Man's Unreasonableness

is often as great as woman's. But Thos. S. Austin, Mgr. of the "Republican" of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife, for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick, she could hardly leave her bed, and five, (5) physician, had failed to relieve her. After taking Electric Bitters she was perfectly cured, and can now perform all her household duties." Guaranteed by Raymond the druggist price 25c.

Bobby Mears "Pinched."

Tuesday evening Marshal Miner received a message to take Robert Mears into custody and hold him until an officer arrived from Hastings. The latter got here the same evening on the 8:55 train and took "Bobby" on through to Hastings.

The DEMOCRAT is told the complainant is a Miss Smith who a couple of years ago worked in the Hall house hold here, later going to Blair where a child was born to her, and from there to Hastings. Wayne people will remember seeing the girl very frequently in the postoffice or on the street, and Mears generally with her. The girl looked to be older, if anything, than Mears, and the "boys" about town appeared to have known all about her troubles and say they understood the affair had been settled or quashed between her and the young fellow.

Marshal Miner says the culprit was taken to Lincoln instead of Hastings, that the charge against him is bastardy and that the baby is now nine months of age.

Kinkaid is "Canned."

Sheriff Mears and Clerk of courts Kuhl had some fun Tuesday that worried them for a while. A. F. Kinkaid of Carroll was before the "inebriate board" and after being found guilty and sentenced to the jail house at Lincoln, he asked permission of Mr. Kuhl to step outside a moment. Gaining the "outside" Kinkaid hiked out of town, the sheriff and clerk later on in hot pursuit. Tuesday night Sheriff Mears found him at Weiside, where he had gone to bed, and was taking life and a diving jag easy. The sheriff brought him back to Wayne and kept him in a safe place 'till Wednesday morning when he took him down to Lincoln for treatment.

John Gustafson has been laid up the past week with sickness. We hope John will soon recover and get into town to meet his friends, for he will be missed in the "family circle."

J. P. Larson was in town Tuesday and in talking over the corn crop says the stand of corn is fair and the yield much lighter than anticipated. Mr. Larson will have a big public sale some time during the winter, and next spring will move to Wayne to make his home, leaving his son Frank to manage the farm.

Phillip Sullivan has made a generous proffer to St. Mary's church in that if the congregation will raise \$800, he will donate \$500, to pay off an indebtedness of \$1200. And the best part of it is Phil's money is not "tainted" with anything but hard work and self-denial. A committee is out hustling for the \$800 to make the deal a sure go.

Laurel Advocate—Rev. Fred Tower of Carthage, Ill., son of Mr. and Mrs. J. Tower, of Laurel, is about to accept a call to the Memorial Presbyterian church of Rochester New York. Rochester is a beautiful city of at least 170,000, and Memorial church is one of the largest Presbyterian organizations there. Rev. Tower is an unusually strong man is evident to all who have had the good fortune to hear him preach. He filled the pulpit of the Laurel Presbyterian church during his vacation a year ago last summer and those who heard him there were much impressed; all who listened thoughtfully realizing that he was destined for higher things. That the people of Rochester will be well pleased with this earnest young man from the west is almost a foregone conclusion.

Furchner, Duerig & Co.

A 28 Guy Line.

About Oct. 14th Ed. J. McMurray, manager of the local line to Wakefield, got in a hurry to raise up some sagging wires on his line near the College, and a guy line of the Wayne electric line being in his way, he cut the latter wire out, then came to town and notified Mayor Britton what he had done. No action was taken at once, but later on McMurray was arrested and Monday he was tried before Judge Hunter and drew a fine of \$15 and costs, in all \$28.00. In court the defendant entered a denial of severing the particular wire he was accused of cutting loose, but such witnesses as Messrs. Britton, D. E. Miller, Manager Clark and Jud West, easily fastened the misdemeanor upon him. The action was based on the same complaint made against J. H. Wright some time ago, on the state statute.

Mrs. H. G. Laisnering was hostess at a small dinner party last Friday evening. The guests played a new game "patent medicine," which was very funny and greatly amused them—just as patent medicine amuses the medical profession.

