M. M. Stillman has moved from Carroll to Emerson.
 Mr. and Mrs. David Cunningham were visitors to Sioux City Monday.
 Mrs. Chas. Robbins and Dan Harrington were visitors to Sioux City Monday.
 Jos. Love, Geo. Porter, Chas. Worth and his brother and Ross Shawgo made up a party bound for South Dakota Monday morning. The former, Jos. Love, looked as though he were going south instead of north. His left optic was inky blackness while his face was blood-coursed and terribly swollen. He walked with difficulty, evidently being considerably jammed up. Joseph's injuries all came from getting on the wrong train last Saturday night, he boarding the Norfolk and riding up the track some distance, jumped off and about dislocated every bone in his poor body.
 Jas. Hurst went to Iowa Monday to attend a hog sale.
 Fred Benhoff and Dan McCarthy had a wrestling match Saturday night at the Bonawitz livery barn, in which the Carrollite was quickly vanquished and Fred's exchequer enlarged \$4 worth.
 Judge Moses arrived home from Ohio Tuesday night and will get ready to make his winter retreat to California.
 Ed. Williams, who has been with Nies & Co., the past year, goes to Lynch tomorrow or Monday where he goes into business for himself.
 Atty. F. A. Berry went to Nebraska City Tuesday morning on legal matters.

The Sholes Signal says Asher Hurst is building a granary to store his flax, he having an immense crop at his place.
 Miss Blanche Gertner, a graduate of the Wayne high school and normal, arrived Sunday and Monday morning took up her duties as teacher in the grammar department of the local public school. She is boarding at the John Dineen home.—South Sioux City Record.
 Charlie Brown went to Omaha last Saturday where he met his wife on her return from the west. Mrs. Brown reports a delightful trip, having visited the Cataline Islands and other places of interest on the Pacific coast.
 A prominent man of the city, wealthy and wise, tells the Democrat that he has put in some \$12,000 in life insurance in the old line companies, but he is going to cash in now and probably take six thousand for it all. Another, one of the heaviest insured men of the county, will do likewise. No wonder the big insurance heads have had more money than they can find relatives to pay it to, when a person stops and figures up what goes out of Wayne county alone, each year. We might just as well have paved streets, beautiful parks, a jubilee every week, or take stock in a Louisiana lottery as give it to the New York millionaires to blow it.
 Auctioneer Cunningham cried a sale near Hoskins on Monday.
 A daughter was born to Mr. and Mrs. Frank Owen last Monday, and Frank, this being his second child and a family now of boy and girl, was feeling pretty good over it.

R. H. Wright has gone to Balden to take charge of the telephone system there, Mr. and Mrs. Wm. McCabe having moved to Lincoln.
 Miss C. M. White is making the race for county superintendent of Madison county and is right out campaigning like a relic of 1896.
 A great many people are awakening up to the fact that this is a good year to make a change in the county judge's office. It is now or never. John H. Vassie should lead the procession on majorities; ought to get a bigger vote than any other candidate in the field. What are you going to do for him? Think it over, elect the man best suited for the place; the man without politics, religion nor previous term of servitude can deflect to the right nor to the left in deciding cases in court. As a democrat, you owe it to your party to vote for Mr. Massie, and as a citizen you owe it to your county, and state. A hard pull, a long pull, a pull altogether, and our good friend Judge Hunter will discover that Massie HAS more show than a snow ball in Texas.
 Tom Berry was in the city Monday. Mr. Berry says his little daughter Ruth has entirely recovered from St. Vitus dance, which will be pleasing news to their many Wayne friends.
 Jas. Coyle was in town Tuesday morning. Jim is making 'em go some in Dixon county, in his race for the clerkship, and figures he is a winner.
 The political gossip is to the effect that Otis Kuhl will be deputy county clerk—when Frank Benser takes the office of county clerk.
 Geo. Stringer went down to Stanton Tuesday on a week's hunting trip.

Mrs. Frank Turner and the twins were visitors at the Boyd Monday.
 Miss Elsie Ringer went to Winside Tuesday where she commenced teaching Wednesday, the new school building there being only just completed.
 At St. Paul's Lutheran church next Sunday morning, at 11 o'clock there will be a Harvest home service. Miss Yakish of the College will give a violin solo.
 Rev. Theobald was an arrival Monday from Madison, Wis., to visit his brothers here. Mr. Theobald is now in the milling business with S. H. Alexander, and takes care of the home office at Madison. The King Solomon Development Co., is now a big proposition, it taking two stenographers to attend correspondence at Madison.
 The Herald last week stated that no cases appealed to the district court from Judge Hunter's jurisdiction were reversed by the upper law executive. That may be true, and still be no great credit to the judge since there were only two or three cases appealed from the local court. There was also several criminal cases taken to the district court and only one conviction, the rest being dismissed without trial.
 Orr & Morris have put in a stock of groceries in connection with their dry goods store, making a general store of the establishment.
 O. A. King is now located at Carroll where he is selling mining stock and making the Index editor rich with advertising.
 Richard Russell returned Tuesday from Meadow Grove where he visited his son Frank a couple of days.

