

# THE NEBRASKA DEMOCRAT.

Wayne County

ESTABLISHED 1884.

WAYNE, WAYNE COUNTY, NEB. JULY 27, 1906.

\$1 PER YEAR

FALL TERM OPENS SEPTEMBER 3, 1906

### College Notes.

A large number of students are here this term from Holt county. Among those to enter from there this week are Miss Bethen, from Ewing and Miss Peak from Atkinson.

Friday and Saturday will be given to examinations. The papers of all who write for certificates will be graded and sent to the State Superintendent.

The representative of the state educational journal spent a day with us and took a large number of subscriptions. He was well pleased with the school.

Supt. A. V. Teed of Dixon county visited the classes Tuesday. A large number of teachers from his county are in attendance. Several have been here all the year.

Mr. F. M. Harding of Sioux City stayed over night Monday with Prof. Pile. They were room-mates and class-mates in Indiana more than twenty-five years ago. He is a real estate dealer.

Prof. Wilson of the city schools made two pleasant visits to the College. He talked to the young people on Sunday at the Christian Association

meetings. On Tuesday morning, he made a splendid Chapel talk and visited several classes.

Mr. Robert L. Elliott will make the address to the graduating classes on the evening of August 9. He is very popular with the Alumni and all who were in his classes last summer. The diplomas, state certificates and prizes will be given out that evening.

The graduating exercises will be of special interest this year and consist largely of prize contests. The sermon on August 5 will be preached by Rev. Osborne at the Methodist church. Other churches will unite with the College as usual and the other ministers will assist in the exercises.

Miss Johanna Anderson of the teachers' class has received notice of her election to a position in the Omaha schools. Miss Myrtle Roberts has been elected to teach the intermediate department at Dakota City. Both of these ladies have spent more than a year here and are successful teachers.

Miss Anna Evans of Norfolk favored Mr. and Mrs. Pile with an invitation to her marriage which occurred Wednesday. She was a student here several terms some years ago and was

one of the decidedly popular girls because of her splendid womanly qualities. She has assisted her father in the office of the Times Tribune since leaving College. Her school friends extend congratulations.

During the three weeks vacation, Prof. Pile will visit a number of teachers' institutes but will not teach in any. He will be compelled to remain at home a good part of the time to superintend the work of the men who will be engaged in cleaning the buildings. Every building will be calcimined and painted inside. All work is being put in shape so the men can give all their time to this work as soon as students go home.

Mr. Oney wrote on the professional state examination questions Monday and Tuesday. He returns to Ansley as principal another year. His family is spending the summer at Wayne with him. He is a progressive young principal and has made good progress since he first came to College. He graduated from the Teachers' course several years ago and is now devoting his time to higher branches in order to secure a life certificate.

### Killed By Lightning.

While driving his team in from the field last Friday afternoon Fritz Bargholtz was struck by lightning and instantly killed. The Bargholtz family lives five or six miles southwest of Wayne. The young man was cutting fall wheat, his father, Henry Bargholtz, being in the field with him. When the storm came up they started for the house, the older man walking a short distance in the rear. The same bolt of lightning killed one of the horses. Fritz was an only son, there being two children, boy and girl in the family. The parents were fairly prostrated over the shock of their son's death.

The funeral was held on Sunday, at the Winidee German Lutheran church, Rev. Karpenstein conducting the services.

M. K. Riekabaugh started out on the road for Prof. R. Durin's tomb stone factory, this week.

Mrs. Geo. Damon of Council Bluffs will spend next month visiting Wayne friends.

Warren Closson has bought the Randolph Reporter. Warren has plenty of ambition to succeed, and experience will come fast enough—running the Reporter. Here's hoping you'll make a mint of coin, Warren, as well as make the maidens see the type line.

The "Ice-man's" team made business lively Monday evening for a few minutes. Fred Wadsworth, who uses a team of his own to deliver ice for D. S. McVicker, stopped in front of Roe & Fortner's, and while he was in the shop the Quaker doctors' base drum, in the top rear by scared the team in to a run. Mr. McVicker's delivery team was on the opposite side of the street, and in trying to stop the Wadsworth horses Mac caused them to collide with his wagon, tearing a tire off the Wadsworth wagon. The team made a vicious run to the door of the racket store, but the spokes finally all being knocked out of the rimless wheel, the axle stuck in the mud and pulled them up until they were controllable.

