### Court May 12.

Court convenes a week from next Monday. Among the cases docketed are Lound vs Winside Bank, an old controversy with whiskers a mile long. Tolerton & Stetson vs First National bank, means a rehabing of the antiquated W. B. Hughes stock of merchandise; the man who busted up because he failed to advertise. Asher L. Hulbert and Ed. Zeikle are going to get a little deeper "into the hole" over a hole the former is alleged to have improperly made for the latter. Frank Northrop is up again 'Wayne county again, although Wayne county has been decidedly lenient with Frank Northrop. Then there is your Farr vs Wightman which seems to be as Farr from a Wightman's standpoint as it has been since somewhere B. C. S. B. Scace is also after the county but we think Scace will be "looser" this time as he has three lawyers to support him to the county's one. A few more gray-headed cases are Bressler vs Sundall, Oman vs Mellor, Worring vs Worring. Foot, Schultze & Co. et al, supported by a galaxy of legal lights, are again going to try and make Eph Cunningham put it back. In divorce cases there are two new ones, Rickabaugh vs Rickabaugh, and Davis vs Davis, the latter plaintiff being our old friend Vaughn Davis whose latest matrimonial mix up was not so fortunate as it might have been. Estella Hart, the alleged bigamist, appears to be the only prominent criminal case on the docket. The suits against all the banks help to make out a job for the printer, although the bar docket does not signify what great legal minds will reap the golden shekels for defending the money changers.

### MARRIED

At Beemer April 29, 1902, George Lehmkuhl and Miss Christina Karstens of Manning, Iowa. ## We are right in the midst of Suit Selling

The number of suits we've sold last Saturday would have been a satisfactory clothing business for any store in a large city. ## HARRINGTON,

The Leading Clothier.

Oom Paul has a new "lid" on today, a white one, which is a signal for peace.

Joe Barley and bride were arrivals at the home of Mr. and Mrs. Sam Barley, Joe's parents, Wednesday, greatly to the surprise of Wayne relatives and friends as no one here had any inkling of Joe getting married. Mrs. Barley was formerly Miss Etta Loomis of Creighton, where the ceremony was performed on Tuesday. Joe expects to fire on the Bloomfield train and will probably make his home at Bloomfield.

In paying up subscription to the DEMOCRAT, D. H. Sullivan, now of Colorado Springs, writes: "I sympathize with you people who have been enduring the terrible heat, such as you have experienced. This spring I enjoy here. Wish to say that I believe this to be the most perfect climate on earth. The change has done Mrs. Sullivan a world of good and from a business standpoint find it very satisfactory."

### Petition to Have Five County Commissioners.

Ex-county commissioner Ed. Carroll, was in town yesterday and informs the DEMOCRAT that he has taken up the matter to have the county re-districted to make five commissioner districts instead of three. The manner of doing so is to secure 200 signatures to a petition calling for a vote on the proposition at next fall's election. Mr. Carroll's idea no doubt is a good one as the present members have too large a territory to properly look after the people's needs. He also argues that the extra expense would be very little as the board of five members could meet and transact the county's business in less time and do it more satisfactorily. It takes but 200 petitioners to bring the matter to a vote at the polls.

### The Democrat Did the Business

Wayne Republican: Yes! it pays to advertise! whenever the people can depend on what you say. In Friday's paper we advertised that we had for sale 100 pairs of men's shoes at \$1 per pair, by Monday night at 10 o'clock we had only 20 pairs left. Today (Tuesday) we have but 10 pairs left. Who says it don't pay to tell the people what you have to offer?

Petty thieves despoiled the flower beds at Will Weber's residence last night, carrying away some 25 or 30 blossoms. Will is pretty hot over the affair and says the miserable pilferers will hear some thing "drap" if they call again.

"Send our copy of the DEMOCRAT to Clarence, at Dixon, please," requests Mrs. Corbit, "we take all three of the papers and offered Clarence his pick; now we'll have to borrow the paper for a while." Wouldn't that make you a little G I sim!

