

## We Say

That the genuine **Round Oak** made by Beckwith, Dowagiac, is the best fitted and most carefully made heating stove known in our country. We know its equal is not yet on earth.

They are recognized everywhere as the most economical, most perfect stoves made.

You'll see them at our store.

We also sell the **Sunburst Peninsular Base Burner.** Have you seen it? Call in.

**TERWILLIGER BROTHERS.**

## Still on Deck

During the past 60 days we have closed out at or below cost an immense stock of goods. When our closing out sale commenced we had a big double store room chock full of general merchandise. So successful have been our efforts that now we have removed the balance of the goods into the south store room where the sale—at half prices—will continue uninterrupted until it has all been disposed of.

The people who have patronized us the past two months are our best advertisers. We are closing out this stock of merchandise at a ruinously low price—to those doing business on a profit. Much of our winter stock of clothing, jackets, shoes and dry goods, is still unsold, and during the next few weeks we intend to make it decidedly interesting for buyers. Watch for our "double-cut" price list next week.

### Where is Surber?

That has been the interrogation point on most everybody's lips for the past two weeks. Mr. Surber left the town three weeks ago today, going by train to Wakefield, as he said, on a land deal. That is the last seen of E. R. so far as anybody can learn, and the DEMOCRAT understands his wife is much worried over his unexplainable absence. All kinds of stories are afloat about Mr. Surber but the DEMOCRAT refuses to take any stock in them until there is something more tangible than bare rumor. Mrs. Surber and baby have moved to the home of her parents, Mr. and Mrs. Jas. Bush, John Kate taking the Surber house, which we understand is now the property of Mr. Bush. Surber appears to have had some financial reverses, and the most probable story is that he has gone to the home of his parents in Missouri.

Bonesteel is going to have another "railroad excursion" on October 15th. These excursions are the "warmest ever."

Plainville fire bugs got in their work in good shape early Monday morning, a whole block of the principal business houses go up in smoke. Three fires were started simultaneously.

Not one person in a thousand knows how to pronounce "charivari"—Bixby.

Thehell! Ask some one of the thousand who has been a victim.

Plenty of It There

Norfolk News: There may be nothing but prejudice to lead the feeling, but there are unquestionably a lot of Americans who would like to see Bulgaria jump into Turkey and whale her out of her.

William Gordon, land man of Sioux City, has an "ad" in this week's paper. The DEMOCRAT man has known Mr. Gordon something like twenty years and can guarantee a "square deal" to anyone doing business with him—if he is an Englishman—like ourselves—and has some "corners" on him.

An Irish undertaker was laying out the deceased husband of a weeping Hibernian widow. The corpse wore a wig, and it was very difficult to induce it to stay on straight, as wigs always ought to do, even if they don't. The bereaved widow was called in to assist. "Go an' git me a pot of glue, Mrs. McGovern," said the undertaker, "so that I may keep this wig where it belongs." She set out after the sticking material and after a time she returned. Here is the glue for ye," she said with a sigh. "You can take it back, my dear," said the undertaker. "The difficulty is fixed. I used a tack."

That report about the attempted kidnapping of Gov. Mickey's daughter must be a mistake. Why didn't they steal that remarkable son, or don't robbers know that Mickey can't dance to their music?

The corn doctor who was in Wayne all last week struck a

hard proposition in Norfolk, according to the News. The doctor was telling a crowd in a saloon all about "corns" and, as the News puts it:

Grasping the microscope in a tragic way, the doctor held it above his hand. "That," he exclaimed, "that is my hand." Then he paused for artistic effect.

"You think, perchance, that you observe that hand by means of the opvdi, vici. And now I can convince you, also. You perceive, my fellowmen, by the brain, and the eye is merely an auxiliary to it."

Then he stopped. He turned to the proprietor and with a glare that was dramatic to a degree, declared, "Light! What, sir, is light?"

Without a smile or a sign of mirth playing upon his facial features, Harry Ledor replied, very calmly, "Business, sir. Business is d—n light."

And the doctor bought the drinks.

Vote for H. H. Moses for county judge.

A young man of Norfolk was fined \$15 Monday for three shots—at quail—or three dead birds. Wayne Youths at Norfolk always figure about that much—per shot.

