The "Florsheim" Shoe. Our Oxfords are different, yet they don't cost any more. The oxfords we are showing this season have created no little talk. "Florsheim" oxfords—extreme, exclusive styles—made just right—shaped to fit perfectly—hug the instep—don't permit the heel to rub up and down. Fine materials—and workmanship—and the way we fit them to your feet. Call and see for yourself. HARRINGTON. THE LEADING CLOTHIER.

Don't Get Side-tracked. Keep on the main line until you have seen the Kuppenheimer patented shape retaining suits. Merchants will try and side-track you by telling you that other clothing is as good as the Kuppenheimer. No other clothing is fully guaranteed to give you satisfaction. It is not all to have a good looking suit, but the question is, will it retain its shape? If you buy your clothing here you will not only get the best looking suit, but the patented shape retaining, which will stay in shape as long as you wear the suit. Every Kuppenheimer suit has a guarantee sewed in the pocket, and you get another suit if it goes wrong. No other clothing has this guarantee. We sell Kuppenheimer suits for less than others ask for suits without the patent shape retainer. Why not have the best? Step in when you can and let us put on one of these suits and explain this new patent. You can see at once the advantage of buying your suits here. Prices are reasonable at \$10 to \$15. Every suit warranted to give satisfaction. Why not stop and look at them? Staley Underwear. The 2 Johns DUTCHESS TROUSERS. WAYNE, NEB.

Wm. Nies' Girl. The following "special" from Pender to the Sioux City Journal of Wednesday will be interesting reading to the friends of "Nies". Nies was disappointed at not getting a letter from his lover induced Miss Mabel Pender, a pretty little waitress in the Palace hotel, at this place, to make an attempt at suicide by taking chloroform this afternoon. She was found lying in her room unconscious, but by the timely aid of two doctors she was brought out from the effects of the drug before it could result fatally. The incident was rendered more dramatic by the sudden appearance of her lover from Omaha, who arrived in time to assure her of his constancy when she recovered from the influence of chloroform.

In the District Court. Court convened Monday afternoon and adjourned last evening. Arrangements were made for an adjourned term to be held May 11th, although there will be no jury cases on that date. One of the principal cases tried was that of S. B. Seave vs Wayne county, Mr. Seave getting a verdict for \$265 for a roadway through his place south of town, on the section nine due south from P. M. Corbit's place. Two years ago the county board laid out this road and a owed Mr. Seave \$975 for the right of way. The plaintiff wanted some \$1400, claiming that the balance of the land was greatly damaged by reason of the road being laid out. The jury awarded him damages of \$265. The case was argued against the county except for the section nine of the land so damaged or the highway. The jury brought in a verdict of \$265. The case was argued once or twice a day some high priced legal talent engaged on it. Mrs. Wilbur & Berry and Ex-Senator Allen J. Madison conducted the case for Mr. Seave. A. J. W. Smith was county attorney for the county. The plaintiff has asked for a new trial and the matter will doubt get to the supreme court.

Another hot one handed Mr. Reese. Wednesday was devoted to hearing the complaints of Hans Rasmussen against Richard Rees, the former asking by his attorneys, Wilbur & Berry for \$1500 damages for an assault defendant made upon him last summer. The jury took the task to their room at nine p. m. and at 11:35 returned a sealed verdict giving Rasmussen \$300 damages. This is considered big damages by parties acquainted with the trouble, a daughter of Rasmussen having gotten a verdict against Rees at the last December term of court for \$1025 over the same thing, and there being still another daughter, Anna Jorgensen, to take a whack at defendant. The who's trouble arose over the Rasmussens riding on Rees' farm and the latter riding a horse to the place and getting into an altercation with the whole family, in which about the whole tribe got a licking at Rees' hands. Tuesday Rees sued Rasmussen for the price of some corn and the jury gave him a verdict for \$12. Rees is a hard working man who has had working men who have had working men through wrestling with him, and all due to a little hot temper.

"The Wayne" National bank vs J. W. and Jennie McGinty and U. J. Northwall, decree for plaintiff in sum of \$482.20, and same for Northwall, on second mortgage, of \$1028.15. George Theodore Meister and Christopher Nelson were each given their neutralization papers. The case at bar yesterday was Beyer Bros. & Co., a cattle commission firm of Omaha, vs M. S. Moats, et al, over the sale of some cattle by Moats for the Omaha people, Mr. Moats having signed note with the purchaser. The jury gave plaintiff a verdict for \$368, the full amount asked for. Anna Jorgensen vs Reese was continued to next regular term, which will give Richard a breathing spell. Mary Waggoner vs Chris Poppenhagen was continued to May 11th. Court adjourned yesterday evening.

Nothing will help the appearance of the streets of Wayne as much as to have all the men wear Hawes hats. It would look like a city. In a card to the DEMOCRAT Pete Bruumels says his new boy crew 2 lb. while he was down here Monday unloading ships with Joe Love and the DEMOCRAT man. You can't expect much of a county newspaper unless the editor wears a Hawes hat. We never expect much of anyone who don't look smart. The Hawes hat gives a smart appearance. A stranger asked us the other day, "What convention is meeting here?" We asked him why. He said "because so many are wearing new hats." We told him The 2 Johns have the Hawes hat agency. That fully explained the matter.

