

Fay Payne and Mrs. Donnel Are Married

The "license to wed" column in the Sioux City Tribune Wednesday evening yielded the information that Baxter F. Payne and Mrs. Nora Donnel, each aged 30 years, had been granted permission to get married, and the ceremony was pulled off in the evening. Tom Fritts says he saw the couple Wednesday afternoon and they were supremely happy and gleefully anticipating the evening performance. The announcement is not much of a surprise to Wayne "I-told-you-so's," as it appears to have been generally known. The DEMOCRAT wishes the newly wed a realization of all they hope for and then some. May their "pains" be all little ones.

The farmers are doing a big weeding business. There never was any better weather for that important business.

Young Mr. Ellis has been under the weather but is now convalescing.

There will be a few cherries in this section of the country notwithstanding the great damage suffered from the sleet storm in the late spring.

Another Wreck

The east-bound freight had a bad fall-out a mile and a half west of Winside Wednesday afternoon at 1:30. The passenger was just behind it and the branch train went up and brought the passengers and mail on through to Emerson. The freight was rounding a curve when the conductor saw, from the cupola of the caboose, the dirt begin to fly about the middle of the train, and before the brakes could be set the cars began to stand on end causing the conductor to hastily unload himself, as he put it. Three cars were ditched and it took until ten o'clock Wednesday night to get the track clear.

It will be a "hot one"—the log rolling picnic.

The Seven-day Adventist west of Roe's butcher shop, stirred up quite a commotion Tuesday evening. The gentleman has been roasting the Catholic church instead of preaching his own feeble faith. On this particular occasion a strapping big Irishman who has never had cause to feel bad about his nationality or creed, walked in and took a seat in the tent; the preacher (?) stopped short in his tirade and asked the newcomer if there was something he wanted. This opened the way for a little argument in which, contrary to the usual result, the man on the platform got somewhat floored.

L. F. Rayburn and the Misses Anna and Blanch Weaver were called to Wakefield Thursday on account of the sudden death of H. U. Wiseman, a son-in-law of Isaac Weaver. Mr. Wiseman was a big robust man about 30 years of age. He had some difficulty with his hearing and was told by Sioux City physicians that he must have an operation or the growth in his head would kill him. They cut it out and the patient was so sick when he got back to Wakefield he was unable to go to his farm and was taken to his father-in-law's where he died Wednesday night. The funeral will be held tomorrow morning at ten o'clock from the Wakefield M. E. church, Rev. Johnson officiating.

COLLEGE NOTES.

Prof King of Albion was a college visitor Friday.

Supr Kern while here last week took an evening to look over the college.

State Supr Fowler addressed the students at chapel Wednesday morning. All were pleased to see him with us.

Mr W E Miller of Cedar county spent Tuesday and Wednesday visiting the college. He was a student here three years ago and graduated from the Scientific course in '98.

Rev Dawson conducted chapel Friday morning and addressed the students briefly. Many new students met him and were kindly invited to attend the Sunday services.

Rev Birrell addressed the students Sunday afternoon at the union meeting of the Y W C A and Y M C A. All enjoyed his talk and would be pleased to have him come often. We like to meet the pastors of all the churches.

At the meeting of the graduating classes Monday evening, it was decided to get caps and gowns for the commencement exercises. Programs were selected and various committees appointed to complete arrangements for the week. The ball team returned Sunday after a to day trip up the Fairfax line. The boys played nine games and lost two of the nine. Some strong league teams were met but the boys outplayed the best of them. All are busy making up class work and will not play for a few days.

Prof F M Harding of Sioux City spent Saturday at the college. He was a classmate of Prof Pile in 1881. They afterwards taught in the same Normal School in Michigan. Mr. Harding has been teaching in the Sioux City High school for several years. He gives up teaching to engage in other business and enjoys the change.

Prof Dilworth will give a concert at the Court House Saturday evening to which the public is invited. The Court Room is more convenient for the public than the chapel and it is hoped many will attend and enjoy an evening of splendid music.

