### Official Notice.

Notice is hereby given subscribers to the DEMOCRAT, who reside outside of Wayne county, that subscriptions must be paid up in advance at once or names will be stricken off the "docket." We have been a little careless in this regard the past three months and must now insist on all being paid up. Be good enough to attend this little matter promptly and save us the annoyance of taking off your "John Henry" and putting it on again, just to get a remittance. There is no profit in these subscriptions where they are allowed to lag, and become a drag on the business.

T. B. Heckert, dentist, over P. L. Miller's store.  
Mrs. Dan Roush went to Clearwater, Minn., Monday on a six weeks visit.

Wm. St. John was a lone drunk before Squire Feather Monday morning, having absorbed too much Sunday booze. He paid \$3 and costs.

Mr. and Mrs. Henry Westerhaus have issued invitations for the wedding of their daughter, Miss Dora, to Frank Martin Redmer, on August 22nd.

W. L. Robinson, land man at Carroll, accompanied Chas. Nairn, Jap Lewis and Chas. Grewe to Gettysburg, S. D., Tuesday.

Wm. Wheeler and Henry Puls were in town Monday looking up a horse trade. Squire Puls made on Saturday at the Miller feed barn, in which, the DEMOCRAT is told, Puls lost some fifty dollars. It was found on Monday that Milers had sold the horse and there was no way to recover the animal.

Wilson Pingrey was an Iowa arrival Monday evening and after visiting some of his farms in Stanton county has been taking in the races.

Dan Martin of Carroll was in town Tuesday on his way to Bonesteel to visit his son.

C. A. Cuning went to Meadow Grove Tuesday to see how things were at home. His daughter Mrs. Lou Winsor, has been steadily improving from her attack of lockjaw over three weeks ago. Dr. J. M. Knott of Sioux City, the attending physician, considers it a remarkable case, in that only one or two out of every hundred ever recover from the disease.

J. M. Cherry was the only delegate to the state convention at Lincoln Tuesday, P. H. Kohl going already there from a trip to North Dakota.

Mrs. Dames P. H. Kohl and Henry Ley returned Tuesday from their summer's outing at Crystal Lake.

A. G. Bohnert got home from encampment at Fort Riley, on Tuesday, and reports a big time.

C. R. Munson and D. E. Miller have been "feeling their oats" since returning from Alberta, Can. Mr. Miller bought a section and Mr. Munson a half section of land in that country, near Edmonton. They have samples of some immense wheat and oats crops, and claim it is the greatest country on the face of the earth, both gentlemen having been pretty much all over this hemisphere. Mr. Miller says it might not be comfortable for some yanks to live there, for in Canada all laws are made to be obeyed. As an instance two men were fined \$15 each for working on the Sabbath, and the saloon business there is under the most drastic control, every feature of the liquor law being absolutely lived up to. The DEMOCRAT man was "raised" in Canada, which is no doubt one reason why "we" are so "d—d" good.

### A Few Of The Faithful.

A mere handful of democrats gathered at the court house last Saturday afternoon, but they did good thorough work. F. A. Berry was elected chairman and Geo. Wilbur secretary.

Delegates selected to the State convention were P. H. Kohl, Dave Surber, Geo. Wilbur, B. H. Skiles, J. M. Cherry, Walt Gaebler, Jas. Stanton, Martin Kirwan.

To the congressional convention: Chas. Reynolds, W. S. Goldie, Wm. Rickabaugh, Ed. Cullen, J. W. Ziegler, Chas. Killion, F. A. Berry, Henry Barrels and Jos. Dobbin.

A committee on resolutions brought in the following ringing sentiments: We the democrats of Wayne county, Nebraska, in delegate convention assembled do hereby proclaim that we again endorse the Kansas City platform and call the attention of democrats everywhere to the constantly increasing admirers of the principles of said platform, won from the ranks of other parties, and urge upon our workers the necessity of continuing the agitation for democrat reform.

We commend the reform element of the Republican party in its good judgment in borrowing for its own use those principles which democrats have for these many years fought for; we are willing to loan them, but we object to their being stolen.

We insist that the democrat party since its birth in the early days of the Republic has been one of principle rather than one of expediency and policy; and we applaud our great common leader in his steadfast refusal to abandon his conscientious political principles and place himself in the hands of the party bosses and politicians.

We believe William Jennings Bryan to be the greatest constructive statesman of the age; we believe him to be, in honesty, incorruptibility, morality and wisdom, the peer of American statesmen; and to his nomination and election to the Presidency of the United States in 1908 we hereby pledge our selves.