## Not Many Know It

Not many merchants know how to take measures for suits made to order. There are quite a number of our customers who prefer to have their suits made to order. We can fit every person for we have had over twenty years experience in the tailor business and know all about taking measures, and can describe a customer so that the cutter will have no trouble to make a fit. Unless the measure is taken by one who understands his business, no cutter can make a nice fit. If you want a suit made to order, this is the proper place to come. Remember we warrant to fit and please you or no sale. Our prices are lower than elsewhere. Suits made to order \$12 to \$25. Warranted to Fit and Please You.

## Not Many Know It

Not many know that it requires years of experience to know good clothing. It is like all other trades—it can only be learned by experience. To know good clothing it is necessary to understand how to make good clothing. We have made clothing for many years, and know good clothing when we see it. If you trade here you run no risk in getting clothing that is not well made. Why not trade here? We sell more and better clothing than any other store in Wayne and sell it for less money.

Try us and be convinced.

What's the matter with making it "Hanna and Rathbone" for 1904? The "full dinner pail" was successful in 1900, and Hanna is going to see Rathbone doesn't suffer any for getting his can full down in Cuba.

Funston was a good swimmer in the Philippines but he'll have to "go some" now to get clear of the "cold water" Roosevelt has doused him with.

# THE DEMOCRAT

WAYNE, NEBRASKA W. A. GOULDIE, Editor and Publisher. SUBSCRIPTION: \$1.50 PER YEAR IN ADVANCE, \$1.00.

What this country needs is less politics and more religion. Bixby.

Yes, and more religion and less of creeds and churches.

The only explanation that explains why the "water cure" was not cruel appears to be in the evidence that it didn't always kill. Perhaps it is like the Keeley cure; a victim is better "cured" or killed.

Speaking of a Congregational church in an Iowa town, where all the members who signed petitions for saloons were fired from the holy place, an exchange remarks that "That is the biggest bunch of souls the devil has had handed to him by any church in a century."

The Wakefield Republican wants the city government of that village to assist in "bringing up the boys in the way they should go," by means of a curfew ordinance. A piece of lath or shingle would be much more effective, and if that doesn't do the business get a 2x4 or send the little devils to the reform school. The old fashioned "stocks" is preferable to having the marshal attend to the youngsters.

The cruelties of General Weyler in Cuba, years ago, have been laid 'way in the shade by the Americans in the Philippines, if you take official testimony for it. Weyler was satisfied to gather the Cubans into camps and let them starve to death, but the American generals in the Philippines gave orders to kill all over ten years of age, burn their homes and lay the country waste. That testimony relating to the torture and death of old men and babies; the dragging of the new-born babe and mother from their bed that their home might be burned, equals the atrocities of the Turks in Armenia. No wonder our soldiers come home to us raving maniacs. The pillage of the Philippines is surely enough to drive those crazy whom it does not kill.

Sol. Smith Russell is also dead, and while the daily press does not give him such lengthy obituaries as Sterling Morton it is not to be construed to mean that the great actor didn't do more for humanity than the politician.

Capt. Chas. E. Clark doesn't want to make an ass of himself and has declined the appointment as special naval representative to the coronation of King Ed. The president has named Rear Admiral Watson to that position.—Cherokee Democrat.

It's funny the president didn't select a ready-made ass and appoint Funston.

Ex-Senator Allen says; Watch the boys when they try to down Ezra P. Savage in the republican state convention. The old man "knows a hawk from a handsaw" and is getting his forces well in hand. The railroads have promised him the nomination and they will keep their promise. What will the outsiders do? Why, they will kick and swear by all the "horn spoons" that they will bolt; but they will do nothing of the kind. They will take their medicine and "vote the ticket straight!"