Tennis grounds are being prepared so students can have more exercise. With the base ball grounds, the basket ball grounds and the tennis, the students can find sufficient recreation after the day's work. An hour spent in such games is a positive gain to the hard-working student.

Each teacher reports strong work in all the classes. A more earnest body of students have never been enrolled than those now in attendance. The classes are well filled and some are extra large. This is especially true of the didactics, agriculture and the review classes in the various branches.

22 new students enrolled Monday and several are expected Saturday and next Monday. The actual attendance now is 358 and it is expected the total enrollment for the term will be near 450. All are well pleased with the work and will aid in securing a good attendance this fall. No doubt, a large enrollment this fall will result from the earnest work being done this summer.

The State Superintendent was pleased with the work of the college as well as the general arrangements and care of the students. He authorized the announcement that after this year all who graduated from the prescribed teachers' and scientific courses would be given state certificates. This will have a tendency to bring us more students.

The State Journal says that if you listen you can hear the voice of J. Pierpont Morgan as he goes through life's wilderness crying, "That's mine," and the DEMOCRAT presumes that when J. Pierpont gets to hell he'll claim all the fire, too; and the "administration" will let him take it while the poor devils freeze to death.

"If you want strong lungs and a bounding appetite don't lie in bed after sunrise. A few cubic yards of pure, morning air is better than a tubful of cod liver oil and whiskey," sings Poet Bixby. That sounds well on paper but most of us like to take a few cubic yards of fresh air while taking a morning snooze, and it's healthier than making your day's work sixteen hours long.

Judge Good of the district court at Seward, Neb., held, in a case appealed from the county court of that county, that the law requiring solicitors to take out a license, was contrary to the interstate commerce law, and void. Three persons were arrested who were taking orders for a Chicago house. The complaint was filed and case prosecuted by the Business men's association. The decision was handed down on the 4 inst.

Hartington Herald, (rep.): Considerable opposition to the candidacy of J. B. Barnes for the nomination for supreme judge is developing among the republican papers in this part of the state. The Herald has felt all along that if Mr. Barnes is the best timber the republicans of North Platte country have to offer the delegates might better pass it up and go into the state convention with the aim in view of assisting to nominate a man who would add dignity and strength to the supreme bench and be free from domination by any special interest. J. B. Barnes does not fill the bill.

President Roosevelt is a lucky man, remarks the Sioux City Tribune.

Carrie Nation, who was in town this morning says he went through Kansas violating the laws of the state, running a dive and doing other disreputable things, and that if she had not been laid flat on her back with illness when he came to Topeka she would have gone to his car and smashed everything in it if she had had to die for it the next minute.

"Just think of it," said Mrs. Nation, "The President of the United States going through a prohibition state with his car full of bad, vile liquor. He ought to have been jailed and his car smashed to pieces. But he's a republican, and, you know, the republican party and the saloon are twins. The republican party started the saloon in America. It did it just because during the civil war the country was running out of funds and put on a high license to the liquor traffic to raise money. They said it was only temporary, but, ah, it is going yet and will be going so long as the republican party has the running of things.

"If Abe Lincoln had not been shot he would have done away with the bad law. But he was shot and there has never been such a man at the head of the party since him. All the remainder have been friends and supporters of whiskey."

The Kansas woman heaved a deep sigh as she thought of it.

A Great Short-horn Herd
Lori Baer, the herd bull at the head of the registered Short-horns owned by Geo. E. Ward, cost the owner \$5,100. He is said to be one of the three greatest Short-horn sires in America.

His owner claims that he is the greatest, inasmuch as he is said to be a better breeder than the other two, and is of about the same quality. Mr. Ward's entire herd, said to be one of the best in America, will be dispersed at public auction on June 25 and 26 at LeMars, Ia. Several stockmen of this vicinity will be in attendance at the sale.

"The Rest of the United States"
In his testimony before the interstate commerce commission "Trustee" Baer said: "I doubt if the state of Pennsylvania will allow her great corporations and her coal fields to be spoiled for the good of the rest of the United States."