MERGER CASE

Circuit Court of Appeals for Eighth Circuit Gives a Sweeping Decision.

MUST DISSOLVE MERGER

It Is Held to Be in Violation of the Sherman Anti-Trust Statute.

CASE WILL BE APPEALED

Court Discusses the Federal Power to Control Commerce, and Holds That Powers Are Ample Broad to Reach This Case.

St. Paul, Minn., April 10.—The United States circuit court of appeals has handed down a decision in the suit of the United States against the Northern Securities company, enjoining the company from voting the stock of the Northern Pacific and Great Northern railroads.

SUBSTANCE OF ORDER

A decree in favor of the United States will, according to the court, be entered to the following effect: That the stock of the Northern Pacific and Great Northern companies now held by the Securities company be sold to the United States.

CANNOT VOTE STOCKS

Enjoining it from voting such stocks at any meeting of stockholders of said railroads, or exercising or attempting to exercise any control, direct or indirect, over the management of the acts of said company.

MAY RETURN SHARES

Finally, permitting the Securities company to return and transfer to the stockholders of the Northern Pacific and Great Northern any and all shares of stock of those companies which it may have received from such stockholders in exchange for its own stock.

THE COURT'S DISCUSSION

The opinion declares that under the antitrust laws the Securities company acquired control of the Burlington, Northern Pacific and Great Northern interests, parallel and competing lines, and thereby, thus consummated led inevitably to the following result:

MEANING OF TRUST

The court discusses the meaning of the word "trust" in the anti-trust act and says congress was careful to define it in the act.

POWER OF CONGRESS

Congress has the power, the decision says, under the constitution, to regulate commerce and to say that no contract in restraint of commerce, which restrains interstate commerce by shutting off the operations of the general law of competition.

WILL BE APPEALED

New York, April 9.—The Northern Securities case will be appealed.

MORGAN'S VIEW

Ways Will Be Found to Handle the Railroad Situation.

New York, April 11.—Pierpont Morgan said concerning the decision of the Securities case:

ATTACKS GRAIN RATES

Congressman Hull of Iowa says there is no discord in his party in that state. The congressman evidently thinks he's the Hull thing.

A Chicago man has sued a neighbor for \$5,000 damages for having "alienated" his wife's affections. Any woman whose affections can be alienated from a worthy husband ought not to have her affections assessed at more than seven dollars and a half. The best thing a husband can do in such a case is to move away and leave her.—Bixby.

Ex-Governor Savage is going into the sawmill business. He has decided to quit politics and saw wood.—Omaha News.

From general report the governor "saw" something besides wood while chief executive, but if he seen as much as they say he saw, he wouldn't need to saw wood, now, see?

"Ever play Flinch?" asks Will Maupin. "It is a church game. It is played with cards that are not cards. If it required cards that are cards it would be frowned upon by church people, but as it is played with cards that are substitutes for cards it is not a game of cards played with cards that are cards. This may be a little devious, but it is not a bit more so than the logic of the church members who play Flinch and shudders with horror at the mention of 'Old Sledge' or 'High Five.'"

Representative Roberts, like Pope, awoke the other morning to find himself famous. He had been visiting some of the state institutions as a member of an authorized committee and when he returned to Lincoln he filed a receipt for money spent for railroad fare; so he could have the amount returned to him. It was so unusual a thing that lobbyists and members came around to take a second look at him. There have been a plenty of claims filed for mileage by those who travel on passes and pay out nothing or it, but the filing of a receipt for money actually disbursed almost created a sensation.—Bee.

There is a man behind the counter and a man behind the buzz saw and the man behind his son: the man behind the times and the man behind the plowshare and the man behind the fence, and the man behind the whistle and the man behind the bare, and the man behind the kodak and the man behind the cars; the man behind the whiskers and the man behind his fist, and everything behind a thing is entered on the list. But they have skipped another of whom nothing has been said—the fellow who is even or just ahead; who always pays for what he gets and whose bill is always signed—he's a blamed sight more important than the man who is behind, all we newspaper people and the whole commercial clan are indebted for existence to this honest, noble man; he keeps us all in business and his town is never dead—and so you will take your hat off to the man who is ahead.—Ex.

Norfolk is on a boom, according to the Daily News. Well, that much can hardly be said for Wayne, and won't be so long as all our aristocrats do their trading Sioux City and Omaha.

A Terre Haute preacher has taken issue with President Roosevelt on the race suicide problem. He says the one redeeming trait of the devotees of fashionable society is their disinclination to raise children; that the sooner the species becomes extinct the better. And perhaps he is right.

Pa Smith of the Scranton Journal gets off the following on his delinquents: "A subscriber about seven years in arrears was dying. 'How do you feel?' asks the editor. 'All looks bright before me,' gasped the subscriber. 'I thought so,' drawled the editor. 'You'll see—the blaze in about ten minutes.'"