Nathan Chase of Stanton, came near losing his home one day the past week, his little son Burton beating a poker red hot in the stove and then trying to make figures on the lace curtains with it. Mrs. Chase and her girl were both out of the house and the curtains and carpets were badly burned up before they got into the house to put out the flames.

There are other trusts and combina-
 tions—some of them evils which come near-
 er home to us than railroad, coal and
 beef trusts. There are things right at
 our own doors which need regulating.
 It is time to ask: "What's the use?" re-
 garding a lot of things. The follow-
 ing item calls attention to some of
 them.

The Pocahontas Son says:
 When a banker like W. E. Brown, of
 Storm Lake, ruins hundreds of homes,
 taking the dollar from widows and
 orphans and returning twenty per
 cent in its stead and the judge is
 visibly affected because he cannot im-
 pose a lighter sentence than five years
 after the prisoner has been found
 guilty of crimes that could send him
 to the pen for three hundred
 years; when a jury acquits a man who
 has been guilty of such banking
 methods as those of E. C. Brown of
 Sheldon; when even a Pocahontas
 man shoots another man in the breast,
 guilty of assault to do great bodily in-
 jury and permits they would be mur-
 derer to get off with a jail sentence it
 is high time to begin to question the
 use of courts as now constituted.

And the Hawarden Chronicle adds:
 That's a mild way of putting it.
 Sioux county has had, in twenty-five
 years, no less than seventeen murders
 and just one conviction for the crime,
 and that is where a confession was ob-
 tained and twenty-five sentence was
 the limit. There is too much balder-
 dash, too much technicality, too much
 law and too little justice used. Let a
 judge attempt to get at the facts in the
 case as Judge Oliver sometimes does,
 and they will have every attorney in
 the nick of the woods against them
 just as Oliver has. We believe in law,
 but the laws as applied to crime are
 standing rewards for dishonesty,
 trickery and a mock of virtue and de-
 cency.

THIS ONE THING I DO.

The Apostle Paul's Famous Words Adapted to
 Modern Thought.

**Famous Physicians Devote Their Attention to
 Special Diseases, and Effect Wonderful
 Cures.**

Specialism is the idea of the day.
 Not that every physician can be a
 specialist, but that he justifies his
 every word, claiming that there
 are advantages which can be derived
 only by a special practice.

The physician, which treats both
 chronic and acute diseases, making no
 distinction of one kind of ailments
 more than another, can not be so suc-
 cessful as a doctor who makes a spe-
 cialty of a certain kind of diseases and
 devotes his whole time and attention
 to the study and practice of that spe-
 cialty. The practice of medicine
 (general practice) is to treat a field
 for one to become proficient. Medical
 science has advanced wonderfully in
 the past fifteen years, as you all
 know, which is largely due to the con-
 centrating its study. The specialists are
 the physicians that we must give
 credit largely for enlightening the
 medical world.

We cite, for instance, that of Dr.
 Caldwell, a specialist of Chicago, who
 now has one of her offices in Omaha
 and has had for the last four years
 when she has made many cures and
 succeeded in building up a reputation
 and practice among those whom she
 has cured that would be hard to get
 away from her. Dr. Caldwell is a lady
 from the new school. Her experience
 and training has been that of many
 years' practice and vast experience.
 She confines herself to the treatment
 of chronic, lingering and deep-seated
 ailments. She pretends to cure only
 such diseases as she has had sufficient
 experience with in handling, and does
 not go into that class of incurable dis-
 eases which in many instances are
 useless to bother with.

As a result of long experience, Dr.
 Caldwell is thoroughly familiar with
 her specialties. In the treatment of
 cancer, consumption, heart disease,
 nervousness and female diseases, there
 are very few specialists better qualified
 to treat them than Dr. Caldwell. It is
 claimed by Dr. Caldwell's friends that
 she can diagnose a disease without a
 question. This being the case, she is
 not liable to doctor or patient for the
 wrong ailment, which is many times
 done by physicians of inexperience.
 Dr. Caldwell does not treat typhoid
 fever, whooping cough, measles and
 those acute diseases for which the
 local home physician is called upon to
 treat. It is not her desire to antagon-
 ize nor to take from the home physi-
 cian that part of the business which
 really belongs to him. Many times
 Dr. Caldwell is called in consultation
 with the home physician and the kind-
 est of feelings should exist between
 them.

