomeroy, 42; Elsie A. Montfort, mother, Council Bluffs, 32; Reissue and Increase—William H. Rayburn, Corydon, 39 to \$4.

Nebraska: Restoration and Increase—John Wilson, Tecumseh, 34 to \$12; Increase—Robert McMullen, Auburn, 310 to \$2; Samuel B. Hatcher, 30; Increase—Benjamin Sinclair, Omaha, 45 to \$10.

# South Dakota: Restoration and Supplemental—John Scheurer, dead, Zabor, 32.

# Welsh Also Guilty.

O'Neill, Neb., Sept. 26.—The case against Patrick Walsh for the assault upon Mrs. August Young, on August 24, was concluded Saturday night at 9 o'clock, the jury, after deliberating twelve hours, returning a verdict of guilty.

Michael Bagley, convicted as an accomplice upon the same charge, was acquitted on the defense when he took the stand in behalf of the state. In his own trial he testified to previous relations with Mrs. Young and said that no force had been used, claiming the percentage of her 2-month-old child. He repudiated these statements Saturday and testified they were both guilty as charged. Sentence will be passed by Judge Westover Tuesday morning.

Secretary Wilson has obtained for American soldiers a lot of musk-melon seed from a Michigan, where the melons are said to be the finest in the world.

# TRANSVAAL REFUGEES

## FLOCK TO CAPE TOWN

## Steady Stream of Uitlanders From Johannesburg Pouring Into the British Colony.

# ARE NO NEW DEVELOPMENTS

## Decision of Orange Free State Road Will Be the Next Important News—More Troops Leave India.

Cape Town, Sept. 27.—A great number of Johannesburg refugees are arriving here daily. The relief committee is paying every attention to those who are in need of assistance.

London, Sept. 27.—Another week has opened with the Transvaal situation marking time. No news has yet been received of the delivery at Pretoria of the last British dispatch. The next big news will be the decision arrived at by the road of the Orange Free State, whose secret deliberations are expected to close tomorrow, and it will come as a great surprise if the road does not decide to link arms with the Transvaal.

Neither the jingoes nor the anti-war party are very proud of yesterday's affair on Trafalgar square, which proved nothing except that a mob is always "jingo."

A telegram received from Calcutta announces the departure of the transport Sirdahana for South Africa and the last transport for the Cape leaves India tomorrow.

# BOERS WANT A SHOWDOWN.

## Burgers Believe England Is Playing for Time.

London, Sept. 27.—The Brussels correspondent of the Standard says that Dr. Leyd, British representative of the South African republic, now concedes the hopelessness of any attempt to bring about European intervention.

A special from Pretoria says that the members of the volksraad, believing that the British terms are intended to gain time for the concentration of troops, urge the government to adjourn the road immediately and to send Great Britain a note declaring that further mobilization will be regarded as an unfriendly act.

Trenches, earthworks and sandbag defenses are being erected in all the available approaches to the capital, Cape Town, Sept. 27.—It is reported from Pretoria that Commandant General Jonbert reckons on 18,000 Transvaal troops, 8,000 from Cape Colony, 2,000 from Natal and 6,000 Hollanders, German and other volunteers.

Pretoria, Sept. 27.—The Imperial dispatch was read yesterday in the volksraad. President Kruger announced that the reply of the government of the South African republic would be presented to the volksraad today.

# TO MARCH AGAINST KHALIFA.

## General Kitchener Preparing to Move Against Dervishes.

London, Sept. 27.—According to a dispatch to the Daily Telegraph from Cairo, General Lord Kitchener, governor general of the Sudan, is preparing for an immediate expedition against the Khalifa.

# DIAZ NOT TO VISIT US.

## Illness of His Wife Interferes With His Plans.

City of Mexico, Sept. 27.—President Diaz cannot go to Chicago on account of the illness of Mme. Diaz. He has appointed Alcega Marizal, minister of foreign relations, to go as his representative.

President Diaz last night expressed deep regret that he must forego the pleasure of the trip, which he had looked forward to with keen desire. He had hoped to meet the leading men of the neighboring republic, and felt that the occasion would be of much benefit to both countries. While the illness of Mme. Diaz has all along placed a degree of uncertainty about the plans of the president's northern journey, it was hoped that her condition might improve sufficiently to allow President Diaz to be absent. So strong was this expectation that yesterday the senate again took up the matter of the proposed visit and increased the amount of the appropriation for the expenses of the president and his party to \$150,000, gold. The former appropriation was \$100,000 silver.

# FUNERAL OF SCHEURER-KESTNER

## Former Premier Brisson Eulogizes Dead Senator.

Paris, Sept. 27.—Upon the occasion of the funeral of M. Scheurer-Kestner, former vice president of the French senate, who died on the day pardon was granted Captain Dreyfus, whose champion he had been from the outset of the revision movement, several eulogies were delivered.

Henry Brisson, former premier, who was greeted with loud cheers, said he had always revered the noble figure of Scheurer-Kestner, who was a soldier of justice and who all his life combated the plebeian regime, which had been so fatal to France.

On the termination of the ceremony the spectators cheered M. Brisson and surrounded his carriage, crying "Vive la Republique." M. Brisson was much affected.

Colonel Picquet, who was among the spectators, was received with loud cries of "Vive Picquet" and "Vive la Republique."

The figure says that among the numerous wounds upon the coffin was one bearing the inscription: "To Scheurer-Kestner, infinite gratitude," and signed in smaller letters, "Alfred Dreyfus."

# EXPULSED FROM MINISTRY.

## Chaplain of Seventh Ohio Guilty of "Unbecoming Conduct."

Columbus, O., Sept. 27.—Rev. John M. Life, chaplain of the Seventh Ohio volunteers, has been found guilty by the Ohio Methodist conference of conduct unbecoming a minister of the gospel. He made improper proposals to Miss Rose Lee Burch, daughter of Lieutenant Colonel Burch, and was expelled from the ministry.

# GRANT-CANTAUZENE WEDDING.

## Married According to Rites of Russian Church Last Night.

Newport, R. I., Sept. 26.—In accordance with the rites of the Russian or orthodox church, Miss Julia Dent Grant, daughter of Brigadier General and Mrs. Frederick Grant, and granddaughter of General U. S. Grant, and Prince Cantauzene, Count Speranzky of Russia, were married last night. Simple and impressive ceremonies were conducted by Father Hotovitsky, of the Russian church, New York, in the parlor at Beaulieu, the summer residence of Mr. and Mrs. Potter Palmer.