Speaking of Harry Hammond's new paper the Sioux City Journal of Tuesday stated: The Sioux City Newspaper union has shipped to the new town of Willard S. D., on the edge of the Bad Lands, at a point forty-five miles west of Murdo, equipment for a newspaper plant. The owner and editor of the paper will be H. W. Hammond. The name of the paper will be the Willard Era and the first issue will be this week.

### Death of Mrs. Robert Baird.

At about eleven o'clock last Friday night the wife of Robt. Baird passed to the great beyond, at her home in the east part of town. Although everything possible had been done for weeks for deceased, it was all to no avail, although a few days before it was thought she was getting some better. The funeral services were held Sunday afternoon at the Presbyterian church where deceased and her husband were attendants, and the sermon preached by Rev. Thos. J. Wright, an exceptionally well chosen and acceptable funeral address. Pall bearers were from the W. O. W. camp, of which Mr. Baird is a member. The services were largely attended by friends from the country and city, and the church was tastefully decked with flowers by loving friends of the departed. Mrs. Baird was thirty-six years of age, and during her six years residence in Wayne county, since her marriage, she made friends of all who came to know her for she was one of the kindest, hearted of women. Her death was an unusually sad one for the reason that her suffering was intense for many weeks, and that for some six weeks she had not been of her right mind, and was helpless as a babe. A telegram sent her mother and sisters in Boston gave her sister, Miss Annie Lowery, just an hour's time to take a train for the west Thursday night, the young lady arriving here Saturday evening to be shocked and heart-broken to find that her sister was dead.

### Obituary.

The late W. D. Doose was born in Germany, Sept. 12, 1833, being nearly 73 years old at the time of his death, July 18, 1906. Deceased had been twice married and leaves six daughters and two sons, his wife dying some years ago. He came to Mills county, Io., from the old country nearly 40 years ago, and has been a resident of Wayne county for some 22 years.

The funeral was held on Friday at 10:00 a. m., at the German Lutheran church, Leslie precinct, Rev. Bornam officiating, and a very large concourse of neighbors and friends paying a worthy pioneer and kind friend their last respects. Two young daughters and two sons are still at home. The married daughters are Mrs. Jos. Donnelly and Mrs. A. Weber of Washington, Mrs. Henry Stumpf and Mrs. W. Dorman of near LaPorte.

### Card of Thanks.

The children of the late W. D. Doose take this means of sincerely thanking their neighbors and friends who gave them unstinted assistance during the illness and death of their beloved father.

### CARROLL NEWS

From the Index.  
The following Carroll people departed for Wale, Io., where they will participate in a family re-union; Lot John Hughes, Mrs. John R. Morris, Mrs. A. J. Allensworth, and Mrs. F. E. Francis.

Robert Prichard leads all on hog houses. The new feeding house that he has just completed has a cement floor.

It may surprise some but not others our genial friend, John Miller left on Monday to make a visit at Oto, Ia., with his folks. But this is not all. John admitted to the editor before he left, that when he returns, he will bring a wife. The Index can say nothing but good things of John, and the lady of his choice is to be congratulated.

Grant Young received word Monday evening that his sister Avis, who has been living at Omaha, was among the missing as a result of the accident at Lake Manawa on July 4th. The young lady was last seen on the evening before the Fourth, at which time she announced her intention of spending the Fourth at the Lake. She has not been seen since and it is feared that she met her death along with the other unfortunate when the platform gave way precipitating so many into a watery grave.

Miss Young was a young woman 20 years of age and was employed in one of the newspaper offices at Omaha. A brother is in Omaha looking into the disappearance, but has so far failed to find a light that would lead to any other conclusion than that she met her death at the lake.

Rev. D. T. Davies of the Welsh settlement will enjoy a three weeks vacation beginning next week. He will spend two weeks at Red Oak, Io., where he will occupy a pulpit. The balance of the time will be spent at Long Creek visiting friends and relatives.