Dr. Caldwell is charitable. In many
 instances, where people are devoid of
 funds to pay for their service, she
 charges in such cases for the medicine
 only and no person, no matter how
 humble, has she ever turned away
 without seeking to give them relief.

By permission we are pleased to
 publish a few of some of the cures she
 made throughout the state of Nebraska.
 These are only a few, as time and
 space will not permit us to publish
 more.

 rheumatism, almost had consumption.

 ark, N. J., says: "Dr. Caldwell, after
 suffering for 30 years, I have found no
 treatment equal to yours. I write you
 these few lines to speak of the excel-
 lency of your treatment and I think it
 due you."

Mrs. J. H. Sommers, of Craig, Neb.,

 ness and loss of flesh. Cured in three

There is today a crying need of a better information as to the treatment of the body. The basis of this information is to be found in the thesis of Dr. R. V. Pierce: "Diseases which originate in the stomach must be cured through the stomach."

In the forty odd years of Dr. Pierce's experience as chief consulting physician of the Hotel and Surgical Institute in Buffalo, N. Y., he has treated more than half a million people with a record of ninety-eight cures in every hundred. The history of the history held by Dr. Pierce, that the stomach is the chief breeding place of disease, is abundantly borne out by the success of his treatment which is addressed primarily to the stomach and the organs of digestion and nutrition.

No other medicine acts so powerfully and as perfectly on the stomach and other organs of digestion and nutrition, as Dr. Pierce's Golden Medical Discovery. Men and women afflicted with shortness of breath, heart disease, autonomic diseases, spots before the eyes, "liver pains," and similar ailments have been promptly and perfectly cured by the use of "Golden Medical Discovery."

Miss Lavilla Bonino, Curator Natural History Society of 418 Lawrence Street, West Lansing, Mich., writes: "I suffered with chronic dyspepsia for nearly seven years and this caused me to grow very thin and pale, at the same time my blood became poor and was so apt to clot in my veins that I was unable to attend to my daily duties. Heart was also affected and fluttered at the least excitement. I spent a lot of money doctoring and found no relief until I took Dr. Pierce's Golden Medical Discovery. It certainly is a wonderful medicine. It toned up my stomach and I began to have appetite. I started to eat and to sleep and I began to pick up and get strong. I soon saw rich blood flowing in my veins and I once more felt the beauty and joy of life. I have now enjoyed perfect health for a Golden Medical Discovery."

Scissored Jokes.

"Why did Mahomet go to the mountain?" He thought he could get better rates there than at the seashore."

"There are no lovers like Romeo nowadays," said the sentimental girl.

"No," answered the practical girl.

"Our police would have Romeo in custody as a porch climber before he got half way up to the balcony."

"Ho's tiresome, isn't he?"

"Or, the worst kind of a bore. He's the sort of fellow who says: 'Heard a funny story about an Irishman today. It's the frogue that makes the story funny but I can't imitate the brogue,' and then tells the story in his own way."

SUPPLEMENT To The Nebraska Democrat Nov. 24, 1905, Wayne, Neb

College Notes.

Miss Schultze has enrolled in the shorthand department for a few months' work.

Misses Johnston and Wisdom of Harrington, enjoyed a visit from their sisters Sunday and Monday.

Rev. Young conducted chapel Monday. He has visited us twice this term. Last week he made a very good talk to the students.

Mr. Chinn from near Allea came down Saturday with his son who remains in college until spring. His work will be in the commercial department.

The new students this week are Fred Benstead and Guy Benstead of Allen, Mr. Olds of Winside, Mr. Chinn of Wakefield, Miss Shultzes of Wayne and Miss Savidge of Wayne.

Sept. Wilson addressed a union meeting of the Y. W. C. A. and Y. M. C. A. Sunday afternoon. His talk was very helpful and everyone enjoyed it. Mr. Elliott will talk to the young men next Sunday.

Mrs. Eaton came down from Rosebud Saturday morning and spent the day with her daughter. Miss Van Syoc of Valley, spent Saturday and Sunday as the guest of Miss Johanna Anderson.

The graduating classes which now number over 70, had a special meeting on Thursday evening to talk over the work and plans for the year. Prof. Pile, Miss Neptune and Miss Neihardt advised with them.