Harry Armstrong is up from St. Joe on a visit to his parents.
 Editor Williams was in the city Monday from H66 tips.
 Mrs. Camp Powell returned last week from Canada where she visited all summer.
 Mesdames Henry Ley and Chas. Schulthes were visitors to Sioux City last Saturday.
 For fine gold fish go to Eplers.
 Prettiest gold fish in town at Eplers.
 County Treasurer Cherry says about half the land advertised for taxes has already been paid and if there is any sale of land for taxes this year there will be very little of it.
 Mrs. Chas. Chace returned to Stanton Saturday after several days' visit with Wayne relatives.
 Mr. and Mrs. Brown Palmer were visitors from Sioux City over Sunday.
 A farmer from just west of the city says the next time a pair of Wayne hunters go out to his place to hunt tame chickens there is going to be an after-time in police court. Last week they shot a rooster and were in the act of climbing over the fence after the bird when the farmer's wife ran out and chased them away, white horse and all.
 W. J. Weatherholt was a visitor from Hoskins last Saturday. Mr. Weatherholt is making an active campaign for the office of sheriff and believes, from what information he has secured, that there is a desire for a change in that office.
 Atty. Berry was in Iowa on legal business last Saturday.

A Memorial to Henry Lueders.
 Next Sunday afternoon the Woodmen of the World will unveil a monument to the memory of the late Henry Lueders. The lodgemen will meet at the hall at 1:30 and at 2:00 march to the cemetery, led by the Wayne band. Rev. T. J. Wright will deliver an address at the grave and a male quartet under direction of Comrade Wilbur, will give two of three selections.
 Nov. 3d, the same order holds a state meeting in the hall at which State Manager Ed Walsh will preside and Supreme Lecturer Schlich deliver an address.

Winside News.
 Dr. Cherry accompanied Mrs. Chas. Nydahl and little girl to Sioux City, yesterday to have some kind of an operation for the eyes. The little girl has been afflicted for some time. They returned last evening.
 Mrs. Frank Perrin went to Omaha last week and Saturday morning submitted to another operation. Mr. Perrin was with her until Tuesday, when he returned home and reports that she is getting along finely.
 The Sioux City papers last week spoke of people being held up in Omaha for hotel accommodations during Ak-San-Ben week. And we could readily believe all they said, for Mrs. John Dimmel of Winside had a little experience along that line. She and Fritz had a room at a hotel for two nights, with no meals and they charged her twelve dollars when she went to pay her bill.
 The stork again visited the home of Jack Dunn Monday night and left a little girl. The Tribune extends congratulations.
 Yesterday morning Dr. Cherry reported still another birth at the Caris Benchoff home. It is a boy of regulation weight and pretty as a picture.
 After the paper was out last week, the Tribune heard of the little stranger that came a few nights before to bless the home of Mr. and Mrs. Henry Peckrandt. We trust that it is not too late to extend congratulations.
 It is a girl, and it arrived Monday to make its home with the J. H. Prescott family. Mother and child are doing well and there is joy in the household with all except little True. He wanted a brother. "Girls 'n't any good no how."

Mr. and Mrs. Fred Thompson were visitors to Sioux City Saturday.
 John Goss was in Omaha Saturday on business.
 Mr. and Mrs. Jas. Reed went to Topka, Kans., last Saturday and after a visit in Colorado also, will make their home in Houston, Texas.
 M. H. Nye of Wisner was in town last Friday on his way to Randolph.
 Fred Philleo and W. O. Gamble are out in the North Loup county, where they own some real estate.
 Charles Miller of Winside was taken to a hospital at Sioux City Wednesday morning, Conductor Miller going over with him. Charles has been in bad shape for several weeks and the local physicians were unable to diagnose his ailment.
 Jim Shaunon brought a bunch of six head of horses down from Carroll Tuesday, which they had sold to Chas. Thompson for \$925.
 Hay for sale: \$2.50 in the stack. Robert Stambaugh.
 The Brookings grocery is the cheapest place in town to buy your groceries.

The old Puritans carried their grist to the mill in the morning, then sat around and whittled sticks till the flour was made.
 Big improvements in milling since then.
 Now the entire operation consumes more time, though in a week we turn out thousands of barrels of Puritan Flour where formerly we made hundreds.
 Each detail—grain buying, scouring, drying and milling—is the work of experts and it is the combination of all that enables us to produce a flour of such distinctive excellence as that celebrated

Cheaper than Cost!