We pledge ourselves to the complete eradication of Railroad domination of State affairs; to the taxation of all Railroad property on the same basis as farm property; to the enactment of a franchise tax upon all corporations, domestic and foreign; to the election of United States Senators by the direct vote of the people; to the passage of the Constitutional Amendment providing for the Railroad Commission, and to the election of Railroad Commissioners who will enforce the law and perform their duties in justice alike to both carrier and shipper.

Believing that principles will mean little if not intrusted to men at once capable and honest, we call upon this convention and upon the delegates today to other conventions, to choose candidates of such character, integrity and ability, as will commend the approval of all people who believe in our cause.

We declare ourselves against the free transportation pass, believing it to be the Railroads' most effective system of secret bribery; we demand that the granting, receiving or using of free transportation upon the line of a common carrier be made a misdemeanor; and we pledge the nominees of this convention not to use a free pass, and call upon our delegates to the other conventions to secure similar pledges from their candidates.

George R. Wilbur was nominated for county attorney by acclamation; likewise Will Rickabaugh for clerk of courts. Mr. Wilbur will go after an election with the intention of winning out, but Mr. Rickabaugh will not stand for it. For county commissioner, 2nd district, Jas. Shannon was nominated, he being the unanimous choice of the delegates from that section of the county.

The county central committee, with F. A. Berry, chairman, and George R. Wilbur, secretary, was selected, to wit: Chapin—John Heeren, Brenna—Emil Spilltgerber, Deer Creek—Henry Trautwein, Hancock—R. H. Koski, Hunter—M. J. Kirwan, Logan—Ham Mitchell, Plum Creek—Emil P. Spilltgerber, Strahan—Henry Klopping, Winside—E. W. Cullen, Sherman—Ed. Carroll, Wilbur—Wm. Buetow, Wayne 1st ward—W. S. Goldie, Wayne 2nd ward—J. H. Massee, Wayne 3rd ward—Geo. Wilbur, Garfield—Joe Dobbin, Hoskins—Ed. Pfeil.

A crowd of vets left Sunday for Minneapolis, among them being Chas. Bagart, J. D. King, A. Anson, R. P. Williams, L. P. Tharp, Jas. Harmon.

Bur Cunningham of Bloomfield was in town Monday on his way to the G. A. R. reunion at Minneapolis.

Marshall Miller picked up a nice fragrant bunch of "race", people Sunday night, and locked them up in the county jail until Monday morning when they paid fines of \$1.00 and costs each to Police Judge Feather. The parties gave their names as Sam and Dollie Girt and Ethel Jones, and hailed from Sioux City. At first they called for a trial, but after being told by City Attorney Berry that Wayne never "tried" such cases, and they could give bonds, go to jail or plead guilty, they took the latter alternative and promised to hike out of town.

Miss Mamie Kelly of Carroll, Io., is visiting her uncle, Jas. Stephens, at Carroll, Nebr.

### Old Settlers' Picnic.

The DEMOCRAT sincerely believes that a good time is in store for those who attend the Old Settlers' picnic, August 23, at Bressler's Grove, northwest of Wayne. We say sincerely because there has been some doings in Wayne the past few months that the DEMOCRAT deliberately lied about, to "save its bacon." Geo. R. Wilbur is going to provide a male quartet, and there will be no limit to the number of vocal selections by it. The Commercial band has been engaged to play at the picnic, and the members thereof know how to make the best music. Bring your dinners and join the multitude. The old settlers' picnic is just what the old settlers make of it. It is a time to drop all politics, petty differences, and enjoy a good fellowship and social time between all old neighbors, be they personal friends or estranged acquaintances. It is a case of "the more the merrier," and the nearer we get to "man's humanity to man" the better we'll be for it. Do not neglect the opportunity, August 23d.

### The Street Carnival at Carroll.

The street carnival at the neighboring town of Carroll was auspiciously opened Thursday morning by a street parade. The parade was about three blocks in length, was well gotten up and well arranged. Some of the floats were very fine, representing an outlay of considerable money and time, and on the whole would have been a credit to a place much larger than Carroll. The street carnival in proper consisted of free exhibitions in trapeze work and an exhibition by Happy Hoolligan.

In the afternoon of the first day two ball games were played at the splendid ball park on the north edge of the town. The first game was between Bloomfield and Randolph and resulted in a score of 8 to 0, in favor of Randolph. The second game was between Carroll and Winside, resulting in 10 for Carroll and nothing for Winside 4.

Friday afternoon the second day of the carnival there was also two ball games; the first between Bloomfield and Winside resulting in a score of 7 to 3, in favor of Winside. The second game was between the two winning clubs of the day before, Carroll and Randolph, Carroll winning by a score of 4 to 1. This was a hard played game and was as interesting as the ordinary league game, each having professional batteries.