Work on the government building is about to commence, and that on the hospital for the insane will be undertaken in the very near future, beyond a doubt. When both are underway and the other public and private improvements are undertaken Norfolk will put on that condition of hustle and enterprise that has been desired for some years, business will improve, although it has been good for several years, and prosperity will reign. Now is the time to prepare to take advantage of conditions that are certain to develop.—Norfolk News.

Twenty-three years ago when the DEMOCRAT man was a small kid in an Iowa town there was a "beautiful" lady with paint on her face and ice on her heart, who lived within a "high board" fence, and was known as "Madam Wells." Last week there was a nasty shooting scrape up at Norfolk in which Lee Bailey was shot in the back by his wife, and now Joe Love tells the DEMOCRAT that Madam Wells and Mrs. Lee Bailey are one and the same person. You see what comes from living a fast life. If Madam Wells had been a good woman she would never have shot her second or 'steenth husband in the back. She would have talked him to death.

There is a man behind the counter and a man behind the buzz saw and the man behind his son: the man behind the times and the man behind the plowshare and the man behind the fence, and the man behind the whistle and the man behind the bare, and the man behind the kodak and the man behind the cars; the man behind the whiskers and the man behind his fist, and everything behind a thing is entered on the list. But they have skipped another of whom nothing has been said—the fellow who is even or just ahead; who always pays for what he gets and whose bill is always signed—he's a blamed sight more important than the man who is behind, all we newspaper people and the whole commercial clan are indebted for existence to this honest, noble man; he keeps us all in business and his town is never dead—and so you will take your hat off to the man who is ahead.—Ex.

Evolution
In his Milwaukee speech Mr. Roosevelt said that the trusts are "the result of an inevitable process of economic evolution."

Old "Bob" Breckinridge of Kentucky dropped into a church one evening while services were in progress.

In the course of his remarks the clergyman in the pulpit said that "slavery is a divine institution."

The congregation was considerably disturbed to hear "Bob" Breckinridge blurt out from the rear: "And so is hell."—World-Herald.

A Wise Woman
The School Superintendent—Permit me to congratulate you, Miss Cushman. I trust you will give us time to secure your successor?

Miss Cushman (who has fallen heir to half a million)—Why, can't I teach any longer? School Superintendent—Certainly, but I thought possibly you would want to resign.

Miss Navonne Cushman of New Rochelle, N. Y., was surprised to learn the other day that she was heiress to half the estate of an eccentric uncle who died worth a million.

Miss Cushman has been instructor of mathematics in the New Rochelle High school for five years.

When she learned of her good fortune she made up her mind not to resign her position. So that when the superintendent congratulated Miss Cushman and asked for time to select her successor, the teacher said: "Why, can't I teach any longer?"

The teacher could find no reason in the acquisition of a half million dollars for the resignation of labor in which she found great pleasure.

Wise Miss Cushman. She knew money could not take the place of the law of being. The secret of happiness is

"The cleaning of front yards, back yards, alleys and streets is the next thing in order to make Norfolk presentable."—News.

Yes, that will do if you go in for appearances, only, but a little cleaning out of the black-hearted insiders might do the town more good.

If in fifty days the legislature has done nothing of note except to repeal the wolf bounty law and to relieve the railroads from paying taxes, what can the people expect in the next ten days? Warner of the Lyons Mirror will please answer.—Winside Tribune.

EXPECT! Shades of the irony of fate! There is NOTHING to expect and no hope for the people till another election. At the last election the railroads, corporate wealth and the republican schemers won. Many fool people voted for the money power last fall and now let them take their medicine. For the next five years the people will be burdened down with high taxes and still higher freight rates as they never were before.—Lyons Mirror.

Governor Mickey has now signed the appropriation bill for maintenance and salaries of officers and employees at the Norfolk hospital for insane during the next two years. The amount appropriated is \$54,850. The bill was signed Saturday and now the entire amount for the rebuilding of the institution and its maintenance is completely provided for.

The first step to be taken by way of active operations in the rebuilding will be the advertising for bids on plans. After that will come the bids for construction and it may be safely estimated that men will be on the ground within ninety days, putting up the new buildings.

The plan now, it is thought, will be to build on the dormitory scheme, although nothing definite has been arranged.—Norfolk News.

A Kansas farmer writes from Canada, says the Norfolk News, that there is not such a flattering opportunity in that country as many have imagined, and advises his friends and acquaintances to remain where they are. The prices farmers are compelled to advance for the necessities and luxuries of life is one of the most fruitful sources of complaint. When the Kansas and Nebraska farmer is compelled to advance 45 cents for a gallon of kerosene, \$1 for a similar quantity of vinegar, \$165 for self, binders and \$90 for a farm wagon, while articles marked "5 cents" on the package sell for twice the sum and everything else in proportion he is inclined to think that he would prefer the prices that prevail on this side of the line.

