

THE NEBRASKA DEMOCRAT.

ESTABLISHED 1884.

WAYNE, WAYNE COUNTY, NEB., FEB. 26, 1904.

\$1 PER YEAR

FIRE AT THE 2 JOHNS

We have just completed our invoice for last year and we find that this business has been very successful. We made more money than we expected, and as it is impossible for us to return to each the amount they ought to have, we will reduce the price this year, so that each will get the amount justly due them. We will not die rich. We do not believe it is right to rob this generation and give it to the next. We charged you a little too much last year, and we will give it back this year with interest. Isn't that fair? Our prices are universally lower than others ask. We would not know what to do with the money if we charged as much as other stores. We thank everyone for the liberal patronage given us during the past year, and we promise to do much better by you this year than last. **WHAT ABOUT THE FIRE?** We told you in our last week's ad. that we were going to get rid of all odds and ends and out-of-date goods in this store, and if we could not sell them at some price we would burn them. We will commence this sale Saturday February 27th, and continue it for two weeks if goods last that long, and if we can not sell these goods we will quit buying coal. If you want good goods but out of style, here is a chance to get them cheap. If you can find your size among the odds and ends, you can buy good goods right in style at less than wholesale prices. Every article is marked at the price we sold it at, and you can buy it at

One-Half Price

<p>Mens' and Boys' Caps</p> <p>A large assortment of Caps, some in style, and odds and ends. It will pay you to buy these caps, even if you don't need a cap this winter; prices were 25c to \$1.00; now at half price.</p>	<p>Mens Stiff Bosom Dress Shirts</p> <p>We have 200 Mens' colored stiff bosom shirts. These shirts are in style, but as so many want soft bosoms we will sell out the entire lot at one-half price. Here is a chance to get shirts at half price that are in style and first class; price was \$1.00 and 50c; now at 50c and 37½.</p>	<p>Men's and Boys' Hats.</p> <p>We have quite a number of hats that are broken in sizes, and some out of style. If you are not particular about the style, you can secure a hat that will wear you all summer at a bargain; price was 50c to \$3.00; now at half price.</p>
<p>Mens Suits.</p> <p>We have some fine dress suits in Cutaway, Frock and Black. These suits are in style, but not so much worn as sack. We have them from \$10.00 to \$22.00 and will be sold at one-half price. Good for church or party. All first class black worsted. These goods are bargains.</p>		<p>Boys and Childrens Suits.</p> <p>We have all styles and quite a number of broken sizes. Some of them are slightly damaged, having been in the window. If you need a suit for your boy here is a chance to get a good one for everyday wear at a special bargain. Price was \$1.50 to \$6.00; now at half price.</p>
<p>Mens and Boys Shoes</p> <p>We have not many shoes that are out of style, but what we have must be sold or they will be used instead of coal. If we have the size you want, you can buy them cheap, as they are marked low, and half price makes them special bargains.</p>	<p>Over Coats and Fur Coats 20 Per Cent Off</p> <p>We will sell Fur Coats and Overcoats during this sale at 20 per cent off. Quite a number have been waiting to buy a fur coat cheap, and as we have a nice selection yet, here is your chance. It will pay you to buy an overcoat even if you do not need it before next winter. 20 per cent is a big saving on a fur coat, and as they go up every year, you are safe to buy them now.</p>	<p>Neck Wear</p> <p>We have a swell line of this class of goods, and all up to date, but too much of it. To reduce the stock we will sell some of it at half price. Was 25 and 50c; now half price.</p>

If you want any of these bargains, we think you had better come at once, as we believe there will not be much left for us to burn at the end of two weeks. We will not have room for the large stock we bought for spring unless we get these odds and ends out of the way, and we will make room. Price cuts no figure with us when we want room, Come in and look at real bargains.

Wonder if radium can make the hens lay? If it can, the price asked for it may be considered more reasonable.

Charley McLeod of Stanton, son-in-law of E. R. Chace, will be the republican nominee for state representative. Mr. McLeod is a decidedly bright and well-liked gentleman but his politics, if they are of the Dietrich-Mickey—railroad stripe, are a top abominable for—a democrat you are at, Charley; perhaps we need a somebody in Wayne county who can knock your Leod off.

The Cherokee (Iowa) Democrat has it figured out that the reason we get so much fake war news is because 1000 words from Japan by wire costs \$505, and that much money in this county will hire expert liars to furnish a million words.

