Beach & Bowers Minstrels played to a big house Tuesday night and delighted it as well.

John Frel, living seven miles south east of Pierce, has purchased a butcher shop in Wayne and will move there soon after the sale on January 22, and take possession of the same. His brother is now conducting the shop.

Will Preston, son of B. Preston of Osmond, and a graduate of the N. X. U., was married Jan. 16th to Miss Neta L. Davis, at the home of the bride in Wisner. Mrs. Preston was a prominent teacher and society young lady of Wisner, and will evidently made a very fortunate choice of a wife. They will live at Amberst, Neb. where Mr. Preston has charge of the Nye, Schindler, Fowler Co's business.

Mrs. Ethel Lutz of Batavia, Io., who is at present with her parents, Mr. and Mrs. R. P. Williams, is slowly recovering from a severe sickness.

In a shake up of the newspapers at Fullerton, Ed Reynolds becomes president of a corporation engaged in the publication of the News-Journal, which was formerly republican; the Post, democratic, being purchased and now under control of a corporation of republicans.

Dr. Jones was up from Omaha to see Mrs. R. E. K. Mellor last Friday, some alarming symptoms giving her relatives much uneasiness. The specialist found that the patient was only undergoing the natural results of recent operation and that there was no cause for alarm.

R. I. Elliott finally got away to Lincoln Monday where he will attend the state university.

Mr. and Mrs. Chas. Robbins left on Tuesday for Chicago to buy goods for their new store which they plan to open to the public about Feb. 15th.

Jas. Ahern arrived in Wayne Tuesday and the Star Grocery, one of the oldest landmarks of the town, is receiving a severe shaking up by Miller & Ahern.

Mr. and Mrs. George Kellogg of Verdell have been visiting the latter's father, Geo. Lehmkuhl, and her sister, Mrs. Chuchester, in Wayne county. Misses May and Myra Preston of Osmond, Miss Della Sellers of Wayne and George Davis of Albia were out-of-town guests at the Preston-Davis wedding.—Wisner Chronicle.

We clean and press your clothes at reasonable rates. FAY PAYNE Miss Blanche Goss returned to Sioux City Tuesday.

Four Angus bulls and a cow were shipped from the Brenna Stock Farm to Dan Webster, Cherry county, Wednesday of last week.

A large crowd of Wayneites left Tuesday morning for Basin, Wyoming among them being Mr. and Mrs. Jas. Harst, D. E. Miller, Billy Willis, Art Lewis, Homer Seach, Oscar Edward and "Wild Bill."

Col. Andy Campbell left Tuesday for Canada. Some of the boys say he went away to get a wife, but the Democrat is inclined to believe he went away to learn how to play checkers, either of which propositions will keep the good natured colonel very busy.

From the Tribune.

The sad news of the death of their father in far away England, was received by Mrs. George Molson and Mrs. Tom Lound a few days ago. The Tribune deeply sympathizes with them in their sad bereavement.

A detective from Sioux City was in town Saturday. He had been trying to get some trace of the culprit, or culprits, who placed an iron on the railroad track at Apex, which threw a hand car from the track. It is said that it was the work of a couple of boys and the detective has pretty good evidence who the boys are. Any boy who would have sense enough to do such a thing, must realize to what dangerous extent to life such an act would lead to. If the hand car had not run over the track before the passenger train came along, many lives might have been lost. As it was, we understand one man was seriously injured.

A story contributed to the Newcastle Times is that a few nights before Christmas a farmer in the vicinity of Newcastle heard an unusual noise in his hog yard. Hastily grabbing a revolver he hastened out and was just in time to see a form cross the fence on the other side of the yard. Taking good aim he fired and was frightened to see the form drop. Going up to it which proved to be a man, he assisted him to his feet and was surprised to find him an acquaintance. To the question of what he was doing there the shooter received no reply. He then told him to be gone. On going back to the hog yard, he found one of his best hogs with a ten foot rope tied to one of his legs. Hog stealing in that neighborhood is a common occurrence.

TO quit the clothing business we will sell our entire stock of clothing at cost. This is no bluff, but a bonafide clean-up sale, as we need all the room and attention to other lines. Our stock consists of 500 Men's and Boys' Overcoats, 200 Children's Suits, 500 Men's and Boys' Suits, 400 pairs Men's and boys' pants. This clothing is new stock, late style and well made. You can buy it for a little more than one-half regular prices, and we have sizes for most everybody. First come, first served.

## Would You Keep Your Plants Blooming All Winter? Do You Enjoy the Luxury of Getting Up in Warm Rooms without having to Kindle Fires? If so, Buy Cole's Original Hot Blast Stove

Investigate To-day. Even Heat Day and Night. Fire Never Out.