Northeast Nebraska will generally feel like patting Norfolk on the back over her appropriation of \$100,000.00 from the national treasury for a public building. Under a business administration this sort of a donation would appear to be a reckless expenditure, but so long as the country is squandering millions any little burg is entitled to all it can get. Norfolk has just as much need of a \$100,000 public building as a man would have for a nose six inches long on his face. Had an appropriation of say \$10,000 each been made for ten of the best towns in this state the expenditure would have been a sensible one. The needs of the country, however, cut no figure with the politicians. It's the man or the town that has the pull that gets the office or boodle.

John S. Robinson The announcement of Hon. R. A. Tawney that he will not be a candidate for the fusion nomination for congress, leaves the field to Hon. John S. Robinson who will be renominated no doubt without a dissenting voice. The Mail will gladly support

Family cares and duties do not weigh down the well woman, and the children are never in her way. But when the womanly health fails, and there is a constant struggle with weakness and pain, household duties are a burden almost past bearing, and children are a ceaseless annoyance and worry.

Mr. Robinson because we know him to be an honest and competent man, and his experience makes him a more efficient representative than a new man could possibly be whatever talent he might possess. John S. Robinson is an easy, forcible and ornate speaker, he has a comprehensive grasp of public questions and, having a large personal acquaintance with his colleagues, he would possess an influence that no new man could exercise.—Madison Mail.

The business man or professional man who can keep out of the saloon fight is the best kind of a neighbor to have. Let the city council settle the fuss, then, if you don't like it, make a change in the council when the opportunity admits.

J. Sterling Morton died last Sunday at the home of his son in Chicago. Morton was brainy and brilliant; a good man to his country and friends and as mean as the devil to those who opposed him. As the World-Herald says, "He was both brilliant and painstaking if not plodding. He was democratic in principles and aristocratic in sympathies. He was surprisingly egotistical and delightfully unpretentious. He delighted in the most bitter satire which cut his victim to the quick and he indulged the most tender sentiment toward those he loved."

Major Waller, it will be remembered, admitted that he issued the order to wipe out the Samar population over the age of 10 years, but claimed authority from General Smith for doing so. Smith admits that he issued the order, but intimates that he will produce orders from Corbin. The latter gentleman undoubtedly will fall back upon Mr. Root. What then? There is but one military authority superior to Root. Will the secretary of war shoulder the responsibility or will he, in turn, pass it up higher? The situation is interesting.—Chicago Chronicle.

In a recent article a prominent physician says, "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach & Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by Raymond.

When fresh eggs are "fowl" there's always basket loads of new, up-to-date hen fruit sold at the German, all of which shows that they make little noise But do lots of business On Dry Goods, Dress Goods, Hats, Underwear, Hosiery, Prints, Linens, Calicos, and all spring stock, you get the same deal as on the butter and eggs. ..IN THE STUD.. TAMMANY TIM 34283 Season of 1902 Full brother to Hiaky Dink, 2:25 1/4, first start, fourth heat, in winning race. By Union Medium 4182, 2:18 1/4; Dam Alice G., 2:29 1/4, Dam of Hiaky Dink, 2:25 1/4. Tammany Tim was foaled in June 1897. He is a handsome bay horse 16 1/2 hands high, weighs 1225 lbs. The only stallion standing in this part of the state whose first three Dams are producers of 2:30 trotters, or better. In conformation he is a grand horse, clear cut head, intelligent countenance, strong shoulders, powerful back, hips and stifles, all gracefully combined to produce strength and speed. His blood lines are of the best, the most popular and prolific speed-producing combination in trotting blood lines, the kind that gets the money on the racelcourse and the prizes in the show ring. That he will get speed and grand road qualities there is no doubt, as he not only inherits, but possesses these qualities in a marked degree. Even common sires bred to a horse of this class, cannot fail to produce foals that will find a ready market as carriage horses for roadsters, as well as general, all purpose horses. Terms: \$15 to insure in foal. Mondays and Tuesdays, of each week, Wakefield. Wednesdays and Thursdays, Wayne. Fridays and Saturdays, Carroll. JOHN S. LEWIS, Jr., Wayne, Nebr.