Mr. Baer will perhaps be surprised if someone should express the opinion that it may be doubted whether "the rest of the United States" will allow itself to be "spoiled for the good of the great corporations of Pennsylvania."

To be sure, "the rest of the United States" has somewhat

tamely submitted to these impositions in the past; but there are some reasons for believing that patience, in this respect, is no longer regarded as a virtue.—World-Herald.

"Land of Eden"
Do you know that we have some of the best bargains in lands in Oklahoma, where land is cheap, where one crop pays for the land, where fruits grow to perfection, where fuel is cheap, where the winters are mild and the summers long, where cattle run all winter without extra feed, where nature has delit out riches with a lavish hand.

Excursion rates will be given June 16. You can go down with us then and see this "Land of Eden."

Call in and see us and get our prices, etc. We shall be pleased to see you and give you all the information at hand.

We won't get "Red Headed" if you don't come, but come anyway.

If you can't come, write and we will send you literature free and be pleased to do so.

WE ALL DRINK Schlitz THE BEER THAT MADE MILWAUKEE FAMOUS

In the Schlitz brewery you will find a plate glass room. In it are cooling pipes, over which the hot beer drips. Above it is an air filter, and no air comes into this room save through that filter. No germs can reach beer handled with such rare caution. But after the beer is aged, we filter it, then bottle and seal it, then sterilize every bottle.

We take triple precautions because beer is a saccharine product. Impurities multiply if they get into it. There is no grade between absolute purity and utter impurity. Every bottle of Schlitz is absolutely pure, and purity is healthfulness. Your physician knows—ask him.

Bryan's Fourth
The Fairview Jefferson club will hold an old-fashioned Fourth of July celebration at Fairview this year. The readers of The Commoner will remember that Fairview is the name given to Mr. Bryan's home and is situated about four miles southeast of Lincoln. The exercises will be held in a grove close to the street car line and about a quarter of a mile from Mr. Bryan's residence.

Mayor Tom L. Johnson of Cleveland, O., Col. Richard S. Wynne of Ft. Worth, Tex., and Dr. Howard S. Taylor of Chicago will deliver addresses. Professor Hagenow's band will furnish music for the occasion and a choir selected from The Commoner office force will lead in the singing of patriotic airs.

The celebration of the anniversary of the nation's birth has in to many places degenerated into a day of sport for the people and into a day of money-making for merchants.

The Fairview Jefferson club desires to return to the simplicity and sincerity of the earlier day celebrations when the people were wont to gather together on such a day to renew acquaintances, exchange opinions, sing together inspiring songs, hear the Declaration of Independence read and listen to the discussions of questions affecting the national welfare. The club is fortunate in being able to secure the attendance of the distinguished citizens whose names are mentioned above. Of Tom L. Johnson it is not necessary to speak. His able and courageous defense of the interests of the masses has earned for him his position of leadership of the Ohio democracy, and he is using that leadership to bring about public reforms. Col. Wynne is one of the most prominent lawyers of Texas, an orator of note and a citizen of high ideals. Dr. Taylor is city attorney of Chicago under Mayor Harrison, and is not only an able speaker, but is so accomplished a writer of verse that he has been dubbed poet laureate of the Chicago platform democracy. All are cordially invited.—Commoner.

Be Careful of the Children
In this day of Sanitation, when we
are sterilizing milk and various foods
we use, filtering the water, using germ
proof brooms, sanitary clothing,
plumbing, heating, etc., you should
investigate your refrigerator. Never
before in the history of the world has
there been such precautions taken
against microbes and bacteria as at the
present time. Did you ever stop to
think that you have, perhaps, over-
looked your refrigerator; all the food,
the very substance that enables you to
exist, passes through the refrigerator?
Then why do you keep your food in
that poisonous, corroded, zinc-lined
refrigerator, that is lurking with mi-
crobes and disease? Children form
the most delicate thermometer of
health. Being more delicate, having
less strength, they show quickly the
evil effects of any cause. Milk, the
baby's food, should be kept only in an
absolutely pure and clean place if we
expect baby to keep well. We should
respect hygienic truth for baby's sake,
even though we do not for ourselves.