Geo. W. Parker died at the hospital in Sioux City Thursday of last week. A year ago Mr. Parker was hustling around Wayne county writing insurance, and in the pink of condition for a man of 68 years. Wayne acquaintances say it was the investigation of the insurance companies and the rottenness developed that broke the old man's heart, although it was kidney trouble the doctors say that killed him.

Mr. and Mrs. J. C. Good, who came here July 1st to visit relatives returned home to Washta, Io., last Saturday.

### For Sale.

A high priced organ in perfect order for sale very cheap.  
W. B. VAIL, Optician.

### For Sale.

We have for sale the O. C. Lewis farm southwest of Wayne at \$80 per acre. Finest fall in Wayne county.  
BOHLANDER & McELRATH,  
Winside Nebr.

W. B. Vail the optician charges nothing for examinations.

Winside Tribune: Mrs. C. E. Miller and Blanche are expected home the first of next month. Mr. Miller expects to remain in Washington a month longer, when he thinks he will have almost recovered his health.

A. H. Siemers and Charley Meyer returned last Friday night from Hughes county, S. D., where Mr. Meyer bought a 100-acre farm. Siemers says crops are simply immense in that country, he never saw a better looking farming country in his life. Clarence Wright, who went up there from Wayne eight years ago, with \$20 capital, now has one of the swell farms of the state, and is wealthy, having every modern convenience known on his place, and the biggest and best buildings.

A. Dockendorf came over from Shelton, Io., last week, and Monday left with his father, who has been staying with his daughter, Mrs. —, of Colorado, a change in climate being required for the old gentleman's health.

J. E. Owen left last week for Laramie, Wyo., to look up a sheep ranch.

Grandma Davies accompanied Mrs. "Rev" Jones up to Carroll last Friday evening for a week's visit.

Mr. and Mrs. J. L. Davis left Saturday morning for Dunlap, Io., to attend the funeral of a nephew of Mr. Davis'. The young man was drowned last Thursday night, the body being recovered Friday morning.

Leslie Crockett took his little sister who recently lost an eye through getting a piece of glass in it, to Sioux City last Friday, and had the eye cavity measured for an artificial eyeball.

J. W. Morgan accompanied Henry Ley to Crystal lake Monday.

Morris Wadsworth came over from Iowa last week and went up to his farms near Randolph for a few weeks tour of inspection. Mr. Wadsworth is taking considerable interest in Nebraska politics, and sent Edgar Row and a subscription for his paper, so he could get all of Editor Howard's pungent and drastic expressions instead of the excerpts the DEMOCRAT is able to reproduce from that talented writer.

C. W. Worth returned to Gettysburg, S. D., Tuesday, having made a trip to Wayne to attend the funeral of Mrs. Chas. Snyder. Charley says conditions are finer than silk in Dakota, good crops, land booming in price and the population feeling good. Ross Snaewgo, who went up there last spring with Mr. Worth, sold his quarter section farm and bought a half section.

If you have any refractive error in your eyes call on W. B. Vail the optician, and have them examined free. Sam Temple went to Lincoln last Friday for a week's visit with his better-half, leaving D. E. Miller to hand out the cigars to the boys. If Sam is a little cross you will now know why and make due allowance.

E. C. Hines left last night on a six weeks trip in Gregory county South Dakota.

Mesdames S. H. McMackin, Frank Tracy and J. D. Cavanaugh were visitors from Winside Tuesday.

The bluecock shoot by the gun club, last and this week, was as follows: July 27: Miner 20, C. Craven 10, Wither 10, Peterson 5, Morgan 11, Rieka 10, Fisher 24. July 28: Miner 21, C. Craven 18, E. Berry 16, Fisher 25.

Buy a Moopes Improved Non-Leakable Fountain Pen at Leahy's Drug Store.

Miss Myrtle Legan went to Missouri, Valley, Io., last Saturday to visit her grand parents.