Millet Seed Red German or Siberian Millet Seed. This millet is earlier, stands drouth better, has more blades on the stem, and makes from one-third to one-half more hay than the regular millet. The hay is softer when cured, greener in color and is preferred by stock to other hay. Every farmer who has tried this millet has very high praises for it. It yields from 30 to 50 bushels seed per acre. PRICE PER BUSHEL, \$1.25. Philleo and Son

THE IMPORTED Percheron Stallions Villiers 13169-8081 Colmar 24734 43789 Foaled March 28, 1889, imported in 1890, sire Briard 5317 (1630), dam Robin 5697. Villiers is a jet black, weighs over a ton, and for many years stood at the head of the stud of Dunham, Fletcher & Coleman, the famous Illinois Percheron importers and breeders. As an individual he is without doubt one of the grandest horses that was ever in the United States, as a producer of the best there is in horse flesh he is easily at the top. He will make the season of 1902 at the barn of his owners in Wayne. Is a deep iron grey, foaled April 5th, 1898, imported by Dunham, Fletcher & Coleman in 1900, sire Navarin (42555), dam Birche 23002. He is certainly a splendid type of the Percheron family, being only four years old yet weighing a ton, and is an animal with splendid action and abundance of life and good disposition. We believe that in Colmar we are offering to the breeders of this section of the state of Nebraska a horse they will appreciate and we have faith to believe he will prove himself a noble sire. TERMS: The Service Fee for either of The Above Horses will be \$20.00 to Insure Mare in Foal. PERRY & PORTERFIELD, Wayne, Neb.

# Lincoln Champion, King of Stallions!

Will Stand at Home, on Seventh Street, Half Mile East of Main Street.

At \$15 to insure mare in foal. The get of "Linc" have brought the highest prices of any horses sold in our county, and topped the Chicago market, some teams selling for \$400 in cash, and one individual horse bringing \$450. "Linc" is the sire of Dell Strickland's stallion,—the dam being a two-year-old filly of C. Nairn. Gentlemen! breed for good horses; money earning-horses that will do you credit. There is more money in raising good draft horses than any other kind. Don't try to raise an all-purpose horse—there are none. It would be mighty handy if a lady could pull out her poodle into the form of a greyhound so it could catch a jack-rabbit, and shut him up short before meal time, but we can't get honest horses made as man made the telescope—(in portable form.) Nothing taking its diet from earth, manger or spoon, grows in telescope fashion. The man of "all trades" was handy 100 years ago; he was a cobbler shoemaker, a cobbler carpenter and acobbler tinsmith, but now it takes good work to please a man of taste and culture and we must have specialists in men and horses. You can trot your misfit drafts to town after their day's work is done, forcing them to do "all-purpose" work, but they won't last long, and soon adopt a tired trot. "Linc" is an imported and a noble cultured animal, and when people criticise him they make themselves a "laughing stock."

The deceased resided near Winside, her husband being one of the elder of the Welbaum brothers. The funeral was held Tuesday afternoon. Mrs. Bryant and children departed Wednesday morning for the west.

Norfolk News: Lealand Spaulding arrived home from Lincoln last night, having been pardoned from the penitentiary by Governor Savage. He was sent up some time ago for his connection with the famous stock yard case, and while the people of the city consider that he and his companions merited punishment, they quite agree with the governor that they have atoned for their offense and the release of young Spaulding and the balance of the boys will meet with very general approval here.

**CAUTION!** This is not a gentle word—but when you think how liable you are not to purchase for 75c the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boesche's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe Coughs, Bronchitis, Croup—and especially for Consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. Sold by all druggists in the civilized world. G. G. GREEN, Woodbury, N. J.

NELSON GRIMSLEY.**

**Funston's Fiery Fighters** The council for Brigadier General Jacob H. Smith, who is being court martialled in connection with the charges made at the trial of Major Waller for wholesale cruelty during a campaign in the province of Samar, Philippines, announced to the court at the opening of the trial that he desired to "amplify" matters, and would therefore admit every charge brought against General Smith.

