Are You Ready For Your Overcoat?

FOR business, for pleasure, or for whatever you do in the "great game," your clothes are a most important item. You may win or lose, according to the cut of your garments, or the fit of your coat.

Don't take any chances. We're offering you Hart Schaffner & Marx clothes, and that means the best clothes made today. Every fabric they use is all wool; the tailoring is perfectly done; the styles are correct and we guarantee a fit.

We are showing a wonderful line of Overcoats, the largest in our Twenty Years of Selling. Some of our friends have exclaimed on seeing the display: "You will never sell all of those overcoats this fall!" Well, we know that we have bought heavier than usual in this line, but we bought for three stores, making a saving of 10 per cent., and this saving our customers will get the benefit of. The new cuts are "The Varsity," "The Model," "The Ryton," "The Regular."

HARRINGTON, The Up-to-the Minute Clothier

Winter Apples

This is a community in which everybody is more or less interested. My first car of good keeping barrel stock is nearly all sold which will be promptly followed by another car of like quality. The stock is first class—being well matured and picked at the proper time so the keeping quality will not disappoint you. For want of empty barrels at packing stations and owing to the inadequate supply of freight cars to transport the crop. The apple market is steadily advancing. I have placed orders for several cars while market was lowest and to those who place orders during the next week will receive the benefit of this low price. Your order for one or five barrels will be appreciated and you will be pleased.

Good Kerosene

Good kerosene is an item to be considered during the winter months. A trial of my oil will convince of its superiority. New wicks free—call for them.

Brooms

For the next 10 days, bargains in brooms. Am over loaded on my regular 25c brooms and for the next 10 days will cut price to 18c; 2 for 35c.

Coffee

Barrington Hall steel-cut coffee is fast winning public favor. A trial will convince you of its superiority; A good, rich cup of coffee every time.

LOCAL NEWS.

This is Bryan's day, by dad. This has been a busy week for the DEMOCRAT.
John Himmel was a visitor from Carroll Monday.
Rev. E. B. Dawson was a visitor from Stanton Tuesday.
A. H. Siemers went to Wausa Monday to "false the wind."
The kids got in their work in good shape Halloween night.
Mr. and Mrs. Gould were down from Hoskins over Tuesday night.
June Conger is suffering from a badly swollen hand, cause unknown.
Advertised Letters—S. P. Brown, R. Flynn, Henry Nieman, Samuel Pengh.
Mr. and Mrs. C. Ellis of Pilger spent Sunday at the home of their son Ed Ellis.
Misses Mamie and Clara Moran went to Craig Monday to spend a week's vacation.
Mr. and Mrs. E. A. Johnson left Tuesday morning on a trip to North Dakota.
Mrs. Hecker entertained the Monday club at an enjoyable tea Monday evening.
A. T. Witter badly wrenched his back last Friday, laying himself up for several days.
The U. D. club had a most interesting afternoon with Mrs. Jas Miller on last Monday.
Richard Closson was down from Carroll Monday figuring on buying the Wayne Herald plant.
Robt. Fenski and his brother drove down from Carroll Monday on their way home to Hoskins.
Wat Williams was called to Elliott, Ia., Wednesday owing to the death of a child of his brother's.
G. P. Hitchcock left Monday for West Point, not expecting to visit Wayne again before next March.
Mr. and Mrs. D. W. Noakes and Wat Williams went to Sholes Monday to attend the Griffith sale near that place.
Mrs. Peter Peterson of near Carroll, who has been ill for a year or two, passed, died at Colorado Springs last Sunday.
Hon. W. H. Thompson, the "Little

Giant," was in Wayne Wednesday morning on his way to Omaha from up the line.
Mr. S. King and daughter of Bloomfield, relatives of the J. D. King and Bullington families, were passengers to California Tuesday.
Messrs Wm. Woehler from the south county line and F. E. Strahan and A. N. Jacobs were looking for feeders at the Sioux City yards yesterday.
F. E. Moses says his cattle sale at West point was not a blooming success due to the bad weather and an indisposition on the part of buyers.
Three feet of brick work was laid Wednesday, completely around the new college auditorium. At that rate the building will be sky high in a few days.
Miss Winifred Spaulding, a returned missionary from the Philippine Islands will lecture at the M. E. church on the evening of Nov. 7th. Everybody invited.
C. E. Miller of Winside has been taking Christian Science treatment at St. Louis City for a week past. A few days ago he was reported very low, but since then has been a little better.
The Eastern Nebraska Mutual Hall Ins Co held a directors' meeting last Wednesday, attended by Henry Albers of Pender, Henry Graheer, Wisner; J. L. Frank, Pierce county; Chas. Buggenhaejen, Wausa and John Liveringhouse, Wayne.
Sunday services of the M. E. church Morning subject at 10:45, "The Realm of Surprises" Sunday school at 12 m. Epworth League at 6:30. Evening sermon at 7:30, subject, "The Heroism of the Tenth Century."
E. C. Horn, pastor.
Adam Pilger was in the city Tuesday on his way to Sholes. The general impression is that Mr. Pilger will defeat H. E. Sman hands down for state representative, which speaks for the intelligence of our people rather than as a matter of party politics.
Remember, Mr. Nebraskan, that a vote for J. G. Matheson and Adam Pilger is a vote for W. J. Bryan for United States senator. Bryan is ten thousand leagues nearer Roosevelt's policies than Norris Brown will be in the next million years. Every republican in Nebraska should feel proud of