Many persons (perhaps you) have a mistaken idea in regard to Spectacle
Lenses. They think glasses are to increase visual power. This is true when
you buy merchandise but when you come to me it is a far different proposition.
I correct the refractive trouble which stops the light and saves the nerve
forces and they are allowed to go into their proper channels. Refractive
trouble of the eye is the cause of a large per cent of headache, nervousness,
red-inflamed lids, dizziness, crossed eyes, itching, burning lids, spots floating
before vision, abnormal growths called Pterygia, loss of memory, inability
to see distant objects distinctly, pains running from base of brain down spinal
column, convulsions which precede menstrual period, adhesion of lids to eye-
ball, stomach trouble called dyspepsia, crossed eyes, etc.
Spectacle lenses are my only therapeutic. The letters below are samples
of thousands which I have upon file.
This is my twentieth year as an Eye Specialist, ten years of this time in
Sioux City. My patients number into the thousands for a radius of four hun-
dred miles around.

ALEXANDRIA, S. D., March 20, 1903.

DR. J. C. CLARK, Sioux City, Iowa.

Dear Sir: Last June when we sent our daughter to Sioux City to consult
you, we were discouraged in regard to her health. She had never matured as
a girl of her age should and was weak and nervous, suffering continually from
headache, stomach trouble and in fact was an invalid the whole time. She was
unable to attend school and was very despondent. From the very first day she
began to wear glasses you made her see better and she began to get better and is now in
perfect health, attending school and doing nicely. She has not taken a drop
of medicine since treating with you and has followed your instructions. You
can use this letter if you wish. Yours truly,
Mrs. J. J. McCORMICK.

A letter from the young lady says: "I am perfectly well now. I am going
to school and getting along fine. I stand the highest in my class, and I owe it
all to you and the glasses, and I can never thank you enough for what you
have done for me."
MISS JOSIE McCORMICK.

This young lady was 17 years old and looked like an unhealthy child of 12
in size, and in her face she looked to be very aged. The exhaustion of nerve
force caused by eye strain took all her vitality, and left nothing for maturing
of body and mind.
Mrs. M. D. Chance of Wayne, says: "My daughter had nervous prostration.
We had doctored with medicine and did all in our power for her without benefit.
Dr. Clark fitted her with glasses and she at once began to get better.
Her nervousness is all gone. She goes to school and studies music now and is
doing nicely. Before she got the glasses we had to take her from school and
stop her study of music."
Magnet, Neb., Dr. Clark: "I am very much pleased with results of your
treatment of my little girl's eyes. The glasses you fitted for her have done
ALL and more than you claimed they would do. She never looks cross-eyed
now and her eyes do not trouble her in school now as they used to do."
Magnet, Neb., January 7, 1899. Mrs. W. PRESTON.

This little girl was very cross eyed. Mrs. Preston was for many years a
teacher in the public schools.

To Make the City Wells
Frank Hood has taken the contract
to put down thirty wells for the city
for a lump sum of \$2700. The holes
will all be adjacent to the power house
and as accessible by the present ma-
chinery for pumping. It appears "on
the surface" as though the town was
"going in the hole" a good deal, but
then it's a deep proposition, one that
takes lots of sand to put a Ho'd on
water the result will be.

Got a Nasty Fall
While going home west of Roe &
Fornier's shop, Tuesday evening,
having a bucket of milk in each hand,
Ted Perry stepped on a loose board
and pitched violently forward on
his face, receiving some bad bruises.
The sidewalk is fronting the Fisher
property and practically has not been
in decent repair for years, being full
of holes and loose boards. The same
might be said of the whole walk from
the butcher shop to E. J. Nangle's
residence, and also on the opposite
side of the street, fronting the Fuller
property. At the latter place there
has been a big hole in the walk for the
past eighteen months and not the
slightest attempt to bridge it over,
although two or three conclusions
traverse the walk daily. Editor Mc-
Neal occupies the premises and oc-
casionally jacks up other people for
their negligence in this respect but he
can't see the mote in his own eye.