The American statutes will have to be conformed to before the distinguished couple will go forth into the world as husband and wife, and it is a ceremony in all Saints' Episcopal church, New York, in the Russian colony here as well as numerous friends, diplomatic, military and civil, are looking forward with eager expectancy.

A special altar had been raised in the parlor by Father Hotovitsky and his assistants. The bride's dress was very formally consecrated, at 8:30 o'clock the bride appeared at the head of the grand staircase leaning on the arm of her brother, Ulysses S. Grant III. At the altar, before which stood the Russian priest, waited Prince Cantauzene, clad in the full uniform of the czar's court, and the bride's dress was very richly cut, and was a simple gown of richest white satin, with sweeping train and veil of tulle. She carried a bouquet of Stephanotis lilies of the valley and wore the gifts of the bridegroom, a corsage ornament of diamonds and enamel and a top of pearls.

The wedding was presided over by Mr. Grant and his brother to the altar were: Potter Palmer, Jr., cousin of the bride; Lockwood Honore, uncle of the bride; Captain Sartoris, cousin of the bride; Robert C. Gerry, of New York; Roger Winthrop, of Newport, and John Prentiss, of New York.

In accordance with the Russian custom, Miss Grant had two grooms to do, her brother, Ulysses S. Grant III, and his uncle, Adrian Honore. Those of Prince Cantauzene were Honore Palmer and Potter Palmer, Jr., while the parents d'houer were Grand Duke Vladimir and Mrs. Potter Palmer.

After the ceremony the bride and groom to the altar. Besides the immediate family there were present: Mrs. Ulysses S. Grant, grandmother of the bride; H. H. Honore, Edwin C. Honore, Mr. and Mrs. Harry Honore, Jr., Mrs. Sartoris, wife of Captain Sartoris; Major General Wesley A. Merritt and Major Mott, of his staff; Adjutant General Corbin, and Mrs. Hein, and Bishop Potter. The picturesque ritual, interspersed with frequent music by a local quartet, was lengthy. The services closed with the singing of the Russian national hymn, after which the couple received congratulations, while the orchestra played music.

The betrothal began with the great ecstasies, followed by prayers and special petitions for the salvation of the betrothed couple, for the blessing of offspring and peaceful mutual affection. The priest then read the nuptial benediction, the bride and groom, with the gold representing the domination of the groom, three crosses above the groom's head were made and then it was slipped upon the fourth finger of the groom's hand. Similar details were gone through with the bride's rings, and after they had received the bride and groom, with the gold representing the domination of the groom, three crosses above the groom's head were made and then it was slipped upon the fourth finger of the groom's hand. # ANOTHER BRITISH

## WAR COUNCIL HELD

## Ministers Are Mum, but Their Actions Indicate There Is No Way Out but War.

# NEWS OF BOER RAID ANTICIPATED

## Transvaal Expected to Begin Hostilities at Any Moment—Orange Free State with the Boers.

London, Sept. 23.—The cabinet council held here today ended at 2:40 p. m. The ministers were cheered as they came out of the foreign office. Nothing transpired regarding the action taken, though a general impression has spread that a vigorous program has been adopted.

The secretary of state for war, the marquis of Lansdowne, and the first lord of the admiralty, George J. Goschen, immediately proceeded to the war office.

When the cabinet went into session no new developments in the Transvaal situation had transpired. Dispatches from Cape Town continued warlike in tone and voiced the indignation of the British cabinet over the Orange Free State and the Afrikaner attitude.

The impression current here, though not based on anything tangible, was that publicly the cabinet would only take steps tending to protract negotiations, while secretly it would prepare details for an aggressive campaign, perhaps deciding to involve parliament, though it was scarcely believed the latter determination would be announced immediately.

News from South Africa is eagerly awaited, as many think the cabinet council will be immediately followed by a Boer raid.

At the meeting of the cabinet Baron Rothschild visited the first lord of the treasury, Balfour. This circumstance was unusual and it is said to be in connection with the money difficulties the government is encountering regarding the prospective military campaign.

## Orange Free State's Attitude.

While the precise result of the secret session of the cabinet of the Orange Free State is not yet known here, President Steyn's speech at the opening of the session is regarded as an almost infallible indication of the attitude which the Free State will take. Commenting from this point of view, the London morning papers are all impressed with the odd gravity of the situation, and murmurs are beginning to be heard regarding the dilatoriness of the government in getting troops forward.

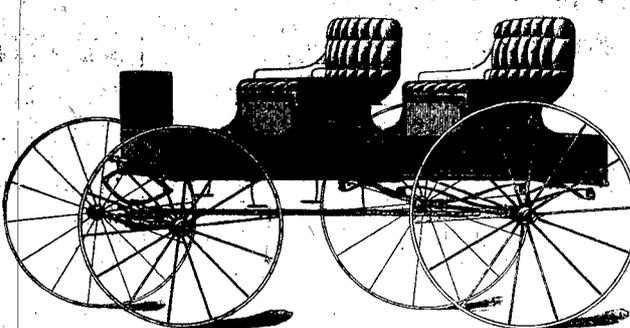

Military men are said to be impatient. They assert that everything is ready, and that they are only waiting for orders.

It is recognized that the attitude of the Orange Free State makes the original estimates based upon Dutch neutrality too small. Evidently a much larger force will be required.

The government is faced with something like a dilemma.

Sioux City Tribune: "The Tribune has no objection to the circulation of Gov. It must be dreadfully mortifying to those republicans who have attended Bryan's big meetings and who have materially assisted in hurrahing and waving their headgear, to read in the republican dailies that very slim audiences come out to hear the grand man, that his talks are flat failures and utterly devoid of any enthusiasm or applause. When you know your party papers lie so infernally on this matter, isn't it possible they do the same thing regarding every thing else of a political nature?

Richards & Pringle's Famous Georgia Minstrel will play here at the opera house October 4th. Fifty colored performers in a program of varied acts, vaudeville, minstrel, farce comedy and comic opera appear at every performance and a feast of fun and howl of pleasure is guaranteed. The famous firm of Richards & Pringle has been in this line of amusement business over twenty-seven years and know how to successfully cater to the best patronage. Two big bands appear in the street parade at 2:30 p. m. A troupe of Arabs and other features.