It is the most economical stove made for soft coal, slack or lignite coal, because it burns the gas half of this fuel wasted up the chimney with all other stoves. Cuts the fuel bill in two.

It is the most economical hard coal stove made, and the best wood stove. 1st, because it has twice the positive radiating surface of any hard coal stove. 2d, because it is air-tight, thus giving perfect control over a hard fire over night or keep a steady fire by day. Cole's Hot Blast is tight, and has kept fire for us for two nights and a day without attention, and blazed up on opening up the draft without a fresh supply of fuel. The heat is given off regularly as you want it, and it is possible to maintain the temperature desired in the room.

AVOID IMITATIONS.

We have told you much about Cole's Original Hot Blast. Please read the following letters, telling what others think of it.

**FOR SOFT COAL** AGENCY, IOWA, November 24, 1903.

COLE MANUFACTURING Co., Chicago, Ill.

Gentlemen.—Your stove is very satisfactory. I used a Round Oak for a number of years and noted the quantity of coal used. I find your Hot Blast will do the same service with at least one-half the coal. One year ago I used an imitation Hot Blast which was not satisfactory, as it was not airtight and could not be made so, hence would not hold fire over night or keep a steady fire by day. Cole's Hot Blast is tight, and has kept fire for us for two nights and a day without attention, and blazed up on opening up the draft without a fresh supply of fuel. The heat is given off regularly as you want it, and it is possible to maintain the temperature desired in the room.

Very truly yours, C. F. GOLTZ.

COLE MANUFACTURING Co., Chicago, Ill. MONTROSE, COLO.

I think so highly of Cole's Hot Blast Stove that if I were without a heater I would not accept any other kind as a gift if a Cole's heater could be purchased. The good points in favor of Cole's Hot Blast are first, the great economy of fuel, and second, the ease and perfection with which the heat can be regulated.

J. HOLMON.

**What Three Ministers at Evansville Say of the Stove for Soft Coal**

H. L. SIMMONS, Agent for Cole's Hot Blast, Evansville, Ind.

Dear Sir.—Regarding the Cole's Hot Blast Stove purchased of you for our class room, I regard it as a remarkable stove. We have burned it two winters and find it will do all you claim, and more. It has held fire three days and nights several times to my knowledge without attention, and is a great saver of fuel, easily regulated, giving a uniform heat day and night.

Yours truly, A. L. BENNETT, Pastor M. E. Church.

H. I. SIMMONS, Agent for Cole's Hot Blast, Evansville, Ind.

Dear Sir.—We are greatly pleased with our Cole's Hot Blast Stove. We burned it last winter in a very large room in the parsonage, and with the exception of one or twice the fire was not out the entire winter. The Hot Blast draft works perfectly, consumes gas and smoke and uses less coal than any stove I ever saw. I can recommend Cole's Hot Blast to any of my friends.

Yours truly, REV. F. RELLER, Pastor St. Paul's Church, 12th Ave. and Michigan St.

H. I. SIMMONS, Agent, Cole's Hot Blast, Evansville, Ind.

Dear Sir.—The two 12-inch Cole's Hot Blast Heaters I purchased for the Howell M. E. Church have been very satisfactory. They hold fire 36 hours, giving a uniform heat with the least possible amount of fuel.

Very truly yours, REV. A. D. BACHELOR, Pastor Howell M. E. Church.

COLE'S HOT BLAST FOR HARD COAL

MESSES ROSENBERG & WOLF, Agents for Cole's Hot Blast, Beloit, Wis.

Gentlemen.—I want to say a few words of praise for Cole's Original Hot Blast Stove purchased of you several weeks ago. I noted the broad and liberal guarantee on same by the makers for burning soft coal, and their claims that it would do better work with hard coal than any other stove manufactured. Upon that and your own recommendation I placed one in my home. I am burning hard coal, and to say the stove is satisfactory is not enough. It is simply a surprise. I am saving one-half in fuel over the stove I formerly used to heat the same space, and getting a greater amount of heat. It is the greatest stove I ever saw, and gives greater satisfaction and more heat with hard coal than a large base burner I am using in another part of the house. I recommend Cole's Hot Blast as the most economical and best heating stove for hard coal I ever saw.

Yours truly, BURTON A. EDWARDS, 361 E. Grand Ave.