Why We Celebrate

Every man, woman and child should celebrate the 4th of July. Did you ever stop to think that only the disobedient ever accomplish anything worth celebrating. If your forefathers had obeyed the laws of England we would never have had this grand republic. Only the brave who step out of existing conditions and dare to do right as they see the right, ever accomplish anything that their ancestors ever feel like celebrating. If they succeed we call them great and if they fail we call them cranks. If you are buying clothing like your grandfather bought; and the same way, step out of the old way and be brave enough to make this store a visit and your children will celebrate the day you first bought clothing of us. If your father buys clothing at a dry goods store, and if you will be brave enough to step out of that old way and face us you will gain a victory that you will feel like celebrating. If you have always traded at a certain store because you like the man that runs the store, be brave once and try this new up-to-date store and you will not only feel like celebrating the Fourth, but you will save enough on one suit to celebrate with. Most of you were brave enough to leave home and come to Nebraska and you are not sorry you did it. If you will be brave enough to try a store where goods are bought and sold for cash and everything is up to date you will not be sorry for trading here. Wayne will have a big time the 3rd and 4th and you will enjoy yourself if you buy your clothing here. Everything here is up-to-date and prices lower than elsewhere. Why not try us?

MARCUS KROGER. FRED BENSHOOF.

BY DAD.

The girls of Norfolk have gone to giving "proposal parties." The introduction of the fad in Wayne society might greatly assist the bashful young men. Throw out the life line, girls.

Now that Fred Volpp has gone away it's a good time to relate a little story. Rollie James tells of the portly butcher. An aristocratic lady of the town called on Fred for some beef heart and when told by the man of many titles that they had none in the shop, she asked, "well, can't you give me something that will make a good substitute for beef heart?" Fred scratched his head a moment and then replied, "why not try beef and beans?" "Beef and beans," remarked his patron: "I fail to see how they would make beef heart." "No, madam, they wouldn't exactly," retorted Fred, but they would be—beef heart tomorrow."

Alton Democrat: A lawyer charges a man ten dollars for ten minutes conversation—the man insists on paying it. A doctor charges one dollar for a prescription and the patient says "Oh phaw—is that enough!" An undertaker conducts a funeral and charges \$100 and he is just perfectly lovely with everybody inside and outside the family. A man buys a gold brick and apologizes for not having bitten them. An editor walks a mile in the hot sun to get the fact of a death or wedding or social function and spends three hours in writing it up and tells lies and praises people up till he hates himself. Then if he makes an insignificant omission or error or charges five cents straight for three extra papers he is a stingy, careless good-for-nothing cuss who never gets anything right and charges four times the price of city papers twice as large. In short he is a confounded most-awful thing and ought to be run out of town. Talk about the ice man! How would you like to run a newspaper?

Karageorgevitch was elected king of Serbia yesterday, and will wear the crown of the king who was shot, or chopped to pieces with an axe, or carved up with a butcher knife. The people don't seem to karadamavitch way it happened.

"Olive Plants and Polished Palaces" was the principal discourse in last week's Carroll Index, probably the first thing Editor Lundberg set up after getting married.

There is a multitude of elsy young men running around loose, who act as though they would feel more perfectly at home in petticoats than pants.—Exchange.

"That's what worries the 'old man,' the way these young roosters feel at home in petticoats.

The "apple bug" is the latest thing, and it promises to rival the kissing bug. It is partial to low shoes and open work hoisery, but it cannot be said that it exhibits good taste. When you see a young woman bust up one heel and dig into her ankle you may know she has 'em.

A Yale professor says the earth is good for 2,000,000 years yet. That depends on who gets it when Morgan has to give it up.