That is what one of our best patrons tell us. He says: "I hear first of this store and then that store selling out at cost, and I've been fooled on them several times; but no more of it in mine. You're selling stuff cheaper every day in the year than these cost prices, and that's what I tell my neighbors." That's what the

—Judge.

I asked Herman Milder to play a game of sevenup, the other day, for a little ice water on the side, and Herman said no, not by a mill-sight. It was in a bad game yesterday," says Herman, "and I've quit. I was playing with Al Sberbaum against Doctor Burson and Judge Hainer. They wanted three points to win, and we wanted two. I dealt the cards, held the king and jack of diamonds and turned a diamond trump; Doctor Burson begged and of course I gave him one. He led the ace de me, Judge Hunter put on the ten spot, and I gave him my king, of course. Then Burson led the tray, the judge put on the queen, and I—got right up and threw the cards all over the floor while I told Burson what I thought of him, too, you bet. No, sir! you can't work me for any more drinks on seven up!"

The Herald's editorials in support of republican candidates are not paid for by any man however loudly the DEMOCRAT may proclaim to the contrary.—Herald.

statement to that effect was based on the Herald's loud boast a few weeks ago, that candidates would not only have to pay full rates, but dig it up in advance.

Manson Democrat: The Manson Journal states that "Rev. Tibbetts has been exonerated by some, but the young woman in Gilmore City, who says Mr. Tibbetts insulted her "in the meanest, lowest, vilest manner possible," to use her own words. Has not yet exhonerated him and is not going to. The preacher goeth forth with a fresh coat of whitewash and pretendeth to be a devil of a nice fellow, while his victim sitteth in silence and disgrace, spat upon and scorned by the "Christian" world, bless the Lord!

The Osborne, Kansas, Farmer thinks the devil is going to have a mighty hard time when he comes to assign the place of honor. Besides the man the man who rocked the boat and the man who didn't know it was loaded there is the man who invented the phonograph.

A German professor, in a lecture to students at Middleton, Conn., said that the bite of a girl was worse than that of a serpent—that saliva from their mouths is poison and that kissing is the deed of a dare-devil. Bah! Go ahead and claw lips and swapped spit for years and years will have to be shown some of the real bacteria.

Washington Press: The Rev. Geo. Hume, of Greensburg, Pa., had better cut out the so-called "spiritual kisses." He took home, one dark night in May, from prayer meeting one of his ewe lambs, Daisy Porch, aged sweet 16, and at the gate, she says, he put his arm around her and kissed her thrice. He denies the arm, and two of the snacks, admitting he did kiss her once on the brow, with the holy remark, "Goodnight; God bless you." The church believed the holy man, and he stays to minister to them in sacred things. But will Daisy go to his meeting, especially prayer meetings. He is 37 years young, has a wife and two babies, and his wife believes in him. Mighty close shave, young man—cut it out! The church can make out to get along without spiritual kisses, which, probably, do not differ much from the natural kind, sort of warm, damp and squaky, eh?

By dad, better keep your chicken houses locked up this week, for next Thursday the Presbyterian ladies are going to give their annual chicken supper at their church. No charge is made for the feast, and I heard one lady say they just let the diners pay whatever they wished, and that as the supper didn't cost them anything they were always ahead on the annual feed for their own families.

You Can't Fool Them All the Time.

It seems strange that some merchants continue to believe that all men can be fooled all the time. No merchant would ever think of advertising "A Closing Out Sale" "Selling Clothing at Cost," "Bankrupt Sale," unless he believed he could fool them all the time. Some men can be fooled all the time but it don't pay any merchant to advertise for so few people. In nearly every town you will always see a sign "Clothing at Cost," and it always means that some one has made a failure selling clothing and now has some old, moth-eaten, out-of-style clothing left, that he would like to get cost for. Every intelligent man knows that such clothing is not worth fifty cents on the dollar and can not be fooled. The clothing business can not be made a success unless conducted in an honest, straightforward manner, by a person that has had experience in that line. No matter how honest a man may be, if he has not been trained in the clothing business he will fail to make it a success.

We are successful because we have had years of training in this line and we devote our entire time to make this clothing store a success.

Don't it look reasonable to you when we tell you that it will pay you to investigate this store that has always been a success for more than twenty-five years and is today the most popular clothing house in Wayne? We don't believe men can be fooled all the time, and we never fill the sidewalk with special bargains or put up signs that mean nothing, to get people in this store.