the opportunity to send Bryan, a man admired and revered by the whole world, to the senate. He would be a real power to fulfill the wishes of the president for the country's good.
Wm. Dammeyer has broke out in a new place, having his cigar factory in J. P. Gaertner's "cold storage morgue" or basement. Billy concluded, after sizing up the niggers, Chinese and Indians that he didn't want any Texas or Oklahoma in his, and will stay in Wayne and make good cigars for a living.
The five year old daughter of Everett Craik was badly injured last Sunday by being kicked in the face by one of J. C. Pawelski's colts. Mr. Pawelski was helping move the Craig family to the south part of town when the accident occurred, the child having five teeth knocked out and her lip badly cut.
An item in the DEMOCRAT last week in regard to the State vs. Chance trial was an injustice to Judge Hunter, although that gentleman has not seen fit to complain of it. When Atty. Berry demanded that Mrs. Chance put up bonds for the costs of trial, the DEMOCRAT stated that Judge Hunter overruled the motion, but the judge on y'day so upon the demand of County Attorney Sman that such proceeding was irregular, and that as proceeding Judge H. Hunter had no right to ask the prosecution to put up such bonds.
Candidate for county commissioner, Jas. Skanton, was here from Carroll Wednesday and will be in Wayne again today. Owing to the long and serious illness of Mrs. Stanton Jim has been unable to make much of a campaign. However he stands a good chance of being elected. The west end of the county will give him a big majority vote, for they know the worth of the man as a fearless and strictly honorable neighbor. The farmers of the county have generally complained a great deal about the conditions of the county bridges, and with two members of the board living in Wayne and one in Winside it is argued that the rural districts are likely to overlook the farthest east end of Wayne county will be looked after as well as the roads adjoining Jim Stanton's farm.

SECOND WEEK OF OUR GREAT HARVEST SALE

THE REASONS FOR THIS SALE

During the past six months we have bought an immense lot of winter merchandise. We were able to pick up at certain times what we judged a bargain or snap in reliable merchandise. We secured special prices on blankets, outing flannels and underwear by taking the goods in full case lots. We have accumulated a good many of these special lots and we figure that by making these goods as cheap as we bought them, and placing all these specials on sale at one big bargain festival, we would attract unusually large crowds of thrifty buyers to our store and emphasize stronger than ever the fast spreading fact that THIS IS THE STORE THAT SAVES YOU MONEY.

In addition to these specials we have some lines of merchandise which we wish to close out now as their selling season will soon close and

We Will Not Carry Goods Over

Millinery, Tailor-Made Suits, Shirt Waists, Dress Goods have all been cut to cost and in many cases less.

By combining these inducements to the shopper who practices economy we have been able to conduct a sale that so far has been a record-breaker for business and bargains. The second week will be marked by more of the very special bargains. Do your fall and winter trading now and SAVE MONEY.

The Deadly Corn Shelter Again.

Thursday afternoon of last week, while J. Tower and son, Laverne, were operating a two hole corn shelter on their place south of town, occupied by Andrew Johnson, Laverne had his right hand so badly injured that amputation of the thumb was necessary. The index and third fingers were also badly torn. Mr. Tower was driving the power and Laverne tending the machine when the accident occurred. Laverne was standing with his back to the hopper, when, by a quick movement to the right he accidentally threw his hand into it. He was immediately brought to town for medical treatment, and has since been cared for at the H. T. Ankeny home. He is recovering as rapidly as possible and takes an optimistic view of the matter, saying, that if he is to be a cripple he means to be a cheerful one. Good for Verne! To be able to face life's trials cheerfully is half the battle.—Laurel Advocate.

Pirating Foley's Honey and Tar

Foley & Co. Chicago, originated Honey and Tar as a throat and lung remedy and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Honey and Tar is in yellow package. Ask for it and refuse substitutes. Wayne Pharmacy.

Sluggish Liver a Foe to Ambition.

You can not accomplish very much if your liver is inactive as you feel dull, your eyes are heavy and slight exertion exhausts you. Orinax Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orinax Laxative Fruit Syrup does not nauseate or gripe and is mild and very pleasant to take. Orinax is more effective than pills or ordinary cathartics. Refuse substitutes. Wayne Pharmacy.

Famous Strike Breakers.

The most famous strike breakers in the land are Dr. King's New Life Pills. When liver or bowels go on strike, they quickly settle the trouble, and the purifying work goes right on. Best cure for constipation, headache and dizziness. 25c at Raymond's druggist.

