College Contract is Let.

Last Saturday Pres. Pile let the contract for the new college auditorium to W. G. Merton of Emerson, at \$29,675 00. The DEMOCRAT is told Merton was quite a sum under the next lowest bidder. The building is to be 70 feet front, 85 feet long, of grey pressed brick from the Omaha Hydraulic Brick Co. It will be laid in red mortar, and with red sand-stone finishing, making a decidedly unique and handsome structure.

Mrs. Will Chichester and children from Kansas, are at her parent's home Mr. and Mrs. Mel Norton.

F. E. Strahan went to Albert Lea, Minn., Monday, where his race horses are doing a stunt this week.

Fred Brown was in Emerson Monday.

Miss Queen Mellor is home from Omaha where she has been taking advanced studies on the piano.

M. S. Davies left Wednesday on a trip to the Basin country in search of wealth and health.

A trick bicycle rider gave two first-class exhibitions on the street Monday. He was about the best you ever have "saw."

Mrs. A. Naffziger and children were arrivals from Marcus, Ia., Monday evening.

Herman Mildner arrived home from Germany Monday, and Al Sherbabin from his two month's visit in the east.

C. J. Rundell says most of the people who went to the reunion at Ogdale to make money struck hard-losing, there being lots of people and a good time, generally, but too soon after the 4th for good picking.

H. E. Mason is a visitor from Omaha this week.

While out at his father's farm Monday Herbert Welch broke one of the bones of his right wrist. He was in the hay loft swinging off a rope onto a pile of hay, and he failed to reach the hay the last swing he made.

Another one of Theo. Duerig's boys suffered an accident, the day after two of them broke an arm each. The last one got hurt jumped into a partly decomposed cow head, at the stock yards, and got a horrible gash in his foot on the old bones. It took several stitches to close up the cuticle. Mr. Duerig will soon have a private hospital at his home.

Died.

On Monday morning, at seven o'clock, Mrs. Chas. Snyder passed away, after six long months of pain and suffering, being a victim of tuberculosis. The funeral services were held Wednesday afternoon from the Methodist church, conducted by Rev. Wright. Mr. Snyder has been in North Dakota for some months, returning to Wayne a few weeks ago, he having left his sick wife and children at the home of her parents, Mr. and Mrs. Eli Bonawitz, when he went away last spring. Deceased was only 23 years of age, July 14, 1906. Her maiden name was Bessie Jane Bonawitz, and she was married about five years ago. She leaves three motherless little ones, two boys and a girl.

Jas. Miller went to Chicago Monday afternoon.

Mr. and Mrs. C. E. Munson and Marcus Kroger were passengers to South Dakota Tuesday morning. Mrs. Munson going to Wessington to visit her brothers, Clarence and Glen Wright, and the gentlemen to Peirre to look at lands.

Mrs. G. W. Littell, mother of County Superintendent A. E. Littell, died at her home in Omaha Sunday, July 8th. Mr. and Mrs. Littell went down the previous week, Mr. Littell remaining there until after the funeral was held. Deceased was a resident of Pierce for many years.

Ted Perry had 107 head of cattle at the Sioux City yards Tuesday that topped the market bringing \$5.50, the only bunch sold at that price.

Jas. Leahy and Gene Leahy of Wausa went to Jackson Wednesday to take in the reunion of old timers.

S. W. Elder of near Carroll bought the Mrs. Jas. Sneath property on north College street, Tuesday. The house and six acres brought \$4,000. Mr. Elder will move to Wayne next winter. Mr. and Mrs. Sneath recently bought an 80-acre farm close to Choctaw, in the Creek Nation, where they expect to move to about Jan. 1, '07.

Dan Ertel was here from North Dakota, and last Saturday disposed of some household goods at auction. He left for the north Tuesday. Mr. E. L. is running a store in his town, up near the Canada line, and says they are doing well. Fifty miles west of his present location there is an abundance of homestead land still open to entry, and worth, so Ertel says, \$35 an acre.

Emil Weber went up to Hot Springs S. D. to see what a little recreation up there would do for his rheumatism. Mrs. Weber and Miss Hattie left Wednesday for a short visit at the same place.

Otto Voget sr. and Mrs. Jacobi and her child, left Tuesday for Germany, intending to stay there a couple of years, so the DEMOCRAT is told. Mrs. Jacobi is a cousin of Mrs. Voget, and came to this country with the Voget family about 18 months ago.