Miss Neptune went to Oaklank Saturday where she made an address to the teachers of Burt county. She enjoyed the day and met Suprs. Davidson of Omaha, Clifford of Council Bluffs, Kahn of Blair and President Crabtree of Peru, Ill. All of these were on the program.

Several former students visited college friends Saturday, Sunday and Monday. Miss Eva Reed of Winside, Mr. Rasp of Orchard, Miss Waddell of Hoskins, Miss Jones of Ponca were among the number. They found many acquaintances now in attendance.

The social of the Christian associations held Saturday evening was quite largely attended by students. Sever-

al former students and some Wayne citizens were present. The young people had hoped to see a larger patronage from town. It not only aids but greatly encourages the members to have a good crowd.

Mr. J. R. Saxe of the '04 Scientific class is principal at Wulbach. He is meeting with the best of success and all who know him as a student as a teacher in the country school expect that of him. He has arranged a course of study for his school, which is one of the best planned for a high school we have seen.

The music students will give a recital in the chapel Saturday evening. No admission will be charged. The public is invited. Program will begin at 7:30, at which time the doors will be closed. The exercises will include vocal, piano and violin solos. This is a regular term recital. Some will appear for public performance for the first time.

The work of the shorthand and typewriting departments was never better than it has been this fall. Miss Robertson has three classes in shorthand and all are making the very best progress. Several are taking typewriting who are not in the other work. The members of the advanced class will be ready for positions by the first of January. They are given work at the office a few weeks before going out.

Prof. Pile and Miss Robertson are kept busy in the afternoons with a heavy correspondence and sending out advertising matter. Many inquiries are received daily, some mena business and, doubtless, some write to get catalogues when there is no intention of attending any school. However, all receive prompt and careful attention. Some special advertising is being sent out for spring announcements of the review terms which begin in April and June.

Gregory county, S. D., is represented by four students this term. The following counties of that state have students here: Clay, Union, Charles Mix, Meyers, Meade, Hand, Brule, Turner, Yankton. Nebraska sends students from the following counties: Wayne, Dixon, Dakota, Thurston, Burt, Washington, Douglas, Canning, Colfax, Butler, Platte, Madison, Stanton, Lancaster, Custer, Antelope, Holt, Pierce, Knox, Boyd, Cedar, Cherry, Rock. Iowa sends students from Neola, Reusee, Salix, and Sioux City. Several are expected from Wyoming at the beginning of next term.

No Poison in Chamberlain's Cough Remedy.

From Napier New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. When taken in time it prevents pneumonia. The remedy is for sale by Raymond's Drug Store.

Wayne County Schools.

Wayne county can boast of many good things it has, but especially can she boast of her public schools. We are informed that there is no county in the state that has better school facilities than Wayne county, and our teachers are as good as can be found in America. Here in Wayne we don't feel like boasting on our school buildings, for they are not up to date. They are clean and comfortable, but will soon be a thing of the past, and in their places you will see buildings that will be a credit to any town. Our teachers are the very best and we doubt if another town in the state can show up a better lot of teachers than Wayne has. The same can be said of all the teachers in the county. Every tax payer realizes that his school tax is the largest part of his tax, and therefore he feels that his money is well invested. Did you ever stop to think that you each year invest more in clothing than you do in school tax? Do you use the same judgment in selecting a clothing store you do in hiring a teacher? If you do we are sure of the greater part of your business. We don't know much about running a school as we had to commence to make our living when fourteen years old and could not go to school, but we know good clothing for we have been in that business for nearly thirty-five years. Don't it look reasonable that you ought to at least investigate this store before you buy anything to wear? We have more for you to look at than any store in Wayne county, and we have had more experience than any merchant in Wayne county. With the fact that our prices are lower than others ask, we believe you make a mistake if you fail to see what we have before you buy. If you buy anything here that we recommend, and it fails to give you satisfaction, you can have it replaced free of charge. Isn't that fair? You ought to wear Staley underwear if you expect to enjoy good health in this climate and that can only be bought of us. If you have boys that need shoes you ought to buy their shoes they "cant wear out" and you can't buy them in any store but ours. If you want a pair of arctics to last you all winter you will have to buy "Snagg Proof" and we have the exclusive sale of them. To make a long story short, come in and look for yourself and you will be convinced that you cannot afford to buy anything in clothing elsewhere. We are ready to show you, please give us a chance.

