

MINE FOR GOLD WHERE IT IS FOUND

Colorado Leads in the Production of Gold

The Chicago Record-Herald, on Monday last, published a report of the director of the U. S. Mint, showing the gains in the Gold Output for 1904. The following is a part of the article:

"Colorado shows an increase of nearly \$3,000,000 gold and 1,300,000 ounces of silver, Alaska a gain of \$700,000 gold, Montana a gain of 2,000,000 ounces of silver, Utah a gain of 1,800,000 ounces of silver and Idaho a gain of 1,300,000 ounces of silver. The following table shows the approximate distribution by producing states and territories:

	Gold Value	Silver fine oz.		Gold Value	Silver fine oz.
Alabama	\$ 29,300	290	North Carolina	123,900	14,800
Alaska	9,034,300	210,800	Oregon	1,309,900	153,200
Arizona	3,843,900	2,744,100	South Carolina	121,800	500
California	19,109,600	1,532,600	South Dakota	7,084,800	187,000
Colorado	24,395,800	14,331,600	Tennessee	4,300	52,200
Georgia	96,000	1,500	Texas	2,300	469,600
Idaho	1,903,700	7,810,200	Utah	4,215,000	12,484,300
Maryland	2,400		Virginia	3,800	6,700
Michigan		137,800	Washington	327,900	149,900
Montana	6,697,300	14,698,100	Wyoming	16,400	4,400
Nevada	4,087,800	2,695,100			
New Mexico	891,900	214,600	Total	\$50,728,300	\$67,785,100

The total amount of gold mined was 3,904,986 ounces, and the commercial value of the silver produced was \$3,515,933, making the total value of the two metals, \$144,243,138.

Not only are we mining in Colorado, but we are in the heart of the Great Sulphide Gold Belt. Do you want placer mining? We have 600 acres of placer ground. See what other companies offer and then read that again. Do you prefer tunnel mining? We have ten full lode claims which we shall cross-cut with our main tunnel, which are known to contain good values. These veins will be cut at great depth. We have two others which will not be cut at great depth. Good milling ore has already been found, but we are pushing on to pay ore. We can load ore on the cars without cartage. We have no mill as yet and have not begun to ship. When we do you won't buy stock at the present price. Read it again: 600 acres of placer ground, 12 full lode claims, excellent shipping facilities, good water power, management that is noted for its economy, ability and integrity. Don't buy a dollar's worth of mining stock until you have examined our proposition, and don't keep your dollar idle if you want it to multiply.

Mrs. Allie Yeager in Grief.

Wayne people will well remember Mrs. Allie Yeager who came here from Hartington and for a few months held the position of matron at the College. The daily papers of Sunday had glaring headlines over an account of Mrs. Yeager's theft of \$7,000 from a Dr. W. Ordway of Los Angeles, Cal. \$400 of it being in cash and the rest in securities. Mrs. Yeager was arrested at Mapleton, Ia., and confessed the crime and said she destroyed the securities and stole the money to get her back to Mapleton. It is about seven years ago that the lady was in Wayne, and as soon as possible without making a fuss she was let out, not being considered a proper individual to teach the boys and girls—even in the kitchen. This paper is informed she became a professional nurse, and as such she was keeping house for Dr. Ordway in California when the tempter tempted her to steal the old man's money. A peculiar circumstance is that many years ago Dr. Ordway suffered a similar loss at Mapleton, the thieves giving him a severe pounding up; Mrs. Yeager then a resident of that town. John Felber, formerly of Hartington, where Mrs. Yeager was divorced from her husband, was in Wayne Monday from Omaha, and confirmed the story of Mrs. Yeager's downfall.

John Farrell's Tame Oats.

John Farrell, an employe of Bill Ranch on the Jas. Bush farm, was arrested first of the week on complaint of W. W. Kingsbury, who charged the man with getting \$15 from him on Farrell's representation that he had 1000 bushels of oats to sell and that he was the tenant on the Bush place. A hearing was given defendant before Shire Feather Tuesday afternoon and County Attorney Simms says an agreement was fixed up whereby Farrell was released by paying or promising to pay the costs and also the \$15 Mr. Kingsbury's elevator was defrauded out of, making it a dead easy proposition for any of you fellows who want to take chances on trading your oats for \$15.

A special stock train Wednesday morning brought in six cars of cattle for F. M. Griffith and three cars of sheep for D. A. Jones.

Win. House returned on Wednesday from a business trip to Pierce.

In District Court.

