Christmas Greetings

We invite you to our Holiday Exhibit next Saturday. It will be worth seeing. You will get many Christmas ideas, even though you may not buy. You will see many of your friends here on Saturday.

We offer suitable presents for men, women and children. The variety is in such profusion that all can be pleased.

Purchases made now can be held if desired until you are ready to take them.

It's better and easier to buy early, a little at a time, as you can. Come now, Saturday, and see our Christmas showing at its best.

Price isn't everything, but when you can get the QUALITY and have the price to suit also, that's what makes quick sales.

snarled, but that's cheaper than running into the sheriff's grab-net. Wakefield should invite up a few Lyonsites and have a house party, by dad.

The by dad family was in Sioux City Monday, not "shopping," as many Wayne people do, but visiting—the stores and relatives, and I want to tell all you holiday buyers that if you go to Sioux City expecting to save money you are going to get badly fooled unless you strike a certain sale on certain articles, put out to catch suckers. Take the big department stores and you will pay more this season of the year than you are asked in Wayne on all lines. This, by dad, is no hot air but an actual fact. We took a piece of money with us—a small piece—and we brought it nearly all back—in our ants.

A furniture man, but not one now doing business now in Wayne, was in Sioux City the other day and looking around saw a well-known brand of sofas in a department store window "marked down to \$8.98." Going into the furniture department he watched a salesman sell a customer exactly the same lounge for \$12, the only difference being in the color. The piece of furniture was worth \$5.90 by the dozen wholesale, and would retail in a Wayne county store at \$7.50 to \$8. That's the trick in the large cities, and unless you are a competent judge of materials you are sure to be a loser. Pianos that sell for \$375 in Sioux City can be bought in Wayne for \$2.25. The DEMOCRAT knows of one instance where one was sold here at a hundred less than the latter figure that was good for a bargain in Omaha or Sioux City "at \$299.00."

By dad, the people of Lyons fix up the wife-beaters and licentious cusses about right. Sewall Sampson, a wife-whipper who ran away from that place last fall with another fellow's wife, leaving a lot of children, had the gall to return last week, and not only that, he bragged around town that nobody dared bother him. A complaint was filed against him and as he stuck his head out the bank door, where he had been trying to get bonds, a big gunny sack was thrown over his head, a rope put around his neck, thrown in a dray and hauled to the river, where he was stripped, whipped and thrown into the river a few times until about dead, then made to swear along, strong oath he would never look a Lyons citizen in the face again. Mob law is not perhaps the best, but it is efficacious in these instances and especially ooliar and feathers are cheap. There has been considerable talk in Wayne of trying on something of this sort, and now that Lyons has "broken the ice" the remedy looks wholesome. The next time some old cat or male renegade comes to Wayne there may be something doing.

We are the authorized agent of Santa Claus. Our display of Christmas merchandise far surpasses in beauty and in importance any previous attempt we have made. Greater, grander, more beautiful than any other which Wayne has ever known. Christmas gifts that are valuable, useful, sensible—the goods are ready for inspection.

There is a distinct flavor of Christmas utility in our Furnishing Department just now. Gifts useful as well as ornamental are quite the proper thing. Men like them, too—Silk Mufflers, Fancy Umbrellas, Slippers, Gloves, Suspenders, Neckwear, etc. You can spend 50 cents to \$10 here on appropriate things—and get your money back if you are not satisfied. We like to encourage the habit of giving as Christmas presents our fine Overcoats and Suits—\$7.50 to \$18.00. There are many months of Christmas satisfaction in such presents as these. No Christmas buyer in Wayne will be more welcome to our store than will you.

HARRINGTON

Leading Clothier and Furnisher, Wayne

BY DAD

What's the matter with Storer's big stick? If Roosevelt keeps up these personal scraps he may not have to refuse a nomination in 1908.

Moran, a 12-year-old boy living near Cascade, was seized with a coughing spell and expelled a cookie burr from his lungs. It is not stated what variety of breakfast food the family had been using.

"Don't allow your children to be trapped by matrimonial ads," says the World-Herald. "Who ever heard of children being trapped in that manner? It's the old duffers and aged gettocoats who have to advertise."

"I feel like a two-year-old," advertises a butcher, "and I don't intend to kill any gentler older than I feel." Some morning when he wakes up feeling like sixty there will be a joke on somebody.

