'Money to Burn'

Is what you must have if you use a cheap heating stove.

Buck's brilliant Base Burners blaze

the way to comfort, happiness and an agreeable winter's warmth at the least possible consumption of fuel. They are also the handsomest stove in the market and I so bought my stock that I can sell you a magnificent heater for much less money than you can buy an inferior article. Come in and see them, anyway. We like to tell you what we can do even if there is no trade.

THE VERY LATEST

One of the latest and best creations of those famous style makers, HART, SHAFFNER & MARX, is the Stratford Overcoat; an extremely fashionable garment for swell dressers.

You really ought to see and try on a Stratford; if you do not think it becoming to you, we have plenty of other styles to choose from; glad to show you any of them.

We do not advise our customers to buy this particular style of overcoat, but simply bring it to your notice this week to show you that we are a little in advance in overcoats as well as suits. However, should you want one of these we can supply you. Our popular overcoat is the "Varsity" style, a gentleman's garment that will look as stylish in five years as it does today.

Bloomfield Journal: Three cases of small pox have been reported in Wausa and the town is quarantined. We can sympathize with our sister town for Bloomfield has had quite a seige of the same disease, the name of which nearly makes ones blood run cold. No new cases are reported here, all the afflicted ones are able to be up and as soon as the houses can be thoroughly disinfected the public school will again be opened.

Mr. and Mrs. Nelson Grimsley are contemplating removing to Seattle to reside permanently. The DEMOCRAT hopes Nels will fail to make such a move. We need all the citizens of his stamp that the town has now.

Rosco & Holland's great Tom show is billed to appear at the Wayne opera house Nov. 13. Thirteen is an unlucky number, but Manager Britton says it can't be unlucky for the negroes for there are two carloads of them.

A traveling man who came down from Bloomfield this morning said there were sixty-five cases of small pox in that little burg. M. C. O'Hara was on the morning train from Bloomfield and stated to the DEMOCRAT that whether measles, itch or small pox the disease was highly contagious. It looks decidedly peculiar that no steps are taken by the state authorities to quell the "breaking out."

Messrs Joe. Dobbins and A. C. Goltz were visitors from Hoakins and Win-sted yesterday.

Mrs. Robert Anderson is gaining in health. The generous hearted citizens made up a purse of a hundred or more dollars last Monday to help Mr. and Mrs. Anderson through their hour of adversity.

The board of insanity yesterday declared that Mrs. Rebecca Merrill, wife of the janitor of the College, insane, and this morning Sheriff Cherry left with the lady for the Lincoln asylum. Mrs. Merrill was formerly an inmate of the hospital for the insane at Norfolk. Her malady is of a mild nature pertaining to family affairs.

All must be convinced of its wholesome beneficial effects to say nothing of the immediate improvement it makes in the appearance of the face. No powder is necessary as it contains perfect harmless whitening. For sale at Bayer Sisters'. Trial applications free on Tuesdays and Thursdays from 2 to 5 p. m.

Frank Matthews, a Sioux City man, was shot last Tuesday night. The wounds made being similar to those of President McKimley's, with the exception that Matthews' has three, all of them more serious than the lamented president's. Contrary to all expectations Matthews is getting better, but the doctors say he will get no toast and coffee as was given to McKimley.

Mamie, the nine-year-old daughter of Mr. and Mrs. Smith McManigall died yesterday after a two weeks illness with typhoid fever. Owing to the serious condition of Mrs. McManigall she was not told of her child's death. The funeral services were held this afternoon at two o'clock and the little girl laid away to rest. A sad affair? Could there be anything more heartbreaking.

J. L. Davis, who went to Washington last fall, writes the DEMOCRAT as follows: "Having sold my ranch at College Place, Wash., and moved to Portland, Ore., where we are located for the winter, or rather through the winter months, as we have not seen any winter weather as yet. The weather is warm and pleasant here. Please send my paper to me at Portland, Oregon. Corner Grand Ave. and Burnside."

The much advertised Gen. Lamberson republican meeting at the opera house Wednesday night was about the sickest rally ever rung in on Wayne county. But then, republicans don't need to feel sore about the occurrence. It is a pretty hard proposition to interest the people with politics this fall, and Lamberson, well, we didn't hear him, but if it was a crime to be homey he'd be quartered with that other prominent republican, Joe Bartley.