These charges are that General Smith ordered Major Waller to make Samar a "howling wilderness," to "carry fire and sword" into the province, to "kill and burn," to kill all natives over 10 years old, and not encumber himself with prisoners.

General Smith comes forward like a soldier and accepts the responsibility. Presumably, the proof against him is so strong that it would be useless in the long run for him to plead not guilty, and has concluded that the same result will be reached quicker if he pleads guilty. This will simplify matters by shortening the trial and leaving the court with practically nothing to do but to pass the sentence.

And the sentence will doubtless be a severe one, as it should be, unless General Smith unexpectedly plays the same card that served Waller so well, and places the responsibility for his order still higher up. Such a turn is improbable but not impossible. It is not usual for a brigadier general to assume such serious responsibility as is comprehended in the order to Waller, and General Smith is by no means an inexperienced army man. If he was not properly cautious and failed to receive orders or authority from his superiors, it was plainly a lapse on his part, and he alone must suffer for the shame brought upon American arms.

The prompt action of Roosevelt in ordering a court martial to try General Smith only emphasized what was obvious all along, that it is not the policy of this government to pursue barbarous methods in war. General Smith, or whoever it shall be shown is responsible for the Waller campaign, will never be able to justify the butchery and cruelty. Every one understands, of course, that the Filipinos themselves are cruel and barbarous in their methods, but that is no excuse for the adoption of the same methods by United States soldiers. Legitimate warfare is always severe, and there is enough severity about it to have met the situation presented in Samar. No course within the limits of civilized army methods during war could be objected to in the face of the trying provocation given by the murderous natives of that province, but even those who fully understand the nature of war and acquiesce in the inevitable cruelty of it all disapprove of General Smith's orders to Waller, and feel that the disgrace brought upon American soldiers by the butchery of children of both sexes, as well as women and non-combatants, must for the sake of the reputation of the army and the country be quickly traded to the individual responsibility where it belongs, and the proper punishment visited upon the guilty one.

**The "Maudlin Sentiment of Lincoln"**

The following extract from the people of the capital city was sent the Lincoln Journal by the secretary of the Fremont Commercial club. The gentleman handles the subject in most artistic and approved fashion.

Fremont, Neb., April 24.—To the Editor of the State Journal: I notice you have been admitting by your columns lengthy communications from your Lincoln constituents, urging out of their deficient hair consciousness the revivals of that hardened, criminal, Rhea; and want to express my unqualified disapproval of the action this republican governor of ours has taken in the matter. There are pardons, commutations, paroling of red-handed murderers and high handed criminals galore. It is an edifying part the republican administration of state affairs has come to, and I have never heretofore been anything but a republican myself. One is led, in the light of the course of things in these numerous murder cases, the Bartley case, the Bollen case, to wonder how much the debauching of the state republican party is due to Lincoln influence. Have you not, in your city, more than the ordinary percentage of maudlin sentimentalists and morally cracked people ready to interfere with every execution of justice and judgment? Was it not in your city that Bartley found so ready a response to his pardon petition? Have not the outside counties of the state made a mistake in consenting to the enactment of a law requiring the execution of murderers at Lincoln at the penitentiary? How would it be for your Lincoln citizens, so long as the present law remains on the books, to attend to their own murder cases—they have plenty of them and of sufficiently atrocious character—and keep hands off of the business of the other counties? Yours very truly, **J. F. Hanson.**

## BY DAD.

The agony will be over next Tuesday morning—for the saloon license applicants and their friends, a few of the church members. People who have business of their own and are accustomed to attending it, are not interested in whether there are two or three saloons. As the price of drinks is not a matter of controversy I can't see where the affair is going to interfere with the daily routine of the DEMOCRAT.

A fellow never knows how good a good wife can be until he gets under the weather. We pity womankind in their pain and trouble, but man's sympathy compared to a woman's devotion, is as the iceberg to the sun-kissed sky of Italy.