Holds Fire 36 Hours

COLE'S HOT BLAST

Does it with either ordinary soft coal or hard coal. This stove is the ideal heater because the fire is never out, the rooms are heated evenly, and best of all, it uses less coal than any other stove made. In fact, we guarantee it to save one-third in fuel over any lower draft stove the same size.

Cole's Hot Blast will burn briskly for two hours in the morning with coal put in the evening before. Simply open the draft.

These wonderful results are possible because of the patented Hot Blast draft used in connection with the patented air tight construction (see picture), which we will show in detail if you come to the store. We guarantee it to remain air-tight as long as used.

DO NOT PUT UP WITH YOUR OLD STOVE ANOTHER YEAR

It is false economy. Cole's Hot Blast saves its cost in fuel every year and at that gives most satisfactory heat; it is clean, and is sold in a positive guarantee.

If you enjoy the luxury of dressing in warm rooms without the necessity of kindling new fires, investigate Cole's Hot Blast today.

The solicitor, or man who "bores" you every week, has to live, too. Call on the DEMOCRAT when you want printing and quit paying for the so-called living.

The butchers, too, have their troubles, just like the barbers, printers and dog catchers. The other day I heard an interesting conversation between an "upper-ten" lady of the town and a meat chopper. She wanted to know why she couldn't just buy the tenderloin of a porterhouse steak and let the butcher sell the cheap stringy ends to the poor people—who bought round steak or any old thing. It took the butcher some time to explain the rules

of his business and she went away satisfied to buy the whole works and throw the tough stuff to the dogs. The incident recalled a little ancient story of the days of Goli. An irate patron was taking quite a fall out of Henry on account of his tough meats and Henry, in a burst of righteous indignation, finally shouted: "Stessus Kristinger, we don't make those cat-ties, we only cut 'em up!"

News items and items that are hot even news, are hard to scratch up this week, so I might give you something a little old, told by Dr. Williams. The good doctor says it was when the electric lounge was a novelty and several Wayne men had tried them,

Calumet Baking Powder

Finally it came Eph Cunningham's turn and as he went to lay himself down on the health-dealing apparatus the current was shut off just for a joke. After a few moments of ecstatic repose the good natured patient jumped up and commented freely on the merits of the treatment, he felt oh, so much better, etc.

Bishop Moreland of Sacramento says it is his hope for a solo singer to face the congregation. Church music, he says, is for the glory and worship of God, not for the gratification of a congregation or the advertising of a solo singer. If the bishop tries to run a church purely for the glorification of God he will find it a losing venture. Some people go to church to be noticed. And just think how it would look for a solo singer with her back to the audience reaching around to feel if her dress skirt was gaping! Bishop Moreland is away off on this proposition.

A Lincoln man has been fined \$50 for rolling a cigar. By dad, if there is one crime worse than getting drunk, disorderly and going to Lincoln it is to smoke cigars. The trouble will be thought that very few of the fools who do are worth \$50, or even worth reforming.

The revival meetings are being con-

tinued every night and are enjoyed by the church people, difficulty being as one person tells me, to get the real sinners out to them. If the revivalists succeed in healing the liars, thieves and hypocrites who frequent the churches, they will be doing a mighty fine piece of work.

Herman Mildner and N. A. Stodden have been at Excelsior Springs, Mo., the past two weeks, taking in the baths, etc., while we poorer devils have to go to Lincoln for it.

The Norfolk News says Congressman McCarthy is out looking after his fences, for a third term in the tall grass at Washington.

It didn't take long for the solicitor who "bores" you for your job printing to put the cap on, did it?

The Columbia Telegram notes that the difference between a rummage sale and a fire is in favor of the fire. One is an act of Satan as the other, but after the fire comes the insurance money, and close upon the heels of the rummage sale comes language forbidden by the church.

Carric Chadwick is being mentioned again but it is hard to get her on the front page. The Ohio court has refused her a new trial and it is now up to the supreme whether she will have a rehearing. Before it is settled, Cassie will be so old that it won't make much difference to her.