Dr. Love was here from Carroll Wednesday.

Mrs. H. B. Craven and Miss Mason were in Sioux City Tuesday.

G. D. Pawelski and daughter, from Neola, Ia., were here over Sunday visiting his brother J. C. It was the first time the brothers had seen each other for eighteen years.

W. F. Lyons, the ice man at Kansas City, says he cleared \$40,000 on a capital of \$600 the first year he was in business, and says that was not enough; ice should be sold at a still higher profit. By dad, hadn't we better investigate our man McVicker?

How about you Mac? Think you are eligible to 90 days in jail for the way you have been soaking it to us?

R. H. James took Gurgen Spring to Ransom county, Dakota last week and sold him a half section of \$37.50 an acre land. Mr. James says farms in that country have advanced ten dollars per acre in the past six months.

HARRY TIDRICK.

F. M. McElrath and Frank Todd of Winside arrived home from Wessington, S. D., Saturday night. Eighteen months ago Mr. McElrath sold Mr. Todd 160 acres up there at \$12 50, and this trip he sold it for Mr. Todd to another party at \$20 an acre, and then sold a half section of cheaper land to Mr. Todd. Mr. McElrath saw Fred Volpp there and the latter said he had just bought seven quarter sections of land in that vicinity.

Saturday's Sioux City Tribune: Mrs. Henry Ley, of Wayne, Neb., who has a cottage at Crystal lake, entertained at a house party on Wednesday and Thursday of this week a party of Sioux City ladies, namely, Mrs. T. J. Steele, Mrs. John Gilman and sister, Miss Ida Hamilton, of Allegheny, Pa., Mrs. W. J. Sedgwick, Mrs. A. L. Blair, Mrs. Dr. Rouse and Mrs. Geo. Terwilliger. The best of good times were enjoyed.

Miss Blanche Goss arrived home Sunday.

Mrs. Arrie Johnson was a visitor from Winside last Saturday, where she sold her 20-acre farm adjoining that town for just \$700 more than she paid for it, when she left Wayne a year ago. That beats any Wayne land agent's time by several cases.

Frank Mettlen and family were down from Winside Sunday.

Mrs. John Meister and children, Joe John, Mary, Annie and "Toots" and Mrs. Herbert Bluechel and son, Theodore, left for their new home at Wayne, Monday morning, Messrs. Meister and Bluechel having preceded them. A goodly number gathered at the depot to say good-bye. The Meister family were among the oldest and most respected residents of our city and will be missed in business and social circles. Wayne is the gainer and we predict the family's popularity there. May all that is good be theirs. The News will visit them as of yore.—West Point News.

Pierce Call:—Warner A. Moats, of Plum Grove precinct, filed information against Clyde Dobbin last Saturday charging him with stealing a calf. The case was heard by Judge Kelley yesterday, a swarm of witnesses from that part of the county being present to testify. Douglas Cones appeared for Dobbin, while County Attorney Van Wazeman was present for the complainant. Judge Kelley bound the accused over to the district court.

Mrs. A. Naffziger spent the past week visiting at Marcus, Ia., the doctor accompanying her as far as Sioux City.

L. L. Way came over from Wayne Monday. While in Norfolk he purchased a fine span of six and seven year old driving horses. He also bought a nice driver from Mrs. Loebe. Mr. Way took the horses across the country to Wayne Wednesday.—Stan-top Register.

Patrick McKillip was in town Saturday.

Mrs. G. W. Crossland went to Lincoln Saturday of a visit.

Landlady: "It is usual for my boarders to pay as they go." Mr. Jellier (who has been three weeks in the house): "Oh, that's all right but I'm not going for a long time."

BY HENRY G. MINTURN.

How the name had come to her Tommy could never explain. Not that she ever attempted explanation. The thing was done, and it was of much moment, at least, not when there were so many other matters crying for attention.

To wit—that eternal question—how to make twenty shillings a week keep you and dress you. This problem entertained and exhausted Tommy in turn. Each Saturday the riddle seemed about to be solved, while each Monday morning saw the answer more remote than ever.

Her hair was gone. Her eyes were clear, wide and comely-voiced. Her little nose was straight. That is to say, it was not really a "turn-up" but rather, as she said, a "turn-down" of the nose.