THE DEMOCRAT doesn't remember ever saying anything that the general public appeared to appreciate any more than our remarks of last week on the Wayne postmaster. Dozens of people have tendered the DEMOCRAT their thanks for the temporary relief given them. One farmer who called yesterday explained how he had even insulted postmaster-editor to get rid of "taking the Herald," but it wasn't but a short time before the postmaster came back at him again with renewed vigor.

Mrs. Merrill, the insane lady, created a little excitement this morning as she was taken away to the asylum. Sad and pitiful as are such affairs, they have a humorous side, and Mrs. Merrill, whatever the nature of her disorder, does not appear to suffer physical pain at least. She demanded that Sheriff Cherry let go of her hand, of her dress; that she was a lady and wouldn't run away like a thief. Then she called for her attorney, Frank Fuller, repeatedly, and said: "boys, the train doesn't go until I see Mr. Fuller, my lawyer."

The 2 Johns Get There.

A man on the street said the other day to us: "You merchants are all alike." Well, we are not all alike. There is a great difference between merchants. If you have never traded here you can not realize the difference between this store and other stores. We buy goods direct from the factory and buy them for cash. We buy a better class of goods than you will find in any store in a town of this size. We have the name of the factory on the article and give a written guarantee with every suit. We advertise them and sell the same goods year after year, so when you get acquainted with our goods you can continue to buy the same goods. Most merchants have something new to sell you every time you come in, always looking for something cheap. We sell the best and continue to sell the same. We don't take chances on long time customers, we don't lose anything on credit business. We sell at the lowest cash price. We are experts and fully understand the clothing business. These are some of the reasons why we are different than other merchants and the reason that the 2 Johns get there. We are up-to-date and you make a mistake if you don't give us a trial.

The Two Johns, Speak German and Swede...

Chickering Pianos.

The people of Wayne were no doubt surprised last week to see a little man from Norfolk chasing about our streets, distributing a blood-and-thunder story about the Chickering piano as sold in Wayne county. There is a little interesting story connected with Chickering piano. The Norfolk man sells the Chickering & Sons piano and M. S. Davies Chickering Bros. The old firm of Chickering went to the wall and in the present stockholders of Chickering & Son there are no members of the Chickering family. Chickering Bros. are sons of the great piano makers. They manufacture the only Chickering piano made in Chicago. Mark Stringer, who recently purchased a Chickering Bros. piano of Mr. Davies, says he had thoroughly investigated the Chickering pianos and is delighted with his selection of a Chickering Bros. Mr. Stringer thinks he has the very best instrument on the market.

Now, if you want a real Chickering piano, made by the children of the original Chickering's, you must of a necessity buy a Chickering Bros. They are the finest instruments in the world today and have a reputation which no little, fussy man from Norfolk can pull to pieces. Be sure you are looking at a Chickering built by Chickering's. They are sold by

THE COMMONER. (Mr. Bryan's Paper) The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic, and social problems. To the columns of the Commoner Mr. Bryan contributes his best efforts; and his review of political events as they arise from time to time can not fail to interest those who study public questions. The Commoner's regular subscription price is \$1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and the DEMOCRAT together for one year for \$1.75. The regular subscription price of the two papers when subscribed for separately is \$2.00. Don't borrow it, but buy a DEMOCRAT of your own.

Republican Opinion of Hunter.

Wayne Republican, July 17, 1901. The mills of justice grind slow, but they grind sure when operated by certain men and the ground out in Judge Hunter's court Monday morning was a good example of the work of men. Frank Kruger and W. S. Lane from somewhere recently met at Wakefield and getting a certain game of paper in which Kruger's name was a considerable amount, then the story of Kruger was changed from Wakefield to Wayne and Saturday night more of Kruger's money found its way into the hands of the other fellow and then Kruger "repented" and went before Judge Hunter and that on Monday morning against Lane charging him with being a "common gambler." A warrant for Lane's arrest was placed in the hands of Sheriff Cherry for service and a little after midnight the officer located his man and made his arrest. The man was taken before Judge Hunter, who it seemed, held his court open for the receiving of the number even though the day was Sunday and courts are supposed to be closed. After getting the prisoner in court, Kruger and the detention witness to one corner of the room held a consultation and Kruger asked the judge if he could stop proceedings if he would pay the costs and was informed that he could. Kruger paid the costs and the case ended. What the public is interested in knowing is why court was held open for the transaction of business on Sunday and why the court permitted the case to be dropped in the manner it did. Lane should have been imprisoned until Monday and then made to face the charge and Kruger made to substantiate his charge

or else refuse to appear as prosecuting witness in the case. It is up to Judge Hunter to explain the peculiar methods employed in this instance.