The attendance both days was very large, it being estimated that about 4000 people attended the last day and the people of Carroll are being congratulated upon their success as entertainers. A special train was run to Carroll by the Wayne Commercial club, in the afternoon of Friday, carrying about 400 passengers which the people of Carroll very much appreciated and we hope that the Commercial club secured some information along the line of entertaining which will be of use to them in the future especially if they again attempt to hold a celebration in Wayne.

### City Council Proceedings.

But little business was transacted by the city fathers Monday night aside from allowing a bunch of bills and passing ordinance 159, a measure to corral all evil-doers and fix them so they would stay fixed. The bills allowed were:

Frank Wilson is home from Iowa where he spent the summer on a farm.

John Baker was in town Monday and reported his big barn on his home farm struck by lightning Tuesday of last week. Mr. Baker says they were just hurrying in from the field when the crash came, the peculiarity being that the whole roof of structure was torn off, while no other damage was done. Upon going into the barn full of hay, there was plenty of smoke but no fire. Notwithstanding the contents of the building were roughly drenched in the big rain that followed, Mr. Baker figured it was a very fortunate thing that the stock was not killed nor the barn burned up.

The Randolph Races next week, Tuesday, Wednesday Thursday and Friday, will be the best ever seen in Northeast Nebraska. The fast string of pacers and trotters that have been smashing track records on the Nebraska Speed Circuit, of which Randolph is a member, will be there. Three races every day for big money. The great relay race in which each rider uses five horses, changing every half mile, will be a feature.

Mrs. B. E. Feather left Monday morning for Wells, Minn., Mrs. I. W. Alter and daughter and Miss Bell Temple took the same train for Minneapolis.

HARDWARE and PLUMBING.

The labor agitators in recent years in France are said to have had an important effect in leading to a "concentration of industries." THE DEMOCRAT

# MOVEMENT TO EXPEL

## I. O. O. F. SALOONMEN

An Unenforced Law of the Sovereign Lodge Is to Be Invoked.

## ESPECIALLY IN JERSEY

In That State, It Is Estimated, 3,500 Odd Fellows Are Liquor Dealers—May Prove Menace to the Order.

New York, Aug. 14.—With the support of the sovereign lodge law, passed in 1895, but which never has been enforced, the I. O. O. F. grand master of the grand lodge of Odd Fellows in New Jersey, has opened war upon saloonkeepers, bartenders and gamblers in an effort to drive them out of the lodge. It will mean the expulsion of about 3,500 members from the craft in New Jersey, the estimate is likely to spread to other states.

These questions are now being asked in circulars which have been sent out: "Has any of your members since January 1, 1895, become a saloonkeeper, bartender, gambler, or any other person who is prohibited by the law?" "If so, is he still in such business?" "Have you initiated or taken into your lodge since January 1, 1895, any saloonkeeper, bartender or professional gambler?" "Has your lodge since August 29 to notify all such persons to abandon such pursuits. Failure of the men to quit such business will be followed by a writ of habeas corpus?" "This move comes with stunning force upon the lodges in view of the fact that the law is not enforced. On the contrary, saloonkeepers especially have been initiated in great numbers in the populous cities."

## Grand Master a Prohibitionist.

Grand Master Stout lives at Ocean Point in the city of Atlantic City, and is at the head of the prohibition movement in Monmouth county. He is a trustee and official in the First Methodist church of Atlantic City, a lawyer.

Many lodges in Newark, Jersey City, Camden and other cities have refused to have it repealed have failed.

Of the 27,000 members in New Jersey who are members of the grand lodge, only the large cities practically have enforced the law and the grand master's action followed.

Information against these plants in the trade was furnished by Harry P. Cassidy, special agent for the dry and food commissioner, Dr. B. H. Warren. Dr. Warren has announced that he will not accept fines, but will require the offenders to furnish bond and go before a judge.

Jurgon Spring was getting aboard the smoking car, at the depot Tuesday morning, when he suddenly wheeled about, and jumping down the steps told Rolfe James there was a lot of ladies in there, that wasn't the right car. When James got on to investigate he found the compartment full of swarthy bucks and squaws.

"Now watch those democratic newspapers getting their democracy on straight," remarks the Sioux City Journal. Isn't the Journal having a little trouble with its rebellionism?

There was a girl in our town And she was wondrous wise; She bought a pair of stockings Of long and ample size. Then straightway did the maiden Cut off the silken feet And now with gloves long wristed She looks almighty sweet!

Little Pete Lewis had been to the races, and a business man asked him if Frank Strahan's colt won anything. "Didn't know he had a colt," answered Pete. "Why, yes," coached the b. m., "he has a four-year old!" "Oh, you mean that homely brute that looks like a dog?" said Pete, quickly, which is evidence sufficient that the sins of the father are visited upon the son.