While Mr. Bryan was speaking on state issues at O'Neill Monday, says the Pierce Leader, some republican in the audience yelled, "Why didn't you go to Cuba?" Quick as a flash and sharp as a pistol shot came the answer: "I offered my services to a Republican President the day that war was declared. [Cheers.] That offer was never accepted. I then raised a regiment of my own. When the treaty of peace was signed I resigned because I believed this country was more in danger than Cuba and I came home to fight Republicans. I had five months of peace in the army and have had constant fighting since I came out." For some time the audience went wild with enthusiasm while a thousand voices defied the misguided interrupter to ask Bryan another question.

It doesn't make any difference where it got it, the Madison Reporter published it to its own credit: An old man who, from his grisly beard and thin gray hair, was on the shady side of sixty and who had evidently seen one or two much-talked-of kissing-bugs for the first time, sat musing and was heard to soliloquize thusly: "In olden times when dogs made rhyms and mankind did not sneer; when the best laid plans of mice and men 'did seldom 'gang agley; when 'dumpling boys and girls did their go barefoot to the knee; and every trusting maiden's heart had but a single key; when loving couples plighted troth beneath the old moon (free, and the dyde and plowboy then, alike, from social cares were free. Yes, the hand of 'im's brought many a change; yet ye would like to see, where the kissing bug has any edge on the old time hanking-bee."

The fusion party in Wayne county will elect every man on their ticket this fall regardless of whom the republicans tomorrow place in the field. The campaign is going to be held in such a manner that there is not the most remote possibility of a single g. o. p. man escaping the flood.

The Richards & Pringle minstrel's played to "standing room only" at the Grand Saturday night. More than fifty were standing in the balcony and there were quite a number who did the same down stairs. It was pronounced equal to any feature of any minstrel show that had been seen in Cherokee. The music was excellent and the street concerts attracted large crowds.—Cherokee Democrat.

Henry Warner was down from Bloomfield Tuesday looking after business matters. It was Henry's first visit to Wayne in four years and he said there had been a great improvement in the appearance of Wayne in that time. He overheard a couple of traveling men throwing bouquets at Wayne, while coming down on the cars, one of whom remarked that this was a pretty good town. "That isn't the way to put it," says the other fellow. "Wayne is the best and prettiest town in the state." Mr. Warner says the corn crop is better about Bloomfield than down here, but other grain about the same. Old friends will be glad to hear that Mr. Warner is prospering and happy.

Fifty popular performers, minstrel vaudeville, comic opera and farce comedy make up the roster of Richards & Pringle's Famous Georgia Minstrel that will appear here at the opera house October 4th. The press pronounces this one of the largest and best companies in the favorite line of amusement. The acts are all strong and the program is varied and mighty attractive, no surface of any one feature. While retaining all the old time minstrel pleasures of the good old days ("Foh De Wah," it has added bright up-to-date novelty acts that include a troupe of wonderful tumbling and acrobatic Arabs, trick bicyclists, comedians, singers, dance wire walkers, the Alabama Quartette, and numerous other big features. The street parade at 2:30 p. m. will include two big military bands.

Never Said He Was Honest.

The Bee refers to M. D. Reese, the republican nominee for supreme judge as a man "who has often been tried and never found wanting."

Let us see about that.

Replying to an editorial in the Hastings Gazette-Journal, the Bee said on October 5, 1883: "Do not misrepresent, if you please. (Note the Bee correctly or not at all. We have never said Mr. Reese was an honest man. We have never said that he is a clean-handed candidate. But we have said that he was a Union Pacific attorney and was employed by that corporation in fighting the righteous claims of Sappers county home-owners against the land grabbers."

Mr. Alfred Johnson.

Living five miles southwest of Concord, Neb. Mr. Johnson lives on a farm and is a prosperous up-to-date farmer and has a very fine family. He says: "Last winter I had trouble with my breast and shoulders, having pains going through my body. I could hardly stand it. I took doctors' medicines and it drove the disease into my bowels. I kept taking treatment from the doctors but it grew worse. I asked them if they could cure me or not and they advised me at last to go to a hospital in Sioux City, and be operated upon for appendicitis. This sounded like butchery to me, so I tried Craig's Indian Medicines and took their internal medicine, and am now well, doing hard work. All symptoms of appendicitis have disappeared, thanks to the Craig Indian Medicines. Signed,

**The Best Policy**

Is only to make statements measurably truthful. You can't fool all the people all the time, and we prefer not to try it any time. We are not philanthropists, and do not give goods away, but we sell them at figures affording us a fair profit and you an honest bargain. Call and get prices. Leave your order and be well dressed.

**Farms and City Loans.**

F. M. Skeen & Co. have just completed arrangements whereby they are enabled to place farm loans at the very lowest rates. They make a 6 per cent loan optional payments of \$100 or any multiple of \$100 at any interest payment with no extra commission, or will make a 5 per cent loan with reasonable cash commission. On sums of \$3,000 will make special rates. We are able to make a few city loans at present at 8 per cent individual money and represent a building and loan association that makes favorable loans. We're here to do a reasonable commission business and respectfully invite you to investigate our easy payment plan at low rates of interest.

Choosing wedding gifts for friends, or jewels for personal adornment, is always a pleasurable experience when visiting our store. There are so many novelties, in fine designs and settings, such a fine array of handsome Silverware, Mantle Clocks, fine Watches, Rings, etc., at such reasonable prices that it is a genuine surprise when you see the figures.

**Stove Buying**

Buying a gasoline stove or any other stove is an important undertaking, if you get an unsatisfactory article, there's misery ahead of you all the time. Some stoves cook well, but eat up an awful amount of coal. Other stoves are economically inclined in this respect, but won't bake well. The Superior is built of good solid stuff, it doesn't require an awful amount of coal—it bakes beautifully. And the low prices they are sold at will astonish you.

### WARSHIPS DESTROYED

#### A FILIPINO BATTERY

Bombardment of Olango by the Charleston, Monterey, Concord and Zafiro.

#### KRUPP CANNON BLOWN UP

Party of American Marines and Blue Jackets Land and Complete the Works of the Cruisers.

Manila, Sept. 26.—11:25 a. m.—The United States cruiser Charleston, the monitor Monterey and the gunboats Concord and Zafiro, with marines and bluejackets from the cruiser Baltimore left Cavite September 17, and, as already cabled, proceeded to Subig bay to destroy an insurgent cannon there.

Owing to bad weather the operation was postponed until yesterday, when the warships for three hours bombarded the town of Olango and the entrenchments where the gun was situated.