Some Wayne republicans are so optimistic as to believe that Judge Moses will defeat Judge Hunter for the office of county judge. However, the general consensus of opinion is that Mr. Hunter has the "pull," especially among a certain class of democrats. As a matter of fact there is no reason why any democrat in Wayne county should vote for Mr. Hunter unless he blushes for being a democrat. If there is any "yellow dog," "traitor" or "copper-head" living on the face of the earth, it is a democrat, according to E. Hunter's way of thinking. No other citizen of Wayne county can compare with our present county judge in abuse of democrats in general. Why any democrat should cast a vote for Mr. Hunter is incomprehensible. Enough republicans in the county are going to vote for Judge Moses to insure his election—providing the democrats vote likewise. Be honest with your party for once. Give a bitter partisan a dose of his own medicine by voting for your own party candidate. Barring this contentation Judge Moses is head and shoulders above the republican candidate in points of fitness for the place.

A Very Remarkable Remedy

"It is with a good deal of pleasure and satisfaction that I recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Druggist A. W. Sawtelle, of Hartford, Conn. "Recently a gentleman came into my store so overcome with colic pains that he sank at once to the floor. I gave him a dose of this remedy which helped him. I repeated the dose and in fifteen minutes he left my store smilingly informing me that he felt as well as ever." For sale by all druggists.

It Refuses to Support Barnes

Some hide-bound partisans have ventured to criticize the Times for declaring in favor of Judge Sullivan. They seem to think that it is the business of a newspaper to servilely applaud whatever the party in convention with whom the editor individually affiliates in its wisdom or folly may see fit to do. But the Times has never been a yellow dog journal. It has always maintained its own self respect and it has tried to show a decent respect for the intelligence of its readers. Why shouldn't we support Judge Sullivan? He was six years on the bench of this district and has been almost six years on the Supreme bench. Nothing is alleged against him and nothing is brought forward in especial favor of his opponent. Every lawyer in this district, whatever may be his politics, will promptly allow that the district never had a better judge; and it is just as freely conceded all around that the state never had a more satisfactory judge of the Supreme Court. Why then, in the sacred name of common sense, should we advocate a change in the membership of the highest court? No reason has been given except that Judge Barnes is a good republican. We do not question his republicanism, but we do seriously question the wisdom of republican politicians who are trying to put him on the bench. If the attempt is successful, it will, in our humble judgment, be a bad thing for the state and a worse thing for the republican party. You can't, under the most favorable conditions, fool the people very long; and it is a published policy that contemplates fooling them at all. Judge Sullivan was twice elected judge of this district by republican votes. When he was candidate for supreme judge seven hundred republicans in this district laid politics aside and gave him their support. These republicans did not make any mistake and they know it. They are intelligent men and an appeal to them to "vote 'er straight" because Judge Barnes is a good, loyal republican would be as futile as it would be foolish. When it comes to electing judges there is, after all, a good deal of sanity in politics; and the sooner the politicians come to recognize this fact the better it will be for them. In advocating the election of Judge Sullivan we are doing precisely what the most influential republican paper in this district did when the judge was a candidate for the district bench. What the Fremont Tribune did twelve years ago the Times may certainly do now without giving any one cause for questioning its editor's devotion to republican principles.—Columbus Times.

MILLIONAIRES' POOR STOMACH.

The worn-out stomach of the overfed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer for want of the tonic which restores the appetite and rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 25c; regular size 75c.

Chamberlain's Cough Remedy

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by all druggists.

The Barnes Campaign

The "David City People's Banner," has some very harsh things to say concerning the World-Herald. The World-Herald is grieved because of these unkind thrusts and yet it freely and fully forgives the editor of the David City republican paper for all of his harsh utterances.

It may not be out of place, however, to refer to, perhaps the one material statement made by the "David City People's Banner!" That paper, referring to Mr. Barnes says: "Not a word was uttered against his ability or honesty until the World-Herald announced that he had been selected by the railroads as 'our candidate' for supreme judge."

While the World-Herald is very willing to forgive and forget when republican papers break over their "high plane" campaign, and say harsh things, these republican editors must not imagine that the World-Herald will permit them to misrepresent the record. When this David City republican paper says that "not a word was uttered against Mr. Barnes' ability or honesty until the World-Herald announced that he had been selected by the railroads as 'our candidate' for supreme judge," that paper simply reveals either its ignorance or its willingness to overlook some very pertinent facts.