Nothing Like Experience
"One truth learned by actual experience does more good than ten experiences one hears about." Tell a man that Chamberlain's Colic, Cholera, and Diarrhoea Remedy will cure cholera morbus, and he will most likely forget it before the end of the day. Let him have a severe attack of that disease, feel that he is about to die, use this remedy, and learn from his own experience how quickly it gives relief and he will remember it all his life. A Most Liberal Offer
All our former readers should take advantage of the unprecedented clubbing offer we this year make, which includes this paper The Iowa Homestead, its Special Farmers' Institute Editions and the Poultry Farmer. These three publications are the best of their class and should be in every farm home. To them we add, for local, county and general news, our own paper, and make the four one year only \$1.25. Never before was so much superior reading matter offered for so small an amount of money. The three papers named, which we club with our own, are well known throughout the West, and command themselves to the reader's favorable attention upon mere mention. The Iowa Homestead is the great agricultural and live stock paper of the west; The Poultry Farmer is the most practical poultry paper for the farmer, while the Special Farmers' Institute Editions are the most practical publications for the promotion of good farming ever published. Take advantage of this great offer, as it will hold good for a short time only. Samples of these papers may be examined by calling at this office.

Congential work. In this world one must work out his happiness. It cannot be idled out, or bought out or coaxed out, simply because we are not built that way.

Success—real success—successful success—is your joy in your work. And success is pleasure, happiness.

You can't get away from the law of compensation which Emerson laid down so well: "What you will have, quoth God—pay the price."

"But if I had that half million I could not teach school."

No?

But you would do something in which you could find real satisfaction. Else you would fail of either success or pleasure. Else you would be discontented, miserable.

That which the old theologians thought to be the primeval curse—labor—is in reality the primeval blessing.—Omaha News.

Three hundred million tons of anthracite coal have been discovered in Pennsylvania. This ought to make the coal barons feel independent enough to raise the price again.

Rosa Woods died at Manchester last week, aged 115. Her longevity is said to be due to the fact that she never acquired the habit of sitting on the floor to pull her stockings on.

A disordered stomach may cause no end of trouble. When the stomach fails to perform its functions the bowels become deranged, the liver and kidneys congested, causing numerous diseases, the most fatal of which are painless and therefore more to be dreaded. The important thing is to restore the stomach and liver to a healthy condition, and for this purpose no better preparation can be used than Chamberlain's Stomach and Liver Tablets. W. S. GOLDIE:
Dear Sir—Seeing I promised to write you when I left Wayne I will now try and scratch you a few lines.
We enjoyed the finest winter I ever seen, with three feet of snow on the level with no drift to wind the it. I have not seen a drift three inches deep. The thermometer ranged from zero to thirty above for two months. It did not get below zero but once and then it was five below. Our sleighing lasted from about the first of December to the middle of March, the finest I ever seen. I came to Waterville about the first of September. About the first of October it began to get colder until about the first of the year then it stayed about as I have mentioned for two months and then it warmed up as it got cold. There are a few patches of snow yet to be seen on the level but the mountains are mostly covered. Seeding has commenced in some localities. The land here in the Big Bend represents Nebraska land very much.
Old settlers tell me we have the best prospect for a crop this year than they have had for some time. They say last year's was the largest crop for years. Land is advancing very fast.
I will tell you what I have been doing the last year. I bought a quarter section of land last April for \$1350. I had \$550 to pay down. I have been offered \$2000 for it. You can see by these figures my investment has paid over 100 per cent. I think at the present price of land here a person can't miss it by investing in land here. If I had more money I would have more land. This country is about like Nebraska was from 1888 to 1890 in land prices. Emigration is coming in here faster than it did in Nebraska twelve years ago. I have had all the work I could do ever since I came to Waterville, at 90c per hour. Wages have advanced to 35 cents for carpenters this spring.
Waterville is a town of about 900 or 1000 inhabitants, ten miles east from Orondo. One coming up Orsibly cannot to Waterville would almost get homesick. It is seven miles, all uphill with rock and cliffs on both sides but when he gets to the top his heart will beat with joy to see the plain of the Big Bend. Waterville has electric lights and waterworks. It has two blocks of business houses and prospects of more.
We are enjoying ourselves and our general health is good as can be expected. Mrs. G. is a little homesick. This is all for this time but will try and write again. We are to have a 95 hbl mill here this summer.

RHEUMATISM CURED AT LAST
Good News For All Who Suffer With Rheumatism, Free.
To all who suffer with Rheumatism I will gladly send free the wonderful story of how my mother was cured after years of suffering, together with the most elaborate treatise on Rheumatism ever published.
No matter what your form of Rheumatism is, whether acute, chronic, muscular, inflammatory, deformed, sciatic, neuralgia, gout, lumbago, etc.—no matter how many doctors have failed in your case—no matter how many so-called "sure cures" you have tried I want you to write to me and let me tell you how my mother was cured.
I am neither doctor nor a professor—simply a plain man of business—but I have a CURE for Rheumatism, and I want to tell everyone who suffers with Rheumatism all about it. I wish to be clearly understood and trust that all who are suffering with this terrible disease however apparently beyond the reach of cure, will write to me this day and I will send you by return mail this work of mine. I appeal especially to the "chronically ill" who are wearied and discouraged with "doctoring" and to those who have been cast aside as "incurable." All you have thought about Rheumatism may be wrong. Let me tell you our experience. Surely if you have Rheumatism, or have a suffering friend, it will pay you to investigate my offer, anyway, and prove for yourself these claims I make.
Send me your address today—a postal card will do—and I will mail you this wonderful story. If you have any friends suffering with Rheumatism no matter where located send me their address, and I will mail them a copy. My address is VICTOR RAINBOLT, Bloomfield, Indiana.