Mark Murray, the tuner of the Pender Times, says: Congressman McCarthy has introduced a bill in congress providing for a \$40,000 postoffice building at Wayne. Some of the enthusiastic fellows over at that town imagine the "introducing" act guarantees the building. They will know more later.

General Alexandrovsky has given official notice that Russia will be too busy to participatsky in the St. Louis expositionsksy.

The World-Herald would like very much to have the republicans nominate Mayor Frank E. Moores of Omaha for governor, because, as the W-H says, he is the real thing in the "goodfellow department." There is a well-grounded suspicion that the W-H has other reasons for wanting to rid Omaha of Mr. Moores.

The DEMOCRAT gets it from a reliable republican source that the stockmen and stock shippers of Nebraska are making a quiet but aggressive campaign to have a log "pull" on the next state legislative body, looking to a drastic correction of the offensive position of imposition of the railroads regarding stock passes. Other states have introduced measures compelling railroads to either furnish the shipper transportation or else make the road responsible for any loss or damage. Local stockmen claim that is a rank imposition upon the part of the roads to charge the present excessive freight rates, refuse to furnish round-trip transportation to the shipper, and also make the stockman stand any loss on stock caused by the negligence of the railroads, hence their attempt to curry favor with the coming state legislature. It looks, to to the DEMOCRAT, as though the next body of lawmakers of Nebraska would have more grief than the man with seven boils on his place of rest. Bryan wants to control it; the railroads practically own it; and now comes the cattle men to buck the cow-catcher off the track.

In an article written for the Saturday Evening Post, Grover Cleveland says:

"Our fighting forces will respond listlessly and falteringly if summoned to a third defeat in a strange cause; but if they hear the rallying call of true democracy, they will gather for the battle with old time enthusiasm and courage."

To this the World-Herald comments as follows: If one would picture a "listless and faltering" response to a political summons, let him recall the extraordinary enthusiasm displayed by the men who followed Bryan in 1896 and 1900.

Do we not remember that these men were deeply in earnest because they understood that the banner they followed stood for something and that the candidate they supported would fulfill every pledge that he had made?

Do we not remember how, on the election night of 1896 and also on that of 1900, strong men and fair women wept when they were told that Bryan had been defeated?

The trouble with the so-called organizers is that they cannot appreciate the fact that in the campaigns of 1896 and 1900 the democracy of this country went through a great educational process. They should know that in those campaigns, although many democrats were not hopeful as to victory, there was no listlessness and there was no faltering. They seem, however, to be unable to grasp the fact that the enthusiasm displayed in those two campaigns was due to the confidence democrats had in the integrity and seriousness of their cause.

Today Mr. Cleveland, repre-

senting those who deserted the party in 1896 and 1900, pleads that the party avoid "a listless and faltering campaign" in the year 1904. If one would understand what the listless and faltering response to a so-called democratic summons would be, let him imagine, if he may, the millions of earnest, determined and enthusiastic democrats who followed Bryan in 1896 and in 1900 lined up in support of a man who believes as Grover Cleveland does in the year 1904. Human imagination is capable of great accomplishment and yet we seriously doubt if anyone would be able to present before his mind's eye the picture of the earnestness and the enthusiasm that was displayed during two presidential campaigns "in Bryan's cause" transferred to the cause of such a man as Grover Cleveland, even though he were the party nominee.

"Listless and faltering," say you, Mr. Cleveland, would be the democratic response to the summons to what you call "a third defeat" in 1904? For the purpose of opening eyes which, like yours, seem completely blinded it might be well if we could have a demonstration of the fact. Imagine, if you can, democrats who in 1896 and 1900 were enthusiastic over American principles as we learned them from the fathers and cheered every mention of the name of the democratic leader in those campaigns undertaking the gigantic effort to sincerely support the half baked republican policies of Grover Cleveland and to cheer the name of a candidate who would represent everything in government which Cleveland represents—and there you would have "a listless and faltering campaign," for however loyal to the ticket democrats might be,

every tribute to the candidate would be given with a sigh and every cheer for the principles would be smothered by a sob.

The Dakota City Herald is one of the few republican papers that are in favor of giving Governor Mickey a second term. Mickey isn't the democratic choice but the republican party has a lot of very much worse men who long to "dance" where Mickey has marbled.