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's lip, was prevented by the application of Booklen's Arnica Salve," says A. C. Stickle, of Miletus, W. Va. "Persistent use of the Salve completely cured it." Cures Cuts, Burns and Injuries. 25c at Raymond's druggist.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Albans, W. V., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by Raymond's drug store. Price 50c.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tackett, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tackett's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me to death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has passed permanent cured." Guaranteed for Sore Lungs, Coughs and Colds at Raymond's drug store. Price 50c and \$1.00. Trial bottle free.

Who Is The Liar?

In view of the fact that J. F. Boyd, supreme Judge Barnes, Ex-Judge Evans and Ward or Wart, the hottest bunch of railroad engineers ever stowed away in one cab, are working day and night to manufacture campaign literature to bury Judge Graves, the following letter from Dan Stephens of Fremont will be read with relish by Wayne county people who believe in fair play:

Fremont, Neb. Oct. 29, 1906.

The Nebraska Democrat.

Wayne, Neb.

Several campaign lies have been sprung by the enemy and spread broadcast by the Republican press. One of them is to the effect that a man named Evans saw Judge Graves hand a card to the conductor once upon a time and he presumed in must have been a pass. Judge Graves informs me that there is not a word of truth in the matter, and assures me that he has never ridden on a railroad pass, regardless of anything the newspapers say to the contrary. In regard to his going to Hot Springs via Omaha and Lincoln in order to see a B. & M. pass, I tell you that the story is a pure fabrication. When you went to Hot Springs, you went to Norfolk via Emerson and the Elkhorn train at Norfolk and there you saw the pass. This was the only time they ever made to that place. I simply mention these two incidents so you will be assured there is no truth in them.

Enclosing you a clipping from the Fremont Herald, setting forth Boyd's latest possession in permitting his manager to travel through the district in his behalf, on a railroad pass. This story is absolutely true as written, and I offer a forfeit of \$500 or any sum if my statement is not correct. In the face of the fact that Boyd was supposed to have refrained, this is most interesting and extraordinary news, and ought to make the people sit up and take notice.

Yours truly,
DAN STEPHENS.

Was a Put Up Job.

The DEMOCRAT man has heard a great deal of kicking on the part of reputable republicans over the republican nomination for state representative. Conservative and honest business men simply marvel at the impudence of a party machine to bind them that sort of a dose when there were scores of able republicans in Wayne county who could have worked off with a bill of election from the date of nomination. The DEMOCRAT is most reliably informed that this whole deal was concocted at the lawyers' picnic last summer. The arrangements then made included the nomination of J. F. Boyd for congress, the appointment of A. A. Welch as district judge, the nomination of County Attorney Siman as state representative, and the nomination and election of course of A. R. Davis county attorney. The DEMOCRAT further understands or is told that as state representative Mr. Siman is to introduce a bill making candidates for county judge ineligible unless having been admitted to practice law, this being a "sop" for the J. F. Bressler wing of the local machine, Frank Northrop being the direct beneficiary. This is a very nice arrangement, but it shows that a more band of politicians are in the plot, and that if allowed to make their means meet there will be little left for the rest of us outside of the circle. The proposed only safe course for the voter voters for congress, the district judge, and above suspicion and the might K's card date. No need to Herald K's about Adam Pilger for grand jury. Harry Siman beat to legislate now. Then there is the bill of county attorney why not vote for a really Nebraska product, a brilliant, well-educated attorney who has made something of himself in adverse circumstances, a young man who nearly gave up his life as a patriot during the war with Spain, instead of electing an Iowa man, who became a republican in Nebraska because the party was in the majority in this county and conditions were more flattering for advancement. Don't neglect the republican, if you can't vote the democratic ticket straight and cut out the railroad schemes completely, remember Graves, Pilger, and Wilbur. Give the gang who put up this little job all that is coming to them.

Two Browns.

The Telegram has not written a line about Norris Brown's record in his dealings with that broken bank at Kearney, the one in which several thousand dollars of state school money was swallowed up. We have no desire to mix in family affairs, but when the Fremont Tribune has the nerve to lay Norris Brown's share of that disgraceful affair upon the shoulders of some other Brown—well, it is about time to say something.

The Tribune says the story of Norris Brown borrowing money from that broken bank is a canard. The published report of the receiver of the broken bank says Norris Brown did have several little notes in the broken bank, and in the list of notes which the receiver found in the broken bank, and advertised for sale to the highest bidder, the name of Norris Brown appeared more than once. We do not mean the name of some other Brown, we mean Norris Brown, the Tribune's candidate for United States senator—the same Norris Brown who had that secret conference with the president of the grain trust, down in the Northwestern railroad yards in Fremont, on the 22d day of last February—the very day when the editor of the Tribune ceased being a candidate for United States senator, and began throwing his own strength and the strength of the president of the grain trust, and the strength of Bob Clancy and Tigie Harrison to Norris Brown for senator. That's the Norris Brown we mean. He did borrow money from the broken bank. The receiver found his notes in the vault and advertised those notes for sale.