How to Ward off an Attack of Rheumatism
"For years when spring time came on and I went into gardening, I was sure to have an attack of rheumatism and every attack was more severe than the preceding one," says Josie McDonald, of Man, Logan county, West Va. "I tried everything with no relief whatever, until I procured a bottle of Chamberlain's Pain Balm, and before the first bottle was used I felt like a new person. Now I feel that I am cured, but I always keep a bottle of Chamberlain's Pain Balm in the house, and when I feel any symptoms of a return I soon drive it away with one or two applications of this liniment." A Disc Gang Plow

Points to Think About..

BUY A DISC GANG PLOW
1—It will revolutionize the methods of plowing as twine has changed the methods of harvest
2—Pulverizes the ground leaving it in better condition than both mould plow and harrow together.
3—No other disc plow like it. None could be equal to it as patents cover the field.
4—Guaranteed against breakage or wear from defects for one year.
5—Guaranteed to plow hard, dry ground where all others fail.
6—Guaranteed to scour in any soil where any plow will scour.
7—Inter changeable—can convert sulky into double, triple, quadruple, or larger by adding extra section or vice versa.
8—50 to 100 per cent less draft than any other plow made.
9—No side draft—buy a double gang and you will wish it were triple—its draft is so easy.
10—Dealers report, "Sold 21 in thirty days. Never saw plow equal to it." "Sold 26 this fall. Enclosed find order for two car loads for next season."
On exhibition, call and see it. The above are but a few of the good things said of it, we can show you ten times as many more. We sell Osborne Binders, Corn Blenders, Mowers, Rakes, Harrows, and Disc Harrows. Sold two car loads the past season.
About the Osborne Disc
Square axle, extra lock nut, holding discs in position firmly. Beat of frame, steel weight boxes, neat looking and most desirable. Discs of beat tempered steel. Other discs leave an unbroken strip of soil in the center, the Osborne has a spring tooth which tears up this strip—a big thing when you think of it, bigger when you use it.
Our Facilities are the Best
for doing all kinds of iron work, wood work and machine repairing. We carry a fine line of selected hard wood stock and iron in the country has the same facilities to turn out the same class of work in the same satisfactory manner. Our workmen are expert wood workers, blacksmiths, machinists and horsehoopers.
Yours very respectfully,

Puck: This is the Political Arena. See how peaceful and quiet it is. And yet, this is the place where, only a little while ago, William Jennings Bryan, the famous Calumetist and Callithumpianist, was trampled and bucked and snorted at the Welkin echoed and re-echoed with his Tintinnabulatory Clamor.

Where is Mr. Bryan now? He has gone to his story to the horse barns. Who are the horse marines? They are a set of people who have been exact for many years. Then, how can he tell it to them? Oh, Mr. Bryan's tact, too; but he does not know it.

APOTHEOSIS OF THE HASH.
Chicago Women Agree That It Represents the Acme of Economy.
Chicago, March 27.—The acme of economy was expressed by the single word "hash," spoken at the meeting of the Hull House Women's club.

The meeting was devoted to a discussion of "Small Economies," and while some of the women recommended the manufacture of soap pillows out of discarded neckties, and others went so far as to advise the women to shun the remnants of the bargain counter, the most popular cry was for hash.

Mrs. Sarah Jacobs was a staunch advocate of the utilization of what she called "left-over hash." She advised all her hearers to make a careful inspection of the ice chest before each meal to see what might be turned to good account in forms such as conical vegetable pies.

"In buying, use good judgment," she said. "Don't buy anything simply because it is cheap. Shun the bargain counter. In buying food, buy that which is required for nutrition, and for dressing for health, and for use of sprays, medicines and are cheaper. I don't approve of pork, and there is little nutritive value in venison."

"State bread can be toasted, dipped in eggs and milk, and then fried, made into a cottage pudding, or used for dressing for poultry. It may be well and gratefully used for puddings or for breaded chops. If it is soaked it may be made into a vegetable pie."

"Left-over" vegetables may be used in soup. Corn and tomatoes can be warmed over together. A little tomato improves gravy. The hash can be steamed and used as a pudding with sauce.

"Meal which is left over can be used in hash or croquettes, or warmed over with onions and gravy. Hash is perhaps the greatest of all economies. Potatoes can be warmed over in many ways.

Mrs. Gilgenheim advocated "croquettes" as an economical use of hash. "Slices of ham and particularly dry bread have untold possibilities," she said, "and I know a woman who saves all the old neckties and makes sofa pillows out of them."

Mrs. Joseph T. Bowen urged the club-women not to buy pink stationery because it was a waste of money. Her conclusion that they were economizing.