Little Fritzie Mildner came near being badly injured last Friday evening at the depot by W. W. Kingsbury's bull dog. It appears there were several boys playing and fooling with the dog, and a couple of boys pushed the little fellow over just as Harry Ringer, who held the dog by means of a wire in the dog collar, said "stick!" and the brute jumped onto the boy, biting through the little fellow's clothes on his back, bruising the flesh. When told about it Mr. Mildner was very wrathful and he took the Ringer lad, who is fourteen years old, home with him and kept him in a room until his father could be sent for. Rev. Ringer tells the DEMOCRAT it was all boys' play and his son did not mean to injure the little Mildner lad. There is decidedly too much reckless mischief happening this week, and from what the DEMOCRAT is told young Ringer has a reputation for being decidedly "ornery," if nothing worse. The fact that his sire seeks to shield him in such fool capers, will hardly tend to better the lad's growing poolivities.

## The Store That Saves You Money

## Our Great Midsummer Clearing Sale Commences Saturday

Every dollar's worth of our summer merchandise will be offered for sale at a cut in price which will clear them out in a very short time. Due to the fact that we have had two complete stocks to sell this summer our stock of summer merchandise is unusually large. In addition to this unfavorable circumstance our sale is two weeks late, owing to a rush of work in throwing our two stores together. Consequently we are obliged to sell a BIG LOT OF SUMMER MERCHANDISE in a VERY SHORT TIME. We have put prices on the goods that will sell them and sell them quickly. What they cost or what they are worth does not influence our sale price. It was simply a question of sell the goods and you get the benefit of our unfortunate position. The prices quoted in this ad, only partially tell the sacrifice we have been obliged to make. While our summer season is drawing to a close, you will have eight or ten weeks of favorable weather for summer apparel. Take advantage of this great clearing sale. Come early and often—special bargains every day. Butter and eggs received the same as cash and at higher prices than you usually are paid.

### BY DAD

Here's a "good one" from Blxby: When the sun in the sky lifts the mercury high. And the working-horse logs in the race! And the pecker-boo wags brings a blush to your cheek. And exceedingly virtuous face; When the heat after night is so perfect a fright That you can't go to sleep till almost dawn. Then be glad as you can in the knowledge, old man. That it's mighty good weather for corn.

"After a week of noise like this week—talking and laughing and singing crazy machines to right and left, colored coon singers on the corner; piano music in front of us; band music by the 'commercial club band, more music by the 'all stars' quaker doctors' musicians—say, hell has no terrors for us type-stickers!

Of all the trusts the ghoul of the coffin trust are the most despicable. They prey upon the poor in their hour of grief when savings have been depleted by the enforced non-earning power of the bread winner. The cheap box, called a coffin, with its tawdry trappings, that cost out a trifle are sold at a price that represent weeks of labor. This coffin trust is protected by the republican tariff from competition by an import duty of 35 per cent, under the paragraph in the tariff law of manufactures of wood not specially provided for. Thus the republican standpatters have made the

government the partner and protector of this ghoulish trust which adds to the misery of the bereaved ones by the imposition of a tax upon a necessity when least able to bear it. One of the first duties of a democratic congress will be to amend the tariff law by putting coffins and caskets on the free list.

A Maine republican predicts a democratic majority of 5000 in his state this fall. Why not make it unanimous? It's time to turn the rascals out.

The ice trust has put up the price of ice "to save the babies." This is new form of "benevolent assimilation;" but it is very effective. And then it operates at home, and helps the coffin trust and grave diggers. No use of going abroad any more in order to "leave" or "assimilate" weak and helpless human beings. It pays just as well and is much cheaper, to butcher and pack them in their cradles right in our own cities.

Senator Foraker says he cannot sit still for two years. Why of course not. President Roosevelt can't sit still two minutes. The rattled condition of the republican party won't allow any rest for its ardent votaries.

They are having a lot of discussion about the cost of saving souls in Chicago, the claim being made that it runs from \$2 up to \$150. There will be considerable surprise to learn that there are any in Chicago worth more than \$1.99.

It looks as if the attorneys would succeed in getting quite a bunch of Mrs. Thaw's money.

A "coon" at the show Wednesday night made quite a hit by telling the story of going to heaven and noting the arrivals, McKinley, Roosevelt, Bryan, etc., and then he said "there was another knock." "And who was that?" asked the interlocutor. "Why St. Peter opened the door and George Miner, came in." That's just like George, but he was probably there looking for somebody to take to the other place.