Men from the Charleston, Concord and Zafiro were then landed under a heavy insurgent fire, proceeded to the cannon which was entirely destroyed by gun cotton, and then returned to the warships.

The Americans had one man wounded during the engagement.

While waiting in Subig bay for better weather the Americans despatched Filipino reinforcements moving toward Olango. At 5:40 p. m. yesterday the Monterey began to advance upon the town, which was about three miles east of the monitor's anchorage. The Charleston, Concord and Zafiro fired. At 7:25 the Monterey opened fire with her secondary and main batteries, the Charleston and Concord joining immediately. At 7:30 the insurgents ceased answering, the first shot passing close to the Monterey's smokestack. The gun was fired twice only.

The American bombardment then became general. At 9:35 the Monterey advanced to a range of 600 yards, using her main battery. Two hundred and fifty men were landed about 800 yards east of the cannon at 11 o'clock, under a severe shore mortar fire. The men from the Charleston were the first to reach the beach, but the Concord's men were the first at the gun, which they reached at 11:10. The cannon was found to be a 16-centimeter Krupp gun, presumably obtained from the Spaniards.

Meanwhile the warships continued to shell the shelving beach on the east end west side to silence the insurgent fire upon the sailors from the trenches skirting the beach.

Gunner Olson exploded fifty pounds of gun cotton in three discharges in the front of the warships. The Americans then returned to the boats, the firing inland being kept up to protect the embarkation. The Concord's men were the last to reach the shore, and the warships were reached at 11:50.

Cadet Crizer, with the Concord's launch, armed with a gatling, continued work on the left of the landing party, and the movement was splendidly executed and controlled.

The numbers of the Filipinos there could not be ascertained, and no dead were seen.

The Monterey fired for four hours, twenty-one shots from her 10-inch guns and seventeen from her 12-inch guns.

The town, which was riddled with shells, took fire at several points.

Admiral Watson's Report.

Washington, Sept. 26.—Acting Secretary Allen, of the navy department, received a cable from Rear Admiral Watson yesterday giving a brief account of the engagement at Subig bay. He says: "Mandora discovered heavy gun mounted opposite Kalakian point, Subig bay; exchanged six shots with Charleston, Concord and Zafiro, with detachment of marine sailors from Baltimore to capture and destroy. Attacked insurgent position 23d; after bombardment landing party carried entrenchments, dispossessed enemy and destroyed one 16-centimeter Krupp gun. Casualties: William Sheppard, apprentice cook's class, Charleston, apparently wounded; Chas. Haffke, coal passer, Concord, heat prostration. Insurgent loss unknown. Full report mailed."

The important feature of the engagement is the fact that it disclosed that the insurgents have been able to obtain Krupp guns. It was known at the time of the outbreak of the insurgents against the Americans that the artillery of the insurgents consisted of a few obsolete guns captured from the Spaniards. Acting Secretary Allen says that it is evident the navy at Manila does not intend to allow any fort to be erected by the insurgents which can be reached by the ships, and he is convinced that the Americans will be able to keep the shores guarded and repel the Jesson of Saturday if the insurgents are found to be operating on the coast.

KILLED ON THE STAGE.

Frank Seiden Shot in Chattanooga by Julia Morrison.

New Orleans, Sept. 26.—Frank Seiden, who was killed at the City opera house in Chattanooga last night by Julia Morrison, was known in private life as Frank Leidenheimer. He was born in New Orleans thirty-eight years ago and was a member of a prominent family here. He joined Frank Bangs, of the Silver King company, in New Orleans fifteen years ago, though he had never before been on the stage, and has followed a theatrical life ever since. He has been stage manager since Dr. E. H. Sothorn, Thomas Keene, Edwin Arden and Frohman.

RATE WAR THREATENED.

Alton Notifies Western Association of Proposed Cuts.

Chicago, Sept. 26.—A general rate war is regarded as imminent. The Alton road today notified the chairman of the Western Passenger association it would meet all cuts of competitors, adding it would give an open rate of \$10 to Kansas City, a cut of \$2.50 on the regular rate, and it will be used as the basis of a reduced rate to Omaha.

### GOOD NEWS FROM OTIS.

Negroes About to Recognize American Authority—Flag in Sulu.

Washington, Sept. 26.—Two important dispatches from General Otis, at Manila, were made public by the war department today. The first indicates that the insurgents on the island of Negros are about to recognize the authority of the United States. An election of a governor will be held on the 29th of October. The dispatches follow: Manila, Sept. 26.—Adjutant General Washington: Hughes, Iloilo, reports Lopez and sixty-four armed men surrendered to Byrne at Castellana. Election in that island October 2. Sought to be recognized by the United States.

The second dispatch says the American flag will be raised in Sulu island. The chief insurgents in Zamboanga are reported willing to accept the authority of the United States, but desire to name conditions, which General Otis would not accept. The second dispatch follows: Manila, Sept. 26.—Adjutant General Washington: Bates returned from Jollo 20th instant, having placed garrisons at Salsasi and Bunguan. Tavares wishes to know what premises could be given them in case of formal submission. Told no arrangements possible until surrendered and force disbanded. Otis."

Rebels Capture a Gunboat.

Manila, Sept. 26.—It is reported the insurgents have captured the United States gunboat Urdanta, northwest of Manila bay, where she was patrolling. One officer and nine of the crew are missing.

The gunboat Petrel, which was sent to investigate, returned and reported that the Urdanta was beached opposite Orani, on the Orani river. She was riddled with bullets and burned, and the following guns, with ammunition, were captured: One 1-pounder, one Colt automatic and one Nordenfeldt 25-millimeter. The crew are prisoners or have been killed.

A Very Small Craft.

Washington, Sept. 26.—The gunboat Urdanta, which was captured with her crew at Orani, about twenty-five miles from Manila, on the bay of Manila, is a little craft of only forty tons displacement, not much larger than a small tug. She was captured by the navy early in the war and has been on police duty in the bay for months past. The records of the navy department show that she was one of the boats of the Oregon, but the ownership; that is she was supposed to draw all her supplies from the Oregon's crew and to act under the instructions of the Oregon's command. According to the last reports to the department the little boat was last May under the command of Naval Cadet C. W. Wood, but the personnel of the crew is not a matter of record, being subject to current change. Wood was appointed to the naval academy from Oregon, had passed his academic course and was performing two years' sea service at the time of his capture. Naturally the department officials are vexed that the difficulties of the negotiations looking to the release of Lieutenant Gilmore, of the Yorktown, and his men, should be added to by this misfortune. Still there is no disposition unnecessarily to curb the junior officers of the navy, who are rendering such gallant service in the Philippines.