If We're King

JUSTIN HUNTLY M'CARTHY

Louis bade Montjoye proclaim for the first time, and once again the trumpet thundered and once again the cold, calm voice of Montjoye pronounced the term of the king's clemency.

"The silence that followed was swiftly broken by the sweet, clear voice of a girl."

"I will die for him, sire," she said quietly.

"From Villon's lips there came a mighty cry of 'Katherine!' and a faint spot of color rose on the king's cheeks.

"Mistress, we speak to men," he said. "Villon pressed his great hands to his forehead."

"By St. Denis, our women seem to make the best men," he grunted and, facing the king, Mother Villon, straddled by this heavenly interference, left her face white as the hem of the angel lady and the hem of her garment.

"The king made an impatient gesture. 'We speak to men,'" he cried, and gazing passionately at his love, he called to her: "Katherine, my love, for love is deathless and you give me a better thing than life."

"With unmovable persistence," he said, "I claim your promise."

"Louis again denied her: 'I speak to men,'" he said, "our women seem to make the best men."

A Picture of Health.
Kansas City Journal: "I always envy a man who is a perfect animal. See that fine, robust, ruddy fellow standing in front of the hotel? I dare say he never had a sick day in his life. He is the picture of health; can eat and drink anything he likes and never know the difference. Do you happen to know who he is?"

Two Signals.
There are two serious signals of kidney trouble. The first signal comes from the back with a unceremonious pain in the loins. The second signal comes from the kidney secretions; the urine is thin and pale, or too highly colored and showing "brick-dust-like" deposit. Urination is infrequent, too frequent or excessive. You should heed these danger signals before chronic complications set in. Diabetes, Dropsy, Bright's disease, Take Doan's Kidney Pills in time and the cure is simple.

J. F. Wainwright, of the firm of Bones & Wainwright, painters and contractors, Fallsburg, Va., says: "Four years ago I was afflicted with severe attacks of pain in my back, caused from kidney trouble. During these spells I was in such misery from the constant pain and aching that it was almost impossible for me to sleep. My back ached, and it really seemed as if the whole small of my back had given away. At times I also had difficulty with the kidney secretions which were discolored, irregular and scalding, and I was so greatly distressed with headaches and dizziness. I used a number of recommended remedies, but I never found anything so successful as Doan's Kidney Pills. When I heard of them I had an attack and procured a box of them. In a few days the pain and lameness disappeared. The trouble with the kidney secretions was corrected and my system was improved generally. I have every confidence in Doan's Kidney Pills."

A FREE TRIAL of this great kidney cure is being given. Write to J. F. Wainwright will be mailed to any part of the United States on application. Address: Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists. Price 50 cents per box.

Secure a Free Home in the Fertile Wheat Fields of Western Canada.
To the Editor: The emigration of well-to-do farmers from the United States to the Canadian Northwest has assumed such proportions that organized labor is now being made by interested persons and corporations to stem the tide. The efforts are being initiated chiefly by railway and real estate interests in the States from which the bulk of the emigration takes place. The Canadian Government has taken from numerous States thousands of persons whose presence along the railways in these States made business for the transportation companies.

The movement has also become so widely known that the great States of the Union are now being made by interested persons and corporations to stem the tide. The efforts are being initiated chiefly by railway and real estate interests in the States from which the bulk of the emigration takes place.

One of the methods employed by these interests to stem the tide is by the distribution of matter to newspapers, painting Canada in the darkest colors. These articles emanate chiefly from a bureau in St. Louis. They are sent out at frequent intervals for simultaneous publication in the newspapers employed at a high salary to prepare the matter.

Moreover, statements absolutely at variance with the truth have lately been published broadcast. The Ills of Women Act upon the Nerves like a Firebrand.
The relation of woman's nerves and generative organs is very close; consequently nine tenths of the nervous prostration, nervous despondency, "the blues," sleeplessness, and nervous irritability of women arise from some derangement of the organism which makes her a woman. Herein we prove conclusively that Lydia E. Pinkham's Vegetable Compound will quickly relieve all this trouble.

Details of a Severe Case Cured in Eau Claire, Wis.
"DEAR MRS. PINKHAM:—I have been ailing from female trouble for the past five years. About a month ago I was taken with nervous prostration, accompanied at certain times before menstruation with fearful headaches. I read one of your books, and finding many testimonials of the beneficial effects of Lydia E. Pinkham's Vegetable Compound, experienced by lady sufferers, I commenced its use and am happy to state that after using a few bottles I feel like a new woman, strong and vital all over. I am recommending your medicine to many of my friends, and I assure you that you have my hearty thanks for your valuable preparation which has done so much good. I trust all suffering women will use your Vegetable Compound."—Mrs. MINNIE TIERZ, 620 First Ave., Eau Claire, Wis. (May 28, 1901).

Nothing will relieve this distressing condition so surely as Lydia E. Pinkham's Vegetable Compound; it soothes, strengthens, heals and tones up the delicate female organism. It is a positive cure for all kinds of female complaints; that bearing down feeling, backache, displacement of the womb, inflammation of the ovaries, and is invaluable during the change of life, all of which may help to cause nervous prostration.