Wayne Republican, July 21, 1901. * * * Either Judge Hunter collected trial fees in the Kruger-Lane case and paid Sheriff Cherry attendance fees, or else that gentleman has stated an untruth. The Republican is perfectly willing to put its reputation for truth and veracity, or common honesty up against that of the judge, or his apologist, the Wayne Herald, at any time or on any matter. Dirty things do not constitute arguments, and when that paper stoops to that method in any controversy, it simply shows the bareness of the cause. The Republican has told us he in this matter and the Herald cannot cover up the rankness of the judge in the case in question. If, as the Herald suggests, "the Republican had a motive" and it was other than the admission of exact justice by the court, it should have the courage to state that motive. * * * If Judge Hunter and the Herald intend to conduct their arguments in this case along the lines indicated in the last issue of that paper they will find the Republican not in the least averse to going into it, and several other cases and deals in which both have figured quite conspicuously. We are not seeking a controversy with either the Herald or the judge, but we can readily assure both that bulldozing, bullying methods will not silence criticism, especially where we know it is just.

...Wayne Piano Parlors...

I have just received from the Newman Bros. factories of Chicago, the finest lot of organs ever seen in this city. They are models of the organ builders art, both in case, design and richness of tone, having a set of patent pipe reeds which gives to them the finest of pipe organ tones. There has never been anything like them here before. This patent is owned and controlled by the Newman Bros. Co., and is not to be found in any other organ. The bellows of these instruments are five inches larger than any other 5-octave organ made, consequently they have greater tone power. They are all mouse proof and every one is warranted for a term of five years. You will be surprised at the reasonable price that I am selling them for, and if you are thinking of buying an organ come in and see these before making your selection.

In pianos I have only the very best, and in any color of wood: mahogany, walnut or oak, all of the very best triple veneer. We have just got settled in our new parlors and will be pleased to have you call at any time.

Question Answered

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. You can get Dr. G. C. Green's reliable remedies at Raymond's drug store. Get Green's Special Almanac.

Vote for Judge Hollenbeck.

REMEMBER

That a vote for Judge Hollenbeck and Regents Hawxby and Bayston counts just as much in your precinct as anywhere else.

That we have a majority of the voters in the state, but that it will avail us nothing unless each one of us goes to the polls and casts his vote for our candidate.

That every populist and democrat who stays at home on election day not only neglects his duty as an American citizen, but also in effect casts half a vote for the republican ticket.

A young man named Brande, who gets out a little paper up in Pierce, is squealing most vigorously for a change in the editorial department of the World-Herald. The W.-H. should comply with Brande's demands, at once. Brande isn't the only g. o. p. l. a. b. e. who would welcome such a slamb. Even Steufer wouldn't care a dambe.

Judge Hollenbeck is an old-time, anti-monopoly democrat. For years he has been fighting monopoly, side by side with the populists. He is a member of the G. A. R., having entered the civil war when but a mere boy. Of German stock, he has the cool, calculating, unexcitable temperament of the race, not easily swayed by passion or impulse.

The York Republican is putting up a great deal of bombast for the republican candidate for supreme judge. Tim Sedgwick is editor of the Republican and his brother, S. H. Sedgwick, the candidate. Republican jews-haps, all over the state, reproduce the fine things said about S. H. by Tim, but carelessly overlook the fact that a supreme judge isn't such a bad thing to have in the family.

If you want to vote the straight ticket simply make a cross IN ONE CIRCLE at head or top of ballot. A cross made in two of the circles throws your vote away. A cross in the Democrat circle at head of ticket votes your whole party from supreme judge to road overseer. Democrats and Populists should make it their special business to so inform all voters. Beware of making a cross in both Democratic and Populist circles as this invalidates your whole ticket. You vote the whole People's Independent ticket and the fusion county ticket and precinct ticket by making a single x in the circle after "People's Independent." You vote the whole Democratic ticket, and the fusion county ticket and precinct ticket by making a single x after the word "DEMOCRAT" at the top of your ballot. Vote the straight democratic ticket and be sure you get it right. It only takes a single x to do the whole business.