The Woman's Relief Corps will give a box social at the G. A. R. hall, evening of Dec. 2d, at 8 o'clock. All the ladies are requested to bring the boxes and exhortation is invited.

The ladies exchange will be at F. E. Jones' book store hereafter.

It is evident from the Winside Tribune that there will be two vacancies in the school faculty there, Prof. Littell and Miss Elsie Ringer.

Death of E. J. Nangle.

After many months of acute suffering and no hope of recovery from pneumonia except in the brain of death, E. J. Nangle, a pioneer of Wayne county, passed away to the great unknown in the early hours of last Wednesday morning. Mr. Nangle was stricken with Bright's disease, a couple years ago, and although every thing possible was done to relieve him the doctors never gave any hope of recovery. About six months ago he was supposed to be on his death bed but rallied and the past summer has been able to get about and take care of his business interests. A couple of weeks ago the fatal malady took a firm grip on the old gentleman and his formerly strong constitution, debilitated by disease, was an easy prey for death's summons. Deceased was a man of decidedly rugged exactness and honesty; well informed on the world's doings, and a man whom it was always a pleasure to meet after gaining his acquaintance.

E. J. Nangle was born April 4, 1836, in Philadelphia. He was married Feb. 20, 1867, to Annie Mary Henderson; at Millin, Pa., and they left the east to locate in Wayne county, Neb., in 1883.

The funeral services will be held this Friday afternoon at two o'clock from the Presbyterian church, Rev. Osborne officiating.

R. Q. Warnock is Better.

THE DEMOCRAT is glad to state that Bob Warnock, at present in the Samaritan hospital, Sioux City, is getting better and the attending physicians say he will get well. Mrs. Warnock returned from there Wednesday evening and reports her husband looking thin and emaciated but bright and cheery and decidedly glad to see her. It will probably be some time yet before "Bob" will be on full feed and exercise.

Chris Sodemman was in Norfolk Monday. He tells the DEMOCRAT he expects to buy one of Wayne's saloons for next year's business.

Miss Julia Kelly visited at her home in Sioux City over Sunday.

A heavy rain fell Wednesday night and yesterday, making corn husking a tough proposition.

Prof. Pile was in Stanton addressing the teachers institute Friday evening last.

Rev. Lodge is in Iowa, and from there goes to California for the winter.

Mrs. Laase, mother of Mrs. Richard Russell, died at her home in Stanton last Monday.

O. A. King and wife returned last Friday from Chicago where the latter was in the hospital for an operation which was quite successful.

T. W. Moran has taken a claim near Chamberlain, S. D.

The sewing school now occupies the Moses building, vacated by Fleetwood & Johnson.

W. H. Hilmer, now of Omaha, was in town this week. Mr. Hilmer looks well and hearty.

Charley Nies says he has not sold his saloon yet, not that he knows anything about.

CHOCOLATES—The kind the girls like best at Leahy's Drug store, Boyd Annex.

The DEMOCRAT has heard more talk the past week about a second g. o. p. paper in Wayne. Some of the politicians no doubt figure that it will take another organ to unite the conflicting forces in the party machine.

SHE TELLS OF CRUEL MURDER OF HER BABY

Mrs. Dinzer Relates the Story of Her Husband's Brutal Crime.

GOES INTO HYSTERICIS

Little Gertrude Hyland, the Woman's Daughter, Was Found Dead by a New York Tenement House—Stepfather Arrested.

New York, Nov. 21.—Mrs. Agnes Dinzer, wife of Gustave Dinzer and mother of little Gertrude Hyland, whose body was found under steps leading to a tenement house in the East Bronx, today related the story of the brutal murder of the child today.

The night of September 4 we came in about midnight. I had already hit me on the head with a bottle of whisky. I was in a state of delirium. I saw a shadow in the room. I saw a shadow in the room. I saw a shadow in the room.

For the first time the plaintive moans of the woman was changed with a note of acute bitterness. She took off her hat with the white lace band. Her hands clapped back until the black mourning bonnet at the back showed, and she ran to the place where the body of the child was found.