C. W. Hubbard has sold the Allen News plant to E. E. Shackelford, a former owner. Mr. Shackelford intended to start the second paper in Allen, and as the town is hardly big enough to support one Editor Hubbard snot out. Shack will have to hustle a little harder than he ever has before to get out the neat and newswy a paper as Hubbard has been publishing.

Miss Gannon, Sec'y Detroit Amateur Art Association, tells young women what to do to avoid pain and suffering caused by female troubles.

"DEAR MRS. PINKHAM:—I can conscientiously recommend Lydia E. Pinkham's Vegetable Compound to those of my sisters suffering with female weakness and the troubles which so often befall women. I suffered for months with general weakness, and felt so weary that I had hard work to keep up. I had shooting pains, and was utterly miserable. In my distress I was advised to use Lydia E. Pinkham's Vegetable Compound, and it was a red letter day to me when I took the first dose, for at that time my restoration began. In six weeks I was a changed woman, perfectly well in every respect. I felt so glad and happy that I want all women who suffer to get well as I did."

When one considers that Miss Gannon's letter is only one of the countless hundreds which we continually publish in the newspapers of this country, the great virtue of Mrs. Pinkham's medicine must be admitted by all.

Noun vs. Adjective. From the London Chronicle: The current debasement of the language, of which mention was made recently by respondent, needs to be stayed by occasional protests. One of our education committees are being called by many quarters "educational" committees. This false refinement, reminding one of the common inscription "monumental mason," which should be "monument mason," is not the artifice who is instrumental. Compare "numerical printer" for "number printer." People prefer to use a noun as an adjective, or wrongly prefer the adjective as more elegant. "War office" and "India office" are correct expressions, better than "military" or "Indian office," whilst "naval office" is not so good as "colonies office," would be.

Why She Rejected Him. Judge. "Faded. Eighty—Oh, yes; I loved a girl, once, but she gave me the shake. She had a heart of stone. Torn (Thompson)—Wot kind of stone? Faded (Pain)—Souperston. She said I didn't wash often enough."

FRAUDS IN A BALE OF HAY. Frauds in Watch Cases. According to an article in the Cleveland Commoner, a fifty-one pound bale of watch cases was found to contain a bale of hay of eighty pounds.

These cases are made by companies who profess to be honest but furnish the means to the dishonest to rob the public. It is not pleasant for anyone to find that he has bought a watch described as a solid gold watch, and find it is a cheap imitation. Another trick of the watch maker is to advertise a watch described as a solid gold watch, and find it is a cheap imitation. HUSBAND AND WIFE The Way to a Man's Heart—The Matrimonial Manner—How to Be Agreeable Though Married. A Series of Plain Talks on the Art of Being Agreeable. By ADELAIDE GORDON, Author of 'Correct Social Usage' Copyright, 1903, by the New York Society of Self Culture. All rights reserved.

More than ever have we heard of late on the topic of what makes for matrimonial happiness or unhappiness, and I have an opportunity to advise you on the subject of allowing the familiarity of married life to breed contempt. Because you are your husband's husband, do not presume to take liberties with him further than you would with a dear, trusted friend. Do not intrude on his privacy. Encourage his confidence, but never force it, and when you receive it, respect it.

The Way to a Man's Heart. I always have had a reverence for the delicate and good sense and delicacy displayed by the wife who doesn't talk over her husband, his ways and his weaknesses, but who respects his friends. Many an insignificant rift in the conjugal life has been exaggerated into a chasm by the wife's unwise and unbecoming vulgarity of telling tales out of school. By foolish and meddlesome advisers and intimates she has been induced to do more than she should do.

The Matrimonial Manner. Now should a fearful wife or a noisy husband, who is not a good counsellor, I would at once recommend the quest of the matrimonial manner. That is the first essential to a happy marriage and there is nothing heroic or difficult about it. It is made up of little, easy sayings and doings and facial expressions.

The Angry Tree. There has been discovered in the northwestern Idaho a species of the acacia tree, which is entitled to be classed as one of the "angry" plants of life. It grows to a height of about eight feet, and when full grown closes its leaves together in coils each day at sunset and opens them at sunrise. The tree is very sensitive to frost, and when the foliage is touched by the slightest frost, it becomes the shaking of the branches, and the tree is left in a state of collapse.