# COME AGAIN

During the past few days we have had many customers that we could not wait on as our help was not sufficient for the rush that came to attend our special sale of clothing. This sale will not permit us to employ extra help as it has no profit, we therefore invite all that did not get waited on to come again. We were a little surprised to find the people so willing to take our goods after so many "closing out sales (?) that have been advertised in Wayne lately, but we find the people all were ready to take real bargains of up-to-date clothing.

When a man realizes that he can get a good suit, fit to wear anywhere, for \$4.90 he is not slow to take it, and if he has a boy and can dress him up for \$1.90 he don't pass anything of that kind. A good cap for 25 cents looks well and feels comfortable these frosty mornings. A fine up-to-date Overcoat at \$4.90, good enough to go to church, will not be passed by any man when he has seen it.

## Don't Wait

This sale will close on January 29th and many people will call for these bargains long after this sale closes but everything will be marked back at old prices after this sale closes, and you will miss it if you wait too long.

## Special Bargains

Men's pants worth up to \$3.00, for \$1.00; Boys' overcoats up to \$3.00, for \$1.00; Men's and Boys' Shirts up to \$1.00, for 25 cents; Men's Silk Fleece Underwear up to \$1.50, for 50 cents; Mufflers up to \$1.00, for 25 cents.

## Don't Forget

That this sale includes all our clothing and you can get what you want, the best on earth, at prices never heard of before. Everything marked in plain figures and sold to all alike. You can't make a mistake buying here. You will save at least one-third during this sale on clothing. Come and see us.

### Clerk of Courts Kuhl Resigns

Otto Kuhl, clerk of the district court, tells the DEMOCRAT that he will hand in his resignation as such official to the board of county commissioners at their next meeting, Feb. 20th. Mr. Kuhl contemplated doing so several months ago, but evidently hung on in hopes the recent election would better conditions. The office pays a mere pittance, less than when Charley Reynolds held it, and Charley claimed he couldn't make his board and clothes. The DEMOCRAT understands that A. T. Witter is a candidate for the appointment, and there no doubt will be several others after the snap.

Chas. Hays of Bonesteel visited Wayne relatives and friends the past week.

Mrs. I. Reifel was dangerously ill last Saturday and Sunday, but is now much recovered.

I have the best set of abstract books in northeast Nebraska. F. A. Berry's bonded abstracter.

W. H. Billeter of near Carroll has been at Harlan, Io., the past week attending the funeral of a sister.

J. L. Washburn was a visitor from Winslow Wednesday and called to have this household necessity sent to his address for a year.

At the prices The two Johns are advertising clothing at their special sale we see no good reason why anyone need wear old clothes.

A daughter was born to Mr. and Mrs. Clarence Corbet yesterday morning. Mrs. Corbet is at the home of Clarence's parents east of town.

Gilbert French was in town last Saturday between trains having been to Craig to see Fred who's wife and baby have been very sick.

County Clerk, Lert Holle was over from Hartington between trains Monday. Lert expects to quit politics by Jan. 1908, and go into business for himself.

J. D. Sturgeon, the Norfolk piano man, was here Monday talking arrangements to put in a stock of pianos with Mr. Gullion's sewing machine house, which will probably be done.

We notice a great many people on our streets from Carroll, Winslow and Wakefield during the past week. The 2 Johns' special sale in clothing has no doubt had much to do in bringing them here.

Wayne friends and acquaintances will be sorry to learn that Mr. and Mrs. Fred French lost their five months old baby, the infant dying last Sunday, from some brain trouble. The parents took the remains to Peoria, Ill., for burial, leaving Craig on Tuesday.

Geo. Baird, who went to Omaha a couple of months ago, has been in a hospital nearly ever since, having gone through an operation for some kidney affection. Joe Baird had an operation at the M. E. hospital a week ago and is reported as doing nicely.

To see the people rush to the 2 Johns during their special sale would indicate that they were giving some bargains not heard of before.

Frank Strahan says he will continue the horse business, although he has lost his two old standies, one by death and the other a worse fate—gone to Wyoming. Mr. Strahan will not have as big a string of fast ones next season but those he does track will be under his own management and good ones.

O. N. Bicker was up before Justice of the Peace Alter Wednesday on complaint of A. G. Bohner, who charged him with disturbing the peace. F. A. Berry appeared for the defendant with the result that Bicker was put under bonds—his own—to appear at the next term of district court.

A person would think clothing was free to see the crowd at the 2 Johns during the past week. Their special sale is certainly a success.

Homer Skeen was a passenger from Pierce to Sioux City yesterday. He said he was closing up his affairs at Pierce and will look for something new. When asked why he sold out when doing well, Homer replied:— "This man came in and asked me what I'd take, I told him and he took it; how could a fellow get away from it?"