Mother's Story of Brutality. I tried out with the pain and he went on the witness stand. Then he came back with the same old story. He tried to stop the blood from running over my forehead and hit me with an iron bar. The blood ran down in my eyes and he carried her into the parlor and threw her on the floor. He said down by her and hit her eight times with his fists as he said to me: "Don't hit her any more. I said, "You'll take her away from me."

He took her into the kitchen with the baby. I tried to get up but the door was locked. I held the baby in my arms all the time. I heard the door open. I grabbed up an iron bar and hit him on the head with the iron bar. The blood ran down in my eyes and he carried her into the parlor and threw her on the floor.

\$60.00 Ore Found!

No doubt you all read the telegram from President Dinsmore, which was published two weeks ago, announcing the cutting of a vein of ore. They have drifted on this vein and opened up SOME VERY RICH ORE, the last assay being nearly sixty dollars per ton. A strike of a body of such rich ore will naturally force the prices upward and I WARN YOU for the last time that if you ever expect to get stock at the present price come in and see me before THANKSGIVING DAY. After that I will make no promises as to the price you will have to pay for stock.

Roosevelt Says: "A Square Deal for Every Man,"

And that is just what we expect every man to have. We want you to come in and see us and find out all you can about the company; its management; its resources and its possibilities, and if you are not satisfied, then go to some of Wayne's representative business men, who have been out to see the property only to return and add their testimony by purchasing large blocks of the stock. If you are still like the doubting THOMAS of OLD GO OUT AND SEE FOR YOURSELF.

LATEST TELEGRAM: "Denver, Colo., Nov. 20: O. A. King, Wayne: Drifting on vein; two assays Eighteen dollars eighty cents, and Fifty eight dollars forty cents. F. C. Dinsmore."

How Do Men Become Rich?

This is a great age of investments. Great fortunes are being made every day and more men are becoming wealthy from their investments in mines than any other period in the history of man and yet there are people who sit back with what they have, never make an investment of any kind and then complain that they never had any chance. WAKE UP GOOD PEOPLE and come in and see me. It won't do any hurt if you don't purchase but MAKE THE EFFORT for ONCE in YOUR LIFE and seek an investment.

REMEMBER stock will not stay at twenty-five cents per share but a few days. The demand will raise the price of it. I am sending in for big blocks of the stock every day now and the WAYNE PEOPLE ARE SHOWING THEIR FAITH in the enterprise by the way they order stock.

To those who have options I would like to have you come in as early as possible and see me so that I may get them all remitted for by December 1st.

Sincerely,

O. A. King,

Office First Nat. Bank Building.

District Manager.

A Dozen Years Ago.

(From a Wayne paper of 1893.)

John Creamer and Geo. Foltz are now residents of New Whatcom, Washington, and write in glowing terms of the country; for particulars see B. F. Feather or George Shaw.

A snaking cuss was caught pecking through the windows at 'Squire Feather's residence late last Sunday night. He retired in a hurry but not before being recognized as a near neighbor. Mr. Feather says the people in that neighborhood are getting tired of the petty thieving going on and that someone will have to "move out."

Oscar Franks and Hugh O'Connell husked corn last Monday for \$333 aside. Franks picked 27 bushels in three hours; O'Connell 30 1/2 bushels.

Why is Patsy's peanut roaster like the sun? Because a day-goes with it. The Herald and Democrat each have an item in regard to a Christian Angel being locked up in the Wayne jail for robbing the clothes lines in Wisnide. Boys, we know of lots of Christians (?) that will steal, but a Christian Angel, never. Why didn't the goil darped thing fly away?

We are afraid the "club" epidemic will have reached the babies before the winter is over. Here is the latest.

Six little girls in the west part of town have organized a sewing CLUB. They want to offer three royal prizes each week. The first meeting is to be held with Florence Welch this afternoon when they will compete in doll dressing. Their names are Lela Tucker, Nellie Dearborn, Onie Allbee, Winnifred Northrop, Mammie Moran and Florence Welch. Success to the little workers.

T. A. Williams, of Platte Centre, was a guest of his brother, Dr. J. J., the past week.

C. M. Craven is building a neat residence at the foot of Standpipe Hill.

Last week's Carroll Independent says that P. L. Miller made a very successful trip from Wayne to Carroll on a bicycle. It must have been a pleasant trip—for the wheel.