We have the clothing you want and more of it than any other store in Wayne. If our clothing fails to give you satisfaction you get another suit. Our prices are always satisfactory and often lower than "Clothing at Cost" price. Since the weather has changed we have been busy fitting out old and new customers with Staley underwear. Last week we sold a customer Staley that has now bought it of us for twenty-seven years. If you are not wearing Staley don't you think you ought to give it a trial? You may get sick. You may get rheumatism, and you may die if you don't wear Staley. Think of it. Can you afford to take the chance? We are quite busy these days selling men's and boys' shoes. If you have a boy that wears out his shoes too soon to suit you, buy him a pair of our Bad Boy's shoes, the kind he can't wear out. Why would you buy an overcoat or a fur coat before you say what have? Our stock is much larger and our prices lower than any merchant in Wayne county. It costs nothing to look at our clothing. Come in and see what we can do for you before you buy. No matter if you do not buy, we will be pleased to show you.

The week starts out with the heaviest Monday's run of the season, there being 10,300 cattle on sale. Prices were generally 10 cents lower and in some cases 25 cents lower, much of the common stock being neglected by buyers and had to be carried over. Tuesday's receipts were liberal and a further weakness in values shown, medium weight stockers and feeders are in best demand now.

We quote: Choice steers \$4.70 to \$5.50. Fair to good \$4.00 to \$4.65.

The hog market is still dull, about steady with a week ago, but selling within a narrower limit. Range \$5.00 to \$5.25.

"A Philosophic Tramp."

Webster says the definition of the word "tramp," as applied to a human being, is "foot traveler; stroller; vagrant; vagabond." Any one of the above terms would apply to "Wenry Willie"—the tramp in "The Convict's Daughter," one of the most powerful dramatic plays by an American author ever produced in this country. But the author has departed from the old, conventional

lines and made the character a noble one, and on a higher grade than the usual stage tramp. The hero of "Philosophic Tramp," as the author calls him, is skilled, determined, cool and rational. His very presence on the stage intensifies the dramatic scenes, and its brilliancy of dialogue and wealth of beautiful scenery has made the play one of the successes of the season. "The Convict's daughter" will be the attraction at the opera house Nov 8

WANTED: Sewing girls. Miss Julia Sullivan.

Normal Notes

Miss Thraw of Coleridge enrolled this week for a review course to prepare for teaching in the spring.

Mr. Dougherty and sister drove from North Bend Friday for a few days' visit. They attended here all last winter.

A splendid social was held Saturday evening. The arrangements were under the management of a committee of the graduating classes.

The new book case for the alumni library books was put in place Saturday. The books have been catalogued and are ready for use. New books are yet coming in.

Miss Wisdom enjoyed a visit from her sister of Hartington Sunday. Miss Ellis had a visit from her mother and other relatives who drove over from Pilger Saturday.

The following class officers have been elected: J. F. Power, president; Frank Daisooll, vice president; Nettie Glassham, secretary. These serve until the first of January.

The Saturday Talks by members of the faculty are proving popular and will be continued through the year. Miss Sturart will give the talk next aturday on musical history.

Members of the advanced Elocution class are rehearsing a play which will be given in the chapel in about two weeks. The class possessed good, strong students who will give a good entertainment.

The weather has prevented much outdoor exercise on the ball grounds for the past ten days. If Saturday is pleasant and grounds are in condition, both ladies and gentlemen will play basket ball in the afternoon.

The eight weeks' term has led to the strictest economy of time in order to cover the subjects. Both teachers and students will soon adjust their work to the shorter terms and doubtless, the work will be stronger on account of the shorter terms.

The school has never had stronger work than that of the present term. The new studies as well as the review has met every expectation. More advanced classes than usual were organized for the term and several others will be necessary next term. All new teachers are proving very strong.

The work of the commercial department has been more than of former fall terms and will be quite fall next term. Mr. Sauntry is an excellent man for instructor and will make the work stronger than it has ever been. His entire time will be given to this line of work. The course is made more extensive to meet growing demand.

The work of each department is better organized this fall than before. The teachers' line is and will remain the heaviest work of the school. The music, elocution, science, commercial, shorthand, physical culture are well patronized. Military drill will be organized next term and continue through the year. The drill is very popular during the winter terms.

The outside work connected with college management is being rapidly gotten into shape for winter. Mr. Nieland and Mr. Fairfield have been busy with harvesting potatoes, cabbage, turnips, onions, beets and other garden products. All the work is well up and cold weather will find cellars, coal bins, and caves well filled. Mr. Nieland is a splendid manager for this work. Likewise Mr. Murrill keeps repairing well in hand and enjoys doing it.

Don't Borrow Trouble
It is a bad habit to borrow anything but the worst thing you can do is to borrow, is trouble. When sick, sore heavy, weary and worn-out by the pains and poisons of dyspepsia, biliousness, Bright's disease, and similar internal disorders, don't sit down and brood over your symptoms, but fly for relief to Electric Bitters. Here you will find sure and permanent forgetfulness of all your troubles, and your body will not be burdened by a load of debt disease. At Raymond's Drug Store; price 50c. Guaranteed.