Then—and, mind you, I am not the only one who noticed Tommy—she would wear a sort of black silk dress, and she would wait in an agony of suspense while the house surgeon examined her.

"Make it all right for me, won't you? I'll be back tomorrow, the next day. Did they pick up my hat? The feathers—the feathers!"

Preparing for Winter. Perhaps the best way to get advice regarding the best way to prepare for winter is to look at the things that are better done now than later in the season.

Shade Necessary for Ducks. The impression seems to be general that ducks can stand almost anything. Indeed, some people go to the extreme and treat their ducks as if they were iron.

Cleaning Out Fence Corners. If one is unfortunate enough to be bothered with weeds in the corners of a field, it is well worth the trouble to clean them out.

Box Stalls for Horses. It is worth some effort to make the hard worked horse comfortable at night during the winter months.

BY DAD

This office is in receipt of a long communication from Wakefield, signed "Citizens of Wakefield," asking the DEMOCRAT to assist them in making a "married woman, a good church member," etc., of Wayne, quit going down there to see one of their "prominent men citizens." The DEMOCRAT can't publish the letter for the reason that the parties who wrote it were afraid to sign their names, although they evidently figured it would be all right for the DEMOCRAT to print their stuff in a newspaper. However, I am exceedingly surprised to think such a thing could have ever occurred when there are so many "prominent citizens" of this town looking for such visitors. If the people at Wakefield are shocked over such wanton disregard of the proprieties of the place I would suggest that the parties complained of meet at Dixon, Allen of Laurel. The residents of these little burgs are large hearted, like Wayne, and do not mind such trivial occurrences.

If you were the father of a happy family and had to have a lot of secret service men—detectives—watching you every moment, would you want to be president any faster than the Czar of the Russias?

I asked Sandy Taylor if he liked Nebraska better than California, and the old gentleman "cocked that right eye of his just as he did forty odd years ago when shooting rebels, and replied in a voice that left no room to doubt his sincerity: "Well, for some things!"

The latest, or one of the latest is on Emil Hanson. Emil was talking treatment from a local physician for

rheumatism, when he learned that his doctor was taking treatment for the same trouble from "Dr." Nels Orcutt, and getting it "free gratis." When called down the physician explained to Emil that his rheumatism was between his shoulders and he couldn't rub himself there. Emil then suggested that they take a rub at each other, and save expenses, but the other party said his bread wasn't buttered with any such good fellowship as that and the result is there now is a No. 23 waiting on "Dr." Orcutt's dynamo.

Ed Greer was the victim of the only 4th of July joke. In the evening when he looked for his horse and bug— it was stolen. Sheriff Mears and the other officials were just about to get busy looking for the thief, when Frank Grimth was caught tying the animal up, he having taken his girl for a ride in the equipage.

Fred Eickhoff tells me a new club was organized at his place last Sunday. Claps Kay, president, Fred Hinrichs, vice president, Fred Eickhoff, secretary and Billy Craig and Hal Sberbahn honorary members. Simply a case of Fish being "in the swim," is all.

Some of our esteemed contemporaries are much exercised over President Roosevelt's statement that he eats nothing but hard boiled eggs for breakfast. The food that Mr. Roosevelt eats may become of public importance if it affects his brain or temperament, but only in those cases should it be discussed. Are we to understand that these critics would restrict the presidential appetite and compel him to limit the hardness and number of the eggs he can eat? Many notable epicures have had strange likings for queer food, as for instance the English king, who died of eating too many lamprays, and as Roosevelt may not be versed in gastronomic art or may prefer hard boiled eggs to soft boiled ones, why not let him have his own way without criticism? No doubt there are people who believe that the president eats a wild cat for breakfast every morning, but there is much reason to believe that that isn't what makes him so wild.

Twenty Year Battle.

"I was a loser in a twenty year battle with chronic piles and malignant sores, until I tried Bucklen's Arnica Salve, which turned the tide, by curing both, till not a trace remains," writes A. M. Bruce, of Farmville, Va. Bes for old Ulcers, Cuts Burns and Wounds. 25c at Raymond's Drug Store.