Judge Boyd held court one day here this week, getting through with the equity cases and a judgment of jury trials for next week, by evening on Monday and adjourning court until next Monday.

The matters disposed of were Hanson vs Hanson continued because all the evidence has not been taken yet before the referee. Geo. E. Abbott vs Gus Schwede, continued by consent; Robert Schoenfeld vs Fannie and Tom Lound, first trial for jury next Monday. All the tax cases against the county were continued to next term. Northwest Pub. Co. vs M. S. Edgler, second jury trial for next Monday. Martha Schewe vs Grant Mears, sheriff, continued by agreement. Jane Dixon vs. City of Wayne, set for jury trial about Tuesday. Rolland and Worthem vs Ed Krause, assigned for jury trial. Lush vs Wallace, Welch, et al, improperly on docket. Norfolk Building Assn. vs P. F. and Phoebe A. Panabaker, foreclosure proceedings, settled out of court. Rew vs Rolland, assigned for jury trial. Roe & Fortner, jury trial. Jos. B. Slaughter vs Slaughter, et al, sale confirmed. Sarah Akers vs A. Rosenber, pending. State vs Joe Holdobler, dismissed. State vs Bill Liveringhouse, a motion to quash the information, made by defendant's attorney, F. A. Berry, sustained by the court, which takes the matter back to Judge Hunter on a justice, to be heard on a new information, next Saturday at two o'clock. King the defendant being remanded to the care of the sheriff until after said hearing has taken place. Atty. Berry discovered some flaw in the information upon which defendant was held to the district court and took advantage of it to give William another chance to get clear at a preliminary. Ewald Koefoed vs. Sophus Thompson, defendant given until Sept. 27th to file answer. A. C. Goltz vs School Dist. 89, demurrer filed, given to next Monday to answer. State vs Fred Miller, assigned for jury trial. Shannon vs Keurick, jury trial. Ellis Girton vs. Tillie Girton, decree of divorce granted. C. H. Barr vs. Sophus Thompson, et al, decree of foreclosure. John M. Cassell vs Emma Cassell, decree of divorce granted the plaintiff, who charged plaintiff with desertion. The latter now lives at Elger and they were married, in 1901.

not many years after Cassell was tried and acquitted on a charge of raping a young girl. Margaret P. McDaniel vs Alfred M. McDaniel, decree of divorce. In the case of Fred P. Brown against L. U. McKee for \$1000 damages alleged to have been sustained by plaintiff by reason of an assault made upon him by McKee, the defense entered a counter claim for damages on the same score. Plaintiff's attorney, F. A. Berry, moved to strike out defendant's answer and the court took the matter under advisement. State vs William Brighamfield, dismissed. Other cases assigned for jury trial are State vs Norman Ferdig, John S. Lewis vs A. R. Watters, State vs L. U. McKee, State vs Fred P. Brown. Another divorce case was Clarence C. Robinson of Winside, who charged his wife Nora J., with desertion and cruelty, was sustained by the court and made a free man.

A. L. Tucker went to Omaha Wednesday.

Ex-Senator Allen will assist in the defense of Bill Liveringhouse who will fore a second preliminary hearing before Judge Hunter Saturday afternoon next.

Rev. T. J. Wright returned from conference Tuesday and to remain for another year with the local church. If the Disciparian man were Methodist instead of Presbyterian we'd have the annual swapping around of preachers that fine new parsonage his permanent home. Other well known divines appointed were Rev. Mickel to Lyons, C. S. Hughes, Pender, C. N. Dawson, Stanton; Thos. Bithell presiding elder Neligh district; D. K. Tincall, Norfolk district.

Mr. and Mrs. Homer Skeen and Mr. and Mrs. Frank Davey, and children are all guests at the Skeen home for fair week.

EFFECT OF THE WAR ON JAPAN AS NATION

From the Washington Star.

Ever since the Japanese won their first victory over the Russians before Port Arthur, at the beginning of 1904, the people of the western world, particularly the Americans, have been enthusiastically applauding the little brown men for their bravery, their naval and military skill, and their artfulness in the various circumstances such as might make the staidest people do foolish things.

In fact there has been a continuous flood of general praise for the Japanese. They are being held to be the most important world power in the future. Not only this, but their power is certain to be exercised in the most effective way. They represent the western civilization in the eastern half of the world. They stand for order and stability as opposed to occasional conservatism.