New Cure for Cancer
All surface cancers are now known to be curable by Bucklen's Arnica Salve. James Walters, of Duffield, Va., writes: "I had cancer on my lip for years that seemed incurable, till Bucklen's Arnica Salve healed it, and now it is perfectly well." Guaranteed cure for cuts and burns. 25c at Raymond's Drug Store.

A Judicious Inquiry
A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine whether it was wanted for a child or for an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. Cole's Original Hot Blast Stove

Investigate To-day. Even Heat Day and Night. Fire Never Out.

It is the most economical stove made for soft coal, slack or lignite coal, because it burns the gas half of this fuel wasted up the chimney with all other stoves. Cuts the fuel bill in two.

It is the most economical hard coal stove made, and the best wood stove. 1st, because it has twice the positive radiating surface of any hard coal stove. 2d, because it is air-tight, thus giving perfect control over a hard coal or wood fire and insuring a slow, economical combustion. You get all the heat in your room. AVOID IMITATIONS.

We have told you much about Cole's Original Hot Blast. Please read the following letters telling what others think of it.

FOR SOFT COAL

AGENCY, IOWA, November 24, 1908.

COLE MANUFACTURING CO., Chicago, Ill.

Gentlemen,—Your stove is very satisfactory. I used a Round Oak for a number of years and noted the quantity of coal used. I find your Hot Blast will do the same service with at least one-half the coal. One year ago I used an imitation Hot Blast which was not satisfactory, as it was not air-tight and could not be made so, hence would not hold fire over night or keep a steady fire by day. Cole's Hot Blast is tight, and has kept fire for us for two nights and a day without attention and blazed up on opening up the drafts without a fresh supply of fuel. The heat is given off regularly as you want it, and it is possible to maintain the temperature desired in the room.

Very truly yours, C. F. GOLTRY.

COLE MANUFACTURING CO., Chicago, Ill.

I think so highly of Cole's Hot Blast Stove that if I were without a heater I would not accept any other kind as a gift if a Cole's heater could be purchased. The good points in favor of Cole's Hot Blast are first, the great economy of fuel, and second, the ease and perfection with which the heat can be regulated.

What Three Ministers at Evansville Say of the Stove for Soft Coal

H. I. SIMMONS, Agent for Cole's Hot Blast, Evansville, Ind.

Dear Sir,—Regarding the Cole's Hot Blast Stove purchased of you for our class room, I regard it as a remarkable stove. We have burned it two winters and find it will do all you claim, and more. It has held fire three days and nights several times to my knowledge without attention, and is a great saver of fuel, easily regulated, giving a uniform heat day and night.

Yours truly, A. L. BENNETT, Pastor M. E. Church.

H. I. SIMMONS, Agent for Cole's Hot Blast, Evansville, Ind.

Dear Sir,—We are greatly pleased with our Cole's Hot Blast Stove. We burned it last winter in a very large room in the parsonage, and with the exception of once or twice the fire was not out the entire winter. The Hot Blast draft works perfectly, consumes gas and smoke and uses less coal than any stove I ever saw. I can recommend Cole's Hot Blast to any of my friends.

Yours truly, REV. F. REILER, Pastor St. Paul's Church, 12th Ave. and Michigan St.

H. I. SIMMONS, Agent, Cole's Hot Blast, Evansville, Ind.

Dear Sir,—The two 12-inch Cole's Hot Blast Heaters I purchased for the Howell M. E. Church have been very satisfactory. They hold fire 36 hours, giving a uniform heat with the least possible amount of fuel.

Very truly yours, REV. A. D. BACHELOR, Pastor Howell M. E. Church.

Cole's Hot Blast for Hard Coal

MESSRS. ROSENBERG & WOLF, Agents for Cole's Hot Blast, Detroit, Wis.

Gentlemen,—I want to say a few words of praise for Cole's Original Hot Blast Stove purchased of you several weeks ago. I noted the broad and liberal guarantee on same by the makers for burning soft coal, and their claims that it would do better work with hard coal than any other stove manufactured. Upon that and your own recommendation I placed one in my home. I am burning hard coal, and to my surprise I am saving one-half in fuel over the stove I formerly used to heat the same space, and getting a greater amount of heat. It is the greatest stove I ever saw, and gives greater satisfaction and more heat with hard coal than a large base burner I am using in another part of the house. We heartily recommend Cole's Hot Blast as the most economical and best heating stove for hard coal I ever saw.

Yours truly,

A Pat Crowe Story.