Why is it that a careless seven-year old kid can drop a half burned match in an alley and burn all the barns in a block, while an able-bodied man has to use up a whole box of matches to get a fire started in a heater that has draft enough to draw all the furniture up the stove pipe?

People who write things which they would like to see printed in a newspaper should bear in mind that what they write as their general opinion should be fathered by them and when they write stuff that is not fit for them to attach their names to it should never be printed. Remember the rule of all decent newspapers and you will never have occasion to put on the shoe. This is the rule which we give in all kindness. Never ask a newspaper to do anything you are ashamed to do yourself.

When a reporter asked speaker Cannon if there was any thought of considering tariff revision at the conference at Oyster Bay he piously exclaimed, "Great Father in heaven," and the balance of his ejaculations would not look well in print.

Twenty-seven years ago Mrs. Semantha Ambergris, a quiet, modest seamstress residing in Walnut Grove, Ind., was sewing a button on her husband's trousers. Having occasion to thread a needle, she held it between her lips while she looked for a spool of thread. Just then she sneezed and the needle disappeared; nor could she find it after the most prolonged search. The incident passed entirely out of her mind. One day last week, however, Mrs. Ambergris, who is now an elderly woman, felt a tingling sensation in the middle finger and saw something small and sharp protruding from the skin. Apply a pair of nippers she pulled it out. It proved to be a splinter she had accidentally run in her finger the day before while cleaning house Rubber!

# The Advantages of Seeding

## All Kinds of Small Grain With A Disc Press Drill

A large number of farmers maintain that it does not pay to sow winter wheat, because of the expense of buying a Disc Press Drill. We find upon investigating this matter, that it DOES PAY. It will put the winter wheat into the ground in such a manner that it will all germinate. This is not all. It can also be used for sowing Oats, Barley, Speltz, Spring Wheat or any other small grain you might wish to sow in the spring. The advantages claimed by those who have used them for spring seeding are these: Every grain is put INTO the ground, not ON TOP of it. It is thoroughly covered. It is pressed with wheels that follow each disc, thereby keeping moisture in ground around grain rootlets. A little dry weather does not stop its growth as it does when the seed is sown on the surface. The grain sprouts evenly, grows better, and ripens in a more uniform manner. This being the case, you get more grain per acre, because you get it all. There is no possibility of some being so ripe that it will shell out as soon as touched, while some of it is too green to cut, which surely is the case in broadcast or surface seeding.

### IT WILL BE DEMOCRATIC

Shallenberger Defeats Berge for the Nomination.

The democrats and pops had a wild and woolly time of it at Lincoln Wednesday night. Berge, who was supposed to be a sure winner for the nomination for governor was defeated on the first ballot by A. C. Shallenberger of Harlan county. W. H. Green of Knox county was nominated for lieutenant governor, Carl R. Gensher for secretary of state, Frank C. Babcock for treasurer, E. H. Luikhart for auditor.

In a warm fight between G. H. Hitchcock and W. H. Thompson for preference for United States senator the latter won out.

The policemen, Fred Benchoof, John Harmer and others, made valiant efforts to earn their salaries. Wednesday night they captured four dusky maidens two of them behind the depot and two in the lumber yard. Several parties had been to see the coons, and were found with the goods. Fred Benchoof says the dusky mates took him for a sucker and they were quite surprised to find that he was a cop. Marshal Miner also came in for a good deal of their shady talk. Yesterday morning the quartet was up before Squire Feather, and gave their names as Minnie Wilson, Bell Jones, Mary and Edna Jackson. Minnie was spokesman for the bunch and declared that: "Ah didn't do nuthin, judge. Ah was walking for a party to come and take me to a hotel when this fellow (Benchoof) got me." At first Minnie decided to plead not guilty, but when she had time to try her for several days, she decided to get all they had in their old socks, making it \$5 each, but they evidently had not gotten acquainted in Wayne before they got pulled, and failed to dig up. Upon being put in charge of Sheriff Mears the latter allowed them to "hike out of town." At two o'clock yesterday afternoon the gay colored girls were turned out of the calabose and put aboard the cars for Sioux City. They certainly must have enjoyed their visit to Wayne. The DEMOCRAT is told they stripped stark naked while in the little "kettle" across the track, and took a Turkish bath.

RALPH RUNDELL,

In the District Court of Wayne County, Nebraska.

In the matter of the application of Mary Kean, Guardian of Thomas Richard Kean, George Kean and Katie Louise Kean, minors, for license to sell real estate of said wards, Now on this 7th day of August, 1906, this matter came on for hearing upon application of Mary Kean, Guardian of Thomas Richard Kean, George Kean and Katie Louise Kean, minors, for license to sell real estate of her said wards, situated in Wayne County, Nebraska, to-wit:

An unjudged one-sixth interest of each of said wards in and to the SW. 1/4 of Section Twenty-two (22), Township Twenty-five (25), North Range Three (3), East of the 6th P. M., in Wayne County, Nebraska, said land being encumbered by mortgages of record amounting to \$450.00, and the life estate of Mary Kean.