Instructions to Voters

1. Persons desiring to vote must procure their ballots from a judge of the election board.
2. They must then, without leaving the polling place, proceed to a compartment and prepare their ballots.
3. The ballots are prepared as follows: If you wish to vote a straight ticket, make a mark in the circle at the top of the ballot to the right of the name of your party, and your ballot will then be counted for every candidate and as approval of party action on any constitutional amendment of that party on the ballot. If you wish to vote otherwise than a straight ticket make a cross in the square to the right of the name of each person for whom you wish to vote. (If you wish to vote a straight ticket with the exception of certain offices or constitutional amendments, place a cross in the circle at the head of the ticket for which you wish to vote in the main, and then place a cross in the square to the right of the candidates of the other parties for whom you wish to vote). When two or more candidates of the same party are to be voted for for the same office (as two or more representatives) and the voter wishes to vote for one or more of his own party and one or more of another party, he must make a cross after each candidate for whom he wishes to vote for that office. Do not make any mark on the ballot save as above directed. If you spoil a ballot return it to a judge of the election board and obtain from him a new ballot; you cannot get more than four in all. Having marked your ballot, fold it so as to conceal the names and marks on the face and to expose the names on the back, then take it to a judge of the election and see it deposited in the ballot box, after which immediately leave the railed inclosure—unless you want to vote twice.

The Senate Will Inquire

The Lincoln Independent is authority for the statement that indications are that Millard will have to explain his transactions with Bartley to the senate after he takes a seat in that body. The cock and bull story that he told in court about handling a state warrant made payable to an individual whom he had known for years, and who he knew never was worth half the sum of the face of the warrant will hardly go down with the shrewd business men of the senate. That warrant was made payable to Bartley, and Millard knew that the state could not possibly owe Bartley \$180,000. He was so positive of that fact that he carefully avoided handling the warrant in the regular way. No bank put its stamp on the back of that warrant, which is evidence that every man who handled it was aware that he was handling stolen goods. When Millard charged Bartley on the books of the bank with being paid personally \$180,000; he knew that he was transferring to Bartley state money that did not belong to him. The question arises: Did Bartley ever receive the whole of that \$180,000 and the interest, which amounted in all to over \$200,000? Two hundred thousand dollars is not carried around in a man's vest pocket. Did Bartley take that \$200,000 away with him that night after banking hours? It will be very hard to make an investigating committee of the senate believe that. From information received from Washington it appears that the senate will make some inquiries about that matter. One or two senators object to sitting in the same body with Bartley's partner without making a protest.

Wants His Devil.

The poison of infidelity has much to do with the making of anarchists. The gravitation toward a religion that has neither a Bible nor a Savior has been going on steadily in the United States for the past thirty-five years. It began when the new testament was prostituted by the elimination of an actual devil and a real hell. It began when a reign of sensationalism set in and when texts were not taken from the Holy Scriptures, but from the most abnormal and outrageous events in every day society.—Lincoln Pioneer.

The poison of infidelity may have something to do with the making of anarchists but the religious "gravitation" of which Robert McReynolds writes so fluently is all in his mind. There is more genuine, soul-uplifting, humanity-helping Christianity in the world today than there has been since the crucifixion. There is less arrant fear and more earnest fellowship, less cant and more conscience. The world is not suffering for a revival of the old blood-curdling sermons of the fire-and-brimstone order, nor for the word-pictures of a personal devil who goes about like a roaring lion seeking whom he may devour. Time was when people who were chock full of religious fervor in revival times were often entirely shy of those Christian virtues which true followers of the risen Savior should manifest every day of the week. To a great extent the practical is supplementing the sentimental. "An actual devil and a real hell" may be necessary to the full spiritual exaltation of Robert McReynolds, and we would not for the world deprive him of either, but some people are better entertained by thoughts of the tender mercy of the One who died that men might live.

Where is that luckless child of fate Who dared indulge the trick Of trying to "eliminate" A personal Old Nick? Who followed up old satan's rout, In this sad vale of woe, And had the nerve to put hell out And hurt McReynolds so? Restore to Robert's saddened heart The stimulant it needs; A Bible with a brimstone part Is that on which it feeds. Hear ye his theologic wail, And answer his complaint— A devil with a high-spear tail Is Robert's patron saint.

The Same Old Gang.