Pat Crowe stories are in order now, and I know a good one which I have never seen in print. It will be remembered that at the time of the Cudahy kidnaping the clue which fastened the deed upon Crowe was in the shape of an old pony, one which had often been seen in Crowe's company. To a friend of mine Pat related how he came to leave snob a clue behind him. "I loved that pony like a brother," said Pat. "I bought him when he was nothing better than a bunch of skin and bones. Under good treatment the pony became fat and sleek, and he seemed very much obliged to me for the good care I gave him. He would follow me about like a dog. Well, that night after the Cudahy affair I knew that I must get that pony out of sight, because several people had seen me with the pony in the vicinity where the big pot of money was to be deposited. I took the pony down to the bank of the Missouri river, intending to shoot him and push him into the water." But I just couldn't do it. When I took out my gun to shoot him the pony walked up and rubbed his nose against me, as much as to say in the pony language that he liked me because I had been good to him. The thought of killing anything which likes you, whether man or beast, was too mean a thought for me, and I put my gun back in my pocket, resolving to let the pony live." Such in brief, is the story told by the man whom the world regards as one of the greatest criminals of modern times, and I believe the story is true. Pat has never killed anybody. He has never been a bloodthirsty fellow. It is true that in Chicago and in Omaha shot at some policemen, but not until after they had begun shooting at him, and then he was shot only in the hope of saving his own life. I am not trying to make a hero out of Pat Crowe. He admits that he is a criminal, and I believe he should be punished for his crimes. But all the same I cannot believe that a man with a heart so soft that it would spare the life of an old pony, even when the sparing meant trouble for the man, is such a bad man after all, and I shall be ready to say amen if the court and jury shall remember Pat's treatment of the old pony when they come to passing judgement upon him. Perhaps Pat Crowe, did not \$25,000 from Cudahy. But Cudahy was not out anything. His sympathetic associates in the beef trust probably held a meeting next day and made good the loss by pushing up the price of beef half a cent a pound, and within a month the extra profits paid by the American people had covered back into the Cudahy pocketbook all the money Pat Crowe took out of it. We must look at this Pat Crowe business through unprejudiced glasses. Pat Crowe committed a great crime when

he kidnaped the boy and took \$25,000 from the father for a ransom. It was indeed a cruel crime, and he ought to suffer for it. But, my brethren, you may find a nasty criminal under the hat of every member of the beef trust if you will look close. The law of the says it is a crime to form combinations in trade and put fictitious prices upon the necessities of life. Pat Crowe took money from a man who had plenty. The beef trust officials take money from the rich, too, and sometimes they take it from the poor. It is not unfair to say that in many instances the very lives of the poor children have been taken by the greedy trust, which boosted meat prices so high that the parents of the poor could not purchase enough of meat to carry health and strength to the little ones. To the dungeon with Pat Crowe! Yes, but let him have for cell-mates the greater and meaner criminals who operate the beef trust.

The Indian never liked work but he wanted his squaw to get well as soon as possible so that she could do the work for him.

Dr. Pierce uses the same well-known Blue Cohosh—in his Favorite Prescription—skillfully combined with other agents that make it more effective and protect the stomach from functional disturbance.

DR. PIERCE'S FAVORITE PRESCRIPTION is not now ever was a "patent medicine," but it is the carefully wrought out and thoroughly tested real prescription of a real physician in a real practice.

Dr. Pierce's unparalleled success with this remedy was such that more wanted to use it than any one doctor could attend to in a private practice. This induced him to manufacture it on a sufficiently liberal scale to meet the demand. By his own special processes, he extracts, combines and preserves the medicinal qualities of the several ingredients without the use of alcohol (usually chemically pure glycerine instead), thus rendering it absolutely safe for any woman of any age and in any condition to use freely. The names of the ingredients are: Lady's Slipper root, Black Cohosh root, Indian root, Blue Cohosh root and Golden Seal root.

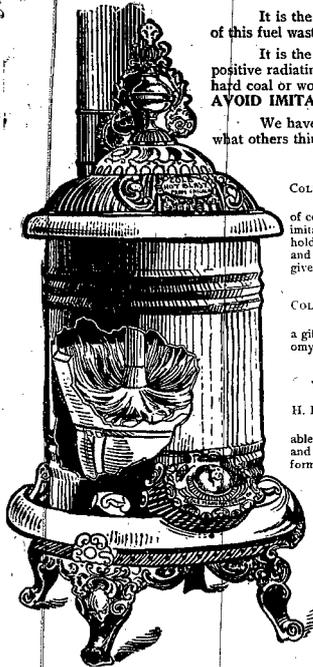

Miss May Robinson, No. 73 Amsterdam Avenue, New York City, Treasurer of the Woman's Progressive Union, writes: "I had headache, backache, and was very nervous; scarcely able to sleep more than two hours a night. I was advised to try Dr. Pierce's Favorite Prescription, and I was sleeping splendidly. Continued using the Favorite Prescription for eight weeks, and then stopped, for I was perfectly well and had gained weight. I had never since then your medicine has been my 'favorite' one, and I recommend it to every one."