WINTER WHEAT

Winter wheat is now being harvested. From all reports the quality is fine. Competent judges say the yield will be fully as good as it was last year, which was from 25 to 40 bushels per acre. This year has been no better for winter wheat than any single year of the past five years. We have had an abundance of moisture in the fall for the seed to make a good growth. The prospects are good for another. Now is the time to figure out where you intend to sow a few or many acres, because it will pay to do it. Plow your ground and put in with press drill. Harvesting begins immediately after corn cultivation is finished. It can be threshed and marketed early.

Almost daily we see reports from different parts of Nebraska—"Winter Wheat yielding 30, 40, and even 50 bushels per acre." Surely these reports tell the tale. It will pay any one interested in agriculture to look thoroughly into this matter.

College Notes.

The enrollment for the summer term has passed the 700 mark. This is the number the State Superintendent expected to attend.

The new school year which will open September 3rd will start out with a good enrollment. A number have registered in some of the graduating classes.

About 20 principals are in attendance this term. They have organized a principals' association which holds weekly meetings to discuss questions of interest pertaining to their work.

James H. Pile, Guy Strickland and Miss Eaton of the Scientific Class will attend the State University next year. Their diplomas from here will admit them to the Sophomore class at the university, allowing them to graduate in three years.

The State Superintendent will issue 77 state certificates to members of the graduating classes. Those graduating from the Scientific class will receive life certificates if they have taught three years; if not, they get a first grade which is exchanged for a life after two years' teaching.

The work of the literary societies this year has been the best we have ever had. Each member of the graduating classes taking part on the programs once each term. This with the work of those not in these classes made every program full of good things. The same plan will be carried out next year.

Helen Pile will remain at home the coming year and assist Miss Stewart in the department of music. She makes a splendid assistant. Her two year's College work in the east prepared her well for her work here. The department gives 80 lessons a week besides the general vocal classes and chorus classes.

On the completion of the new college building, the library will be transferred to the present Chapel. New books will be added and the reading room given plenty of space. The students are making better use of the library each year. The required reading of the graduating classes has proved very profitable and has encouraged the younger students to do more general reading which has done much good.

The 14 cash prizes of \$20 each, given by the business men of the city have produced some excellent results. Half of the prizes are limited to the members of the graduating classes and half are open to all students. The "J. D. King Prize" to the student who makes the "Most Substantial Improvement" in study, in general culture, in student life, and conduct during the school year is considered the banner prize.

Commencement week begins August 3rd and closes August 10th. The exercises are as follows: August 3rd, Contest of Literary Societies; August 4th, Concert Program by the Department of Music; August 5th, Baccalaureate sermon in the morning and joint meeting of the Y. W. and Y. M. C. A. in the afternoon; August 6th, Prize Recitation Contest; August 7th, Prize Biography and Oration Contest; August 8th, Prize Essay and Debate Contest; August 9th, Graduating Exercises; August 10th, Alumni Day closing with Banquet.

The new buildings will be ready for use this winter. The dormitory is 86 x 98 feet, three stories and contains 80 rooms. The new college building is 70 x 85 feet, three stories. It is built of grey pressed brick with red mortar and red sandstone. The chapel is 50x60 feet, the physical culture room is 40x50 feet. The ten recitation rooms are large and well lighted, the offices room, reception room, faculty room and chapel occupy the second floor. The science, music, commercial and shorthand departments will remain in the present building.

Location of some of the members of the graduating classes for the coming year: principals, C. G. Hutchins, Carroll; J. F. Power, Magnet; Glen Peters, Orchard; Joseph Humpal, Haigler; Nellie Van Vleck, Waterbury; primary departments, Georgia McGee, Magnet; Clara Whitney, Waterbury; intermediate and grammar departments, Nellie Glasburn, Magnet; Johanna Anderson, Hartington; Jennie Campbell, Strang; Emma Hughes, Scribner; Adaline Simmons, Tyndall, S. D.; Faye Britton Sanborn, Io. Others are promised good positions in town schools. Those who have not taught have secured country schools at good wages. There is a demand for Normal trained teachers and they receive the highest wages.

Readers of this paragraph who would like to learn more of the work advantages and accommodations of the Wayne Normal should write to President J. M. Pile for a catalog, book of views and circulars. All questions about the school will be gladly answered by him. The school was established 15 years ago and has this year enrolled more than 1500 different students. A large number enter in September for the entire year while others attend for less time. With the completion this fall of the new buildings, 1000 students can be accommodated each term.