Miss Williams, from Wisconsin is here visiting her brother Jake Williams, this being the first time they have seen each other in eighteen years. Miss Williams is principal of schools in her home city.

Randolph is making big preparation for her racing meet, Aug. 21 to 24. Randolph is a lively town, and being a prohibition city will make it all the more entertaining. There will be "keg" parties galore.

Tom Holtz has decided to keep his job as deputy county clerk and will return from the west in a few days.

Phil Kohl left Tuesday for North Dakota.

### Big Doings To-morrow.

To-morrow, Saturday, will be a yellow-letter day in Wayne county republican politics. E. Rosewater, Norris Brown, Judge Boyd, Congressman McCarthy and W. W. Young will no doubt all be present and scrapping for state and congressional delegations. The DEMOCRAT "guesses" it will be Norris Brown for United States senator, Mr. Boyd for congress, and—A. R. Davis, county attorney and B. F. Feather clerk of courts. Anyway it will be a heap, big pow-wow, and will undoubtedly call out the biggest crowd ever seen in a Wayne county convention.

Antelope county instructed for Judge Boyd for congress, "last Tuesday."

G. J. Sampson went to Oakdale Wednesday to get an orphan girl whom he places in the home of Henry Lessman.

Mabbott & Root, the popular barbers, have worked up a fine, big trade since getting on the "ground floor." Being "two of the best barbers who ever handled the razor in the town," and having a good location, business is bound to increase with them.

Mrs. Bert Johnson accompanied Mrs. Frank Kruger as far as Sioux City Tuesday, on the latter's return to Chamberlaine, S. D.

Wm. Shorten went out to Black Hills Tuesday night.

# Tame Grass and Winter Wheat

Ten years ago there was very little tame grass in this part of the state. It was raised by a few with indifferent success, or dismal failure. Why did it fail to live and thrive as it does today? Because there was not enough moisture in the fall of the year to give it sufficient growth to withstand our cold winters. People would not even sow the seed because they thought this part of the state could not produce tame grass. What have we today? Take a look at the Mitchell tract south of Wayne. You will see a very large piece of tame grass which is now being harvested. This proves what can be done here if done properly.

It's just the same with winter wheat. If you don't sow the seed you don't raise the wheat. Some people contend that it always requires the best land on the farm to raise winter wheat. What if it does, it PAYS.

Wm. Brune Jr., who lives 5 miles south-west of Wayne, raised 35 bushels per acre last year. He plowed and sowed same piece of land and raised 35 to 40 bushels this season. Even if this was his richest land, it paid him just the same. The beauty of it all is that he has it threshed and in his bin. If it pays him, why will it not pay you? Try a few acres, it may bring large returns.

**Daily Drift.**

Today we need a man who swings the head.

Whom Markham calls the brother to the ox; The sunflowers on the vacant lots now grow In wild profession—there are blocks and blocks.

Of ugly growths that vitiate the scene In all too many places hereabout, Of nasty weeds that flourish like the green.

Bay tide the good old Bible tells about. Let every man of strength appoint a day. To do the work now waiting to be done; Bring out the trusty scythe and whittle away.

That weeds may wilt beneath the boiling sun.

Some men aspire to grand, heroic deeds, That men may praise and women folks may cheer;

By me the man who smites the biggest blocks Shall be set down the greatest hero here. His honored name shall truly be enrolled Among the names of those we all admire;

The story of his conquests shall be told In language that would set a house afire.

Who makes one weed to grow upon the waste Where two weeds grew last season, is the guy For whom these lines were written in hot haste; Here is the man we dotte upon, says I.—Bixby.

From Millard to Meiklejohn might be termed a "sidestep," neither backward nor forward.

**Feel Impending Doom.**

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in the worst form," writes Marion Lee of Duarath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." Wayne Pharmacy.

The best trusts and the railroads are pointing with pride to the record of congress and the president agrees with them, so everyone should be satisfied.

The president's summer sojourn at Oyster Bay has commenced on quite a strenuous plan. One of the corps of detectives and body-guards knoeked down and blackened an eye of an innocent photographer, who was authorized to take a snap shot of the president. Thus in greatness guarded by ruffians.