If you are in favor of furthering the interests of the Bartley gang then vote the state republican ticket. The DEMOCRAT believes every man who cares anything about the financial condition of the state will vote for Judge Hollenbeck. It may be that Judge Sedgwick is not contaminated by the Bartley gang, but there can be no question but what the fellows who plundered the state and ruined Bartley are largely responsible for Judge Sedgwick's nomination, and will attempt to elect him to the supreme bench in the interests of that party.

Do you have a feeling of undue fullness in the stomach, belchings, or sour or bitter risings? These are but a few of the symptoms of the diseased stomach. The worst thing which can be done for the stomach in such a case is to take some tablet or powder which merely gives temporary relief from discomfort. The best thing to do is to begin the cure of the disease by beginning the use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It makes the "weak" stomach strong, and puts the body in a condition of vigorous health.

"I was troubled a long time with dyspepsia, torpid liver, and constipation," writes Mrs. Julia Dent, of Ostwest, Fredell Co., N. C. "I could scarcely eat anything at all, would have attacks of pain something like colic, and sometimes it seemed as though I could not live. I wrote to Dr. R. V. Pierce, stating my condition, and in a few days received a kind letter of advice, telling me to use Dr. Pierce's Golden Medical Discovery. I took four bottles, and one vial of Dr. Pierce's Pellets, and now I can eat anything I want and it don't hurt me. I have not been in bed a day since I took your 'Golden Medical Discovery,' and I have not since felt any symptoms of disease. I have not taken any medicine in twelve months."

Mr. Welker hands the DEMOCRAT the following clipping from a Franklin county, Pa., paper, showing on what a big scale the farmers of that county feed cattle when the season is just right: "Farmers are now looking forward making use of their abundant corn crop. Most of them will fill their stables with cattle. Some have already procured their feeders, among whom are D. M. Benedict 10, Amos Kuepper 11, H. A. Good 18, Isaac Riddiesberger 2, J. N. THE FENCES ARE UP.

The Ticket That Takes You Through the Tuesday Tempest.

OUR NEXT COUNTY CLERK.

For the county clerkship P. H. Kohl is putting up a remarkable fight and the DEMOCRAT believes he will be successful. Democrats who were very sore over Phil's attempt to corral this nomination two years ago, are now united for him. This is largely from the fact that Kohl has done an immense amount of work and spent a great deal of money for the party cause in the past two years. Then the gentleman long ago "fessed up" that he tried to act the pig a few years ago, said he "was sorry," and there were of course plenty of other democrats just as much to blame as was Phil. However, that's what we call a "dead issue." Kohl didn't even ask for the nomination this year. We nominated him because he was the only man in the county with enough grit and git-there-it-iveness to beat Bert Brown, and won't he, isn't he, basting the present incumbent a beautiful color? There is no more capable man in the county to fill a county office than P. H. Kohl. He is known throughout the state as a first-class office man, and as county clerk even his enemies will not have an opportunity to speak ill of his official record.

THE BEST MAN FOR COUNTY JUDGE.

The candidacy of Jas. Britton for county judge meets with general favor from all parties. It is no exaggeration to say that Mr. Britton is a big man for the place. That is to say, by reason of his qualifications he should aim for something better, at least while inferior men are occupying the top places. Mr. Britton is one of the earliest settlers in the county. He has always been, not only a creditable citizen, but one who has never asked for a local office while others who saw Wayne county grow from infancy, have been constant office seekers. Take the case of the republican candidate. Years ago he was sheriff, then deputy treasurer, then county clerk for two terms, and in 1897 elected county judge, which office he has held for four years. Gentlemen of Wayne county, don't you think, laying politics aside, that Jas. Britton is the man you want for county judge?

ED. REYNOLDS WILL WIN.

The DEMOCRAT has heard a great deal lately about the "opposition to Ed. Reynolds" within his own party. If the arguments put forth by some of Mear's adherents, that Reynolds did his whole duty, then the people who appreciate a good officer will give Reynolds their solid support. The argument that Reynolds should not be elected because he fulfilled the duties of his office in serving executions, etc., must of course carry the presumption that if Grant Mear is elected he will not comply with the laws governing the sheriff's conduct, but allow dead-beats and creditors to walk all over him and the people who require his services! That is exactly the gist of the story the Mear men are putting up. Why one of them, in an impassioned plea for Mear, made the remarkable statement that Reynolds, when sheriff, "was the best collector for the business men this county ever had." It is no doubt true that if elected sheriff Grant Mear would make a poor official in this respect. Grant is pretty much of a boy if he has seen quite a few winters. His associations have largely been of that class who have to be "jacked up" occasionally, and they largely comprise the fellows who are booming him for sheriff. As a man Ed. Reynolds towers head and shoulders above his opponent. If elected Wayne county will have one of the best peace officers in the state. Two years ago such a proposition as Grant Mear for sheriff would have been deemed utterly ridiculous. His election to the office of precinct assessor rather swelled the young man up and there being no competent men after the republican nomination it easily became Grant's for the asking.