From the very beginning of the present war they have been in a few discordant notes in the generally approving chorus. Here and there a note has been raised, not emotionally some one has inquired whether, after all, it was going to be their ally or their enemy. They are the victors, that with the Russians, along with this dissenting query there have been some who have been naturally people who thought that perhaps the Japanese might not win after all. "It will be their ally," said one. "It will be their enemy," said another. "It will be their ally," said a third. "It will be their enemy," said a fourth. "It will be their ally," said a fifth. "It will be their enemy," said a sixth.

View of the pessimists.

It is held by those of pessimistic bent that the present situation that while Japan does actually stand for progress, it is now for progress, it is wholly materialistic and selfish sort.

That Japan cares only for Japan and not at all for the rest of the world. The little brown men are not worrying their heads a bit about the preservation of the world's peace or the spread of Christianity among the heathen.

That they will be quite satisfied if they can get their own interests in the Orient; and that, if necessary, the splendid naval and military armaments which they have built up will be turned against any of the occidental nations which may oppose their designs on the Orient.

That, in fact, they will be ever ready to pick quarrels with the world, and that, in fact, they will be ever ready to pick quarrels with the world, and that, in fact, they will be ever ready to pick quarrels with the world.

That, in fact, they will be ever ready to pick quarrels with the world, and that, in fact, they will be ever ready to pick quarrels with the world.

That, in fact, they will be ever ready to pick quarrels with the world, and that, in fact, they will be ever ready to pick quarrels with the world.

That, in fact, they will be ever ready to pick quarrels with the world, and that, in fact, they will be ever ready to pick quarrels with the world.

brown one might have a show of the white man's justice; their abolition, it was predicted, would make it possible for the Japs to swindle the whites.

Japan's Spy System.

The Japanese watch the foreigners of whatever calling who visit their country as no other civilized people, except, perhaps, the Russians, watch them, and far more effectively than the Russians, since they have the means of doing their spying.

The funeral of the late Charles Erickson was held at Altona last Sunday afternoon and largely attended, deceased being highly esteemed by his neighbors and having had many warm friends in the county.

"Did you ever notice a group of little girls between the ages of 14 and 16, chatting away on the corner?" asks the Fulton Telegraph.

"The next time you see such a group listen and hear if about every tenth isn't about what she said. 'If it is, you have found some more of the 'he said' girls, and they are not the nicest little girls in the world. The 'he said' girls are likely to loiter down town after school too late to help their mothers with the afternoon work. They are likely to wear too a little better clothes than their father can afford, so that their neighbors wonder what their mothers are thinking of. The 'he said' girls often think more of the boys than of their books, and often fail to get through school. They are apt for a good time and have nothing in their heads but boys' pins and two-steps."

"Sometimes a girl out of the 'he said' family and makes a fine woman of her, but generally she goes to parties and is developed before her time, and either marries and fades at 20 or hangs on after all the other girls are married off and takes generation after generation of young boys to raise by hand and becomes known as 'granma' in the crowd. There is nothing so sweet as a simple, frank, open-hearted girl. But the boy-snatch girl is an abomination. The whole nation rest with the mother. She can either bring up a 'he said' girl or she can have a daughter to be proud of."

Jim Greer returned yesterday from North Dakota.

Editor Cunningham's head is so full of fast horses and many other things this week that we will have to excuse his memory lapses in regard to the democratic convention which he personally attended. The nomination of a sheriff was in regular order of the proceedings. What hurts the Herald is that it well knows from a business standpoint, Weatherholt, Massie, Mitchell and Richardson should all be elected. The voters should study their own—the county's—interests in these offices, and vote accordingly.

A. R. Davis, chairman of the republican county central committee, volunteers this statement to the Democrat: "You've got a mighty good candidate for county judge; Massie is all right; I like him; he's a good staple man." Politics cuts no more figure in the matter of a county judge than in school superintendents. How many of you republicans want to put a man in that office whose non-partisanship in office and integrity of purpose can never be questioned?

Prof. W. F. Richardson of Carroll, the democratic nominee for County Superintendent, is considered one of the very best teachers Wayne county has had during the past five years. He taught several years in the county schools and is starting his third as principal at Carroll. He is a hard worker and holds good recommendations from ex-Superintendents Lundberg and Bright as well as from school boards where he has taught. He has lived in this county since boyhood and is well liked by everyone who knows him. His friends expect to see him elected as the voters know his election means fairness to every teacher and every pupil.

Would you bet any money on the Brown?
Get acquainted with this man Massie; he'll stand investigation.

Of course Charley Reynolds will win in a walk. Frank Benson can't run, either.