Will the Tribune or any other republican paper be kind enough to tell the voters of Nebraska just how much money Norris Brown paid for his own notes when the receiver of the bank advertised them for sale?

Did he pay dollar for dollar?

Did the sacred school fund of Nebraska get all it had coming from Norris Brown?

Would the editor of the Fremont Tribune say that a man who redeems his notes at five cents on the dollar is the right sort of man to represent a great state in the senate of the nation?

Columbus Telegram.

Thinks Boyd is Skinned.

A friend of the editor of this paper who lives at Hartington and holds a county office in Cedar county wrote us a letter last Friday from which we quote the following:

"Boyd spoke here the other night and since then I have heard all kinds of remarks. One good republican said to me: 'If Boyd had stayed at home he would have made more votes.' Another said: 'He talks just like a 14-year-old school boy.' And still another said: 'That speech would have done ten years ago, but it was too late for these times.' The Presbyterian minister said this morning: 'Boyd's speech was all in air.' The rest of the speakers took well."

"I have heard two republicans say in the last three days that Boyd ought to be beaten if he didn't have any better judgement than to select Ward for his manager. I honestly think Boyd is skinned right now and if he takes any better other places than he did here, he will be worse skinned by election day."

If you have any doubts regarding the genuineness of this letter, call at this office and ask to see the original.—Pender Republic, (Republican.)

The Shame of It

\$85,000.00.

That's the sum for which the state of Nebraska is issuing the Lincoln State Journal.

Norris Brown.

That's the name of the attorney-general who is supposed to be representing the people in the prosecution of this claim.

And the shame of it is that all the attorneys in Nebraska are laughing in their sleeves whenever anybody speaks about the manager in which Norris Brown, the attorney-general, is playing prosecutor of his chief newspaper supporter in this campaign.

Eighteen months.

That's the length of time the statute of limitations has to run before it kills off cases against some of the criminal statutes of Nebraska.

R. B. Schneider.

That's the name of the real ruler of the grain trust.

Norris Brown.

That's the name of the attorney-general of Nebraska, who met Mr. Schneider in secret conference down in the Northwestern railroad yards, in Fremont, on Washington's birthday, February 22, 1906.

The horse laugh.

That's the laugh all the attorneys in Nebraska use when anybody talks about Norris Brown prosecuting members of the grain trust on criminal charges.

Add that's the shame of it.—Columbus Telegram.

Who Pays the Taxes?

By extravagant and excessive appropriations mean increased taxes. Who pays the bills? From 1899 to 1905 the Republican party increased the expense of running the State Government over one million dollars.

1905 Legislative Appropriations	\$3,621,604.05
1899	2,591,373.60
Increased	\$1,030,230.45

To meet this increased expenditure state taxes were raised:

1906 State taxes levied	\$2,191,421.95
1905	1,208,984.74
Increased	\$982,437.21

This increase is being paid by the taxpayers and Wayne county is contributing her share. State taxes in Wayne county have increased \$14,806.57 from 1900 to 1906. The railroad's proportion of this increase is 8 per cent all other property 92 per cent.

Each succeeding year proves conclusively that the Republican revenue law was enacted for the railroads and by the railroads. The remedy lies in the election of a Fusion legislature, pledged to more economical appropriations and the election of a state board of equalization, pledged to more equitable taxation between the railroads and other property owners.

The last act of the present Board of Equalization in a so-called equalization of state taxes in 1906, increased the 1906 taxes over 1905 taxes, as follows:

Railroad increase	\$2,949.17
All other property increase	\$57,175.96

These figures show that the extravagant appropriations are being paid for, not by the railroads, but by the owners of all other property. Here are the state taxes charged against Wayne county for the last seven years. Note the increase from year to year. Study your tax receipts and see how much it costs you individually.

State taxes charged Wayne County.	
1900	\$12,592.14
1901	13,312.11
1902	14,467.35
1903	17,946.71
1904	23,270.06
1905	27,254.99
1906	27,397.71

Would You Keep Your Plants Blooming All Winter? Do You Enjoy the Luxury of Getting Up in Warm Rooms without having to Kindle Fires? If so, Buy

Cole's Original Hot Blast Stove

Investigate To-day. Even Heat Day and Night. Fire Never Out.

It is the most economical stove made for soft coal, slack or lignite coal, because it burns the gas half of this fuel wasted up the chimney with all other stoves. Cuts the fuel bill in two.

It is the most economical hard coal stove made, and the best wood stove. 1st, because it has twice the positive radiating surface of any hard coal stove. 2d, because it is air-tight, thus giving perfect control over a hard coal or wood fire and insuring a slow, economical combustion. You get all the heat in your room. AVOID IMITATIONS.

We have told you much about Cole's Original Hot Blast. Please read the following letters, telling what others think of it.

FOR SOFT COAL

AGENCY, IOWA, November 24, 1903.

COLE MANUFACTURING CO., Chicago, Ill.