If we assume that a family consists on the average of five persons, it will cost every family in the United States \$55.10 to pay the debts contracted by the last session of congress. Congress appropriated a sum equal to \$11.02 per capita on the 80,000,000 people in this country. It is not a property tax, but an indirect, insidious, dishonest tariff and internal revenue tax, equivalent in its operation and effect to a poll of about \$33 on every adult in the country.

Trust products are costly to Americans and cheap to foreigners. Why not revise the tariff that protects trusts and even things up?

The republican theory that the higher the taxes the more prosperity, proves that President Roosevelt is a thorough-going republican, for he heartily endorses the spending mania and extravagance of his party. For instance, how readily he gave way to the Wadsworth-Cannon plan of making the people pay for the meat inspection, instead of the packers being made to pay. Can you remember any recommendation of Mr. Roosevelt for economy in expenditure?

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Oriso Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating them like pills or other cathartics. It does not nauseate or gripe and is mild and pleasant to take. Wayne Pharmacy.

Secretary Wilson has started on a tour of the packing houses at Chicago, Kansas City and elsewhere. He will have to look out, or he may be lost in the "jungle" that he knows exists in those cities, but never suspected until some one published the fact. The secretary of agriculture never looks for trouble until he is forced to. He would not believe any of the scandals that existed in his department until some one else exposed them. It's a good thing his duty does not call him to New York or the "green goods men" would be likely to gobble him.

**Will Interest Many.**

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. Wayne Pharmacy.

**The Limit.**

Dixon World: As Parthenia said to Ingomar. Love is two souls with but a single thought; two hearts that beat as one. Will Avermann, at the breakfast table gave his opinion. He said that Love was as if you were in Heaven, between two buck-wheat cakes and the Little Angels pouring molasses all over you. Boy's ain't that the limit!

**Asthma Sufferers Should Know This**

Foley's Honey and Tar has cured many cases of Asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St. St., Davenport Iowa, writes: "A severe cold contract, twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of Asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." Wayne Pharmacy.

Dixon World: Here's to the blue bells of Scotland. Here's to the blazes of h—, But damn the boy that will spoon with a girl, And the go off and sell. ### SUPPLEMENT

To the Nebraska Democrat

**BY DAD**  
In the old country there was a saying  
that if a man was a good farmer, he  
was a good citizen. It was a saying  
that was true in the old country, and  
it is true in the new country, too.

**Some Correct Deductions**  
We have noticed an effort on part of  
some newspapers to place the blame of  
the suicide of Gus Hennings at the door  
of politics. It is not fair. Hennings  
killed himself because he was in debt  
and feared to face the world without  
money in his pocket. We take no  
pleasure in that ever-present policy on  
part of many people to picture the de-  
clines of politics as a field where those  
who enter must leave honor and honor  
and of life behind. The game of  
politics is just as honest and fair as oth-  
er callings. The man who will be  
dishonest in politics will be dishonest  
in private business affairs. The man  
who will sink beneath political defeat  
will end all by taking his own life  
and end all the same thing if he should  
suffer defeat in business ventures.  
The program must be the last to ut-  
ter a word to add to the sorrow of the  
wife and children of the Omaha suicide  
but we insist that Hennings played the  
part of a coward when he took his life.  
His wife and children looked to him  
for support and protection. He had  
no right to rob them of that protection  
as he did when he took his life. Nor  
have we any sympathy with those  
high-headed writers who point the  
Christian boy to the sad fate of the  
suicide and employ that fate as argu-  
ment to keep the boys out of politics.  
We believe every boy ought to get into  
politics as soon as possible and stay in  
politics all his life. We do not mean  
by this to urge all young men to seek  
political office, but rather to urge them  
to take active part in promoting their  
political principles and in the selection  
of public officials. American politics  
is a splendid field for labor on  
part of men who love their country  
and its institutions. The field becomes  
corrupt only to those who deal in cor-  
ruption. Hennings had ambition. He  
failed to gratify that ambition. He  
was too weak to stand up under the  
burden of defeat, and he took his own  
life in order to get rid of the burden.  
That's all.