The Jewel Mansion. Broccoli, in the possession of the Morris-Jumel mansion into the custody of the city is a most satisfactory circumstance. The building of the old hall of records would have been a disaster, and the city would have been a great deal better off without it.

Hardened. From the Cleveland Leader. Singleton—Was in old Jison's office today when the collector called with his wife's dressmaker bill, and he looked over it and never uttered a word. Doubtless—Then nothing but electricity will shock him.

WAYNE WINS CLOSE MATCH.

Nebraska Bowlers Defeat Locals By Margin of 8 Pins.

One of the most exciting and closely contested bowling matches in Sioux City for some time was played last night on Hugh Sweeney's alleys, between a picked team from the Sioux City bowling league and a team from Wayne, Neb.

The latter won by the narrow margin of eight pins, but it took the last frame to tell the tale.

Wayne bowled a total of 2,414 pins, while the home team only secured 2,406. Phifer, of the visitors, rolled the highest score—220 pins—and McCabe carried off second honors with 181 pins.

It was nip and tuck from the very start and it was impossible to tell which team would win until almost the last ball was thrown in the final game.

The Sioux City aggregation was fortunate enough to land the first game, winning by the narrow margin of one pin.

The local team also took the second game, with 11 to its advantage.

At the close of the second game the hopes of the home team rose high, although it was realized that some tall bowling would have to be done.

In the middle of the third game the Wayne team had made up the difference and was fast forging ahead.

At this stage of the game players of either team were anxiously scanning the score board, and making a mental calculation as to which team would win out.

Until the last frame was bowled the result of the game was in doubt. The scores follow:

The Presbyterian church in Waterloo is experiencing a wonderful revival along every branch of Sunday school work.

They have a most peculiar habit in that school. The Courier says that Superintendent Schulz says they have a general weeding out once a year, at which time they determine how many pupils there are whose church membership is elsewhere, or whose parents are members elsewhere, and then they insist upon it that the pupils return to their own church.

This is a Sunday school story almost too good to be true. The methods are vastly different from those of the average Sunday school managers when competition becomes keen.

The Silver Anniversary. By M. S. ENGLERT

Long years have past since I was young It's well for you to know, Our eyes were bright, our steps were light, —that's been thirty years ago.

I sparked a gall, a blooming lass, A Danish girl you know; We worked together on a farm, —that's been thirty years ago.

The time came round when we found Our hearts were firm you know, Then we joined hands in married life, —that's been twenty-five years ago.

Since then we have lived an honest life, And have children round our door; The older ones are married off, And still we have some more, But there's one thing I do know; And 'till I die I think of this —twenty-five years ago.

But now we're living on a farm, Our health is good and strong, We sing the song of by-gone days And think it is no harm; Sometimes we talk of things that's past And things we well know; We speak of the times of our younger days —twenty-five years ago.

Now all unmarried folks, a word of advice; My advice shall not be a guess, I speak from experience, one thing I know; That married life is a success, Now I have concluded to finish my rhyme, But there's one thing that I well know; I have spent the most of my life With affectionate wife Louie, —since 25 years ago.

Obituary Last Wednesday occurred the funeral of Gertrude, wife of Eli Laughlin, from the Baptist church.

Services were conducted by Pastor Duley as assisted by Rev. Walker of the Wakefield Christian church. After an illness lasting through several months death kindly released her from all suffering.

Gertrude Childs was born in Centerville, Ind., July 3d, 1876, her parents removing to Wakefield, Neb., when she was but four years of age. She was married to Eli Laughlin February 9, 1899.

For many months the deceased had made an unavailing fight against the ravages of disease and although a great sufferer she maintained a quiet, patient christian resignation, always willing that God's will should be done.

Surrounded by those she loved she fell asleep Monday morning February 22, 1904, aged 27 years 7 months and 19 days.

While there is a lull in the war news somebody might take the time and space to explain what it is all about—Exchange.