Gentlemen:—Your stove is very satisfactory. I used a Round Oak for a number of years, and noted the quantity of coal used. If I had your Hot Blast I would do the same service with at least one half the coal. One year ago I used an imitation Hot Blast which was not satisfactory as it was not air-tight and could not be made so, hence, would not hold fire over night or keep a steady fire by day. Cole's Hot Blast is tight, and has kept fire for us for two nights and a day without attention, and blazed up on opening up the drafts without a fresh supply of fuel. The heat is given off regularly as you want it, and it is possible to maintain the temperature desired in the room.

Very truly yours,
C. F. GOLTRY.

COLE MANUFACTURING CO., Chicago, Ill.

I think so highly of Cole's Hot Blast Stove that if I were without a heater I would not accept any other kind as a gift if a Cole's heater could be purchased. The good points in favor of Cole's Hot Blast are first, the great economy of fuel, and second, the ease and perfection with which the heat can be regulated.

What Three Ministers at Evansville Say of the Stove for Soft Coal

H. I. SIMMONS, Agent for Cole's Hot Blast, Evansville, Ind.

Dear Sir:—Regarding the Cole's Hot Blast Stove purchased of you for our class room, I regard it as a remarkable stove. We have burned it two winters and find it will do all you claim, and more. It has held fire three days and nights several times to my knowledge without attention, and is a great saver of fuel, easily regulated, giving a uniform heat day and night.

Yours truly,
A. L. BENNETT, Pastor M. E. Church.

H. I. SIMMONS, Agent for Cole's Hot Blast, Evansville, Ind.

Dear Sir:—We are greatly pleased with our Cole's Hot Blast Stove. We burned it last winter in a very large room in the parsonage, and with the exception of once or twice the fire was not out the entire winter. The Hot Blast draft works perfectly, consumes gas and smoke and uses less coal than any stove I ever saw. I can recommend Cole's Hot Blast to any of my friends.

Yours truly,
REV. F. RELLER, Pastor St. Paul's Church, 12th Ave. and Michigan St.

H. I. SIMMONS, Agent, Cole's Hot Blast, Evansville, Ind.

Dear Sir:—The two 12-inch Cole's Hot Blast Heaters I purchased for the Howell M. E. Church have been very satisfactory. They hold fire 36 hours, giving a uniform heat with the least possible amount of fuel.

Very truly yours,
REV. A. D. BACKLOR, Pastor Howell M. E. Church.

BELOIT, WIS., November 24, 1903.

MESSES. ROSENBERG & WOLF, Agents for Cole's Hot Blast, Beloit, Wis.

Gentlemen:—I want to say a few words of praise for Cole's Original Hot Blast Stove purchased of you several weeks ago. I noted the broad and liberal guarantee on same by the makers for burning soft coal, and their claim that it would do better work with hard coal than any other stove manufactured. Upon that and your own recommendation I placed one in my home. I am burning hard coal, and to say the stove is satisfactory is not enough. It is simply a surprise. I am saving one-half in fuel over the stove I formerly used to heat the same space, and getting a greater amount of heat. It is the greatest stove I ever saw, and gives greater satisfaction and more heat with hard coal than a large base burner I am using in another part of the house. I cheerfully recommend Cole's Hot Blast as the most economical and best heating stove for hard coal I ever saw.

Yours truly,
BURTON A. EDWARDS, 361 E. Grand Ave.

BOYD'S MANAGER'S PASS I Have...

IT SHOWED UP ON SECOND SECTION UNION PACIFIC PASSENGER NO. 5 GOING WEST LAST EVENING.

How Boyd Carries Out His Anti-Pass Principles

His Campaign Manager Found Riding Yesterday Evening on Union Pacific Train No. 5, on a Pass—Stuck it at the Conductor—See Number and Description Below—One Hundred Dollars Reward.

"B 2514"

JUDGE BOYD'S MANAGERS PASS NUMBER

A. E. Ward, Judge Boyd's campaign manager, passed through Fremont last night on second section of Union Pacific train No. 5. He wore out a lot of shoe leather dodging the conductor waiting for a good chance to show him his pass. But unfortunately for Ward he was forced to show up near an innocent looking chap who glued two black eyes onto his pastebord and there read in big black numbers:

B 2514 U. P., A. E. WARD

"What do you think of that?" said the innocent-looking man, recounting the incident a few minutes later. Boyd's reported declaration that he quit riding on a pass when the convention that nominated him said it was wrong, has no scruples apparently in permitting the railroads to help him to be elected by passing his campaign manager around the district on vote-making trips on a pass.

Has Boyd given up his pass? Well, hardly—he simply has his manager use it a short time while this political uncertainty is on tap. When the election is over Boyd will return to his old aid much favored practice. It's hard to get over a well established custom.

But remember Artemus' pass number is B 2514. Doesn't it sound euphonic and does it not become a bunch of sanctimonious hypocrites like Ward and Boyd who try to make the people think they have clean hands on this pass question?