Years ago when Mr. Barnes was a candidate for judge of the district court, a correspondent for the Omaha Bee, writing from Cedar county, said: "Wherever the name of Barnes was suggested as a successor to himself for judicial honors, the coming fall, it was met with decided opposition which evinces that the people of Cedar county have not forgotten Barnes' duplicity in the case of the C. C. & B. H. R. R. with this county; and she may be expected to send her delegates to the convention instructed for any man to beat Barnes, to which your correspondent utters a hearty amen."

In the month of May, 1903, the Hartington Herald, the Dakota City Eagle and the South Sioux City (Neb.) Record, every one of them republican papers, uttered not only "one word," but several words tending to raise serious question as to Mr. Barnes' honesty; and they uttered these words in protest against such a man being given the republican nomination for judge of the supreme court.

The Lincoln News, which is the evening edition of June 18, said that Mr. Barnes had been chosen by the railroad lobby to be the candidate for judge of the supreme court.

It is a bit impudent, therefore, for a republican editor to assail the World-Herald simply because this newspaper has printed the plain truth with respect to Mr. Barnes and yet let it be clearly understood that the World-Herald has not printed the entire truth.

Perhaps the editor of the David City republican paper is simply ignorant. Perhaps he does not know that while the thing which the World-Herald has charged against Mr. Barnes ought to be sufficient to deprive him of the vote of every man who desires that our courts shall be free from corporation domination, the charges preferred against Mr. Barnes by at least three republican newspapers printed in the vicinity of Mr. Barnes' own home were of such a nature that Mr. Barnes could not command the vote of any self-respecting man to whom the proof of those charges were presented.

The World-Herald prefers to make this campaign upon the good report Judge Sullivan has made. It feels justified, also, in pointing to the testimony of the evening edition of one of Nebraska's leading republican organs to the effect that Mr. Barnes was chosen as the republican nominee by the railroad lobby.

This newspaper has not been deceived by the republican pretense that republican leaders are anxious to fight this campaign

on "a high plane." All the time republican leaders have been pleading and begging with men of influence in the democratic party for quarter for Mr. Barnes, the railroad candidate for judge of the supreme court; they have been sending out emissaries into the byways and the highways of Nebraska, telling half a truth here, presenting direct misrepresentations there; seeking to create prejudice among one class of people by presenting one of Judge Sullivan's opinions in one way, and endeavoring to arouse prejudice among another class of people by presenting the same opinion in a wholly different way.

Unquestionably the republican plan of campaign is for some of their newspapers to pretend to be anxious for "high plane" methods, while agents of the republican state committee and republican officeholders are sent over the state to disseminate falsehoods and misrepresentations that will not bear statement by a responsible authority.

And all this hypocrisy and insincerity is shown, and all these falsehoods and misrepresentations are related, in behalf of a man who owes his nomination to be judge of the supreme court not because of his ability as a lawyer, not because of his virtues as a citizen, but to the simple and disgraceful fact that he was picked by the railroad lobby of this state because the railroad managers knew that with Barnes as judge of the court of the last resort, the corporations could implicitly rely upon his decisions being "theright way."

Wayne, Nebraska, Sept. 16th, 1903.

To the TAXPAYERS OF WAYNE COUNTY, NEBRASKA:

The new Revenue Law which went into effect makes it compulsory with the County Treasurer to collect all personal taxes, before the 1st day of February, following the year for which they are levied.

You will therefore read the following, which is Section No. 154 of said New Revenue Law enacted by the last Legislature:

Section 154.—The County Treasurer is hereby required, during the month of December of each year after the personal taxes for the year have become delinquent, to notify all persons of the amount of their delinquent personal tax, and that unless the same is paid by February first next following, distress warrant will be issued therefor. The treasurer shall, on and after the first day of January next after the personal taxes for the last preceding year have become delinquent, collect the same, together with interest and cost of collection, by distress and sale of personal property belonging to the person against whom levied in the manner provided by law for levy and sale of personal property on execution. Distress warrants shall be issued against all persons having delinquent personal tax for the year 1903 and 1902, and against all persons of the amount of their delinquent personal taxes of the year 1902, and each such warrant shall include all delinquent personal taxes of the person against whom issued, unless such person shall, on or before February 1st file with the Treasurer an affidavit that he is unable, by reason of poverty, to pay any such taxes, in which case distress warrants shall not issue until ordered by the county board.