J. R. MANSFIELD'S Big Shorthorn Sale.

The undersigned will sell, at public sale, at his ranch, 5 miles northwest of Wisner, on
Wednesday, March 9, 1904.
 The following shorthorn cattle: 5 fine pedigree bulls and 1 grade bull; 1 velvet Prince 128055, a grand bull that has been at the head of our herd for the past five years. He was bred by G. R. Westrope, Harlan, Iowa; got by Royal Gloster, 117190, out of Velvet; grand dam Imp. Velvet. He is a straight Scotch bull, 7 years old and weighs 1,600 lbs. His value as a breeding bull can be learned by inspection of his pedigree, many of which will be included in this sale. He is an active and sure breeder and should have several years of usefulness ahead of him. The Lad that Wins is a Scotch topped Young Phyllis bull, 2 years old and is of the most approved beef type. He was bred by C. D. Bellows, Maryville, Mo.; got by The Lad for U. 12883, and he by the renowned Lad for Me, owned by J. C. Robbins & Sons, Horace, Ind. This calf was considered good enough to assist Velvet Prince at the head of our herd. All the heifers in this sale are in calf to him. (For reference only.) In addition to the above we offer one bull coming 2 years old, got

by Velvet Prince 128055, out of Arabella 35th, and the pick of our full-blood bull calves, four in number. These are good ones and will be old enough for service during the spring. Pedigrees will be furnished on application. 30 high-grade cows and heifers, that are the result of 40 years of breeding. For 35 years my herd has been headed by registered bulls. The number of the crosses of pure blood in these cows is not known. Their calves have been sold all over Canada and adjoining countries. With few exceptions they will have either calves at foot or be heavy in calf to the service of Velvet Prince 128055 or The Lad That Wins. There will also be sold many 10 years old, weight 1,100; bay mare 8 years old, weight 1,100; 2-year-old cow; a single top buggy, nearly new.
 A credit of 12 months will be given on notes and approved security with interest at 6 per cent.
 Lunch at 11 o'clock; sale at 12 sharp. Parties from a distance will be entertained free.

Perfect Confidence
 Where there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford of Peolesville, Md. in speaking of her experience in the use of that remedy says: "I have a word of confidence in Chamberlain's Cough Remedy for I have used it with perfect success. My child Garland is subject to severe attacks of croup and it always gives him prompt relief. For sale by all druggists."

 Considerable complaint is made that the local grain markets are considerably lower than prices paid at Winside and Carroll, farmers close to this city hauling their crops to the neighboring towns. The Wayne markets today are wheat 79, corn 85 1/2, oats 34 1/2, flax 91, and hogs 48.25. Beef cattle is not the only product the war has not pushed up and the probabilities are that the price of beef will do some climbing in the next 30 days.

A recent dispatch from Miller, S. D., says that three of the citizens of that town are going to have a petrified man on exhibition at St. Louis the coming summer. We have seen the fake in question and are acquainted with the trio of great men who have it in charge. The graft they are trying to work is a whole lot deader than the man of stone, but maybe they'll find suckers plentiful at St. Louis. We want to state right here that there is no such thing as a genuine petrified man on earth at the present time.—Allen News.

Oh psaw! you are "dead" wrong. There are lots of petrified people in the country who don't know they are alive. Out in the bad lands there is a petrified Indian stuck on a high knoll overlooking the Great Northern railway; at least it stood there ten years ago when the DEMOCRAT man was running away from the "petrified" conditions here in Wayne. But this Indian is as lively as a cricket compared to the business (?) man who makes out his accounts on haking powder statements; those who are trying to do a grocery business in Wayne and go to Omaha or Sioux City to buy furniture and clothing, and vice-versa. No such thing as a petrified man? Why the world is full of them, and you may find some of the "rockiest" specie in even the newspaper business.

MARRIED
 Nelson Edquist—One of the prettiest weddings of the season was held in the Swedish Lutheran church when Miss Hilda Nelson was led to the altar by Mr. Edward Edquist. Rev. J. J. Anderson officiating. At 4 o'clock Miss Edquist's bridesmaid took her place at the organ as the wedding party entered the church. The groomsmen Messrs Albert Nelson and Harry Lundquist preceded the groom and best man, Frank Carlson. Next came the bridesmaids, Misses Gertrude and Mabel Nelson, lastly the maid of honor, Miss Ester Lundquist with the bride. The bridesmaids were attired in pink Indian linen, the maid of honor in white silk tulle. The bride was lovely in white silk tulle with veil and carried white carnations. The groom was attired in the conventional black. The church was decorated in green and white. After the ceremony the guests went to the home of the bride's parents where a five course supper was served. The happy couple were the recipients of many lovely and useful presents. They will go to homekeeping on one of the Deets farms south of Concord.