HONECK PLEADS GUILTY.

Formally Acknowledges Murdering Walter Koeller.

Chicago, Sept. 26.—Richard Honeck, the confessed murderer of Walter Koeller, pleaded guilty when arraigned before Judge Bretano. Hermann Hundhausen, who is jointly indicted with Honeck, pleaded not guilty.

"Do you fully understand the import of your plea?" asked the judge when Honeck hesitated for a moment.

Honeck hesitated and then replied: "I think so."

"You know that under the plea I can sentence you to be hanged?" continued Judge Bretano.

"Under your plea you may be sent to the gallows for a term of your natural life, or you may be sentenced to be hanged," said Judge Bretano.

"You are not guilty," answered Hundhausen, but he did not care to ride alone in a carriage and he would prefer to ride with either Admiral Miller or some of the other guests.

"There is not the slightest friction over this arrangement," said Admiral Philip. "Admiral Schley understands the rules. He knows that he is only a guest and he does not care to ride alone in a carriage with either Admiral Miller or some of the other guests."

Dr. Hickling and his wife were shown one of the presents which have been lavished upon him by his countrymen, a beautiful loving cup, with three handles and a tank inside big enough to hold three or four quarts. On one side, between the handles, is a figure of Fame, with arms outstretched. The whole party admired it, but it did not excite much of a fidgeted expression. "Take a drink out of it," he said abruptly when everybody had used up the English language in praising it.

Dr. Hickling bravely seized the cup and tried to follow the admiral's advice, only to be smitten on the right cheek by the outstretched arm of Fame. He turned the other cheek, and returned the action with the same result. One after another of the party tried to drink out of the tantalizing cup, but all were smitten in every direction, but the ingenuity of the whole party was unequal to devising any other means of escape. Finally the admiral's cup could be avoided. Finally they gave it up. This cup was presented by the enthusiastic people of a western city.

### PREPARING FOR THE

#### ADMIRAL'S COMING

New York Making Final Arrangements for the Great Dewey Celebration.

#### THE LAND AND NAVAL PARADES

Fleet of Warships Will Take Part in the Water Pageant—Program for the Land Parade.

New York, Sept. 26.—Active preparations are in progress on the ships of the squadron of Tompkinsville for the naval parade. The fighting machines are being made immaculate. It is unlikely that any visitors will be allowed on board till Wednesday.

Arrangements for the squadron's representation in the land parade have about been completed. The executive officers will be in command of each ship's delegation of seamen. There will be five full companies from each ship now off Tompkinsville, except the Texas, which will have two companies. There are fifty-two men in each company.

There will be a battalion of four full companies of marines. The New York, the Brooklyn and the Massachusetts will each have a company. The fourth company will be made up of men chosen from the guard of the other ships. Major Murphy, of the Brooklyn, will be in command of the battalion of marines, and Lieutenant Matthews, of the Brooklyn, will be his adjutant.

It is thought that the Mareat, the composite gunboat, which is now at Boston, will stop here on its way to Washington, where she has been ordered to report on October 2. She has been fitting out, and was ordered to be ready for sea by September 27 at the latest. If she is to take part in the parade she will probably arrive here on Thursday.

The Scorpion, the converted yacht now off Cape Ann to accompany the Kearsarge on her trial trip, will also be expected, arrive off Tompkinsville on Thursday.

To Meet Dewey in Lower Bay.

The subcommittee of the reception committee will meet the Olympia in the lower bay. This subcommittee will consist of William C. Whitney, St. Clair McKelway, Richard Croker, Lev E. Morton, William McAdoo, Chauncey M. Depew and Warren W. Foster.

Their visit to the Olympia will be in formal and for the purpose of acquainting Admiral Dewey with the details of the preparations in his honor.

The scheme, so carefully planned by the mural painters, to insure uniformity in the private decorations, has not been aided by the householders and storekeepers.

Fifth avenue, for nearly its entire length, is a mass of stands in various stages of construction. Carpenter were putting up a stand yesterday in front of the First Presbyterian church at Tenth street and Fifth avenue, while a sign announced that seats might be engaged by applying at the church.

The city is issuing permits to owners of wagons, stages and open carriages to occupy space in the cross streets along the line of parade. Seats in these conveyances are readily purchased at from \$5 to \$50, as the privilege carries with it an assurance that the purchaser will be driven to his home, there by avoiding the crush.

High Prices for Seats.

Prices asked by the stand speculators are high. At one stand near the arch \$10 to \$25 a seat is demanded. The lowest figure at which seats in Fifth avenue are quoted is \$3. These are on stands below Twenty-third street, and where the seat holders will not be able to see Admiral Dewey, who leaves the parade at the reviewing stand.

There is still much work to do on the Dewey parade. At one stand the sculptors and modelers are doing all in their power towards completion. The mammoth sign, "Welcome Dewey," or Brooklyn bridge, is being put together as fast as carpenters and electricians can do it. Several of the letters have been finished, and these were lighted up and tested.

Order of Land Parade.

Rear Admiral Schley's place in the land parade has been decided by Rear Admiral Philip, to whom a subcommittee of the reception committee appealed for advice. Rear Admiral Philip suggested as in accord with every requirement of official etiquette the following formation:

Southern band. Battalion of sailors from Olympia. Admiral Dewey and Mayor Van Wyck.

Dewey's five captains at Manila. Personal staff of Admiral Dewey. Commander-in-chief of the Atlantic station, Admiral Sampson and staff.

Commander of the New York station and staff of three. Admiral J. W. Philip.

Junior officers of Olympia. Junior officers of the North Atlantic station (about thirty-six). Governors.

Major General Miles and aid (one carriage). General Merritt and aid (one carriage).

Admiral Miller (one carriage). Admiral Schley (one carriage).

Sailors of the North Atlantic squadron (who precede soldiers solely because this is a naval function).

Soldiers of the United States army. Admiral Philip subsequently said that Admiral Schley had told him that he was perfectly satisfied with the foregoing formation and that it was according to naval rules. Admiral Schley said that he did not care to ride alone in a carriage and he would prefer to ride with either Admiral Miller or some of the other guests.

"There is not the slightest friction over this arrangement," said Admiral Philip. "Admiral Schley understands the rules. He knows that he is only a guest and he does not care to ride alone in a carriage with either Admiral Miller or some of the other guests."