The Fremont Tribune plays a trump card when it commends the consistency of the Presbyterian assembly in denouncing Senator Smoot as being a polygamist when they had no knowledge that he was such, and at the same session changing the order of things hereafter so that the babies could go to heaven instead of hell. If there is any class of people on God's green earth that needs the conceit and egotism poked out of them it is these same self-righteous, "more holy than thou" Presbyterians, of which arrogant body, by dad, I am compelled to be a member by previous term of servitude.

You may fool some of the people part of the time and all of the people some of the time, but I haven't been in the liquor business twenty years, too long to try to fool all of the people all of the time. Come and see me when you want liquors no matter whether "wholesale" or "retail," you'll get better goods for less money.

Library Notes

The Library Committee met Tuesday p. m. in the library room.

The Library opened four months ago. It was found that during that time fifteen hundred ninety seven loans had been made. The Reader's list now numbers three hundred twelve.

This certainly is most gratifying to the friends of the movement. It was feared that the interest might wane, during the summer months, but such is not the case. New readers are enrolling every week.

There are now six hundred ninety six books in the Library. A new lot will be purchased soon. It has been suggested that any that wish to send in a list of books he or she would like to see purchased. This will enable the committee to please a number otherwise could not.

Omaha Markets

Monday brought the heaviest cattle receipts of the year followed by nearly 7000 Tuesday, and the market was hammered to a finish, showing a decline of fully 30 to 50c. Wednesday only brought 2300 but with pens all full from previous receipts market was slow and dragging. There is no evidence as yet that the supply in the country is becoming exhausted.

We quote choice beef steers \$4 65 to \$5 00, fair \$4 40 to \$4 60, framed up \$4 00 to \$4 35; choice cows and heifers \$3 35 to \$4 50, fair to good \$3 35 to \$3 75, canners and cutters \$2 25 to \$3 25. Good light stockers and feeders are selling at \$4 00 to \$4 40, fair \$3 75 to \$3 90, stockers heifers \$3 15 to \$3 40. Bulls 3 00 to \$4 25; veal \$5 00 to \$6 25.

Hog receipts heavy; Market nearly steady. Range \$5 25 to \$6 10.

Sleep receipts light; Market unevenly slow.

CARROLL NEWS

Mr Bassford seems to have found the ideal country and will move there. It is in Montana.

The boys seem to be in a hurry to celebrate the 4th this year, as you can hear the firecrackers almost all the time.

The blacksmiths say the disc plow work and corn plow work is about over but the farmers say it has just fairly begun.

There is a young lady in our town who says the sweetest thing she ever smelt was a little puppy's breath. How is that, by dad.

There was an extra coach carried up today preparatory for the excursion tomorrow.

From the way the railroad unloaded freight at the depot today they will soon have to have a larger platform to hold it.

Miss Leona Merrill has gone to Wayne to attend school.

The weather is fine this week and the town is almost deserted as everybody is busy killing weeds.

The Capital TAKES THE LEAD

Please call and see for yourself. Don't buy until you are satisfied that you are right and we are right. When entering my place please take a peep at my cigar case, where you will find the best brands in the city. Then take a look at my whisky case where you can see the best stock of goods in Northeast Nebraska. Then turn 'round and gaze upon the cheapest and best assortment of California wines in the state. Then 'go way back and sit down'—in the sample room; take a nip of all the goods there is and ask the prices as you test the superior grades. Then come up to the bar and take a "Tin Roof" (on the house.) Then is the time to buy—if you are right:

Short-horn Dispersion Sale

The dispersion sale of a great herd of registered short-horn cattle will take place at LeMars, Iowa, on June 15 and 16. Many of the cows in this herd are of the best imported stock, costing upwards of \$1,000. The imported sire at the head of the herd cost \$5,100. He is known as Lord Balfour, and is owned by Geo. E. Ward of Hawarden, Iowa. Mr. Ward has spent much money and years of labor in building up this great herd. He is loath to part with it but conflicting interests requiring his time and attention compels him to sell. The sale will be looked forward to by all lovers of good cattle.