Training and knowledge are not the only good things that a young man or woman gets by attending this school. Here they meet earnest young people who are preparing for life, they form new friendships and learn new ways of working. Sooner or later everyone must take the plunge into life outside the home circle. This breaking away from home is often a serious matter and tests the metal of the individual. For many reasons the Wayne Normal is the best place to make this first test. The associations here are the very best, our teachers are experienced, earnest and put forth every effort to assist each student.

Graduates from a 12-grade and a strong 11-grade high school can complete our scientific course in a full school year (48 weeks); graduates from a strong 10-grade high school and experienced teachers holding second grade certificates can complete the professional teachers' course in a year; strong graduates from the eighth grade 16 years of age or more and teachers holding a third grade certificate can complete our elementary state certificate course in a year. Teachers who have a strong first grade can complete the professional course by entering just after the holidays; those with good second grade certificates can complete the elementary certificate course by entering

after Christmas. These courses give a three year state certificate. Next school year closes August 9, 1907.

The following counties are represented by the graduating classes from the scientific, teachers' and state certificate courses: Nebraska; Wayne, Antelope, Boone, Custer, Cherry, Cedar, Cuming, Dakota, Dixon, Douglas, Holt, Knox, Madison, Pierce, Platte, Rock, Stanton, South Dakota; Gregory, Kingsbury, Lincoln, Meyers, Union, Iowa; Shelby, Sioux. Wayne county leads the list with 22 members, Madison comes next with 10, Dixon and Holt have six each.

The scientific class numbers 14; the professional teachers' 40; the state certificate 26; the commercial 27. All of the three first who expect to teach will receive state state certificates. Diplomas from the scientific department admit the holders to the sophomore class without examination at the state university and higher colleges; graduates from the professional teachers' department are admitted to the freshman class.

All the regular faculty continue in the respective departments next year. The assistants in the science and in the commercial departments have not been chosen yet, but will be soon. Doubtless these will go to some graduate students who have proven strong teachers. President Pile will continue in charge of didactics, grammar and arithmetic; Mrs. Pile will teach when her services are required; Miss Neihardt will have geography, history and civics; Miss Chase teaches literature, general history and rhetoric; Miss Kingsbury gives her entire time to latin and german; Fred Pile will continue the algebra, geometry and trigonometry; Mr. Buchanan remains at the head of the science department; Mr. Saunty continues in the commercial department; Miss Stewart begins her eleventh year as director of the department of music; Miss Dugger directs the Model school; Miss Robertson keeps the department of shorthand; the department of elocution and physical culture will be strengthened.

BAD NEGROES ARE FORCED TO LEAVE

Mob Forces 150 of New Orleans Black Population to Flee the City.

New Orleans, July 17.—The work of a remarkable city house cleaning party, which Saturday night placed 150 negro men and women on board a passenger train of Lake Charles, La., and drove them out of town and parish, is told in dispatches to the Picayune. They were placed on the same train with the body of a negro who last week shot and killed the city marshal of Jennings, La., and who subsequently died in jail at Lake Charles soon after he received while attempting to avoid arrest.

Shortly before midnight the negro mob, which was led by a man known as "The Hole in the Wall," was invaded by several hundred white men, including some members of the state militia on their way across the state campment.

The dispatch says: "House after house was visited and the inmates, not even being given time to dress, were taken out and turned over to the guard. The motley group was marched under guard of pistols to a water tank about midnight and a passenger train was stopped and the negroes piled aboard and their fares paid as they boarded. The white members of the guard riding that far with them. Some of the negro women were flung away in their night dresses."

M'CALL ESTATE SHRINKS

Net Value of Fortune of Late Insurance Magnate Is Placed at \$40,835.

New York, July 17.—The net value of the estate left by the late John A. McCall, former president of the New York City Fire Insurance Co., is placed at \$40,835, according to the report of the appraiser of the estate filed in the surrogate's court yesterday.

McCall died in 1913, and his estate was valued at \$1,000,000. The appraiser's report shows that the estate has been reduced to \$40,835 by the payment of debts, administration expenses and the cost of the funeral.

DREYFUS TO BE RESTORED TO ARMY

Get Restoration to Army Complete.