CANDIDATE FOR TREASURER.

Fred Volpp is just the same as elected by from 500 to 700 majority.

FOR SUPERINTENDENT OF SCHOOLS.

In Elmer R. Lundberg the fusion forces have one of the strongest candidates of the ticket. He is a young man favorably known to the majority of the residents of the county where he has lived nearly twenty years. Elmer is 28 years of age and has spent the greater part of his life in school as student and teacher. After graduating from the public schools, he spent more than two years as a student at the Nebraska Normal College, from which he graduated with a record as a student second to none. After spending three years in teaching in the country schools, he enlisted in the Spanish-American war and with his regiment went to Manila, remaining for a year. He has the credit of organizing the first literary society among the soldier boys in the far-away islands. After returning from war he became a student of the State University, from which he graduated last June. His record as a student in the public schools is among the best, and the same is true of his work in our college and at the university. He is a close observer, a careful thinker, and an earnest worker. As a teacher he is one of the most successful in our county.

His training and experience are such that every patron of our schools realize that no better selection for county superintendent could have been made by the conventions. He knows the needs of the schools and how to secure the best results and

that is what should interest every parent and voter in choosing a superintendent.

He is a gentleman in every sense of the word and no one has any criticism of him.

He is sociable, manly, industrious and enthusiastic in whatever he undertakes. While he has taken an active part in politics during the past ten years, he is not in any sense a strong partisan. Seven years ago he made a number of speeches throughout the county for the fusion ticket and at times since has materially aided in the campaigns.

He was editor for a year of the Normal Budget, an educational journal, and all give him credit for having one of the best local papers of its kind before the public. A perusal of the pages of that paper shows him to be a close student of educational questions.

Briefly this is the successful record of the fusion candidate for county superintendent and certainly the most exacting can find only friendly words for him. But few counties in the state have been so favored with active and able superintendents as has Wayne county and with Elmer at the head of our schools we will continue our progress, for every pupil and every teacher will have a strong friend and judicious advisor to assist in their work.

Do not forget to put an X after his name.

FOR COMMISSIONER 3D DISTRICT.

The voters of the Third commissioner district will take a good deal of pride in their prospective commissioner, E. W. Cullen of Winside. Mr. Cullen is a first-class business man of conservative opinions. It is only once in years that so good a man will consent to take a petty office of this sort, which, if properly looked after, usually results in a loss to the officeholder. The DEMOCRAT believes E. W. will serve the whole district alike. He is a square man in every particular. If you want one of the very best men in the county on the board, then vote for Ed. Cullen. We have now two republican members and a third elected this fall will make the body solidly for the republican press and people. A little opposition by a good man will be a good thing for taxpayers.

He Appreciates It.

I wish to express my appreciation and heartfelt thanks to the neighbors and friends who so kindly assisted us in the affliction of my wife and in the death and burial of our child, and for the help in bearing the financial burden incurred thereby.

You Are Two Cranks.

"I have heard so much and read so much about Staley underwear that I think you are two cranks," is what a customer said to us the other day. Well, we said do you wear Staley? "Yes, and I think it the best underwear I ever saw, but I see no reason why you should make such a howl about it." We know there are some men in Wayne county who do not wear Staley underwear and as long as there is one man in the county who does not wear it (excepting merchants who sell other kinds) we will keep advertising it. We know of more than one hundred men who are thankful that we brought it to their notice and they are today free of rheumatism from which they had suffered for years. If you doubt this come in and we will give you satisfactory proof. No, you don't have to be an invalid to wear Staley underwear. It is made of all wool and will keep you well and warm. It will make you comfortable in this climate and free from colds. You can wear it for it is soft, clean wool and will not hurt you. Not like any other underwear. It is not expensive, made for rich and poor. The only place you can buy it is of us. Why not see it? Why not try it and keep well?

BY DAD.

"You shock me!" ejaculated Czolgosz. "I am training my boys up in the way they should go!" remarks a Wayne lady of considerable experience and good common sense.