It invigorates, strengthens and builds up. It keeps you in condition physically, mentally and morally. That's what Hollister's Rocky Mountain Tea will do. 35c Tea or Tablets, Raymond's Drug Store.

P. H. Kohl received an express package yesterday from Gus Tracy, at Fairbanks, Alaska, containing fifteen or twenty dollars in gold nuggets, presents for the family. Gus' letter was written Dec. 7th and he said it was 54 below zero on that date. Talking about express rates in Nebraska, on this little package was \$2.50 from Fairbanks to Seattle, and 25 cents from Seattle to Wayne. Gus, the DEMOCRAT understands, has a number of claims and an interest in others that may make him rich, although he has not made any big stake as yet.

### College Notes.

The chapel was well filled Saturday at the one o'clock meeting to listen to Miss Neihardt's talk on literature.

A splendid program was given Saturday evening by the members of the advanced elocution class. The attendance was large.

Ex superintendent Elliott visited friends of the college Friday, Saturday and Sunday. He made a splendid talk to the students at the chapel exercises Friday morning.

Prof. Buchanan's classes in agriculture physiology and physics are large in numbers and strong in preparation. We never had classes in these branches do stronger work.

The Christian associations are starting out well since the holiday vacation. Each has increased in membership and large attendance. The bible classes are also well attended. Excellent work is being done.

The drill classes are well attended this term. Miss Stewart has two general vocal music classes; Mr. Saunier has two classes in letter writing; Mrs. Pile has an enrollment of more than 100 in her class in current events.

Miss Robertson has three classes in shorthand and the time is all taken for practice on the typewriter. This department does the best of work. The students are well prepared for positions in the shortest possible time. The department is better attended than ever before.

Chapel exercises have been made doubly interesting this week on account of some good talks by visitors. Mr. A. L. Tucker made a very fine talk on Tuesday morning. He emphasized the qualifications necessary for success in a business life. Rev. Head of O'Neill led the exercises Wednesday and his sister talk was enjoyed. Supt. Marshall of Knox county was present Monday. He met the students from his county and made a short talk to the students. He was entertained at the home of the president while here.

The term's work became well settled the first ten days of the term and everything is running as smoothly as if the attendance were one hundred instead of seven hundred. Of course the office force as well as every teacher is somewhat crowded with extra work, but it is all without confusion or friction. The students have taken hold of the work well. Some inconvenience on account of crowded condition is accepted with good nature by all. Students are well satisfied with the class room work and progress is satisfactory.

The scientific class has trigonometry under Prof. Pile; cicero under Miss Neptune; geology and chemistry under Prof. Buchanan who makes his work both strong and interesting. The college never did such advanced work along science lines as Prof. Buchanan is now giving. His work is very popular.

The most popular class of the teachers' division is the general history. About forty are enrolled and Miss Neihardt understands just how to lead the class to secure the best results. The library is well supplied with

reference books for this work and each member of the class is giving good attention to the study.

Rev. Wright's chapel talk last Friday called out many compliments from students old and new and faculty. Rev. Duley gave a strong talk the week before and made good friends with students. Rev. Young conducted chapel Wednesday and spoke pleasantly to the students.

Prof. Pile secured the help of twenty five students an hour last Saturday to assist the office force in getting out special circulars advertising the spring and summer terms. The envelopes had been addressed but help was needed to fold, enclose and stamp. The good natured crowd soon prepared a large box ready for the post office.

The 2 Johns failed to wait on every one during the past few days, but all seem to be willing to call again during their special sale.

John Keast writes the DEMOCRAT that he has bought a 160 acre farm a half mile west of Huntley, Neb., where he will move to March 1st.

John F. Sherbahn returned Wednesday evening from Keokuk, Io., where he took a sample of Wayne county clay to see whether it made a good dry-pressed brick. The results were so satisfactory that Mr. Sherbahn will buy a dry-press plant, costing several thousand dollars, for next year's business.

Readers of this paper who live on rural routes and fail to receive their papers, will confer a favor upon the DEMOCRAT by putting their complaint in writing, as to time and place, etc., and the same will be forwarded to the proper authorities for investigation. There has been a good deal of kicking lately, especially of carriers out of Wakefield. A mail carrier is a servant of the public, paid by the public, and is bound to do the work for which he is employed to the full satisfaction of you farmers who pay him for his work. Cranky ideas of how the rural mail service should be conducted, on the part of an occasional mail carrier, won't go with your Uncle Samuel, and all that is necessary to procure a remedy is a complaint based upon facts.