THE PLATE RIVER ISLAND CASE AGAIN

Now There is a New Turn in Litigation for Possession of Land. NOW A CHARGE OF FRAUD is Claimed That Federal Surveyor Reported Land Was Not an Island, While Applicants Insist It Was Always an Island.

Lincoln, Neb., Feb. 23.—In the famous island controversy now pending in the supreme court of the state, in which George S. Whitaker, W. H. Kilgore and Thomas McBride are contending for a piece of land in the Plate river, some sensational disclosures will likely be made before the case is finally settled. It is said that Whitaker, who is now in possession of the island, has filed a new application in the office of the commissioner of the United States land office to be allowed to make a homestead entry of the island. In support of his application he has filed affidavits of persons who helped survey the reservation, by which he shows that the story of the special surveyor who was ordered to survey the island, a part of the channels of the river had changed their course, and that the island was attached, to other lands at the time of the government survey, was fraudulent and to the disadvantage of the government.

The case in question has been on the courts four years and has been one of the most sensational in the history of the state. While the land for which the litigants are contending is situated in a part of the island to about 2,000 acres of good land, this island is in the Plate river, near Kearney, Neb. It is a part of a number of islands in the same locality which the defendant's attorney, Judge Homer, claims are unsurveyed. Whitaker moved only to obtain the right of being attached to the time fenced by the occupant of a neighboring island. The act of Congress passed in 1876, which added this island to the public domain, provided for the survey and sale of the lands included in the Fort Kearney military reservation and authorized any survey to be made and recognized the rights of settlers to occupy the reservation and to obtain rights to the land which they occupied before the islands were surveyed. The act also provided that no one but an actual settler could obtain title to the land. Whitaker is the first settler on the island and with his wife and children is the only person that ever occupied it. He claims that the island is now entitled to a patent from the government.

Man Charged of Enticing Young Girl From Home. Kearney, Neb., Feb. 23.—Sheriff Sammons arrested Henry Yager upon a charge of enticing a young girl from her home, charging the young man with child stealing. He was brought to this city and placed in the county jail, where he is being held pending arraignment. The complainant in the case alleges that on February 20, 1913, Yager abducted the young girl from the custody of her parents, William St. John and wife, Belle St. John, who was at the time less than 18 years of age. The girl, who is named Josephine, is now in the custody of her parents, William St. John and wife, Belle St. John, who was at the time less than 18 years of age. The girl, who is named Josephine, is now in the custody of her parents, William St. John and wife, Belle St. John, who was at the time less than 18 years of age.

PERISH IN FLAMES. Indian Woman Burned to Death East of Winnebago Agency. Winnebago, Neb., Feb. 23.—Hattie B. an Indian woman, perished in the flames of a fire which destroyed the house of Louis Johnson, three miles east of the agency. Louis Johnson and his wife, Mrs. Johnson, were sleeping in the house at the time of the fire. The cause of the fire is not known. The fire broke out at about 10 o'clock and spread rapidly, burning for some time before it was extinguished. The fire was caused by a lamp which had been overturned and the house was filled with smoke and flames. LIED TO THE CZAR

Advisors Systematically Misled Him in the Effort to Convince Him Russia was Prepared. London, Feb. 23.—Advice from St. Petersburg, chiefly mailed, indicate that the Russian government has expended strenuous energy for the purpose of offsetting the initial disasters and securing a general success. A large part of the effort has been directed toward making more efficient the Siberian railway for forwarding men, guns and equipment, but it appears from Russian sources are reliable, the cost of making the ill-fated railroad effective has been to bankrupt a moderately prosperous country.

Encounter in Korea. Reported That Reconnoitering Parties of Japs and Russians Got Together on the Frontier. St. Petersburg, Feb. 23.—A report from the Japanese dispatch office says that an encounter occurred yesterday. A platoon of Cossacks attacked a small detachment of Japanese troops on Korean territory. The Cossacks captured some Japanese prisoners on whom they found maps and papers. KUROPATKIN NOW COMMANDER-IN-CHIEF

Former Russian Minister of War the Ideal of the Land Forces.

GOES AT ONCE TO FRONT

The Appointment of Kuropatkin to the Leadership of the Russian Army Is No Reflection on Alexieff—Details of Affairs.