The proceeds of said sale to be used for the support, maintenance and education of said wards and that it would be for the benefit of her said wards that said real estate be sold, and was submitted to me. And it appearing to me from said petition, that it would be beneficial to the said wards that their said real estate be sold.

It is therefore ordered that the next in kind of said minors and all persons interested in their estate and in said real estate appear before me the Judge of said Court at Chambers, at the Court House, in the City of Wehlig, County of Antelope, State of Nebraska, on the 10th day of September, 1906, at 3 o'clock P. M., to show cause if any there be, why license should not be granted to the said Mary Kean, to sell the said wards' interest in the real estate above described for the purposes above set.

And it is further ordered that a copy of this order be served on the next of kin of said minors and all persons interested in their estate and in said real estate, by publication of a copy of this order each week for three successive weeks prior to the time of said hearing, in the Nebraska Democrat, a weekly newspaper published and circulated in said County of Wayne, and that it shall not be necessary to personally serve a copy of this order on the next of kin of said wards and all persons interested in said estate.

J. F. BOYD, Judge of District Court of Wayne County, Nebraska.

### Boyd Defeats McCarthy.

At the congressional convention held at Fremont yesterday Judge J. F. Boyd was nominated for congressman on the first ballot, defeating Congressman McCarthy by a vote of two.

The light will now be between the two judges, Boyd and Graves, for Graves will surely be nominated by the democrats at Norfolk next Monday.

This will put two men in running who are able, clean, progressive Nebraskans. The halls of congress have certainly been disgraced too long by men of McCarthy's stripe.

There is only one distinction to make between Graves and Boyd. The democrat is an anti-corporation man and judge, while the republican is the product largely of the railroads—in politics; rode on a pass when district judge, and will have the railroads to back him up in his candidacy for congress.

### Moline, Sulky and Gang Plows and Emerson Sulky and Gang Plows, for sale by

MEISTER & BLUECHEL.

The editor of the Herald must have had some inside information that that was "inside" of anything the democrats got onto, when he says Jim Stanton was nominated for county commissioner without his consent.

Mr. Stanton informed his friends that he would accept the honor previous to calling the convention to order. The matter of informing the Herald man was no doubt an over-sight.

The Democrat hasn't been troubled with any "vast amount of job work incidental to the Wayne fair," that the Herald complains of, therefore you get the news in the Democrat, only \$1 per year. Bring in your dollar.

The simplest of simplicity is the Lawson gasoline engines, from 2 1/2 to 20-horse power. For sale by MEISTER & BLUECHEL.

The next fastest thing to a race on the Wayne track is a shave at Mabbott & Rooks.

County Supt. Littell says the county will be thirty or forty teachers short this fall owing to a lot of the really best workers being put out of commission by the state examiners. Educational qualifications are not all ways the best recommendation in a teacher, but this is all the state superintendent takes cognizance of in looking over the examination papers. A number will try it over again, and succeed in being ready to teach by Sept. 1st.

Charley Martin is crippled up by having blood poisoning set in because of a sore toe.

R. Philles & Son on Tuesday sold their half section of land west of town Mr. Harrigfeldt of near Emerson a number of Geo. Harrigfeldt. The price was \$70 per acre, the place having cost \$55 some four years ago.

The Democrat man is particularly interested in the court-martial of Capt. Louis M. Koehler of the U. S. army because we will remember when he was appointed a cadet in 1881. As an illustration of Koehler's fighting proclivities, when he was at home in Le Mars on a vacation he became censured at the postmaster over some "silly" matter, and gave the p. m. a good punch in the face, through the delivery window of the office. We may have been mistaken, but always figured in those days that Koehler was considerably "swelled" and a "snoot" in an army suit.

Miss Hyatt and Mrs. Harris, who have been visiting at the H. A. Sewell home returned to St. James, Minn., Tuesday.

H. A. Von Seggern was in town Tuesday from the south county line and reported considerable damage by hail last Friday in his locality.

Sheriff Veas picked up a nice bunch of probably bad ones Tuesday morning. The party, three in number, had been "raising Cain" at the fair grounds—a futile sport during race meet—by rushing the can and otherwise annoying the residents of that locality. The sheriff will keep them locked up until the races are over.