A certain Wayne lady will probably take a little more pains in coaching her young hopeful on his school lessons hereafter. They have a first primary class that has been taking a little nature study each morning of late, the little ones being asked by their teacher what signs of spring had been noted. Well, the subject of spring was getting a little threadbare but the teacher, for fear of missing something, gave permission for any latter-day signs to be recorded, the other morning. After waiting a moment one of the smaller lads, with freckles on his face, held his fist up. "Well, what signs of spring have you seen, Johnnie?" "Bed bugs!" exclaimed the little chap, proudly; "my mamma caught two or three in her bed this morning!"

Talking about "nature study" brings to mind another funny thing or two that tickled me last week and may tickle you this. I was taking the Mrs. by dad and by daddets out for their annual drive and as we approached a rural mail delivery box the mater spoke up in some surprise: "oh, see the bird cage!" Stopping at the home of Robt. Baird and enjoying a most appetizing dinner gotten up by Mrs. Baird, Robert told a pretty good one on his Boston wife. She had waited nearly three weeks for a lot of eggs to hatch, but to see if the old hens were doing their duty she gave each egg a violent shake to see if the little chicks were coming. Bob said it made 'em come all right—to Jesus!

Some curious "things" come through the mails. Assistant postmaster, Fred Woolston, says they recently got a letter from a certain party, asking about the moral condition of a certain Wayne woman, the writer evidently being bent on matrimony. The local postoffice is pretty well "posted" but couldn't furnish the necessary information in this instance. This week the DEMOCRAT received a "letter" from "Miss Bertha R. B.," requesting the insertion in the paper of a little notice to the effect that if a Mrs. Somebody who lives in the country ever needed any help again, "there needn't be any of you girls afraid of her because she is an extra nice lady to be with." Such a bonquet as that from a hired girl costs about 40 cents in the DEMOCRAT.

You may think there is a whole lot of trust in the meat business these days until you ask the butcher for it—the trust.

If you want to tickle the public by doing something you can't do well, do it as rotten as possible. It is simply the extremity of anything that "takes" with the people.

By dad, it's nothing but hot water all the time. Ten days ago John E. Owen came down from Butte just to "give me hell!" because I hadn't sent him the DEMOCRAT to Butte instead of Wayne; that Mrs. Owen got the other two papers and that was enough for her. I managed to pacify the gentleman by a little adroit lying, but "what do you think, Gibson?" Monday Mrs. Owen called and wanted to know if we were afraid of not getting our pay, that we had cut them off the list, etc., etc. I broke the news to her as gently as possible, and she said she might have withstood the shock if it hadn't been so sudden; that when a person got to taking anything like the DEMOCRAT they kind of got to looking for it and it was cruel to shut it off without notice; she would write to John about the matter.

Wm. Skadden, who was very ill the first of the week, is improving.

E. R. Surber is quarantined at his home for small pox, having a very light touch of it.

W. M. Robertson, Norfolk's candidate for governor, was in town yesterday seeing how things looked.

Frank Kruger informs the DEMOCRAT that he has made arrangements to build a good brick building for his saloon, providing the city will give him a license.

Louis Edison writes the Winside Tribune from Spokane that he does not at all like that country, especially the land, and when he recovers health he will be glad to return to Wayne county to live.

## Two Pretty Weddings

May 1st was a happy day for three of Wayne county's young people, the necessary fourth coming from Cedar. The ceremonies took place at high noon and were followed by big wedding dinners. The home of D. A. Jones in Strahan precinct was the scene of one jolly gathering, the residence of Mr. and Mrs. A. L. Tucker, in this city, the other. Rev. Weidner officiated for Miss Ethel Tucker and H. I. Felber, and Rev. Roberts of Laurel united for better or worse Miss Orpha G. Jones and Mr. Frank Tracy. The latter couple have gone on an extended wedding tour through the far south. Mr. and Mrs. Felber at once got to housekeeping in Laurel where Mr. Felber is druggist and one of the leading men of the town.

It looks like "Nip and Tuck" in the saloon fight for licenses.  
The smoke of a "Western Beauty" is a delight to anybody. Always call for the Beauty when you want the best nickel cigar in town.