..BAYER SISTERS..

BY DAD.

A country lady went into the Davies book store one day this week, when Sam was doing the clerking, and pulling out a piece of paper, asked Sam for half a pint of whiskey. "Do you want it for medicinal or benevolent purposes?" inquired Sam, meaning to be funny and intending to say "medicinal" instead of "mechanical." "I want to use it for medicine," explained the would-be purchaser. And then Sam explained that she had gotten in the wrong store, and taking her to the door he pointed out the 2 John's establishment, where, he told her she could procure the whiskey.

And by the way, some of us could sleep better if some other people would keep their mouths shut while they are awake.

The old man "Dad" of the Cherokee Democrat says: "When the head of the average Cherokee family goes down town to buy his grocery, he is at a loss as to what a breakfast food to send home. Between 'Shredded Shingles,' 'Ground Cobo' and 'Sawdust Nutta' the old man is liable to get a trifle nutty himself. In the good old times of baked beans, hulled corn and mush and milk there was no stuffing the bill of fare with salted shavings."

A business man of the town tells a good story on a religious and highly cultured old lady of the city. The family had just sat down to dinner when a mysterious member of the household laid a copy of the DEMOCRAT down where the old lady's arms rested while offering up a blessing. After this form had been complied with the by dad column of the paper caught grandma's eye and nothing was heard from her until dinner was half over. When told that it was the naughty DEMOCRAT she was reading she fainted dead away and a physician had to be summoned to bring her back—to by dad land.

A physician declares that people who sleep with their mouths shut live the longest. No doubt. It is a good idea to sleep with the eyes shut also.

A good education is a good thing, but if you haven't got it wear a Hawes hat and no one will know it.

New Tailor Shop FOR WAYNE

Believing that the people of Wayne county will patronize a new enterprise that is strictly up-to-date, we have made arrangements with ED. V. PRICE of Chicago to do our cutting and designing. It is now generally conceded that Ed. V. Price is the most successful tailor in Chicago, making clothing to measure. For more than twenty years we had a tailor shop in connection with our store, but we had to give way to the improved and up-to-date way of making men's clothing. The old way of making suits to order is too slow and expensive for the present generation. Styles change too quick and it makes it too expensive to dress in style and have your suits made by a tailor the old way. Ed. V. Price has a system that never fails to fit a customer if the measure is taken by an experienced tailor. We have the experience in taking measures and you take no chances in leaving your measure with us. If you are not pleased with any suit we make for you, you will please us by saying so and the suit will be returned. Now don't get this mixed up with the book business that so many have, but try the new way of conducting an up-to-date tailor shop. Our samples are large enough to see the goods plainly. Our prices are reasonable, from \$15 to \$25. If we fail to please you don't take the suit. Give this new enterprise a trial if you want a suit made to order.

Winside News:

(From the Tribune)
Mrs. Cooper and daughter, who are here from Colorado, are the guests of Mrs. Chapin, visited in Wayne today.
E. R. Gurney went to Laurel Tuesday and came home yesterday being called there by the death of his friend H. A. Ankerly.
Mrs. Dr. Scroggs left yesterday for Troy, N. Y., where she will remain this summer visiting with relatives and friends in her old home.
Mr. and Mrs. George Colbert came down last Sunday from their new home near Hoskins and found everybody in Winside well pleased to see them again.
Mrs. Notsaine received a dispatch Friday morning that her daughter Della at Mason City, Iowa, was sick and started for that point on the train.
Elmer Lundquist of the Merchants State Bank of Carroll had charge of the bank here a day or two this week during the absence of President Gurney and Cashier McClusky.
Wyle McClusky started for Denhoff Monday where he will put in the summer improving his valuable claim.
Frank Weible and L. S. Needham started for Holt county Tuesday night after some sheep Frank lately purchased at Atkinson. They will bring home 300 head with them about this summer.
Mr. and Mrs. A. M. Averill got back from their California trip Tuesday night looking as if they had greatly enjoyed it. Doc says he had a great time fishing and that the whole trip was a season of pleasure.
Willie Olds came home from Wayne last Monday having graduated with honors from the college. We congratulate this young man on having acquired something far better than mere wealth and expect some day to hear good news of a lawyer and a legislator.
Letters from Sidney Price say that he and Frank are well pleased with their investment in Canada and that they are fast improving their section of land.

A. H. Carter has succeeded in getting Mrs. Olmstead of Wayne, one of the best nurses in the state to help care for his wife. Mrs. Carter is no better we are sorry to say. A party is forming to go to Oregon and Washington the first part of May. Those who are thinking of going to that part of the west this summer had better get ready and go with this crowd.

The Tribune cordially congratulates Mr. and Mrs. Henry Pockrandt on the safe arrival Tuesday morning of another olive branch of the female variety. If Henry keeps on he will have a family that even Koosevelt could be proud of.

Yesterday morning the slaughter house belonging to Andy Hupp burned down and with it a beef killed the night before, a lot of hides, and a quantity of tallow and all the tools belonging to that part of the business.