I would therefore ask all people who were assessed by their respective assessors, for any personal property last spring, to call at the office in the months of November and pay the said personal tax, or if not convenient for you to call, write for statement, which will be sent you on application.

Hoping that you may assist me in the enforcement of this law without resorting to execution.

I beg to remain most respectfully yours,

FRED VOLPE, County Treasurer.

## BY DAD.

"Let's go up to the church and fool 'em all," said A. J. Ferguson, about two o'clock Tuesday. Now, just imagine the colonel fooling anybody—at church.

Mac has been more than scratching around, the past ten days, with the merchants, it being his "clean up." The merchants seemed to appreciate the opportunity and the Herald press was very busy. You can take this item about four different ways, just to suit your taste.

John Kate says he could hear just as good as anybody for a whole week, and the privileges afforded bored him to death. While at Audubon his old friends were all delighted with the revelation, declaring "John, you're not half so deaf as you used to be." "That's what comes of living in Nebraska. But then, 'not as deaf as he used to be?'" Wonder what kind of shouting trumpets they have over in Audubon?

Pat O'Connell says a Dutchman put it all over him the other day. Pat watched the d. m. scrapping up a pile of refuse out of a horse barn, and capably remarked "trying to pile up enough of that stuff to make a 'dutchman'?" "Yes," laconically replied the hostler, "I did think of making an Irishman but I can't find manure enough."

Jack Dalton of the Manson, (Iowa) Democrat, says: "According to a new edict, issued by the American Association of Dancing Masters, the new 'holl' in round dances is to be modified. This is refreshing news to those who do their hugging, honeying and loving-up in private and do not attempt to exploit their asinine affection on the public dancing floor. There has been altogether too much of this public hugging done in Manson and people who are content to look their love and not allow it to take expression; in a bear-and-man wrestling act will now please take different 'holts' when the orches-

tra strikes up a sad, sobbing, sighing waltz or a "dabbling-I-am-yours-for-ever" two-step. The young man who thinks he can act the contortologist and still remain in the upper ten set and the girl who thinks she can do a hoochie-coochie while dancing a round dance and still be classed among the real, cute critters, will find that in the future she is not dancing according to etiquette, and this, if nothing else, will compel her to dance with decorum. At any rate, it is hoped that the new order of the dancing masters will keep a whole lot of would-be swells from making damn fools of themselves.

The latest: There was a young girl from Siam Who said to her lover named Pigeon, To kiss me of course you will have to "use force," And Lord knows you are stronger than I am.

A reader of the Verdell Outlook wrote the paper: "Mr. Wamberg, I don't consider that I owe you \$100, as I told you I didn't want the paper and I will not pay you for it neither." To which "Mr. Wamberg" tactfully replies: "We will however not divulge his name, but its too killing to be alive."

"Shaw suspected of treason to Roosevelt," is the topic of the dillies. How could a crafty statesman like Shaw be in politics and not be guilty of a little thing like "treason to Roosevelt?"

The time has passed for open work hosiery, but open work cranberry pies are much in favor.

I notice in the advertisements where one woman has written Lydia Pinkham that she and her husband had been married nine years and had never had any children and now they have a little girl nineteen months old who owes her existence to Lydia's vegetable compound—Cherokee Democra. That equals the testimonial of a Kansas man, who wrote: "My wife was nervous, irritable and driven to desperation so that nobody could sleep with her. After taking one bottle of your vegetable compound I find that anybody can sleep with her."

If the labor unions are permitted to run every man's business where unions exist, why shouldn't they run Uncle Sam's business at Washington? Uncle Sam can stand it, while other employers can not.

A Chicago university professor has discovered a chemical that will double men's stature—if they take enough of it. That professor ought to put some of it in his brain. It might grow a little.

Now that the oyster has appeared on the menu card again it might be well for lovers of the succulent bivalve to eat them cooked. The theorists claim that the oyster is a vehicle for the transportation of typhoid germs, but, of course, the germs cannot hurt you if they are cooked. If you will persist in calling for a "plate of raws," take a drink of Wayne whisky before and after. It will give typhoid germs quick consumption.