You will not find beauty in rouge pot or complexion whitewash. True beauty comes to them only that use Hollister's Rocky Mountain Tea. It is a wonderful tonic and beautifier. 35c Tea or Tablets, Raymond's Drug Store.

Amos Evernham Trades Farm in Lyons—a \$50,000 Deal.

Amos B. Evernham has just traded his fine farm of 1384 acres four miles south of Pacific Junction for 161 acres of land near Huntley, Neb., in Harlan county.

The new owner of the land is ex-State Senator Elliott Love of Huntley. He is an extensive land owner, and it is doubtful whether he will move to Mills county.

Possession is to be given March 1 when Mr. Evernham with his two sons and son-in-law John Keast will move to Nebraska.

George Estes of Glenwood was the diplomat in this big deal, the two properties being each valued at \$50,000.—Glenwood, (Io.) Tribune.

The State of Nebraska, Wayne County S. S. J. M. Cherry being first duly sworn, says that the foregoing is a just and true statement of all moneys on hand, collected and disbursed by him as Treasurer of Wayne County, Neb., from July 1st, 1905 to January 1st, 1906.

Letter From A. G. Howard.

CLARKSTON, Neb., Jan. 11, 1906. FRIEND CHANCE: After returning from Iowa we decided to make a trip to Clarkston, and it was arranged for an indefinite stay and get through before bad weather arrived, we found ourselves up against a large amount of work, and I did not have time to sit down with you and trade stories or even time to see you and bid you good by.

covered densely with young evergreens uniform in size and height, gradually rising up the mountain. A light snow had covered the foliage and it was one of the finest pictures of nature I ever saw. This is a peculiar country and I have not been here long enough to state any opinion of it. Recently a severe snow came over the mountain from the northeast and looked as though it would soon cover this place, but a flake did not reach us. I saw a neighbor plowing but did not know what he was doing for this time of year.

ter considerable thought before I left a corn and clover field for a wheat and barley field if I wanted a home where I could support a family. It seems odd to not have a cob with a little oil on it to start a fire and I think there is not a cob in the whole country. I cut a small block of fir and put it into oil and soaked it over night, and in the morning applied a match and the oil burned off and left the wood.

The annual meeting of the King Solomon Tunnel and Development Co. was held on Jan 9th, at the Palmer house in Chicago.

Col. J. H. Myers and W. W. Theobald were elected directors for the term of three years, to succeed themselves. S. R. Theobald of Wayne, Neb., was elected director for a term of three years.

Report was also presented from the general manager which showed a very gratifying condition of the company.

Opinions of the property were received from a large number who had visited it during the past summer and who spoke of it in the highest terms.

At the directors' meeting, immediately following, all of the old officers were re-elected with the exception of W. W. Theobald of Madison, Wis., who was elected treasurer in place of W. R. Thomas, resigning, who had faithfully served the company since its inception.

The board decided that a vigorous policy in regard to development and all the affairs of the company be pursued for the coming year. The outlook is very encouraging.

A fine section of land for sale two and one half miles from Wayne. Inquire of Dr. Brain.

Rev. Duly went to Hoskins Wednesday to hold services at the Bible church. Take your dirty clothes to Payne's laundry and have them fixed up just like new.

J. T. Bressler was a visitor in Omaha Wednesday. Ralph Rundell is out in the Big Horn country.

Fritz Nieman of near inside made the Democrat glad yesterday. Beach Hays accompanied his brother Charley up to the Rosebud country today.

Prof. Brenner of the state university will lecture in Wayne about Feb. 1st, on birds.

C. A. Chase and J. E. Manning went to Crofton, near Hartington yesterday to size up the town.

J. B. Neely returned to Ames, Ia., yesterday to resume his studies at the agricultural college.

Made Yale is seriously ill, was unconscious yesterday, being afflicted with some brain trouble.

Mrs. J. G. Vines gave a taffy pull last evening for the Junior Endeavor of the Presbyterian church.

FOOT RENT:—Store room next State bank and furnished room at residence Mrs. JAS. BRITTON.

This is the week to buy it. Why put it off longer? You've got to me to it. We mean subscribe for the DEMOCRAT.

Mrs. Fred Brown received a telegram from Omaha yesterday conveying the sad intelligence of the death of her father.

Elmer Lundberg, as been chosen secretary of the local farmer's institute, to fill vacancy caused by C. H. Bright's absence.

Henry Lessman and Benn Skiles returned yesterday from Lincoln, the former attending a state insurance meeting and farmers' institute.

Will Rickabaugh made his first trip as mail carrier yesterday on route 2. He will spend a good share of his time between trips in the shop.