In order to assure the public that this is no campaign lie we want to say that the Fremont Herald holds a forfeit of \$100.00 to be turned over to the republican campaign committee if the facts as above stated are not true.

To repeat, and we defy them to deny it, A. E. WARD, CAMPAIGN MANAGER FOR JUDGE BOYD, THE MAN WHO NEVER PAID A CAR FARE UNTIL AFTER HIS NOMINATION FOR CONGRESS, PASSED WEST ON THE UNION PACIFIC RAILROAD ON OCTOBER 27, ON TRAIN NO. 5, AND HANDED THE CONDUCTOR PASS NO. B 2514 and the same had his name and was plainly seen by a citizen of prominence who recorded the number immediately and is willing to make oath to the fact.

We cannot cite our readers to the records kept by the U. P. railroad of the passes reported, on that train for the simple reason that they are not peaching on their hirelings. But the oath of a prominent business man will go with the people and if it is not satisfactory with Artemus and Boyd they can prove an alibi and take the \$100.00 on deposit with this paper.

College Notes.

The term opened Tuesday with a splendid enrollment.

Mrs. Craig came up from Omaha Saturday to visit her son who will remain the school year.

Rev. Dawson of Stanton conducted Chapel Wednesday and closed with a splendid speech to the pupils.

A number of former students returned this week to complete some of the course of study. The graduating classes are doing strong work.

Principal J. F. Power of Magnet came down Tuesday afternoon to look after some business, visit College friends and attend Dr. Green's lecture. All classes are dismissed at 10 o'clock today to give the students an opportunity to hear Mr. Bryan talk. None wished to have classes recite.

Misses Blackstone and Sharp of Pilger, Messrs. Anson and Whitmore of Orchard, Miss Hoscheit of Neligh, Messrs. Groeling and Morrill of Mars, Miss Webster of Plainview, and Mr. Widgren of Newman Grove, and former students, enrolled Monday.

Monday evening, a number of the students and faculty came to the chapel and summoned President Pile to the room when Mr. Richardson, ad spokesman, presented a very fine office desk in honor of the birthday anniversary. A short talk by the president was followed with a social.

Prof. and Mrs. Pile entertained 26 members of the scientific class and the faculty at a six o'clock dinner yesterday. A pleasant time was spent till 10 o'clock with games. Other divisions of the graduating classes will be entertained during the term. These class receptions are pleasant for all.

The department of music is a well prepared program for tomorrow evening's recital. The exercises will begin at 7:30, to which the public is invited. Later in the term some special entertainments will be given by the departments of music and elocution to raise funds for some of the school organizations.

The heating contractors are crowding their work and will soon be ready to turn heat on some of the buildings and expect to have all of the work completed by the 20th. The DEMOCRAT stands corrected on the matter of H. E. Welch there would have been no occasion for that gentleman to continue drawing a salary from the county. In the Liveringhouse case Atty Siman and Davis made a "bull" in not objecting to a lot of evidence that should never have entered the case and that's why ATTY. BERRY APPEALED. BY DAD

After reading an account of Countess Casteltane's divorce case in Paris, I guess, by dad any chance we take on brown stories here in Wayne ought to be white.

Everything points towards a victory by the anti-railroad forces next Tuesday. The better element of the people will vote for Shallenbaker and Graves, irrespective of past party affiliations.

There has been considerable talk about pulling the market on coal tar and feathers, the past week in Wayne. Better cut it all out boys. The chances are that brown taste in your mouth will pass away.

"What do you think of Squire Feather for county judge?" asked Fred Debad of County Judge Hunter, the other day. "Clerk of the courts you mean, don't you?" asked the judge. "Yes, that's it," said Fred. "Heard all right, I guess, but say, don't he look like hell on paper?"

That was a nice little bluff the Wayne grad handed H. E. Siman last week. The same fellows who have kept Harry in office for four years and named him for state representative, are very close to the editor's chair in the Herald office. If there isn't been any "holier" from the boys on Siman's candidacy, and if it didn't appear that Boyd and Davis might lose a few votes thereby, the crowd would be telling you what a man he would be for the state legislature, instead of repudiating him, at the last moment, to save themselves.

Let every man go and vote. If you undecided which ticket is the best for your state and county's good, for the people, and not for the roads. Every intelligent man in the county knows that Boyd is the road candidate. His backers do deny it, but answer that Graves got a pass for his wife. On the ticket, Sheldon, Eaton, Starke, Brian have always won the railroad brand in the service of their masters. Perhaps they will serve the people if given another chance—but if you doubt try the men who have been true to the public in private life. It's the surest plan.

Hallowe'en Parties.

Miss Ellen Haglund at the home of Dan Harrington was at home to her friends. Hallowe'en decoration, games and lunch making it one of the best times of their lives, so the girls say.

About a dozen ladies planned and enjoyed a very entertaining party with Mrs. Raymond in honor of All Saints' Eve. Cards and a full course supper with trimmings made up the programme.