Here are some vagrant verses which I think I have published before, but they are good enough to be kept in mind or in the scrap book:

In speaking of a person's faults  
Pray don't forget your own;  
Remember those with "homes of glass  
Should seldom throw a stone,"  
If we have nothing else to do  
But talk of those who sin,  
'Tis better we should think of home,  
And from that point begin.  
We have no right to judge a man  
Until he's fairly tried;  
Should we not like his company,  
We know the world is wide.  
Some may have faults—ah who has no?  
The old as well as young.  
Perhaps we may, for aught we know,  
Have fifty to their one.  
I'll tell you of a better plan,  
And find it works quite well:  
I try my own defects to cure,  
Before of others tell.  
And, though I sometimes hope to be  
No worse than some I know,  
My own shortcomings bid me let  
The faults of others go.  
Then let us all, when we commence  
To slander friend or foe,  
Think of the harm that one may do  
To those we little know.  
Remember curses sometimes, like  
Our chickens, roost at home;  
Don't speak of other faults until  
We have none of our own.

Our new contemporary gets off the following flattering notice of the local pencil pushers: The long, lean literary triumvirate—good word though perhaps improperly used—presiding over the local papers, will determine the question of adiosse veneer carried by each as soon as delicately adjusted apothecary scales may be had. We are a trio that suggests coffin varnish, the tolling bell, the last and wiles, the city of marble shafts, but we will appear less melancholy as the poverty wears off.

Peterson and Berry yesterday got the contract to put in a big furnace for a new \$14000 Lutheran church at Wausa, and that in competition with the local dealers up there. They also secured the contract for a new furnace in the Catholic church here.

Wm. Wholer was a visitor yesterday from the south county line.

Mrs. W. J. Weatherholt and children returned to Norfolk Sunday evening after a week's visit with her parents.

Mrs. John Foster visited a couple of days last week with Mr. Burbank's folks at Norfolk.

Mrs. Ludwig Ziemer was a passenger to Wayne one day last week.

E. Cunningham was here Tuesday to cry the sale of Otto Wantoch and remained in town overnight, the guest of M. I. Dending, et.

Mrs. Cline and Mrs. John Ziemer went to Oklahoma last Saturday to visit relatives.

Mr. Wm. Zutz and Mrs. R. G. Rohrke and children left here Monday evening for Hot Springs, South Dakota, for a stay of several weeks, hoping to benefit Mrs. R's health.

Mrs. Koch, who visited here with her sister Mrs. Kuhl, returned to her home at Hartington last Friday.

Dr. Grunwald left for his home in Louisville, Ky., last Friday and it was understood that he would not return, but news was received this week that he had changed his mind. He now concludes Nebraska is good enough for him. Rumor has it that when he returns a Mrs. Dr. Grunwald will accompany him. This will be very satisfactory to Hoskins people as the doctor's ability as a physician has been proven beyond a doubt during his stay with us.

Chas. Reynolds was in town Tuesday to meet his old friends and we have no doubt while here made plenty of new ones.

Mrs. Westvelt has returned to her home here.

Geo and Louisa Haag went to South Dakota this week.

The Herald last week urged the people to listen to no tale of woe. The only tale of woe we have heard this fall was too blunt to be interesting, and if he means to hit Chas Reynolds he is off as Charley or his friends are not putting up such a tale, but the ballots election day will tell a tale of right and justice in electing a county clerk or we are no judge of Wayne county people.

Chas. Beebe was in town Thursday. Say, but he is a fine looking young athlete. Looks and walks as if he had a mortgage on all the health under the sun. We do not know just what his business was in this part of the county but hope he was electioneering for Charley Reynolds.

Editor McNeal used quite a bit of the valuable space in the Herald last week telling us now Jack Cherry climbed a tree to get away from a wild steer. We see Jack with his usual good judgment, did the only thing in sight to do under the circumstances, and we are glad to see that he can climb if he has to, but he will have no use to demonstrate his agility this fall as his friends, who legion, will just naturally boost him into the office of treasurer of Wayne county and once there don't ever think that bank or beast will tree Jack.