Paris, July 16.—The scene of tumultuous disorder which marked the enactment yesterday of the law restoring Alfred Dreyfus to the army was followed by a bloody duel last night in which Under Secretary of State Sarraut was dangerously wounded by the sword of M. Pugglies-Conti.

The duel followed a fight on the floor of the chamber of deputies in which M. Pugglies-Conti, who has been hearing the case of Dreyfus, was wounded by the sword of M. Sarraut.

FRISCO FIRE PUTS COMPANY IN LIMBO

Stockholders of a Milwaukee Insurance Concern Appeal to United States Judge.

Milwaukee, Wis., July 16.—Asking the United States court to take charge of the safety fund of the Milwaukee Mechanics' Insurance Co., the stockholders of the company, which was organized in 1834, have started a friendly suit against the insurance company to protect all the policyholders and the stockholders of the company.

The insurance company, which was organized in 1834, has a reserve fund of \$400,000. The stockholders of the company are asking the court to take charge of the safety fund of the company.

TELEGRAPHIC BRIEFS

Lewton, Okla.—At Mangum, Okla., Rev. J. L. Ray, pastor of the Christian church, was shot and killed by a mob of about 100 men. The mob was led by a man named John H. Stephenson and they were looking for a man named John H. Stephenson.

Kingfisher, Okla.—Mrs. Emily McKinley, postmistress here, has been awarded \$500 bonds on the charge of falsifying a check. She is the widow of a cousin of the late president, John McKinley. Her husband was also a postmistress.

Duizburg, Pa.—Being informed that inferior meat was being smuggled from Russia into Germany, the customs authorities here are investigating which proved to be carcasses of unborn calves. A witness testified that a number of large firms have been regularly importing such meat.

Seattle, Wash.—George Mitchell, who shot and killed George D. C. Field, leader of the so-called "Holy Rollers" in this city, alleging that he had been deceived by the field, his two sisters, was found guilty by a jury yesterday afternoon. The defense was insanity.

Danville, Ill.—Vice President Fairbanks, who is in Danville, Ill., is being held by a mob of about 100 men. The mob is looking for a man named John H. Stephenson.

New York.—When told, as a joke, that her husband, with whom she is very much in love, was dead, Mrs. Irene Duff, 24 years old, slashed her throat with a carving knife and may lose her mind. She is the wife of a man who has several years ago from Nova Scotia.

Bombay, India.—Dr. Turner, health officer of Bombay, has successfully demonstrated the extraordinary efficiency of the new disinfectant, which is being used in the city. It is believed that his experiments have materially advanced the prospects of the extermination of the plague.

Colon.—Several cases of smallpox have developed at Colon, but they have been confined to the laboring class. The medical authorities here are isolating and quarantining the infected district and hopes to stamp out the disease quickly.

Arcaha, Neb.—Mrs. William Misner and her 3-year-old daughter were arrested here for the murder of a man named John H. Stephenson. The girl was unable to extinguish the flames.

Dallas, Tex.—Mrs. Carrie Nation was arrested here and held in \$2,500 bonds on the charge of having sent obscene matter through the mails in the issue of the Hatchet, a paper which is being called "An Important Talk to Boys."

New Orleans.—The strike of Illinois Central freight handlers here, which was begun several days ago, has ended here. The handlers here are demanding 15 cents an hour for a ten-hour day, an increase of 20 cents a day.

Gone Yet, Ecker?

Lyon's Mirror: Brother Ecker of the Wirside Tribune, took two more long leaps toward the fiery depths of hell by taking a stand for Rosewater for U. S. Senator and calling that great patriotic man Ed-United Senator W. V. Allen a hog. According to the bible there is no question whatever where he will land for such a course. The bible says any man will go to hell who goes to a hotel in Omaha and seeks the private bed room of another man's wife as it is claimed Rosewater did. And this is the kind of a man our democratic editor wants for U. S. Senator. The bible also says in a thousand different passages that any man who villifies the noble deeds and lofty purposes of a man who has fought for the people of Nebraska for twenty years and truly his way into everlasting hell.

Senator Elkins says there is no satisfaction in having wealth. Perhaps there is no comfort in wealth acquired in the Elkins way, but where would Elkins and the other millionaire senators be politically without barrels of money?

Thaw says that he is not insane. The fact that he thinks so is the best evidence that he is.—Cherokee Democrat.