"The Herald has been very busy this week printing election ballots and a large line of job work, and fortunately we haven't tackled any of Goldie's subscribers this week."

By dad, that accounts for that look of relief so many people are wearing. And that business man on Main street whom McNeal "bored" twelve times before he got him to "take the Herald" will now think he gave in too soon.

Sam Davies says the show last night was a most sorrowful affair. East Lynn is a very sad play, and the company who held down the boards last evening was a very sad crowd.

Who is going to have first pick out of the bunch of babies coming Nov. 14th? Dan Harrington, E. L. Smith, Jack Cherry, E. C. Tweed or Bill Dammever? I hope these gentlemen will all step to the front and take a baby. A hand-me-down baby is better than no baby at all, by dad.

Aug. Schwaerzel says that in the town he came from (old country) there were 21 shoemakers, all of whom made a good living, and two preachers, protestant and catholic, both of whom used the same church. "Here in Wayne," says August "we have seven preachers living on the fat of the land and only two shoemakers, both of them starving for a living."

A New York clergyman claims to have received a new gospel on the typewriter by angelic agencies. That preacher's wife had better keep an eye on him. The next thing we hear will be that he ran away with the "angel" who manipulates the typewriter.

Stanton is the latest town on deck with the small pox. The Norfolk News has complained of a "breaking out" down there in the Register office, but the News appeared to think it might only be small politics.

W. B. Vail has purchased Gow Bros. old safe for his jewelry store.—Norfolk News. "That's about Norfolk's size; and old safe for a jewelry store; and there are no doubt lots of them lying about Norfolk, mementos of the business done in other days! Now, if Vail was dealing in poker chips he'd need a building of some sort. Here in Wayne we "lay up our jewels" and have no use for an old safe.

Isn't it funny how an old soldier like Col. Ferguson gets scared when he anticipates a draught? They say whenever the wind blows and the lightning darts across the colonel hastens to the cyclone cave, winter or summer, and calls back: "Bell! be sure you shut the windows;" "Bell! be sure you bring my overcoat and blanket." And if perchance a sudden gust of wind hits terra firma down goes the cover to the cave, and back to the dark corner sits the old warrior who draws \$18 per month pension for brave and meritorious conduct during the "late unpleasantness."

The Omaha News says the Randolph schoolma'ams wear rubber on the soles of their shoes so as not to disturb the pupils when walking across the floor. A Wayne girl says the only thing that disturbs her in school is the rubber in the teacher's neck.

They have a little fun in the telephone office occasionally, as well as in printing offices. Recently D. C. Main wished to talk with Banker Black of Sioux City. The central office supposed they had got connection with Mr. Black and Mr. Main was called up to talk to him when he got the following interesting reply over the wire: "There's nobody at home but me, the hired girl. What do you want?"

The DEMOCRAT had the treats on Postmaster McNeal last week, but we haven't got them yet. Mac brought the gentleman in who "didn't want to take the Herald," to have him deny the statements which appeared in last week's paper. But the fellow didn't deny worth a cent but simply reaffirmed his story to the effect that the postmaster was being poking his nose into the DEMOCRAT's business.

Miss Minnie Burson went to Hastings Wednesday where she will take advanced studies in instrumental music.

Geo. Bryan, brother of Mrs. F. M. Skeen, left yesterday for Missouri, where he will spend the winter with his mother.

Henry Evans came home from Bloomfield last week. He is now able to walk about, the cut on his left limb, gotten in a wire fence, healing up very quickly.

Mrs. Lemon returned to her home at Sibley, Ia., Monday. Rev. Lemon has finished his pastorate at that place but has not yet decided where they will move to.

Owing to our removal next month to our new building the price of fine wines and beers will be greatly reduced. Come in and get a bargain in a jug of old rye. FRANKS.

John Gaudner left for Chicago, S. D., Tuesday, to what purpose we can't say. He is a very good man and we hope he will enjoy the best of health on his return.

E. P. Olmsted is down town again, after his severe burning. He is none the worse for his peculiar accident save the loss of mustache, eye brows, etc., but has a "new face," the old skin all peeling off.

Messrs McElrath and Tom Lound were in the city Saturday from Winside. They have jointly purchased the Gene Mueller farm. Gene is a notorious old settler who won't be sadly missed when he leaves the country.