It begins to look like a real live campaign, but thank goodness, it will be short.

It is freely predicted the republicans will scratch their ticket A. Littell, Arthur dearie.

Jim Greer returned yesterday from North Dakota.

POLITICAL POINTERS.

Let's see, can Bert Brown hold down two jobs, that of postmaster and county treasurer, at the same time? Wonder, by George, if Bert is so durnd conceited that he can't see—the moon when it's full?

Editor Cunningham's head is so full of fast horses and many other things this week that we will have to excuse his memory lapses in regard to the democratic convention which he personally attended. The nomination of a sheriff was in regular order of the proceedings. What hurts the Herald is that it well knows from a business standpoint, Weatherholt, Massie, Mitchell and Richardson should all be elected. The voters should study their own—the county's—interests in these offices, and vote accordingly.

A. R. Davis, chairman of the republican county central committee, volunteers this statement to the Democrat: "You've got a mighty good candidate for county judge; Massie is all right; I like him; he's a good staple man." Politics cuts no more figure in the matter of a county judge than in school superintendents. How many of you republicans want to put a man in that office whose non-partisanship in office and integrity of purpose can never be questioned?

Prof. W. F. Richardson of Carroll, the democratic nominee for County Superintendent, is considered one of the very best teachers Wayne county has had during the past five years. He taught several years in the county schools and is starting his third as principal at Carroll. He is a hard worker and holds good recommendations from ex-Superintendents Lundberg and Bright as well as from school boards where he has taught. He has lived in this county since boyhood and is well liked by everyone who knows him. His friends expect to see him elected as the voters know his election means fairness to every teacher and every pupil.

Would you bet any money on the Brown?
Get acquainted with this man Massie; he'll stand investigation.

Of course Charley Reynolds will win in a walk. Frank Benson can't run, either.

It begins to look like a real live campaign, but thank goodness, it will be short.

It is freely predicted the republicans will scratch their ticket A. Littell, Arthur dearie.

Will we have to have that Brown taste in our mouths again.
Robert Shippey of Carroll and Miss Emma Ulrich were married yesterday by County Judge Hunter.

Jim Greer returned yesterday from North Dakota.

County Clerk Hille does not appear nervous over the approaching election but rather is anticipating a visit from his wife's father, Robert Pargellis of Toledo, Ohio, whom he expects to drive with over Cedar county and show him the Eden of Nebraska.—Colorado Blade.

The republican state convention was with Mickey to a man, but he did no words of commendation for Norris Brown, the trust buster. The hot air the republican press has indulged in the past few months, about reforming their party, has all gone up in railroad smoke.

Blaine Skeen, the catcher for the Plainview ball team, visited from Sunday evening until Monday noon with his brother Homer at this place. Blaine has caught thirty-two games this season for Plainview and other towns and has proven that he is undoubtedly one of the best, if not the best catcher in the northeast Nebraska.—Pierce Leader.

John Neary, who lives on the C. O. Fisher farm near Winside, sent the Democrat a couple of mammoth ears of corn last week that were ripe and decidedly out of the way of the frost.

Billy Biringham, the dusky son of Ham who got into so much trouble with the Ertel family, was turned loose Monday when Judge Boyd convened court. Billy went right back to work at the Elite restaurant. Mrs. Ertel and her daughters left Thursday last week for North Dakota, and this gave William no opportunity to tell his story of their relations to the court, which is a fortunate circumstance—for the court.

Weber Bros

The Democratic Ticket.

The democrats of Wayne county—a few of them at least, met at the court house last Saturday and did a little business, that which will cut the most ice election day being the endorsement of the republican party's nominations for county clerk and treasurer, Messrs Reynolds and Cherry. Chairman P. H. Kohl being absent Secretary Geo Wilbur called the meeting to order and read the call for the convention. Walter Gaebler of W. inside was selected temporary chairman and J. M. Pile secretary. Chas. Killion, Joe Dobbin and J. H. Massie, committee on credentials, reported all precincts represented excepting Plum Creek. A committee on resolutions, Messrs Goldie, Wilbur and Cullen, soon brought in the following report:

Resolved, by the democratic party of Wayne county, in delegate convention:

- 1 That we believe in the equal and just taxation of all property and the economical administration of all government, and that we condemn the extravagance in both state and national affairs of the present administrations.
- 2 That we favor a law prohibiting the acceptance of free transportation from railroads, by any public official, and recommend that the delegates from Wayne county to the state convention favor a resolution to this effect.
- 3 That we favor a law giving the inter-state commerce commission full power to fix, regulate and maintain all freight, passenger and express rates of railroads and express companies.
- 4 That we condemn the present state revenue law, passed by the republican legislature of 1903, and the action of the state board of equalization in its failure to assess the railroads sufficient to secure just assessments as compared with other property of the state; and the legislature of 1905 for not revising the law so as to secure just and equal assessment of all property of the state.
- 5 That we condemn the national republican administration and a republican congress for not providing adequate legislation, for relieving the people from excessive transportation rates and from the extortion and various abuses of trusts.
- 6 That we condemn the late republican state convention for not favoring a stringent resolution prohibiting the acceptance of railroad passes by public officials.

For permanent chairman Jos. Dobbin filled the bill very acceptably. Prof. Pile holding his job as secretary. The nomination of county candidates resulted in Chas. W. Reynolds for clerk, J. M. Cherry, treasurer; J. H. Massie, county judge; W. J. Weatherhat of Hoskins, sheriff; Dr. Nieman, coroner; W. F. Richardson, superintendent; J.

H. Mitchell, county commissioner 1st district. All nominations were made by acclamation except that of superintendent of schools, Mr. Richardson having twenty-six votes, to Wendel Nies' fifteen.

The county central committee was selected as follows: Brenna, Emil Splittgerber; Deer Creek, Henry Bartells; Hancock, Ed Bargholtz; Hunter, W. J. Kerwin; Logan, J. H. Mitchell; Stralan, Henry Klopping; Wilbur, Wm. Buetow; Chapin, John Heeren; Hoskins, Ed. Pfeil; Leslie, Chas. Killion; Plum Creek, E. Splittgerber; Sherman, Ed. Carroll; Winside, Walt Gaebler; Wayne, 1st ward, R. P. Williams, 2d ward Tom Hiltz, 3d ward Pat Coleman.

The Walden went up to Carroll on Monday.

Miss Helen Pile departed Sunday afternoon for Jacksonville, Ill., where she enters Illinois College for a year's study.

Geo. Lehmkohl of Wisner was in town Monday on his way to Worthington, Minn., to look after a farm, belonging to his wife.

R. H. James last week traded the Jas Rice farm near Carroll for a half section of land in Hanson county, N. D., where Mr. Rice will move to.

The railroad yards looked as though Wayne might be a central point last Monday morning, there being six trains on the local tracks at one time.

Joe Love went over to Le Mars last Saturday to attend the funeral of his mother, one of the pioneer settlers of Plymouth county, Iowa, whose death had long been expected.

Tom Bell is Sent to Lincoln

After a precarious existence of a few weeks at Winside, Carroll, Alton and Wayne, during which period Tom Bell failed to mend his ways very much, Sheriff Mears last Friday took the offender to the state hospital at Lincoln to do time in the insubordinate ward. Tom was very much averse to taking the trip, and swore that when he got back he would make it his business to see that Bert Johnson, Roy Mellor, Fred Hinrichs, Walt Goldie, Everett Sherman, Charley Nies and about thirty more of Wayne's reputable citizens hit the same trail. Sheriff Mears says Fred Schraeder is getting along fine, that he is now working at his trade in Lincoln, getting four dollars per day, the doctor giving him car fare and his dinner every morning and Fred returning to the hospital at night; his wages being sent to his family at Carroll.

Nearly Burned to Death.

Last Friday noon an accident occurred at the G. W. Crossland home that the members thereof will never forget. The gasoline stove was not working well, and Willie would fix it by loosening the oil pipes without first putting out the fire. The pipe broke, the oil ran out, and an explosion of course resulted. The young man attempted to throw it out doors and his mother sprang forward to help him, the burning fluid searing her hands and bare arms in horrible manner. A fire alarm was turned in by the time the department arrived neighbors had the fire out. A physician was hastily summoned and although badly burned Mrs. Crossland will have only the scars left as a reminder of her narrow escape from being burned to death.

Cole's Original Hot Blast Stove

Investigate To-day. Even Heat Day and Night. Fire Never Out.

It is the most economical stove made for soft coal, slack or lignite coal, because it burns the gas half of this fuel wasted up the chimney with all other stoves. Cuts the fuel bill in two.

It is the most economical hard coal stove made, and the best wood stove. 1st, because it has twice the positive radiating surface of any hard coal stove. 2d, because it is air-tight, thus giving perfect control over a hard coal or wood fire and inserting a slow, economical combustion. You get all the heat in your room. AVOID IMITATIONS.