A Wayne man in Sioux City had a habit of taking girls to dinner, and one day when his wife happened to be with him he got funny and told the waiter to send his best girl and wanted something good. "Yes, I know," answered the biscuit shooter, "but

then you have a different girl about every time you come in here!" I got this item C. O. D., by dad.

The Bradstreet and Dun reports for last week are very encouraging. There is a larger volume of holiday business this month than in any other month of the year. If the people continue to buy the prospects are bright for a good month's business.

And now Mrs. J. W. Atkins threatens to come to town and wallop me because the DEMOCRAT recently stated that she was in such bad health there was little prospect of her being long with us. Glad, by dad, to fight in a case of this kind.

To cure snoring it is advised that a piece of soap be dropped into the mouth of the snorer. The oil in the soap will lubricate the pharynx and other larynx parts of the throat. This remedy must be applied with caution; otherwise the snorer will raise and lubricate the floor with the person who dropped in the soap.

An editor in Indian Territory was running the motto in his paper: "We tell the truth." Last week he received a call from a large man who objected to the truth being told, and in

consequence the motto disappeared and the following was inserted: "Until we recover from the injuries recently received, this paper will lie just like the rest of them."

"You have an hour longer to live," said the physician, solemnly, to the wealthy miser on his deathbed. "If there anything you wish attended to before you pass away?" "Yes," answered the stricken man in faint, eager tones. "I am glad you spoke of it. Send for the barber at once and have him shave me before I die. I only have to pay him 50c for coming in to shave me now, and the regular price is \$5 for shaving a dead man. Might as well save that \$4.50 while I'm about it."

As usual the preachers occupied the first page in the evening papers Tuesday, one for plain wife beating and the other being shot by his daughter for beating the wife and mother. Scarcely a newspaper can be picked up but what an account of some preacher's escapades—usually a woman scrape comes to your notice. Some day the people will decide the clergy shall work for a living—to keep them out of mischief—and then those who are

called by the Lord to preach his word" will do so without fat salaries. fine church edifices and handsome parsonages.

Andy Shinn handed me a hot pack age the other day. Andy said—and before a whole crowd—"Say, the DEMOCRAT is the meanest d—d paper I know of, and you are the meanest editor that ever lived, but send it to me at Sioux City for a year," and Andy hardly cracked a smile as we returned. "That's why all the d—d mean people in the country want to read it!"

There must have been serious damage done the telephone line between Wayne and Wakefield last Monday evening. Someone left a call for the DEMOCRAT man, long distance, and when we took down the receiver we got a shock that may prove fatal in about "nine days." It was Mrs. Jensen, the old bilster who was making the fur fly here two weeks ago. Dan Roush said that when she was in Wayne she was Jensen's niece, but Wakefield, proud and modest Wakefield, probably wouldn't stand for the niece and nasty business. Billy Perdue says a few poles were broken off near Wakefield, and the wires somewhat

Why Not Be Happy?

If there is a soul in Wayne county that is not happy and can give good reasons for it, we will be glad to make anyone a Christmas present in such a condition. Come in and get it and be happy. We have many good reasons for being happy this year. Everyone, it seems, has made a special effort to make life pleasant for us. We have enjoyed the best health, and our friends have given us the largest trade we ever had. Our families are all well, and our wives have not asked for a divorce. We are certainly happy, and we are ready to make you happy if you will give us a chance to do so. Right here we want to thank everyone that has helped to make our store so popular or who has in any way helped to make us happy during the past year. If it were possible for us to give everyone a Christmas present we would be glad to do so, but as that is impossible, please accept our thanks and our best wishes for your future welfare, with the compliments of the season. Any man who don't feel as we do, buy a suit of Staley Underwear and you will be just as happy as we are. Any Mother that has had grief because her boy had poor shoes, come and get him a pair of "Bad Boy" shoes and you will enjoy the same happiness we do. Any one that has had trouble in selecting presents for Christmas, will find by coming here that that trouble will disappear. Come and see us before Christmas anyhow, no matter if you don't need anything. We like visitors and will do you no harm. Again thanking you all for your kindness and hoping to meet you often during the coming year, we wish you all a Merry Christmas and a Happy New Year.

Mike Dendinger was in town Monday. He is still living in Norfolk but on or about the 15th of April will move onto his land up near Wood Lake.