We understand that Gust Bleist is thinking seriously of erecting a building 24x60 on his east lot and renting it to John Nicholls for a room. The building is to be brick, vaulted and will be a very important addition to that part of the street.

Curtis Benschoff got to monkeying around in Mundy's store the other day and landed in the cellar by the short route. As a natural consequence he is limping around as if something had happened to his leg.
Frank Sines will start for California to-morrow and if suited will locate there permanently. The Tribune is promised letters from him so that our readers will be kept posted on the country he visits.

HOSKINS

The firemen's hall was a decided success both socially and financially. About 500 tickets were sold.
Frank Phillips, second man with the E & B lumber Co., has got home to stay.
J. F. Crosby was at Winside over Sunday to be with his sister, Mrs. Carter.

Gus Schroeder shipped three cars of fat cattle to Omaha Tuesday and one Wednesday.

John Shannon was in Hoskins Wednesday night.
There were parties in town Thursday looking for a location for a lumber yard.
Mrs. Ludwig Ziener was at Wayne Tuesday.

Mrs. Harvey Mettlen of Bloomfield visited at the Central hotel last week.
Mrs. Kahl has given up her millinery to the Benzers.

Miss Ollie Elliott spent Sunday at her home in Winside.
Mrs. Simon of Winside furnished music for the firemen's hall Monday evening.
Bob Sieder was in town from Norfolk, Wednesday.

COLLEGE NOTES.

Mr. James of Carroll visited his daughter Wednesday. He took dinner at the college.
Miss Bridenbaugh of Dakota (city spent Saturday with college friends. She was a member of last year's class.
Mr. Jones of Platte, S. D., was a visitor over Tuesday night. He was a student here four years ago.

Miss O'Connor of Geddes, S. D., enrolled in college this week. This makes our list from that county to seven students.

The presiding elder, Dr. Sisson, was entertained by Prof. and Mrs. Pile Saturday evening and Sunday. He made a pleasant visit.

A large chorus class has been organized by Miss Ludwig. We expect splendid improvement along the line of vocal music under her direction.

Those who have had the students' socials in charge will understand that these entertainments are for students, ex-students and invited visitors only.

Several new students are enrolled this week and others will be in next Monday. Our present enrollment is larger than last year at the close of the spring term.

Miss Moore of Bart county, Miss Carroll of Stanton county, Mr. Dye of Madison county, Miss Brockman of Antelope county, Mr. Schock of Cuming county are late arrivals.

Mr. W. E. Sweeney of last year's class has given up his school at Marienburg and gone to Yellow Stone Park where he has a position under the government in connection with Park improvements.

Prof. Wolfe has been doing some artistic pen work and has placed several samples in the commercial room. His work with both pen and crayon is very fine. Some of the students are starting similar work.

The classes in botany and agriculture are experimenting with growing beans, flowers and other things which are proving full of interest as well as of information. Both classes are large and composed of strong students.

The basket ball teams are engaging in some apple-putting and will prove strong in their games than last year. The base ball team is likewise starting practice and will soon be in shape for a strong game.

Contrary to expectations, classes have to begin at 7:30 and continue until 3:30. An effort was made to work in all classes between 8 and 4:30 but it was not possible. If the college building contained about three or four more recitation rooms, the program could be arranged to better advantage.

CARROLL NEWS

Rev. John Merrill preached two splendid sermons in Carroll Tuesday and Wednesday evening of this week.

Atty. F. A. Berry was in our town Thursday. The railroad company layed off one of their men here, expect they were getting too poor to afford him, but the road needs several extra men to get it in any condition soon.

Mr. Hank Billiter is putting up a fine residence. Olmsted, Hancock, Taylor and F. Bailey are building it for him and Chas. Bailey and Dow Love are doing the painting.

Help seems very scarce around here. There has been several inquiring for hands this week.

The Marshall Bros. of Arlington are making their spring delivery of trees and shrubs and plants, and they are nice ones. Mr. Hitchcock of Wayne, their agent, is making the delivery here.

Mr. LaCroix this week put in a well for Mr. Bailey on the lots he purchased of M. E. Jones. We understand he is going to put up a residence right away.

Mr. D. M. Davis had a well put down this week. LaCroix and Cobman did the work.

Mr. Wm. Francis and Mr. Porterfield were in our town this building.

T. J. McKay is building a hotbed to start sweet potatoes and other plants for early planting.

James Evans made a business trip to Wayne this week.

W. J. Porter is building a nice little barn just southeast of his large livery barn. Olmsted and Hancock are the contractors.

A couple of farmers near Carroll, inside the corporation, had a little difficulty in regard to their line fences and the sheriff had to go out and divide them down to the county seat to settle the affair. We hear the trial was put off.

John Ottie got four horses hitched to a disc down in the mud this week but no damage was done.

We hear that Chas. Bailey and Dow Love have gone into the buggy business.

The oil tank men started for Carroll and got stuck in the mud. Geo. LaCroix and Tom Hennessy had to go and pull them out with the block and tackle, pulling it some 60 feet before getting it out. The boys left it here until Monday.