Christopher Weible was down from Winside Wednesday and made this office a call. Mr. Weible is a cousin of Frank Weible, the latter being a brother to Mrs. John Dimmel who killed her child and self last week. In speaking of the terrible affair Mr. Weible said the neighbors were all afraid of the demented woman and that her brother, Frank, was about to telephone for the sheriff to go up and take charge of her, when other parties prevailed upon him to leave her alone.

Roy Surber, the real estate man, telephoned the DEMOCRAT this morning that parties wishing to business with him, while he has the small pox, will please ring up phone 75 and he'll talk them to death. Mr. Surber has leased the office in the First National bank building, occupied by Strahan & Grimsey, and as soon as he gets out of quarantine he will be found in the new quarters, which makes the most convenient and best located office in the city.

## COLLEGE NOTES.

Mr. Spencer visited friends at Elger Friday and Saturday.

Mr. Davis who has been a student since the first of the year goes to his home at Emerson for the summer.

Mr. and Miss Jones from Platte, S. D., enrolled Monday for the remainder of the year. They both take a teachers course.

After spending a year with us, Miss Thosten of Custer county returned to her home this week. She will be with us again next year.

Miss Nieland writes a pleasant letter about her school work in Burt county. She has the higher classes in a two room country school. She will teach an excellent school.

Miss Eulhardt of Valley county returned to her home this week, after spending several terms with us preparing herself for teaching. She will attend college again next year to continue her course of study.

Miss Scheib of Knox county, Miss Weaver of Wayne county, Miss Fagerki of Boyd county, Miss Anna of Lancaster county, Miss Mayhew of Madison county, Miss Thompson of Charles Mix county, S. D., are late arrivals who remain for the spring and summer.

Mr. Tripp and his bride visited friends and relatives this week on their way to their home at White Lake, S. D. Mr. Tripp has two sisters and a brother attending college. He with one brother manages a large farm while his father and mother manage the Indian Boarding school at Rosebud.

Several students took the county examination last Friday and Saturday and all are taking the mid-term examination today. Some have not wisely concluded that an examination is not exactly a picnic and will doubtless put forth greater effort in preparing their work.

The college has been favored with a number of visitors the past week. Many of these have not before been here and went away well pleased with the college and town. Teachers and students are glad to have visitors—not only strangers but our own citizens are welcome to drop in any time.

An hour after supper is usually given to exercise and amusement. Interest is divided between the base ball and basket ball. The exercise of some furnish amusement for others so all have a good time and get a short rest from the studies. With many, it became necessary to have outdoor exercise.

The different teachers feel that their classes are doing extra good work this term. The classes as a rule are well filled and all are interested and trying to get all they can from each day's work. The advance classes in latin, rhetoric, sciences and mathematics are larger than usual while a less number are in the more elementary studies.

## Winside News:

Mrs. J. P. Marvin and Mrs. J. E. Hayes were notified that their father, Mr. Hollenbeck, residing near Sioux City, was not expected to live, Wednesday. Mrs. Hayes with her daughter left here the same afternoon for her old home, but Mrs. Marvin was unable to go.

Our community was shocked and saddened Monday morning by the knowledge that Mrs. Katie Dimmel, divorced wife of John Dimmel and sister of Frank Weible, both of our town, had been found dead with her baby of a few months, in her little cottage on Main street. People have pitied Mrs. Dimmel for many years and with reason as she was a good and sensitive but very unfortunate woman. The last time she was seen alive was on Thursday and it is presumed that she killed her little daughter and committed suicide on Thursday night or early Friday morning. The baby was found neatly dressed and lying on the bed as if asleep, while the poor mother was beside the bed with a cloth around her neck which was attached to the bedpost. Her burden had become too great for her to bear and sorrow had darkened her mind. Some letters were found in a stove near her body partially burned, a portion of the writing translated from the German, in which language she wrote, is as follows, dated April 24th, 1902: "My sincere and last wish would be my dear children to have next to me in cool mother earth to lay. How long will they suffer here, guiltless creatures? My hearty regards and follow me soon. John Dimmel, I beg of you to give my children a quiet burial. K. D." She was scrupulously honest and left a message to the effect that she owed a small debt at a store here. Her heart was bound up in her children even after she had been thrust out by those who should have dealt tenderly with her, and her separation from them not only broke her heart but made her desperate. Coroner Williams was summoned from Wayne and inquest was held here Monday afternoon, the jury finding that Mrs. Dimmel came to her death by strangulation by her own hands and that wee Martha Dimmel had been murdered by her mother. Funeral services were held Tuesday morning and Mrs. Dimmel and her baby were buried in the Winside cemetery, leaving behind her four daughters and a son who are with their father, and his present wife here.