Miss May Cunningham entertained the corps of teachers at her home in a highly hilarious Hallowe'en manner. We have heard of some of the do's of this sedate body but are sworn to secrecy. We must uphold the dignity of our Public school faculty.

Hallowe'en parties were plentiful on Wednesday evening. Alma Craven and Katherine Miller each gave a splendid time to their little friends. There was a genuine masquerade party at the home of Edna Saxe while a number of kindred spirits enjoyed a house party with Marguerite Chase.

The young people gave a jolly dancing party in the upper story of the Harry Fisher home which is admirably suited for such occasions. Messrs. Sausbury and Bohagrt furnishing the music. Later cards were played and nice refreshments, in which pumpkin pie figured largely, was served.

Last evening at the M. E. church a fine five o'clock supper was served to the members of the cradle roll and their parents by the ladies of the societies. Baby Horn won its father and mother were welcomed into the circle. The nurses in white dresses and caps who cared for the little ones, while the elders were dining were Maad and Marguerite Hecker, Gay Hunter, Ruth McKee, Blanche Elliott and Fern Garwood.

The Monday club ladies will long keep as souvenirs the invitations sent by their husbands for Hallowe'en. These works of art, executed by Chas. Kate informed the ladies that they had been elected members of the Pumpkin Head Club and would be initiated at their temple that evening. said temple to be known by the emblem of their order a witch with a broomstick riding over the moon. There was no mistaking the symbolism in the front window of Dr. Leisoring's office, and here the victims were put through an ordeal which might have seemed tame to martyrs of the Spanish Inquisition. The voices of the Ghouls sounded suspiciously like Messrs. Welch, Cunningham and Chase, but the remarks and appearance never. The grip of the order assuring the initiated that it is no idle talk, that Dr. Leisoring has a "skeleton in his closet." On emerging into the brightly lighted art gallery the ladies were given rebus-puzzle cards from which they figured out the names of their partners. In the main office room a beautiful sight met their view, a long table, not resplendent in cut glass and silver, but brilliant with hot house roses, carnations and ferns and luscious fruit arranged in the famous American pumpkin ware, a choice rose being at each place. Here a turkey dinner with all the accompaniments was served by caterers. Whalen, the Misses Welch, Northrop and Kate serving as waiters. With Dr. Leisoring as toast master, Messrs. Kate, Tooker, Northrop and Wrightman responded to their respective toasts amid much applause and laughter the last named gentle-

M. P. Ahern is Dead.

Wayne people were inexpressibly shocked Tuesday morning to learn that Morris Ahern was dead. Jas Ahern received a telegram Monday evening at eight o'clock stating his father was dying and to come at once. Ten minutes later a second message stating his father had passed away. Mr. Ahern received a letter last Saturday from his sister in which there was no intimation of the old gentleman's illness. Tuesday afternoon John Ahern of near Carroll and Mr. Mrs. Jas Ahern left for Kankakee, Ill., to attend the funeral. Before leaving Mr. Ahern told the DEMOCRAT his father was in poor health the past summer. He has not been in business for over a year past. His two daughters owning a store eight miles from Kankakee and his son John attending Armour Institute, Chicago. Deceased built a fine residence at Kankakee and he and Mrs. Ahern were taking life easy.

State Finances.

In a carefully prepared statement issued by the members of the state board of equalization who are now candidates for office on the republican state ticket, a special plea is advanced because they raised the railroad assessment \$21,368,701.00 in the year from 1900 to 1909.

These figures are deceptive when stated alone, they tell only half the story. The whole question is how much railroad property valuation was increased and how much was all other property increased during the same period. The facts are while the railroad assessment was increased \$21,000,000.00, all other property was increased \$119,000,000.00.

Assessment figures taken alone without considering the levy do not always show the net result in taxes charged, here are the figures in dollars and cents.
Railroad taxes increased \$150,800.68
All other property taxes 831,636.23
Being relatively 15 percent increase on railroad taxes and 85 per cent. on all other property.

If the members of the state board can take any credit out of these figures they are welcome to it.

The facts in the case are that the 1903 legislature increased appropriations over one million dollars compared with the fusion legislature of 1899 it was necessary to raise this million dollars in state taxes. The revenue law conceived by and for the railroads was the result, through its operation all other property was unequally assessed as compared with railroad property. By controlling the state board the railroads paid \$150,000.00 of the million dollar increase and the dear people footed the bill \$850,000.00.

The claim is also made by the state board that in a four years comparison \$282,098.00 more in fees was turned in by the republicans than by the fusionists; yes, this is probably true; but it is equally true they spent it as well as

THE FARMER AND THE JUDGE.

Farmer—Judge, do you use a railroad pass?

Judge—Yes.

F.—How much money do you save each year by reason of having the pass?

J.—About \$350.

F.—Well, Judge, here is \$350. I have a case against the railroad and I want to start on an even footing with the company.

J.—You are fined \$100 and will be placed in jail until the fine is paid for attempting to bribe this court. Call the next case, Mr. Clerk.

But did you ever hear of a judge fining a railroad for bribing a court with a pass?