Constipation although a little ill, begins his ones in the neck. Dr. Pierce's Pleasant Pellets cure constipation.

THIS ONE THING I DO.

The Apostle Paul's Famous Words Adapted to Modern Thought.

Famous Physicians Devote Their Attention to Special Diseases, and Effect Wonderful Cures.

Specialism is the idea of the day. Not that every physician can be a specialist nor would it be justifiable in every doctor's case, but there are advantages which can be derived only by a special practice.

The physician which treats both chronic and acute diseases, making no special study of any kind of ailments more than another, can not be so successful as a doctor who makes a specialty of a certain line of diseases and devotes his whole time and attention to the study and practice of that specialty.

The practice of medicine (general practice) is to broad a field for one to become proficient. Medical science has advanced wonderfully in the past fifteen years, as you all know, which is largely due to the specializing study. The specialists are the physicians that we must give credit largely for enlightening the medical world.

We cite, for instance, that of Dr. Caldwell a specialist of Chicago, who now has one of her offices in Omaha and has had for the last four years where she has many cures and has succeeded in building up a reputation and practice among those whom she has cured that would be hard to get away from her. Dr. Caldwell is a lady from the new school. Her experience and training has been that of many years' practice and vast experience. She confines herself to the treatment of chronic, lingering and deep-seated ailments. She pretends to cure only such diseases as she has had sufficient experience with in handling, and does not go into that class of incurable diseases which in many instances are useless to bother with.

As a result of her experience, Dr. Caldwell is thoroughly familiar with her specialties. In the treatment of cancer, consumption, heart disease, nervousness and female diseases, there are few specialists better qualified to treat them than Dr. Caldwell. It is claimed by Dr. Caldwell's friends that she can dispense a disease without a question. This being the case, she is not liable to doctor her patient for the wrong ailment, which is many times done by physicians of inexperience.

Dr. Caldwell does not treat venereal fever, venereal sores, gonorrhea and those acute diseases for which the local home physician is called upon to treat. It is not her desire to antagonize nor to take from the home physician that part of the business which he believes to be his. Many times Dr. Caldwell is called in consultation with the home physician and the kind of feelings should exist between them.

Dr. Caldwell is charitable. In many instances where patients are devoid of funds to pay for their service, she charges in such cases for the medicine only and no person, no matter how humble, has she ever turned away without seeing to it that they were relieved. By permission we are pleased to publish a few of some of the cures she made throughout the state of Nebraska. These are only a few, as time and space will not permit us to publish more.

Mrs. Sloan, Akron, Neb., cured of

consumption and other nervous troubles. The treatment she took improved her at once, and she was soon cured of all her ailments.

C. A. Lundeen, Grand Island, Neb., was troubled with muscular rheumatism and dyspepsia. Those troubles soon disappeared.

Mrs. E. McBeth, Hador, Neb., cured of female and nervous troubles, was told by doctors operation would be necessary, cured in four months' treatment.

Mrs. J. Dobbins of North Platte, writes, "she had been doctored for years without relief for kidney trouble, female and general debility."

Mr. Michael McCabe, North Platte, cured of cancer of face with two injections.

Doc. Emmitt, Columbus, Neb., cured of what other doctors called in, curable blood disease.

Mrs. Ella Johnson, Grand Island, Neb., cured of chronic eye trouble and cataract.

Mrs. John Conely, Akron, Neb., cured of cancer.

Mrs. E. Zarig, Bluevale, Neb., cured of female trouble diabetes and stomach trouble.

S. E. Fuller, York, Neb., cured of stomach and bowel trouble and kidney trouble.

Miss Debore, Waco, Neb., cured of skin disease of years' standing, had been treated by many doctors.

Mrs. Oscar Lange, Tekamah, Neb., cured of ———— and other female trouble.

Lois Herper, Columbus, Neb., cured of Bright's disease, heart trouble and nervousness.

Mrs. J. Jorgensen, Cozad, had suffered many years from nervous disease, loss of vitality and general weakness. She now feels healthy and like a new woman.

Mrs. Mary Krakon, Wayne, Neb., cured of chronic rheumatism, swollen limbs, heart trouble, headache and general debility. Had almost given up hope, when she heard of Dr. Caldwell, her treatment soon cured her and she is now thankful.

Mr. Charles Shan, Pender, cured of rheumatism, almost had consumption.

Mr. Nulph Wyndure, Beaver, Neb., cured of gall stones of liver.

Joe Carlson, Fort Wayne, Ind., cured of large cancer of the breast.