We have told you much about Cole's Original Hot Blast. Please read the following letters telling what others think of it.

FOR SOFT COAL

AGENCY, IOWA, November 24, 1903.
COLE MANUFACTURING Co., Chicago, Ill.
 Gentlemen.—Your stove is very satisfactory. I used a Round Oak for a number of years and noted the quantity of coal used. I find your Hot Blast will do the same service with at least one-half the coal. One year ago I used an imitation Hot Blast which was not satisfactory, as it was not air-tight and could not be made so, hence would not hold fire over night or keep a steady fire by day. Cole's Hot Blast is tight, and has kept fire for us for two nights and a day without attention, and blazed up on opening up the drafts without a fresh supply of fuel. The heat is given off regularly as you want it, and it is possible to maintain the temperature desired in the room.
 Very truly yours,
 C. F. GOLTRY.

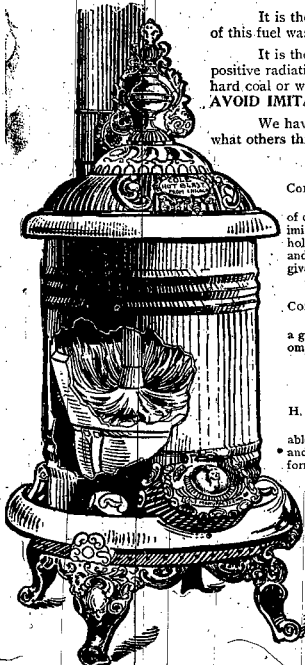

AGENCY, IOWA, November 24, 1903.
COLE MANUFACTURING Co., Chicago, Ill.
 I think so highly of Cole's Hot Blast Stove that if I were without a heater I would not accept any other kind as a gift if a Cole's heater could be purchased. The good points in favor of Cole's Hot Blast are first, the great economy of fuel, and second, the ease and perfection with which the heat can be regulated.
 J. HOLMON.

What Three Ministers at Evansville Say of the Stove for Soft Coal

H. I. SIMMONS, Agent for Cole's Hot Blast, Evansville, Ind.
 Dear Sir.—Regarding the Cole's Hot Blast Stove purchased of you for our class room, I regard it as a remarkable stove. We have burned it two winters and find it will do all you claim, and more. It has held fire three days and nights several times to my knowledge without attention, and is a great saver of fuel, easily regulated, giving a uniform heat day and night.
 Yours truly,
 A. L. BENNETT, Pastor M. E. Church.

H. I. SIMMONS, Agent for Cole's Hot Blast, Evansville, Ind.
 Dear Sir.—We are greatly pleased with our Cole's Hot Blast Stove. We burned it last winter in a very large room in the parsonage, and with the exception of once or twice the fire was not put the entire winter. The Hot Blast draft works perfectly, consumes gas and smoke and uses less coal than any stove I ever saw. I can recommend Cole's Hot Blast to any of my friends.
 Yours truly,
 REV. F. BELLE, Pastor St. Paul's Church, 12th Ave. and Michigan St.

H. I. SIMMONS, Agent, Cole's Hot Blast, Evansville, Ind.
 Dear Sir.—The two 12-inch Cole's Hot Blast Heaters I purchased for the Howell M. E. Church have been very satisfactory. They hold fire 36 hours, giving a uniform heat with the least possible amount of fuel.
 Very truly yours,
 REV. A. D. BACHELOR, Pastor Howell M. E. Church.

Cole's Hot Blast for Hard Coal
 MESSRS. ROSENBERG & WOLF, Agents for Cole's Hot Blast, Beloit, Wis.
 BELOIT, WIS., November 24, 1903.
 Gentlemen.—I want to say a few words of praise for Cole's Original Hot Blast Stove purchased of you several weeks ago. I noted the broad and liberal guarantee on same by the makers for burning soft coal, and their claims that it would do better work with hard coal than any other stove manufactured. Upon that and your own recommendation I placed one in my home. I am burning hard coal, and to say the stove is satisfactory is not enough. It is simply a surprise. I am saving one-half in fuel over the stove I formerly used to heat the same space, and getting a greater amount of heat. It is the greatest stove I ever saw, and gives greater satisfaction and more heat with hard coal than a large base burner I am using in another part of the house. I cheerfully recommend Cole's Hot Blast as the most economical and best heating stove for hard coal I ever saw.
 Yours truly,
 BURTON A. EDWARDS, 361 E. Grand Ave.