### The Races

In the 2:17 trot Wednesday, Winnie Blake won 1st, 2nd and 3rd heats, taking first money. Winnie Blake is a Des Moines, Ia. horse owned by Geo. Anderson. Mesmerism, owned by H. D. Bennett of Lincoln, second: T. C. R., Geo. S. Thomas, Waterloo, Io. third, Reliance, L. P. Southwick, Ravenna, fourth, Rex Ella, L. D. Hin street, New Virginia, Io. fifth.

The 2:30 pace had seven starters and it took seven heats to determine the winner. F. E. Strahan's Proporo won second and third heats. Maud Allen owned by Southwick of Ravenna took fourth heat, and then Silver Fox, owned by Anderson of Des Moines, a grey gelding that had been termed a "farm plug" by some of the sports, came under the wire in three easy ones, his driver having to hold him up to keep from distracting the field. Best time was 2:16 1/2, made by Proporo; and in the 2:17 trot, 2:19 by Winnie Blake. The intense heat was wearing on the horses the staying qualities of Silver Fox making him a winner in 2:30 pace.

There was a very light attendance. Yesterday there were plenty of people in town but the heat was so oppressive—over 100 in the shade—that a great many staid up town rather than get out in the sun. The receipts yesterday were about \$200 less for the day than a year ago, although it looked like an immense attendance to size up the crowd.

In the 2:35 trot yesterday Margaret, owned by Dave Bady of Fairfeld, won in three straight heats, time 2:26. Cora Lee was second, Sancho 3rd.

Miss Cappy owned by Henry of Sheldon, won the 2:16 pace in third, fourth and fifth heats, time 2:14. Major Dent 2d, Jessie M. 3d, Nina Russell 4th.

The 2:10 pace went to Castewood, owned by G. J. Thomas, Waterloo, Io. time 2:10, a record breaker for the local track. Fred H. was 2d. Orphan Bay 3rd C. F. W. 4th.

### Died.

CLARK—At Wayne, Nebraska, Aug. 12, 1906, Mrs. A. B. Clark, of paralysis. Almeda Willoughby was born at Grayville, Herkimer county, N. Y., December 15, 1845. In 1864 she moved with her parents to Adams county, Wis. In 1881 she came to Iowa, settling at Sergeant Bluff, where she remained six years. Was married to A. B. Clark in Sioux City, July 20, 1888. From Sioux City they removed to Wayne in March, 1891, where she remained until her death.

She leaves to mourn her death a husband two daughters, Mrs. E. P. Ellis, of Omaha, Neb., and Mable Clark of Wayne, and a sister, Mrs. J. C. Hollenbeck, of Sergeant Bluff, Ia. She has been a patient sufferer, being ill two years and confined to her bed a year and one month. She was always cheerful, thoughtful of others' comfort and up to the very last had a smile and a pleasant word for all her dear ones and friends. Every thing that loving hearts and hands could do was done for her. She will be greatly missed as a kind and loving mother and wife, a true friend and neighbor.

The above is taken from the Sioux City Tribune of last Tuesday, where Mrs. Clark formerly lived. The funeral services were held from the residence at Wayne Tuesday afternoon, Rev. Thos. J. Wright officiating.

### Religious Grafters.

In a two or three column article ancient the "Holy Rollers," a peculiar religious and immoral set of grafters John C. Sprecher of the Sohnyler Free Lance unburdens himself thusly:

When one thinks of the many religious beliefs of the people, in spite of all, he wonders at it. The Jew thinks he is right and the Mohammedan thinks he is, while we of the Christian belief think we are. And then there are so many divisions of the Christian religion, with the two great divisions of Catholic and Protestant and a score or more subdivisions of the latter, with Presbyterians, several different kinds of Methodists, the Episcopalians, the congregationalists, the Christians, the Quakers, the Sevu Day Adventists and numerous others each started by some man who had an idea of his own as to creed. The church has become a proffer these days instead of a following and it is run upon a business principle and the preacher gets his salary instead of going about as preachers formerly did. This writer finds no fault with the preacher for that and considers him worthy of his hire and is not finding fault when he considers the Lord calls him to go where the pay is the greatest. However, one who is not in the fold cannot help but notice what a difference there is in high salaried ministers of a stylish church congregation and Jesus Christ when he was on earth. Preaching was formerly a calling, indulged in by men who felt that they were called to sacrifice their time and talents in the service of the Lord, while today it is changed and is a profession for which men are educated somewhat for it and who command more or less salary according as they please the higher congregations. In changing from a calling to that of a business or profession we wonder if it is an indication of better or worse. One cannot wonder what Jesus Christ would do if he were upon earth.