### MONTANA SOLDIERS ARRIVE.

The Transport Zealandia Reaches San Francisco.

San Francisco, Sept. 26.—The United States transport Zealandia arrived from Manila, via Yokohama late yesterday afternoon, having on board six companies of the First Montana volunteers. An enthusiastic greeting was extended to the returning soldiers, whose safe arrival was announced by the blowing of steam whistles and the discharge of cannon.

Notification of the Zealandia's coming was promptly given and two tugs went out to meet the transport. One tug had on board a number of officials of California and of San Francisco and members of the local reception committee, reinforced by a brass band. The other carried Governor Smith of Montana, United States Senator Carter and a party of Montanans, who were anxious to greet the volunteers.

The Montana party took out to the transport 1,000 bottles of beer and an equal number of sandwiches and about a ton of fresh fruit. All was for the delectation of their fellow citizens, required by the regulations to remain on board the transport until tomorrow.

The health of all on board is excellent and there was but one death en route, that of James Ashton, Fourth United States cavalry, who died on September 19 of pleuro-pneumonia. Aside from this case there was no sickness during the trip.

After the quarantine officer had completed his inspection of the Zealandia and certified to the good health of all on the ship, permission was given to the Montana reception committee to board the transport. Governor Smith was the first man over the side and he was greeted with hearty cheers by the soldiers, who were the first volunteers to be mustered into the service last year. The governor, in a neat little speech, welcomed the boys home in the name of the people of Montana. He told the volunteers how proud of them their people at home were and there was some cheering and a band played "Home, Sweet Home," "A Hot Time in the Old Town Tonight" and other popular tunes.

The Zealandia then raised anchor and started toward the dock. The tugs fell into line and thus escorted the steamer moved slowly down the bay to the anchorage off the government pier amid the blowing of whistles, ringing of bells, tooting of horns and kindred forms of jubilation.

The volunteers disembarked today, and, escorted by the Thirteenth Minnesotans, marched to the presidio, where they will go into camp preparatory to muster out, which will take place in about three weeks. The soldiers were given a fitting reception as they marched through the streets of the city to the reservation. They were decorated with flags and wreaths, and in the barrels of their rifles they carried small bouquets of California flowers.

Two Engines and Eight Cars Demolished—Twenty Persons Hurt.

Pittsburg, Pa., Sept. 26.—Two trains on the Allegheny Valley railroad collided head on at Parker, Pa., last evening, totally wrecking both engines, demolishing eight freight cars, badly wrenching two passenger coaches and injuring nearly a score of people. The names of those worst injured are as follows:

Charles Bayne, of Templeton, engineer of the freight train, hurt internally.

M. H. Sloan, fireman, slight bruises.

F. P. Turner, engineer on passenger train.

Lloyd Martin, Pittsburg.

L. W. Burless, conductor on passenger train, Embleton.

Miss Payer, Parker, Pa.

Miss Vanderson, Pittsburg, Pa.

H. G. Jordan, West Montrose, Pa.

None of the injured will die.

The wreck was one of the most destructive to property that has occurred on this railroad for some time. That a number of people were so killed or fatally injured seems almost miraculous.

The officials of the company explain the cause of the collision by saying that the engineer on the freight train, that the passenger train, the Elmenton express, had the right-of-way.

TO CHANGE FEDERAL DISTRICTS

South Dakota May Be Added to DuBouque Revenue Office.

Dubuque, Ia., Sept. 26.—At the recommendation of several revenue agents, a commissioner has been sent here to investigate on the advisability of adding South Dakota to the DuBouque internal revenue district; also adding North Dakota to the St. Paul district.

Another proposition that is being considered and will probably be carried out is to make the United States judicial and revenue districts of Iowa coincide. As it is now, several counties in the northern revenue district are in the southern judicial district and the northern judiciary has charge of several counties in the southern revenue district.

REPORT FROM OTIS.

Official Account of Rebel Attack on Angeles Train.

Washington, Sept. 23.—General Otis cables as follows:

"Insurgents succeeded in derailing a section of a train yesterday a short distance from Angeles. They then made an attack on the railway guards. Result: Captain Perry, quartermaster, slightly wounded in arm; Private Charles Ziemans, hospital corps, killed; Private Sam Steele, Seventeenth infantry, severely injured; civilian Charles Sprice, slightly wounded; and one killed. Insurgents driven back, leaving six dead, and troops were immediately sent in pursuit."

### EMILE ZOLA TO

#### MADAME DREYFUS

Letter of Comfort from the Famous French Author to the Officer's Wife.

#### FRANCE MUST DO FULL JUSTICE

Friends of Dreyfus Will Never Be Satisfied Until the Captain Is Formally Declared Innocent.

New York, Sept. 26.—The New York Journal prints a dispatch from Paris giving the full text of Emile Zola's letter to Madame Dreyfus, as follows:

"Dear Madame: Your husband and those who defended him have been exposed to the vilest insults and even to bodily injury. For my part, there are organs belonging to the 'gutter press' and men so tainted with moral dirt that I have struck them from my life, from my memory. For me they are no more. I have driven them completely from my thoughts."

"It is such forgetfulness of atrocious insults that I recommend to the innocent man who has suffered the wrongs. He is so much more to be pitied than all, that they should not be able to reach him. May he come to life again under your care, and under the clear sunshine of universal sympathy shown for him."

"Peace be to the martyr who has such need of repose, and around him now, in retreat, may there be nothing but love and sympathy. As for us, madame, we shall continue the fight. We shall tomorrow go on with the struggle for justice just as sternly as we pursued it yesterday. We shall expect rehabilitation of the innocent man less for the sake of him, who has already so much glory, than for France, which would assuredly be killed by this excess of infamy."

A Nation Without Justice.

"Our task will be to regenerate France in the eyes of the universe, which will take place when the infamous judgment has been quashed. A great country cannot live without justice, and ours will remain in mourning just as long as the stain of insult is leveled at the highest jurisdiction and the violation of the most primitive rights shall remain."

The social fabric crumbles when the guarantee of law no longer exists, and there is in this violation of right, such an element of insolence and bravado so impudent that we cannot ignore it. We cannot bury a body secretly without showing our shame to our neighbors. The whole world has seen and heard, and it is not the whole world that reputation should take place. We desire a France without honor is criminal."

"Without doubt foreigners will come to our exhibition. They will overflow Paris just as numbers are attracted to a fair by the sound of music and flare of lamps; but should that satisfy our pride, should we not esteem as highly as the money of the 'outside world' we shall exhibit our science, our art and our industry."