Gue & Gue have put a handsome partition through the center of their office and rented same to Dr. Scroggs, they taking the office formerly occupied by the Dr.

Eid Cullen and A. M. Averill are arranging to raise their buildings on West Main street about 18 inches, and Mr. Cullen expects to widen the ditch on each side of his property using the dirt to raise the lot occupied by his implement platform. This was necessitated by the overflow that has occurred every time we have had a hard rain.

Ida Trenn of Newcastle is visiting with her sister, Mrs. Doc Lucas, and her brother, William Trenn.

Frank Tracy left here Thursday morning; we presume to get married as the old gentleman was asking everybody who visited the postoffice to have a cigar on Frank.

Vere Carter was called this week, to the employ of the M. & O. road as brakeman. He has been in their waiting list for some time. We doubt if there is another small town in Nebraska that has turned out as many railroad men as Winside in the last five years. Besides Carter there are Harry and Oscar Miller, Ted, George and Lou Moran and Mont Shinn.

Dr. Scroggs is enjoying a visit from his brother Loyd.

## HOSKINS

Jerry Hayes was in town Wednesday. The Monarch stove exhibition is on at the hardware store this week. The work is in charge of Annie Lott, probably a descendant of Lou whose wife turned to salt. Go down to the store if you wish to purchase a stove, as he will with pleasure sell you the whole lot and if there is not enough in the lot he will order a lot more.

A number of people from Hoskins went out to Wolfslagers Wednesday evening to attend a dance.

There is a deputy in the interest of the M. W. A. Lodge at work in this vicinity this week.

A dance at the hall this evening. John Crosby was a guest at the Bell home last Sunday.

Mrs. Bell and Mrs. Bendick were in town Saturday.

Goldie is a son-of-a-gun. Let the Republican tell the story, but we have failed at any time to catch him trying to build himself up by pulling the other Wayne papers down.

## Omaha Markets

Receipts of cattle have continued moderate for past week and prices have ruled about steady on best grades of beef cattle until last two days, when receipts have been quite liberal and prices are off 10c to 15c and 15c to 20c on short-fat and poorer kinds. Fat cows and mixed stock show about the same decline. There has been little "doing" in stockers and feeders and the poorer kind has brought low prices. There is a good demand for the better grades of fleshy feeders. Thin cows and heifers are selling very low.

We quote 1300 lb. to 1500 lb. heaves at \$6.40 to \$6.65; 1050 lb. to 1250 lb. \$6.00 to \$6.40; 900 lb. to 1050, \$5.50 to \$5.95. Fat western hay 40s \$4.00 to \$6.10; choice fat heifers up to \$5.90; calves \$4.50 to \$5.50; poorer kinds down to \$1.75; calves \$3.50 to \$7.00; feeders \$4.50 to \$5.25; stockers \$2.50 to \$4.50.

Hog receipts have been moderate until yesterday and today, when we had 13,000 each day and buyers took off 10c to 20c. Chicago is showing about the same decline there. Prices range from \$6.65 to \$7.15 here.

Sheep receipts fair, with prices higher on fat lambs and lower on wethers. We quote choice lambs \$6.50 to \$7.00, yearlings \$5.70 to \$6.15; ewes \$4.50 to \$5.50.