Warren Bishop and Miss Mary E. Kellog were united in the holy bonds of matrimony at the Baptist parsonage Thursday evening at 9 o'clock. Rev. W. W. Theobald officiating.

An amusing story is told of a farmer living south of Wayne who got the bright idea in his head of "raising the wind" by mortgaging five cows and some calves that he owned "in his mind." The mortgage became due and the Wayne firm being unable to get their money sent out the sheriff to get the stock. When Ed inquired where he would find the cattle the farmer told him they were "out in Montana," he didn't know in what part and he wasn't caring a damn either. I took only a few minutes of persuasive talk from the sheriff to induce the rusty granger to "hunt up the dough" and it didn't take him near so long to do it as it would to sell the "Mbotana cattle."

Little Alice Stringer celebrated her ninth birthday on Tuesday by giving a party to a

large number of her little friends. A big birthday cake was only one of the many enjoyable things. For pinning the tail on the donkey most successfully Etta Beckenauer received the royal prize, a cute little toy donkey and Mamie Blanchard carried off the booby prize.

The following is a leaf from a Wayne young man's society diary, and whose name is lipped by nearly all the young ladies in accents of gentlest tenderness. If we wanted to be mean we might give his full name, but as only the initials are signed, we will let our readers guess it.

The happiest man in seventeen states is the Hon. James Britton, mayor of the city of Wayne, in the state of Nebraska, United States of North America, but it isn't on account of any municipal honors that makes James so goll-darn ticklish, nor even that peer of American trotting horses, Union Medium, that stand in his stables; it's only a bouncing boy baby that his good wife presented to him last Monday. Girls are all very well in their place but they don't count for much when a son and heir comes to town especially when he's been wanted for nigh on to twenty years. (May the young man be all his fond parents hope for, will be the wish of all Wayne people.)

There is lots of sickness in town at present. Gilbert French is just getting the best of a hard attack of pneumonia; J. D. King, B. J. Kass and Grandma Davies, have also been indisposed.

Mr. R. Craven has returned to his home in Monroe, Wis. He may return with his family in the spring.

J. W. Epler, of Wayne, formerly of the firm of Harrington & Epler, was tendered a position at The Leader which he accepted Monday morning.—Randolph Time.

No Case of Pneumonia on Record. We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause constipation, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered.—Wayne Pharmacy.

G. B. Burhans testifies after four years

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of these symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble. Wayne Pharmacy."

A boxing class has just been started at the Y. M. C. A. in Sioux City. That town will no doubt turn out a few good prize fighters.

Son Lost Mother
"Consumption runs in our family, and through it I lost my mother," writes E. B. Reid, of Harmony, Mo. "For the past five years, however, on the slightest sign of a Cough or Cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for coughs and colds. Price 50c and \$1.00; guaranteed at Raymond's Drug Store. Trial bottle free.

The meanest thing the president has done of late was in naming the 30th instead of the 23rd as Thanksgiving day. How easy it would have been to cut the foot ball season a week shorter.

Tom Lawson has been sued for libel. Even that may be cheaper than his other advertising.

The czar has decided not to return to the Winter palace. The czar is something of an awful dodger. He doesn't want to take any chances on getting in places that are unhealthy.

Edgar Howard of the Columbus Telegram sings: Many years have come and gone since she became my wife, and the years have all been tranquil and free from wedded strife. In many ways that woman has been to me a boon, but I prize her to the limit since she won a euclyre spoon. She was always a good fellow, I am pleased to make report, and now she is entitled to be listed as a sport. May she win at every sitting (when she is able) enough of spoons to fill the set now broken on our table.

"I Thank the Lord!"
cried Hannah Plant, of Little Rock, Ark., "for the relief I got from Buck-ler's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at Raymond's Drug Store.

A St. Louis man has written a book entitled "A Year in Hell." Don't see how he could write a book about St. Louis after being there only a year.

With a bottle tied to his body a Des Moines man jumped into the river and was drowned. But there is nothing startling about it. Many a man is hastening to the grave with a bottle on his hip.

Many children inherit constitutions weak and feeble, others due to childhood troubles. Hollister's Rocky Mountain Tea will positively cure children and make them strong. 35c Tea or Tablets. Raymond's Drug Store.