"Should we dare to exhibit our justice one can imagine Devil's island reconstructed and exhibited. For me the shame of it is intolerable. I don't understand how the exhibition can be opened unless France takes her rank again among the nations. When honor has been restored formally to the condemned man honor will be restored to France—not before."

For Justice and for Country.

"Allow me to say in conclusion, madam, that you may depend on those have restored to your husband his freedom to restore to him his honor. Not one of us will give up the fight. We know well that we fight for justice and for our country. The splendid bravery of the condemned man will again set the example of courage, wisdom and justice."

"We have not been able all at once to restore your husband to you, freed from lying accusations. We ask yet a little patience, trusting that your children shall not be much older before we shall be legally purged of all blemish."

"Poor children, I see them again in the arms of their father. I know with what jealous care, by what miracle of delicacy, you have kept them in complete ignorance. They believed their father away on a journey, and when they became aware of the exhibition, they might have forever in their minds the picture of their father's heroism. You could have told them all that he had justly suffered, what moral grandeur was his, with what tenderness they should love him, in order to make him forget iniquitous men with their little souls."

When His Children Learn.

"They would have been benefited by this demonstration of manly virtue. It is not now too late. Some evening, under the lamp, and in the peace of family, their father can take them up in his knees and tell them the tragic history. It is necessary that they should know, in order that they may respect and adore him as he deserves. When he has spoken they will know that there is not in the world a greater hero-martyr whose suffering has so profoundly touched men's hearts. They will be proud of him and will bear his name with glory as the name of a very brave man, who has borne himself sublimely under the most frightful suffering which fraud and cowardice could inflict."

"The day will come when the son and daughter, not of the condemned man, but of his persecutors, will have cause to blush. Accept, madam, my profoundest respect. Emile Zola."

Florschutz No Spy.

Washington, Sept. 23.—The state department has examined the charges against United States Vice Consul Florschutz, at Coburg, Germany, of being a spy on French military operations in the employ of the German government and satisfied itself that there is no ground for the charges.

Congregational Council.

Boston, Sept. 23.—The annual session of the International Congregational conference was held today. Albert Spicer, M. P., of London, delivered an address on "The Church in Social Reform."

### RAPE AS GREEN FOOD.

Every Farmer Who Raises Chickens Should Try a Small Patch Without Delay.

Rape is an excellent green food for chickens and fills a long felt want of poultrymen. It can be sown in early spring or any time later up to the middle of August, and furnish an abundance of food, writes C. R. Roberts in the American Poultry Journal. Last year I sowed a small patch just to see what kind of a plant it was. It grows from 18 to 20 inches in height. The leaves in color and shape resemble the cabbage leaf very much. It can be sown broadcast, or in drills 30 inches apart, and be cultivated. The ground should be prepared the same as for turnips, and the seed covered about the same as turnip seed. It grows very fast, and can be cut and fed to chickens or let them go to it at will and help themselves. When they are to eat in this way I should prefer to have it sown in drills, as they can walk between the rows, and are not so apt to trample and break it down as is the case when sown broadcast; but when it is to be cut and fed it is just as good to sow it broadcast as any. Last year my young chickens commenced to eat my cabbages, but when the rape was up four or five inches high they left the cabbage and commenced on the rape, and any one knows that when chickens leave a cabbage patch to eat something else it must be something they like better than cabbages. I had never had chickens do better and grow faster than they did while they were helping themselves to rape. I think that every one who raises chickens should try a small patch. It will cost but a few cents to give this plant a trial, as five pounds is enough to sow an acre broadcast, and one to two pounds if sown in drills. I have no rape seed to sell.

#### GREEN CUT BONE

An Economical and Excellent Food for Laying Hens, Both Winter and Summer.

Green bone is rich in phosphate of lime, and this fact alone should prove its value as food for laying hens, both winter and summer. Fowls understand its value to themselves, as is shown by the manner in which they will leave any food to get the green bone, says the American Farmer. Further, it is one of the cheapest foods, for usually the bones of various sizes and shapes, with more or less meat attached to them, can be bought for a few cents, and the modern bone-cutter crushes and cuts them fine in a few moments. Frequently there is sufficient meat on these bones to furnish all that is needed in that line, and thus another saving is effected, for the meat bought alone would cost much more than the meaty bones. Still again, green bone, especially when meat is attached thereto, fed within reason, reduces the need of feeding the usual quantity of grain, thus saving more money.

The main thing to avoid in feeding cut bone is to see that the bones are green—that is, fresh and free from taint. In some localities where butchers have considerable demand for fresh bones, they make two grades of them, one from meat freshly cut up and the other from older meat, and frequently tainted with the entrails of fowls and other refuse thrown into the box. Don't buy this stuff at any price, nor take it as a gift. Feed only fresh bone, and it will pay every time.

CHEAP COLONY HOUSE.

Roosting Place Protected from Wind and Rain Is All Fowls Need in the Early Fall.

Fowls do well colonized out in small flocks in summer and early fall. They need little more shelter than a roosting place that is protected from storms and showers.

The cut shows an A-shelter boarded with matched lumber to the ground on one side and end with nests and roosts inside. Put the tight side and end toward the direction of storms. Fowls will be colonized in many flocks on pasture and other rough land, obviating the necessity of building many yards, and of furnishing all the feed. Fowls on free range will get half their living themselves. The plan reduces the number of permanent chicken houses required, since the flock is usually much larger in summer and fall than in winter after the market chickens and the old hens have been culled out.—Farm and Home.

How to Get Top Prices.

To get the advantage of full market prices for eggs nothing is more important than the style of the cases and packing. Of course size and cleanliness are very important considerations, but the first thing that strikes the eye of a purchaser is the exterior quality. Notice many lots of eggs, especially from the south, which come into the stores in all sorts of cases—scarcely two alike, and none of them neat and trim. These goods are generally condemned before they are looked at and can only be sold at a concession, no matter how good the eggs may be. Shippers may accept it as a fact that while all eggs in first-class packages may not sell at top prices, eggs in second- or third-class packages will do so.—N. Y. Produce Review.

Keep the Henhouse Dry.

Build the poultry house so it will be dry at all times. It is easy enough to have a poultry house that is dry in the middle of summer, but it is just the time when the fowls are in it least and are least affected by its condition. But in the winter, when they must remain indoors for days at a time, is when the fowls need to have a place that is not favorable to the increase of disease germs. Wet and dirty houses are often the beginning of epidemics of roup and other equally fatal diseases.—Farmer's Review.