When a professional revivalist like Rev. Lyons comes to a place and holds his meetings one is inclined to do considerable thinking. Here a tabernacle was erected at a cost, with running expenses, of between \$700 and \$800 and then on top of that a fund of \$546.40 was given to the evangelist for his month's work. Four weeks' meetings were held and a great work was done and it is reported that one hundred and fifty people were converted, probably none of whom would have been had this extra effort not been put forth. Is this a reflection upon the local ministers or is it a case where the sermons of Rev. Arnold and Rev. McKee do not arouse and it takes some extra effort and excitement to get people up to the mourners' bench? This writer is only a sinner and not proper authority upon holy subjects, but we never took much stock in revival conversions or death bed confessions. The religion that cannot stand the routine of sober, every-day life is not very substantial. No doubt but that Rev. Lyons was very sincere and earnest in his labors, but one is inclined to think that his work as an evangelist is his business rather than his calling. If we get it correct he got only \$535 in Columbus and that was the lowest he received anywhere, getting as high as a thousand dollars in some places. This makes him very good pay for his labors in the Lord's vineyard. And if we take the word of those next he earns it all. It must be alright, but it is so different from what Christ did when he was on earth and went about preaching and so different from what he taught.

As a subject like this never comes up but that we think of a man who visited here last year, one David Fraser, a brother of Mrs. J. S. Johnson, who has charge of Welcome Hall Mission in the city of Montreal, Canada. He was not a good man in his younger days, but he was converted and he left called upon to do the Master's Work and established Welcome Hall Mission where he holds services and from which as a headquarters he devotes his life to doing for the poor and lowly and the lower classes. He not only looks after their spiritual welfare, but he assists them in their bodily needs and does genuine mission work. He has no salary and he never takes up a collection and goes on with his work with the confidence the Lord will provide and He does. There never is a shortage on funds for Welcome Hall Mission and yet where it come from is hard to tell. People feel prompted to give and do and the mission is supported without any effort made and with no organization. David Fraser is doing a grand work back in Montreal and he is doing it without thought of what coin there is in it and without thought of what coin there is to get out of it. We cannot help but wonder as to these things and perhaps it is wicked to even mention it. Still we cannot help but think that the high salaried church men and the "big mitt" evangelists are not meek and lowly followers of Christ.

Mrs. Will Nangle came up from Sioux City last night.

### Irrigated Governme't Lands in Idaho.

D. M. Laughlin has returned from a visit to the irrigated lands near Mountain Home, Idaho, that are being sold by G. E. Townsend and E. D. Pratt of this place, and he pronounces the land to be the finest irrigated land he has ever seen. He says that he saw alfalfa on irrigated land growing in two months, one man having on his place 26 varieties of apples and all doing fine. He says that he saw a lawn covered with alfalfa in a few months, and that it would take two years to grow in this country. In some of the older irrigated districts in Idaho land is selling for \$1000 per acre, that Mr. Laughlin says is not so good as that at Mountain Home, which a few years ago was selling at the same price that the Mountain Home land is selling for \$34.25 per acre. Mr. Laughlin says he thinks no man can make a mistake by buying a tract of this land while it is so cheap, as it can be cropped at once and pay for itself in a year. "Standing pat" on the tariff and other economic issues is absurd. Conditions change with time and what may be for the advantage of the people one year is to their disadvantage hereafter. To "stand pat" on the tariff as the law is today, when it has proven to be plundering the people for the benefit of the protected monopolist, is not statesmanship, but boresmanship. The fact is the republican party has become atrophied by standing pat and lost its virility by being fed by the pampered trusts and special interests it has itself created. It stands pat because it does not feel competent to throw off their incubus and again assume its original spirit of liberty and devotion to its pristine conceptions, which were announced in the great Declaration of Independence, but which it now says are absolute and glittering generalities.

If the republican congressional committee is only going to collect \$1 from those members of the party who feel like subscribing, why did the party leaders refuse to pass the Tillman bill which prohibited corporations from giving money to the political parties? Somehow the two facts don't jibe and there is a speaking suspicion that Chairman Jim Sherman would not refuse a larger donation from the sugar trust, the Standard Oil trust, the beef trust, or even the railroad corporations if the checks were forwarded in plain envelopes. It will be remembered even President Roosevelt denounced the trusts and corporations had subscribed to the republican campaign fund in 1904, but it has since been proven that such funds were the life insurance corporations, which should have been sacred to the widows and orphans of the policy holders. And there is no record on the president having apologized to Judge Parker nor that restitution of the tainted money has been made. It is time to turn the rascals out.

Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was completely cured." Wayne Pharmacy.

The Shaw missing episode ought not to attract much attention. Like Doliver, he is a cheap skate—a chunk of meat possessed of a gift of gab—like many another republican who is seeking political preferment. Why not get rid of the whole bunch?

**Another Good Man gone Wrong.**  
He neglected to take Foley's Kidney Cure at the first signs of kidney trouble hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you soon are sound and well. A. K. Basa of Morgantown, Ind., had to get up ten or twelve times a night, and had a severe back ache and pains in the kidneys and was cured by Foley's Kidney Cure. Wayne Pharmacy.