St. Petersburg, Feb. 22.—The appointment of General Kuropatkin, who was relieved of his functions as minister of war, to the chief command of the Russian army in the far east was gazetted.

With the possible exception of General Dragomirov, formerly governor general of Kiev, and later member of the council of state, General Kuropatkin is the most popular man in the Russian army. As a bluff soldier, who has fought his way from the bottom to be minister of war, he is the ideal of the enlisted men. No one in the czar's army has seen more fighting. He was a captain in the Russo-Turkish war, and one of the most brilliant of the Russo-Turkish war. His appointment to direct command of the Russian army in the far east is a reflection on Alexieff's leadership, and his leadership inspires complete confidence that there will be no mistake and that Russian arms will be victorious.

General Kuropatkin will be accompanied to the front by Grand Dukes Nicholas and Michael and Michael Nikolski.

Three Hundred Thousand of Them Cease Toil for the Day—Bishop Leonard's Eloquent Tribute at Funeral in Cleveland.

Cleveland, Feb. 22.—Cleveland was a city of deep mourning last Friday. Business was practically suspended and large proportions of the population paid homage to the memory of Senator Hanna.

The funeral services were held at 10 o'clock in the forenoon at the residence of the late senator, 1215 East 12th street.

The services were most solemn, impressive, and outbursts of sobbings could be heard at frequent intervals from all parts of the church.

CANCER GERM GIVES WAY TO RADIUM

Ordinary Rain Water Is Transformed Into Highly Medicinal Product.

ANN ARBOR EXPERIMENTS

They Give Rise to the Claim That the Dread Cancer Can Be Cured and a Drug Habit Is Wiped Out—A Doctor's Theory.

Ann Arbor, Mich., Feb. 20.—The possibility of using radium to convert ordinary rain and well water into a medicinal water, more highly medicinal than any known natural mineral water, has been demonstrated at the University of Michigan in a series of experiments covering a week or ten weeks.

Dr. Rollin H. Stevens of Detroit, a skin disease specialist, who holds a certificate from the University of Michigan, returned recently to try his radium water on cancer patients.

He filled upon the idea of immersing a radium tube in water, tightly closed in glass bottles. Dr. Stevens was looking for a method by which radium could be applied to the interior of a cancer without any danger of the terrible radium, or X-ray, cure.

He worked on the known phenomenon that every substance, brought even within a moderate distance of radium, is produced with a glow and afterward gives them out exactly like a radium tube. By leaving a sealed tube in pure water for a period of five years, it is fair to assume that capital could be found that would insure a reasonable profit to the publisher. If you have Headache, Nervousness, Inflamed, Blurring or Watery Eyes, floating specks, dizziness, weak memory, pains in the top of the head or down the back of the neck, etc.

CONSULT DR. CLARK

No matter who has failed in your case before. The exhaustion of the nerve supply caused by Eye Strain is the cause of such troubles. I measure the eye and its nerve supply by the Science of Ophthalmology and can tell the exact amount of strain and strain on the nervous system, and by my methods of fitting and adjusting glasses positively remove the cause and all symptoms of eye strain, and nature does the rest. If you have glasses that do not stop such troubles they are not properly fitted.

It's no hardship to put away a small portion of your earnings with the Wayne National Bank weekly or monthly; and while it can always be called upon, it is out of the way of "dribbling out."

An eloping couple from the wild and woolly town of Wausau ran up against a funny proposition at the Boyd hotel last Saturday. The gleeful pair of ardent lovers had registered and sat down to breakfast when the Runaway Match Co. arrived and the manager wrote across the page of the register, just beneath the names of the Wausau couple, "A Run-a-way Match."

The would-be groom sauntered into the office to poke the ham and egg out of his teeth preparatory to taking a chew of tobacco or a chew of Yannie Yonson's neck when he noticed the startling denouement of his escapade.

Flying to the arms of his ladylove he told her "the stuff was all off" and then, as a last resort he called in landlord, made a clean breast of the whole affair and implored his assistance.

The Horse Will Get Through more work with less expenditure of energy if his harness is a good fit.

Costs no more to have it that way.

HIGH GRADE AND PERFECT FITTING HARNESS

is sold here at the price of the badly made, ill-fitting kind that is widely advertised by mail order houses.

We are selling team harness that isn't equalled by any sold anywhere at the price. There isn't a weak place in it.