Wrong again. The fact that he says he is not, is to fool 'em and the best evidence that he is sane.

Fee! Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in the worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." Wayne Pharmacy.

A crowd had assembled at a depot in one of our cities during a convention, to wait on a much delayed train. In the crowd was a man much the worse for liquor. In the crowd also was one of those good but meddlesome old ladies, who never lose an opportunity to impress the lessons of temperance.

"My man," she said to the drunken fellow, "do you know where you are going?"

"Yes, m. gont' (sic) to Topeka," replied the man.

"Maybe you are," responded the old lady severely, "but you are also on the road to hell."

"Thash so?" said the drunken man, taking a lance on himself. "Well, I'm doggone glad this train is late."

A Tariffic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland in like manner Kenneth Molver, of Vanceboro, Me., permitted a little cold to go unnoticed until a terrific finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold; but Dr. King's New Discovery saved me." Guaranteed best cough and cold cure, at Raymond's drug store. 50c and \$1. Trial bottle free.

Mrs. Jones and Mrs. Brown were bosom friends. It was astonishing what a lot they knew about other people's business. The conversation turned in the direction of Mrs. Tuttle's, a new arrival in the next street.

"I fear she is suffering from appendicitis," declared Mrs. Brown.

"Suffering!" echoed Mrs. Brown contemptuously.

"Why yes, didn't you know that?" asked Mrs. Brown.

"Yes, I heard she had got appendicitis," replied Mrs. Jones, "but I'm judging from the way they bragged about it I thought it was some sort of a piano player. What is it, anyway?"

A Hard Lot.

of troubles to contend with, spring from a torpid liver and blocked bowels, unless you awaken the man their proper action with Dr. King's New Life Pills; the pleasantest and most effective cure for Constipation. The prevent Appendicitis and tone up the system. 25c at Raymond's.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. Wayne Pharmacy.

The Pender Republic says there is no doubt about McCarthy being renominated for congress. There is likewise no doubt as to Judge Graves putting MacI in the proper place where he belongs.

Asthma Sufferers Should Know This

Foley's Honey and Tar has cured many cases of Asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St. St. Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of Asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." Wayne Pharmacy.

Tackling a Big Subject.

In the seventeen years the Times man has lived in these parts he has got along very nicely with all the Methodist ministers who have resided here excepting one Miller and the present pastor and in neither case do we believe the Times editor is in any way to blame for any ill feeling that existed or does exist. Rev. Hughes takes up quite a good deal of space in last week's Thurston G zette in roasting the Times man and his paper. We have always tried to merit the good opinion of good people everywhere, but when a man is so constituted that we will have to side step just to suit his individual fancy—why we must decline. The Times editor has printed a good deal of matter in his paper—over signatures—that he didn't approve of, but it will in most cases compare very favorably with some of Mr. Hughes' choicest (but coarse) newspaper or pulp utterances.—Pender Times.

Deadly Serpent Bites

are as common in India as are liver and stomach disorders with us. For the former however there is a sure remedy. Electric Bitters the great restorative medicine, of which S. A. Brown of Bennettsville S. C. says: "They restored my wife to perfect health after many years of suffering with dyspepsia and a chronically torpid liver." Electric bitters cure colds and fever, malaria, biliousness, lame back, kidney troubles and bladder disorders. Sold on guarantee by Raymond the druggist. Price 50c.

Dixon World: It has been for many years understood that men become baldheaded through the acute activity of the brain. Thus women do not grow whiskers on account of the continuous action of the jaw. This is evidently demonstrated by the way some women are gossiping from house to house. Gus Monk mentions it, for his respect for a good woman is emphatic.

Let Us Be Fair.

Some of the republican papers in this congressional district, in an effort to defeat the renomination of Congressman McCarthy have gone almost to the limit of misrepresenting our congressman in reference to his efforts to procure public buildings for this district. We will assent to the proposition that McCarthy came pretty close to getting skunked in his search for public building appropriations, but we deem it hardly fair to charge him with the fault of procuring the ridiculous appropriation of \$7,500 for a new post-office building in Columbus. As we understand it that appropriation was not for a building, but only for the ground upon which to build a public post office at some future day. Let us be fair, even toward a congressman—Columbus Telegram.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating them like pills or other cathartics. It does not nauseate or gripe and is mild and pleasant to take. HERMAN MILDNER'S

Poor Man's Place

We have the best "bait" for hunters or fishing parties. Also the kind of liquor that drives away spring fever, rheumatism and sorrows of the season. Sell you the best whiskies that can be bought from the distillery, any kind of case beer you want, choice California wines, best cigars in town, etc.