FOR SALE: Good 4 room house, lot 30 x 150 east front, large cherry trees, good well, coal house and barn. Two and a half blocks from post office. Price \$500. Call at this office.

Interesting features of the masquerade last week were the costumes of Mrs. A. G. Parker, representing the NEBRASKA DEMOCRAT, and Mrs. McNeale dressed in a costume of Wayne Herald.

Landlord and Mrs. Sherwood went to Sioux City yesterday to see Ben Hur. The "ramrod" wanted to know when leaving "who'd been if it hadn't been Hur?" But we rather guess he'll find out before he escapes Sioux City if he looks round a bit.

A good story is being told on Fred Benchoff and Chauncey Sewell. The Democrat is told they got into a little altercation on the street, when Chauncey saw the marshal coming, so turning right—about-face he liked out at a 2:30 clip. Fred, thinking his opponent was afraid of him, gave hot chase, and after they had covered a couple of blocks it was all Chauncey could do to explain the reason of his sudden flight.

About the time a certain class of seemingly independent republicans stir up a good sized revolt against the re-election of Senator Millard, the railroads will furnish them—these independent republicans—with a new candidate.

After shouting for a 12-month against the railroad pass in politics and the railroad domination of the republican party, the Pender Republic has shut up its editorial shop on about everything except Millard for re-election to the senate. These independent (?) republican editors are about the cheapest thing on the docket.

It's funny but a fact that a white man can out nigger a nigger in negro minstrelsy.

The boys say the German masquerade ball Thursday night of last week was a giant success. Some reputations I know pretty well would have been saved had their owners worn masks after 11 p. m.

Nobody has a better opportunity to study human nature than a country editor. When you send out twelve or fourteen hundred copies of a paper to that many different people, have them call on you, or you call on them for the recompense, you can size up the bunch pretty well, both religiously and financially, and some times physically.

The shoe social is the latest, says an exchange, but it looks old to me, for I saw lots of feet years ago. The girls sit behind a curtain and stick their feet under it, and the boys choose their partners after sizing up the features of the feet, the rule being to give each fellow five minutes time to make a choice. Up at Winside the girls will have to put clocks on their stockings that run 180 minutes to the hour—if they expect the boys to see all of their feet at one party.

Charles T. Yerkes will be better thought of by the next generation than this—Bixby.

Yes, the next generation won't think of him at all.

One of the best stories of the season comes from Lincoln as follows: A fraternity which has hitherto borne a spotless reputation as far as sobriety is concerned is now without a telephone. It all happened because an Omaha boy, now in his freshman year, got a trifle gay while using the instrument a few days ago.

He called up the most dashing member of a popular sorority. "Is this Miss Steeplechaser?" he inquired.

It was. "Have you anything on for this evening?" he asked.

The young person hesitated. Visions of a caller, a fudge party, a box of candy, a ride or a stroll danced before her eyes.

"No," she answered, after the proper pause, "I haven't."

"Well then," commented the smart aleck, "it's quite cold; you had better get something on."

He told his "frat" brethren, they surrounded the telephone and heard him call up several sororities. The joke worked fairly well.

The next morning a telephone line man called and took out the instrument. He would answer no questions.

A call at the Bell headquarters elicited the information that summary measures would be taken if the boys wanted to make trouble.

"You've been too gay already," the head hello girl hazarded.

## LONGWORTH WEDDING TRIP PUT OFF TO JUNE

### Longworths Will Begin Their Housekeeping in Washington Home on Feb. 17.

#### WAIT THROUGH CONGRESS

interest in White House Wedding History Revived by Coming Bridal of President's Daughter and Congressman.

Washington special: Immediately after the marriage of Miss Alice Roosevelt to Representative Nicholas Longworth of Cincinnati, the couple will begin housekeeping in the Washington home of the Longworths, 331 Eighteenth street NW, where the bridegroom-to-be has lived for several years. He will take his bride abroad for the London season, one of the few social delights that he has enjoyed by the young woman, who has twice been disappointed in a European trip. While abroad they will visit Mr. Longworth's sister, Countess de Chambrun, in France, and her husband.

Miss Roosevelt, who is the only child of the president's first marriage, will be 22 years old in February, and is named for her mother, Alice Lee, daughter of Mr. and Mrs. George C. Lee, of Boston, to whom Mr. Roosevelt became engaged during his college days at Harvard, and whom he married in 1912.