W. H. Larson, 65 Neshort St., Newark, N. J., says: "Dr. Caldwell, after suffering for 30 years I have found no treatment equal to yours. I write you these few lines to speak of the excellence of your treatment and I think it due you."

Mrs. J. H. Sommers, of Craig, Neb., cured of female trouble, general weakness and loss of flesh. Cured in three months. Mrs. Sommers had doctored with many doctors.

S. J. Blossen, Platte Center, Neb., cured of stomach trouble of long standing, nervous debility; was treated by many doctors.

Nebraska's most popular specialist, Dr. A. C. Caldwell, registered graduate of the Kentucky School of Medicine, will make her next visit to Wayne October 25.

The Racket

B. F. Feather has received a letter from Tom Bell in which the latter says he is mighty well pleased with his treatment at Lincoln at Lincoln and his only wish was that more of his friends will be sent down to take it. The "cure" given the inebriate is taken internally, evidently with their food, as one patient writes to Wayne that he is not being treated at all. The expense is borne by Wayne county. It costs \$45 at the asylum and incidental expenses make it nearly or quite \$100 for each patient.

Some Seasonable Advice
 It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so all together good that no one should hesitate about buying it in preference to any other. It is for sale by Raymond's Drug Store.

Once upon a time a great editor gave some advice to young men. Without laying any claim to greatness, I would offer something just as good. It is this: "Young man, go east and get a clerkship with some great insurance company."

A Pennsylvania football player was killed in a game after he had been married but three months. Some men think because they can stand married life they can stand anything.

Secretary Shaw didn't get new paper mention every time he dug a posthole or sold a package of brush or a little insurance. It won't hurt his son any to do a little work with his hands.

Some people seem to have had an idea that insurance companies are organized and operated to make money for the policy holders. This is one of the gravest mistakes ever made.

An Iowa banker on trial for illegal banking says he signed reports drawn up by clerks without knowing what they contained. When the judge signs his sentence he will know what is in it.

The secret of a Colorado woman who has masqueraded as a man for forty years has been discovered. She ought to be glad of it. That's a long time to be glad of it. That's a long time for a woman to monkey with busted "gulluses," breadbare and buttonless pants and things. Wonder if she sits on the floor to pull her socks on?

Just now a fellow can have several things to be glad about. He might be glad that he didn't give his old overcoat away last spring. Then he might be glad that his best girl doesn't like oysters.

Full of Tragic Meaning.
 Are these lines from J. H. Simmons of Casey, Iowa. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough, that disturbed my night's rest. I tried everything but nothing would relieve it until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which completely cured me." Equality Before the Law
 Are all men in America equal before the law?
 Let's see.
 Two years ago Sam Parks, leader of a labor union, was charged with grafting in New York.
 He was arrested. Press, pulpit and everybody demanded that he be punished. He was hurried to trial, convicted, sent to prison and died while serving his sentence.
 His crime consisted of extorting money from contractors, who thus sought the favor of the labor union.
 All the country approved the arrest, trial and punishment of Sam Parks.
 But there are other Sam Parks in New York. Recently sworn testimony was offered to show that the presidents of great life insurance companies have stolen millions of dollars from the policy-holders. These same men have been charged with buying the favor of a great political party by taking the money of the policy-holder and contributing it to political committees.
 Have the millionaire criminals been arrested? No.
 The fact is men do not stand equal before the law in America. We boast that all our people are equal before the law, but it is only a boast. The law is often warped to punish the weak and shield the strong.
 A railroad brakeman allows a friend to steal merchandise from a railroad car. He is arrested, tried and sent to prison.
 A railroad president takes excessive freight charges from small shippers and then contributes the plunder to large shippers in the form of rebates. Is the railroad president arrested and jailed? Not much. He is immediately appointed to a seat in the cabinet of the president of the nation.
 Equality before the law! There is no such thing, and will not be until the day in which the American people shall cease making money their king, and cease regarding as sacred the persons who have the money.—Columbus Telegram.

Delinquent Tax List
 Treasurer's Office, Wayne, Wayne County, Nebraska.
 October 2, 1905.

Notice is hereby given, that in compliance with the Revenue Laws of the State of Nebraska, the Treasurer of said county, will on Monday, November 6th, 1905, between the hours of Nine o'clock a. m., and Four o'clock p. m., at the office of the County Treasurer in the County Court House in Wayne, in said County, offer for public sale, and sell the following described Real Estate, or so much of each tract of land or town lot as shall be necessary, for the amount due thereon for the taxes of 1904, as herein stated, together with all expenses for advertising, costs and fees that by law have, or may have accrued at the time of payment. Doctors Said He Would Not Live
 Peter Fry, Woodruff, Penn., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better and continued to improve until I was entirely well." Do No Be Imposed Upon.
 Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative, it contains no opiates and is safest for children and delicate persons. Wayne Drug Co.