Beyond His Comprehension.

"I cannot understand so language," said the despairing Frenchman. "I learn how to pronounce the word 'hydrophobia,' and zen I learn that ze doctors sometimes pronounce it fatal."

### MR. REESE AND HIS MAKERS.

Mr. Reese, the republican nominee for judge of the supreme court, once posed as an anti-monopolist. But if Mr. Reese was ever at heart an anti-monopolist he long ago took the back track, otherwise he could not have been nominated by the monopolist convention that assembled in Omaha on Thursday. That convention would never have chosen M. B. Reese had not the corporation pluggers, who controlled that convention, known that Mr. Reese could be depended upon to protect corporation interests.

Mr. Reese's nomination was not an accident. It had been deliberately planned by the corporation agents in that convention and other candidates received votes merely to give the idea that Reese was the choice of an untrammelled body of men rather than being the choice of the corporation lobby that completely dominated the republican convention. These men knew that if M. B. Reese ever entertained any serious anti-monopoly sentiments he had been effectually cured and could be depended upon in any emergency where public interests interfered with corporation advantage.

If there be any who may be inclined to take stock in the pretensions of the republican managers that Mr. Reese is an anti-monopolist and may be depended upon to deal fairly with public interests they will do well to carefully analyze the situation.

Mr. Reese was a candidate for supreme judge, for the first time, in 1883. He was then nominated by corporation influences. The men who brought about his nomination then were John M. Thurston, C. H. Gere, George H. Thummel and others of that class. Then the Omaha Bee, posing as an organ of anti-monopoly, vigorously opposed Mr. Reese. It denounced Mr. Reese and pointed out that Messrs. Gere and Thummel were in part responsible for his nomination. It also arraigned Mr. Reese as the tool of John M. Thurston. In its issue of October 26, 1883, the Bee said:

Mr. Reese's record before he became prosecuting attorney of the Fourth Judicial district was that of a railroad attorney. He defended the railroads against the settlers in the Saunders county land cases, and ACTED AS THE REPUBLICAN'S POLITICAL TOOL in the Union Pacific campaign in that section. The man does not live who ever heard of Mr. Reese in connection with anti monopoly until he was nominated by the railroad republicans and pitted against a anti-monopoly candidate.

be, his defeat would be necessary, in order to teach the Church Howes, and Yosts, and Geres, and Hascalls, the agents of corporate monopoly in Nebraska that the people propose to select and elect their own candidates, with a regard only to their honesty and competency, and not to the orders of the railroad managers.

Six years later the men who had made possible Mr. Reese's nomination in 1883 concluded to support T. L. Norval. Then the Omaha Bee rushed to Reese's defense and insisted upon his nomination on the ground that he was an anti-monopolist. Norval was nominated and Reese went into retirement. He has been in retirement for ten years. But during all that time the republican party has been growing more and more under corporation influence, and M. B. Reese has been engaged in the delightful task of supporting the corporation ticket.—World-Herald.

### So Say We All.

With this issue of the Republican we step down and out. The "Lord High" will be home for next week's sheet and we breath easy. We fully intended to run the paper for the last four weeks exactly as we please, but we have been gagged, "sassed" and snubbed unmercifully. We would get up what we thought was a fine political article only to have some friend plead frantically with us to go easy. We find we can't kick a dog without kicking somebody's brother and we have had to draw it mild. We were dying to rake over the coals those who sell small boys cigarettes and the joints where beer flows freely, from which minors may be seen emerging at all hours of day or night. We longed to write a long juicy article about the men who sit on the corner and spatter tobacco juice all over ladies dresses as they pass. Oh! we have so wanted to revolutionize things and we have been choked off. If our choice lay between running a country newspaper and breaking bronchos we would take the latter. Devil's Island is a paradise compared to it and we gladly go back to making plum butter and taking care of the children.—Sister Jennie Cunningham in the Wayne Republican.

Work was commenced Monday on the German parsonage, J. H. Slater having secured the contract.  
Ed. Cullen has purchased the Averill residence. Mr. Cullen has sold the Aug Kruger farm, which he owned, to Perrin Long.  
With Rev. McKeen and Miss White opposing each other for the superintendent's office isn't there danger of a clash in the prohibition ranks?  
Photographer Craven was in town this week making arrangements to start a gallery here. He will use the building formerly occupied by McClusky & Needham.  
Democrats and populists of this precinct are mighty well pleased over the result of the Saturday convention. The general impression here among the republicans is that their party stands no show at all.  
Close of the Baptist Association Meeting.  
The closing meeting of the Baptist association was held Sunday evening. This association comprises the Baptist churches of Belton, Creighton, Carroll, Hartington, Norfolk, Plainview, Ponca, Randolph, Stanton, Wisner and Wayne. These churches were represented by about fifty delegates. At the opening session Thursday evening, Rev. W. H. Eaton of Norfolk preached a strong practical sermon, taking as his subject, "Wanted, a man." Friday was perhaps the best day of the session. Able addresses were delivered by Rev. D. D. Proper of Des Moines, Ia., Rev. F. M. Williams of Lincoln, Rev. E. A. Russell of Od and Rev. H. O. Rowlands, D. D., pastor of the First Baptist church of Lincoln. The address of Dr. Rowlands in the forenoon on "The church of the twentieth century" and his sermon in the evening on the "Characteristics of the preaching of Christ" sustained the reputation which he has already achieved as being one of the foremost preachers in the west. An event of more than ordinary interest to the Wayne church was the ordination of their pastor, Rev. C. R. Welden. This occurred on Friday. Saturday morning was taken up with a consideration of the denominational missionary interest. Among those who participated in the women's meeting were Miss Van Ness of Lincoln, Mrs. Kimball of Wakefield, Mrs. Beck of Plainview and Mrs. Orth and Mrs. Lemon of Wayne. Interest and a good attendance marked the afternoon Sunday School and Educational session, and the O. Y. P. U. rally in the evening.—Herald.

The republicans are going to put a ticket in the field this fall just as though they expected to elect one. Their convention tomorrow will most likely name Bert Brown for county clerk, R. W. Wilkins for treasurer, E. Hunter for judge and Richard Russell for commissioner.

A gentleman who attended the judicial convention at Norfolk Monday, and who was not expected home until next day, got a team and drove home that evening.