On the death of her mother Miss Alice Roosevelt became the charge of her aunt, Mrs. William S. Cowles, who then was Miss Anna Roosevelt, and to the present day is under the care of Mrs. Cowles' affection as a niece. She was a daughter instead of a daughter-in-law, and her father and mother were together in later years, but even since their coming to the White House has spent long periods elsewhere.

## WHO SHE WAS

### SKETCH OF THE LIFE OF LYDIA E. PINKHAM

#### And a True Story of How the Vegetable Compound Had Its Birth and How the "Panic of '73" Caused It to be Offered for Public Sale in Drug Stores.

This remarkable woman, whose maiden name was Estes, was born in Lynn, Mass., February 9th, 1819, coming from a good old Quaker family. For some years she taught school, and became known as a woman of an alert mind and an earnest seeker after knowledge, and above all, possessed of a wonderfully sympathetic nature.

In 1843 she married Isaac Pinkham, a builder and real estate operator, and their early married life was marked by prosperity and happiness. They had four children, three sons and a daughter.

In those good old fashioned days it was common for mothers to make their own home medicines from roots and herbs, nature's own remedies—calling in a physician only in specially urgent cases. By tradition and experience many of them gained a wonderful knowledge of the curative properties of the various roots and herbs.

Mrs. Pinkham took a great interest in the study of roots and herbs, their characteristics and power over disease. She maintained that just as nature so bountifully provides in the harvest fields and orchards vegetable foods of all kinds, so if we but take the pains to find them, in the roots and herbs of the field there are remedies expressly designed to cure the various ills and weaknesses of the body, and was her pleasure to search these out, and prepare simple and effective medicines for her own family and friends.

Chief of these was a rare combination of the most adapted for the cure of the ills and weaknesses peculiar to the female sex, and Lydia E. Pinkham's friends and neighbors learned that her compound was the best, and it became quite popular among them.

All this she far done freely, without money and without price, as a labor of love.

But in 1873 the financial crisis struck Lynn. Its length and severity were too much for the large real estate interests of the Pinkham family, as this class of business suffered most from the depression, so when the Panic of 1873 dawned it found their property swept away. Some other source of income had to be found.

At this point Lydia E. Pinkham's Vegetable Compound was made known to the world.

The three sons and the daughter, with their mother, combined forces to restore the family fortune. They argued that the medicine which was so good for their woman friends and neighbors was equally good for the women of the whole world.

The Pinkhams had no money, and little credit. Their first laboratory was the kitchen, where roots and herbs were weighed, measured, stored, gradually filling a gross of bottles. Then came the question of selling it, for always before they had given it away freely. They hired a printer to run off some pamphlets setting forth the merits of the medicine, now called Lydia E. Pinkham's Vegetable Compound, and these were distributed by the Pinkhams in Boston, New York, and Brooklyn.

The wonderful curative properties of the medicine were, to a great extent, self-advertising, for whoever used it recommended it to others, and the demand gradually increased.

In 1877, by combined efforts the family had saved enough money to commence newspaper advertising and from that time the growth and success of the enterprise was assured. Today Lydia E. Pinkham and her Vegetable Compound have become household words everywhere, and many tons of roots and herbs are used annually in its manufacture.

Lydia E. Pinkham herself did not live to see the great success of this work. She passed her reward years ago, but not till she had provided for the care of her family as effectively as she could have done it herself.

During her long and eventful experience she was ever methodical in her work, and she was careful to preserve a record of every case that came to her attention. The case of every sick woman who applied to her for advice—each and every one—was given the careful study, and the details, including symptoms, treatment and results were recorded for future reference, and to-day these records, together with thousands of testimonials made since, are available to sick women the world over, and represent a vast collaboration of information regarding the treatment of women's ills, which for authenticity and accuracy can hardly be equaled in any library in the world.

With Lydia E. Pinkham worked her daughter-in-law, the present Mrs. Pinkham. She was carefully instructed in all her hard-won knowledge, and for years she assisted her in her vast correspondence.

To her hands naturally fell the direction of the work when its original passed away. For nearly twenty-five years she has continued it, and nothing in the work shows when the first Lydia E. Pinkham died, and Mrs. Pinkham continues this great work, and probably from the office of no other person have so many women been advised how to regain health, sick women, this advice is given for free, and it is given if you only write to ask for it.

Such is the history of Lydia E. Pinkham's Vegetable Compound, made from simple roots and herbs, the great medicine for women's ailments, and the fitting monument to the noble woman whose name it bears.