Every Man Is A King In Our Place

And we like to have a "full house" rather than "full customers."

Storz

IN Storz Beer we guarantee you purity. It is brewed in shining copper kettles, aged in hermetically sealed tanks, filtered through white wood pulp, put in sterilized bottles without coming in contact with the air, then pasteurized by the approved process. It is absolutely free from the germs or impurities that lurk in water, milk, tea, coffee or other beverage—that's why the most prominent physicians recommend it. It's use promotes good health and true temperance. Keep a case of it in your home.

SUPPLEMENT

To the Nebraska Democrat.
Wayne, Neb., July 20, 1906.

See the "All Stars" company, opera house next week.

The semi-centennial celebration at Jackson Tuesday and Wednesday prompted Gene Huse to remark that his father, Wm. Huse, started the first newspaper in that burg, but up on conferring with the old gentleman it was learned that Geo. P. Goldie, who lived in Wayne a few years ago, was Jackson's first editor, starting a paper there 29 years ago the past winter. Mr. Huse later on bought part of the outfit to continue a publication. Jackson has no newspaper now, and doesn't need any.

The Carroll Index man is taking desperate chances in advertising that town's looming blow-out, Aug 9th and 10th. Better look up the postal laws, Mr. Closson.

I put cement in my work not on it.—Beebe.

Mrs. Arthur Tucker of Carroll was in Wayne yesterday on her way to visit her parents at Cedar Rapids, Neb.

A little love, a little wealth,
A little home for you and me
It's all I ask except good health.
Which comes with Rocky Mountain Tea. Raymond's drug store

Rev. David Neely, of Baltimore, brother of W. A. K., is visiting the latter and will occupy the Presbyterian pulpit morning and evening next Sunday.

Geo. Hofeldt took a car of hogs and a car of cattle to Omaha yesterday.

The "All Stars" comedy company play all next week at the opera house.

If you want cheap cement walks I can make you a cheap price.—Beebe.

W. H. Gibson, our old friend of the Wayne Republican, was in town Wednesday on his way to Hoskins to try and sell the Headlight to somebody who has money to part with. W. H. says it is like the cat keeps coming back all the time, but if he once gets the spondulix in his mit it can come back on the other fellow.

Use Pillsbury's Best flour sold only by Furchner Duerig & Co.

If you want the best flour—Pillsbury's Best—at the lowest price, go to the German store.

John Koefoed last week sold his fine 240 acre farm, four miles east of town to a German from Fender, at \$75 per acre, or \$18,000 for the place, the biggest figure ever paid for a farm of that size in Wayne county. Mr. Koefoed bought this farm six years ago from Luther and Fred Peterson for \$10,000, making him a net profit of \$8,000, and probably \$6,000 more while farming it.

Rev. Parker Smith of Worley, Ia., will supply the Baptist pulpit on Sunday July 22.

John Kate is having good success in testing the Porter incubator, a new invention of Dr. Porter's, of Ponca. Out of 87 eggs Mr. Kate got 79 chicks, and in the incubation used less than a gallon of oil, never moved the eggs nor changed the lamp. The invention promises to revolutionize the incubator business, and Mr. Kate says there is plenty of capital ready to go into a manufacturing plant here in Wayne.

Carroll Index: Morris Wadsworth and Jas. Stephens are among those who have invested in Kansas land. The former has become the owner of a section located in Thomas county, and the latter has a quarter section in the same county.

Saturday and Sunday occurred the reunion of the children, grand children and great grand-children of Grandma Stewart at the home of W. H. James. This was the first time in thirteen years that the family has all been together, and they had a jolly time. The members of the family present were May R. Stewart, her son H. M. Stewart and wife, of Mapleton, Ia., Mrs. E. M. James and husband, Mrs. Nellie M. Cain of St. Louis and Mrs. D. M. More of Sioux City, both grand-daughters.

The great-grand children were Hazel, Marie and Cleora James, and Cain Ruth and Stewart More. Many of our readers are acquainted with all the members of the family.