This, Mr. Farmer, is just what would happen to you if you were to attempt such a thing with a judge who had a pass in his pocket worth several hundred dollars.

Yours is a bribe. What do you suppose the judge considers the railroad's pass? It is a bribe just as much as yours is.

BY DAD

A fashion notesays, "embroidery on stockings grows more popular all the time." I observed so much during the rainy spell.

A bee visits 3,500,000 flowers in gathering one pound of honey. I have forgotten the name of the man who did the counting.

The democrats are all going to drink Porter, in Iowa, next Tuesday, and lots of republicans—in Iowa—will take something, sometimes, on a democrat.

Another South Dakota man has been discovered who has two wives, his second one being but 12 years of age. He had forsaken No. 1 and no doubt took No. 2 just for a "kid."

Another fashion note says: "Lace coats for the winter are mounted upon broadcloth the exact shade of the lace." But the ones coveted the most are those mounted upon dummies in store windows.

Over at Wayne, Neb., they have a horse thieves' association. I have a brother living at Wayne. Too bad!—Cherokee Democrat.

Thanks, awfully, Cherokee is a prohibition town. They "keep" something worse than horse thieves there.

Two years ago the State Senate was solidly republican; out of 100 members in the house 91 were republicans; the governor was republican. Mr. Sheldon, now republican candidate for governor, was a member of the senate.

If under such favorable conditions they would not give the people any relief, why have we reason to believe that if a republican governor and legislature are elected this fall that they would be more sincere? By dad, isn't that convincing enough?

I O. Brown and Cap Prescott, two of the blue blooded sports of Winside, took a bosom friend hunting a couple of days last week. They put in two days on Mr. Brown's "private reserve" near Wakefield and got—spaking wet as ducks, but nary a foul. Then they tried it one day on the big slough and got two. The "bosom friend" tells the DEMOCRAT it has cost him \$17.50 for enough "extra dry" to drive the wet out of his body. Mr. Brown being a prohibitionist, will probably never get dried out again.

At the conclusion of the marriage supper at a recent wedding in St. Paul there were three toasts proposed to the happy couple. The first was given by the groomsmen, who simply wished them long life and happiness. The bridesmaid expressed her sentiment in the these words:

Here's to your fathers and fathers-in-law,

Here's to your mothers and mothers-in-law,

Here's to your brothers and brothers-in-law,

Here's to your sisters and sisters-in-law,

Here's to your sons and sons-in-law,

Here's to your daughters and daughters-in-law,

Here's to the bride and groom,

May you never need an attorney-at-law.

Another of the young ladies unintentionally brought the proposing of toasts to a very sudden close. She arose and began, "Here's to the bride and groom," and was at a loss to know what to say next, when the attention of all was directed to a crowd of boys who had quietly collected to charivari, and she remarked in surprise, "Oh, listen to the kids yell." The minister is said to have given a fervent amen, and added, "That is the best toast of all." The toast, with the interpretation, was voted the best of all, but the bridal couple refused to listen to any more.

City Council Doings.

There was a "full house" at the council meeting last Monday night. The telephone men, both local and the Bell Co. were out in force to object to the city putting up electric cables so as to conflict with the phone wires. Atty. E. A. Lundberg was present to represent the telephone company, also manager Sprecher from Norfolk. The trouble on the lines was at the alley intersection near Rundell's store. City Attorney Berry, after looking up the franchise held by the telephone company decided the company practically had no franchise, in other words that a town of Wayne's class had no right—by statute—to grant any such franchise. The matter was carried over to Monday forenoon and amicably adjusted, the company putting in a 40 foot pole and raising their wires, city employees helped do the work.

Depot agent Moran was present and made application for the city to furnish the railroad company water for the next six months, and asking for a special rate on 40 to 50 thousand gallons per day. To determine the cost it was decided to pump the railroad tank full which holds 80,000 gallons, the price proposition being then left to the water committee.

Records Prove It.

Some of the friends of A. R. Davis are denying that he had anything to do with the nomination of Mr. Siman for representative. Mr. Davis and his friends are beginning to realize that Mr. Siman is a dead weight. In order to be sure that we are right in intimating that Mr. Davis did have something to do with the nomination of Siman for representative, we examined the records of the republican convention held August 2nd, and we find the convention was called to order by A. R. Davis, Chairman of the County Central committee. Mr. Welch was made permanent chairman. Mr. Northrop made a motion that the chairman appoint a committee of three to select the delegates of the different conventions to be held. Mr. Davis moved to amend the motion by making the number five instead of three. The amendment carried and the motion prevailed as amended. Chairman Welch appointed Mr. Davis chairman of the committee and he, Davis assisted in the selection of the delegates to the representative convention. Mr. Davis in electioneering in and around Carroll, has been telling the people that there is no show for Siman being elected, but in and around Winside he tells a different story. After his supporting Siman for the last two years it is rather amusing to see him at this time try and unload him people are not so easily deceived and the chances are that they will remember it at least until after election.