Yours for Health  
Lydia E. Pinkham

From Harper's Weekly: "A Californian relates the following as illustrating the business evoked by Chinese servants in his employ for an easy assimilation of American methods of dealing with the 'Chop' type. The man had a Chinese servant in California in the east. A hungry tramp knocked at the Californian's house one Tuesday afternoon, when he was promptly challenged by Lee Tuen. The 'chop' delivered himself of a long tale of woe to the Californian, concluding with a petition for something to eat. 'You'll find a fitly' promptly instructed the Chinese. 'Yes,' eagerly assented the tramp, and he followed the Californian, who, with an imperturbable smile, as he closed the door.

## FOUR YEARS OF AGONY

### Whole Foot Nothing but Proud Flesh—Had to Use Crutches—Cuticura Remedies the Best on Earth.

"In the year 1899 the side of my right foot was cut off from the little toe down to the heel, and the physician who had charge of me was trying to sew up the side of my foot, but with no success. At last my whole foot and proud flesh were cut off, and I became a cripple. I suffered untold agony for four years, had tried different physicians and all kinds of ointments. I could walk only with crutches. In two weeks afterwards I saw a change in my limb. Then I began using Cuticura Soap and Ointment often during the day and kept it up for seven months, when my limb was healed up just the same as if I never had trouble. It is eight months now since I stopped using Cuticura Remedies. I feel as good as new. I can walk on the present day, after the years of suffering. The cost of Cuticura Ointment and Soap was only \$6; but the doctors' bills were more like \$600. John M. Lloyd, 718 S. Arch Ave., Alliance, Ohio, June 27, 1905."

## LONGWORTH WEDDING TRIP PUT OFF TO JUNE

### Longworths Will Begin Their Housekeeping in Washington Home on Feb. 17.

#### WAIT THROUGH CONGRESS

interest in White House Wedding History Revived by Coming Bridal of President's Daughter and Congressman.

Washington special: Immediately after the marriage of Miss Alice Roosevelt to Representative Nicholas Longworth of Cincinnati, the couple will begin housekeeping in the Washington home of the Longworths, 331 Eighteenth street NW, where the bridegroom-to-be has lived for several years. He will take his bride abroad for the London season, one of the few social delights that he has enjoyed by the young woman, who has twice been disappointed in a European trip. While abroad they will visit Mr. Longworth's sister, Countess de Chambrun, in France, and her husband.

Miss Roosevelt, who is the only child of the president's first marriage, will be 22 years old in February, and is named for her mother, Alice Lee, daughter of Mr. and Mrs. George C. Lee, of Boston, to whom Mr. Roosevelt became engaged during his college days at Harvard, and whom he married in 1912.

On the death of her mother Miss Alice Roosevelt became the charge of her aunt, Mrs. William S. Cowles, who then was Miss Anna Roosevelt, and to the present day is under the care of Mrs. Cowles' affection as a niece. She was a daughter instead of a daughter-in-law, and her father and mother were together in later years, but even since their coming to the White House has spent long periods elsewhere.

## LOST EYE SIGHT

### Through Coffee Drinking

Some people question the statements that coffee hurts the delicate nerves of the body. Personal experience with thousands prove the general statement true and physicians have records of great numbers of cases that add to the testimony.

The following is from the Rockford, Ill., Register-Gazette: Dr. William Langhorst of Aurora has been treating one of the queerest cases of lost eyesight ever in history. The patient is D. A. Leach of Beach county, and in the last four months he has doctored with all of the specialists about the country and has at last returned home with the fact impressed on his mind that his case is incurable.

A portion of the optic nerve has been ruined, rendering his sight so limited that he is unable to see anything before him, but he can see plainly anything at the side of him. There have been but few cases of his kind before and they have been caused by whiskey or tobacco. Leach has never used either, but has been a great coffee drinker and the specialists have declared that the case has been caused by this. Leach stated himself that for several years he had drunk three cups of coffee for breakfast, two at noon and one at night. According to the records of the specialists of this country this is the first case ever caused by the use of coffee.

The nerve is ruined beyond aid and his case is incurable. The fact that makes the case a queer one is that the sight forward has been lost and the side sight has been retained. According to the doctor's statement the young man will have to give up coffee or the rest of his sight will follow and the optic nerve be ruined.—Register-Gazette.

## White House Weddings

The wedding of Mr. Longworth and Miss Roosevelt will be the first to take place in the White House since the death of President Cleveland, and the occasion was celebrated in a manner to make it memorable.

The first White House wedding was that of Miss Maria Monroe, youngest daughter of President Monroe, who was married in 1820 to a young man named James Monroe. Only the relatives and most intimate friends of the bride and bridegroom were present at the wedding. The bride and groom were married in the White House for them, when the bride and groom were married in the White House for them, when the bride and groom were married in the White House for them.