Mrs. Charley Miller has returned from a trip to Canova, S. D., where she received treatment from Father Kroger, the great physician. Mrs. Miller, the DEMOCRAT learns, was very much pleased with the results of her visit.

Geo. Featherly, a young man of Norfolk, went into the barn of Chris Duer, five miles north of Norfolk, at midnight, and when he refused to surrender to Duer the latter filled him full of holes, killing the thief almost instantly.

Robt. Skiles says he was this week offered \$52 per acre for his farm, but wanted \$54. Robert sold the place last winter for \$45, then bought it back for \$47. Prices are certainly going skywards on land, but the DEMOCRAT believes they will come back.

John Dimmel, the up-to-date Winside saloon man, has purchased the fixtures of the Franks saloon and will put them in the Winside sample rooms. Mr. Franks has purchased a Capital set of fixtures and will give that name to his barroom.

"Battle Ax" Gets Batted.

Last Friday's Sioux City Journal contained quite a police news item about an old fellow, giving the name of Ed. Morgan, from Randolph, Neb., who fell into a disreputable joint in the Sudan and was robbed of all his money—\$20—watch, etc., and then terribly pounded, till he looked like a piece of masticated bull beef.

Death of Robert Goodyear.

The death of Robt. Goodyear last Monday night was a sad surprise to Wayne people as it was not known that Bobby was in such bad condition. The DEMOCRAT is told that Dr. Knott of Sioux City to whom the deceased was taken last Friday, informed Mrs. Goodyear that there was no hope for him, and that the end might come in a few days.

One On Dennis.

Lyons Mirror: Dennis O'Leary the new editor of the Wayne Republican says he is an Irishman, but all we have got to say he is a disgrace to the Irish race. Any man with one hundredth part of Irish blood in his veins ought to be ashamed of himself for voting the republican ticket.

Que's Gruesome History.

Carroll, Neb., Nov. 1, 1901. EDITOR DEMOCRAT:

Although I have always been a republican and no circumstances can I vote for W. M. Gue, for I remember the treatment I received from him one time when he was station agent at Wayne. My wife's sister had died, and we wanted to send the body back to Iowa and I went to him and asked him three or four times for a blank shipping permit. He did not even deign to answer me until the last time and then he shot out a volley of curses at me, every other word about being damn or Goddam. I can't vote for him, because I sometimes have business with the treasurer, and I don't want to be damned uphill and downhill every time I go in the office. Yours etc., JOHN R. MORRIS.

A white minister was conducting religious services in a colored church in North Carolina, recently. After exhorting a bit he asked an old colored deacon to lead in prayer, and according to the Roanoke News, this is the appeal which the brother in black offered for his brother in white: "O, Lord, gib him de eye ob de eagle dat he spy out sin afar off. Glue his hands to de gospel plow. Tie his tongue to de line ob truth. Nail his ear to de gospel pole. Bow his head way down between his knees, and his knees way down in some lonesome, dark, and narrer valley where prayer is much wanted to be made. 'Noist him wid de kerosene oil of salvashun and sot him a fire.'"

Does it Pay To Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boecher's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest and cures the patient. Try one bottle. Recommended many years by all druggists in the world. You can get Dr. G. G. Green's reliable remedies at Raymond's drug store. Get Green's Special Almanac.

Next week we will present you with a picture (taken from life) of a gentleman wearing one of our Varsity overcoats. Watch for it.

Omaha Markets

Oct. 29, 1901. Receipts of wheat fall, 11,000 for three days or more, less than usual time last week. The general tendency of market strong to higher, on good grain. Only about a dozen loads of corn fed beef are received each day. Demanded good from all sides and market active at prices strong to higher. Top price today \$5.40. Cows and mixed stock in fairly liberal supply. Demand good all around and market 15 to 20c higher for the week. Stockers and feeders in good supply. Country buyers are plentiful but not very bullish in their ideas and trade is slow. Good, fatly deboned feeders sell readily at steady to strong prices but on common to medium trade rules slow to drag. Western range beef meets with good active demand and prices are 10 to 15c higher than last week. While hog receipts have not been too heavy this week market has received a decided set back each day, generally amounting to a dime a day. Today with about 8000 on sale market opened low lower but closed good and firm only 1c lower. Range \$5.60 to \$5.90, bulk \$5.70 to \$5.75. Market shows about 300 below last Wednesday and 50c below two weeks ago. Sheep receipts very liberal, market steady to strong.

See what O. D. Franks will do to you!