Senator Ankeny of the state of Washington thinks the republicans will have a hard task to win in 1908 whoever they nominate. This shows the way the wind is blowing in the extreme northwestern states, where the farmers discover that they are not protected by the tariff on wheat or any other agricultural products, but very much plundered by the tariff on what they buy.

**Cured Hay fever and summer Cold**  
A. J. Nusbaum, Batesville, Ind., writes: "Last year I suffered for 3 months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Wayne Pharmacy.

The republican party stands now for taxation without representation; it allows the trusts and unprotected companies to tax the people ten times the amount than even the plundering tariff law compels the people to pay to the government itself. To stand pat on such a system of legalized robbery is imbecility. The great doctrine of equal rights to all and special privileges to none has no lodgement in the heart of republican standpatters.

**Storz Beer**  
It is brewed in shining copper kettles, aged in hermetically sealed tanks, filtered through white wood pulp, put in sterilized bottles without contact with the air, then pasteurized by the approved process. It is absolutely free from the germs or impurities that lurk in water, milk, tea, coffee, or other beverages—that's why the most prominent physicians recommend it. It promotes good health and true temperance. Keep a case of it in your home.

**What's the Matter.**  
"What's the matter with Nebraska?" Many people are asking that question at this time. They have been led to ask the question by reason of the awful stories of railroad political corruption in the state—stories told by republican candidates for office, and printed in republican newspapers. In view of the character of those stories it is only natural that people should begin to ask "What is the matter with Nebraska?"

A republican candidate for United States senator has proclaimed that it is useless to look to a republican legislature to do the part of honor. He says the republican state convention must tie the hands of every republican member of the legislature, lest the railroad lobbyists take possession of the legislative bodies. This candidate for senator has publicly stated that in recent years the railroad lobbyists have controlled the republican members of the Nebraska legislature as absolutely as a farmer controls his own cows. He says the railroad lobbyists have in recent years dictated the election of United States senators from Nebraska as certainly as railroad managers dictated the appointment of railroad employees.

These are serious charges, and it is no wonder that the people at home and beyond state lines are asking "What's the matter with Nebraska?" The republican governor of Nebraska has openly charged that three of the republican state officers acted more like railroad attorneys than as servants of the people when assessing railroad property for taxation.

That same republican governor intimates that a deal has been made between the republican leaders and the railroad political agents for the re-nomination of those republican officials who have refused to raise the assessment of railroad property, and he charges that the compact calls for present low railroad assessments during the next two years.

Making the testimony of the republican candidates as true, it makes a situation so shameful that it is but natural that people should ask "What's the matter with Nebraska?"

It is unfortunate that people should be compelled to be forever asking "What's the matter with Nebraska?" It should not be so. The unfortunate situation is due to the fact that the people of Nebraska have been permitting the railroad politicians to manage state affairs. That management has plunged the state into deeper and deeper debt during a period of unexampled prosperity.

Since the old days of grasshoppers and hot winds there has been nothing the matter with Nebraska. For more than a decade the people of our state have enjoyed an era of prosperity beyond compare. Every man who has intelligently tilled the soil has reaped a rich reward. Every man who has purchased a piece of land has seen it double in value. Every merchant or professional man has prospered beyond his best estimates. Content with their personal prosperity the people have been careless in affairs of state. They have known that they were being robbed by the railroad, the grain trust and kindred organizations, but abundant has been their own prosperity that they have been able to stand the extortions of the corporations without any complaint.

The men of Nebraska have been doing so well under the smile of Providence that they have neglected to guard the common wealth from the corroding touch of the corporation hand. At last they are waking to the fact that the corporation rather than the people are in control of state affairs. On every side we can hear men demanding the overthrow of the corporations. It will be a difficult undertaking. Party prejudice is strong. The republican party is in the majority in Nebraska, and the corporations control that party absolutely. It is barely possible that enough republicans can be induced to lay aside party prejudice long enough to aid democrats in the work of redeeming Nebraska from corporation rule in November. Then, and not till then, people will continue to ask "What's the matter with Nebraska?"—Columbus Telegram.

Secretary Shaw's presidential boom begins to look like a Christmas doll with the sawdust all pulled out of the belly.

If this automobile sleeper goes much further there won't much left of the "400." But then we will not miss very much.

The New York Post is authority for the statement that the republican tariff revolutionists are reading: "Let him who thinketh he standeth pat take heed lest he fall into a minority." And Mr. Foss, the principal advocate of reciprocity is running for republican nomination for lieutenant governor against the standpatter, Gen. Draper, to discover if the people will make the above come true.