Last Saturday the editor went down to Norfolk and golly what a bunch of Hoskins people there was there and it did seem funny to hear them all trying to explain why they were buying what they did.

One of our North Hoskins women took a notion that a pitch fork was better to use than her hands when it comes to quarreling. By the looks of her brother-in-law you would not doubt her ability.

A handsome young buck at the last dance sided up to an old married woman and asked her to dance with him. Golly-wash, you could have knocked him down with a feather when she replied: "No, thank you, I get hugging enough at home."

A horse and buggy were stolen from Hooper last Saturday night, and was reported to be headed up this way. A rig answering the description was seen out east of town Sunday morning and then seemed to drop entirely out of sight. If Hooper had an organization of the North Nebraska Live Stock Owners Protective Association and had notified the Hoskins organization this fellow would have been a goner.

Some of The Points of Merit to be Found in This BUGGY

1. Air seasoned, straight grained, selected hickory wheels, fully guaranteed against any flaw in material that may show up within two years from date of purchase.
2. There is a screw through the rim on each side of every spoke to prevent splitting.
3. Full 1/2 inch, round edged steel tire, bolted between each spoke.
4. High grade, genuine leather in quarters and back stay.
5. Deep quarters on top. A big saving in leather is made by some manufacturers by putting a shallow, cheap looking quarter on the top.
6. Genuine rubber in roof and back curtain. No enamel drill to peel off.
7. Guaranteed fast color top lining.
8. High grade, genuine leather cushion and back.
9. Open bottom, sanitary spring cushion.
10. Solid panel spring back.
11. Long distance, dust and mud proof axles. Axles one solid piece of drawn steel. No weld in the center to break.
12. Springs, finest oil tempered steel and guaranteed.
13. Patent wrought steel Bailey body loops.
15. Extra high, genuine leather dash, front and back. Many buggies
15. Steel corner irons on bodies which thoroughly brace corners where most strain is encountered.
16. Note method of bracing and ironing reaches.
17. Improved pattern seat irons, bracing seat at all points.
18. Old reliable pure white lead and oil system of painting. No cheap patent systems used.
19. Two extra clips on front axle.
20. Axle boxes set in white lead. Can't become loose.
21. Improved 3-prong step. A great improvement over the usual slender, single-shank step.
22. Outside extension top joints—a vast improvement over the usual light, concealed, rear top joints.
23. Curtain box under seat, with lid.
24. Quick shifting shaft couplers which enable you to remove shafts and substitute pole with ease. They also form a most perfect anti-rattler.
25. Double braced shafts, securely braced at the heel and corners where most strain is encountered.
26. Rear king bolt, full bottom fifth wheel, with anti-rattler attachment.
27. Seats are fastened by four long bolts reaching through bottom sills of body—not by screws.

Asks Damages from Company

Damages to the amount of \$1,000 are claimed by Joseph Benesch from the Chicago, St. Paul, Minneapolis & Omaha Railway company for injuries he received in a wreck between Wayne and Bloomfield September 22. He is a mail clerk and he says he was thrown to one end of the mail car, a stove and steam radiator piled upon him and a coal bin full of coal on top of that and over all a large quantity of wooden chips. He was plinned down and forced, for what he says seemed hours, to watch a small coal oil lamp swaying above him, threatening every minute to drop on him and set fire to the combustible material that was over him. Besides the terror, he says he was badly injured.

He settled with the company's claim agent for \$600, but he says he did this because he was told by a physician in the employ of the company he would be all right again in six weeks. This he says is not true, as it will be a long time before he will be well—Omaha Bee.

THE MESSIAH

The Messiah was first produced in Dublin, in 1742, and from its first performance has held a place in the music of the Christian world that marks it as a work destined to influence many generations to come. Handel composed the Messiah in about three weeks, but he used his materials with such skill that it stands foremost among his compositions whether a massive choral effect is desired as in "Worthy is the Lamb," or the most graceful aria as in the soprano solo, "Rejoice Greatly." Handel seems to have worked with a master hand, and with few exceptions expresses the thought of his text with marvelous power and clearness.

At the first performance the enthusiasm of the listeners was so great that when "Hallelujah Chorus" was reached the entire audience rose to their feet. Since that time it has been customary for the audience to stand during the singing of this chorus.

Nothing is more appropriate during the Christmas season as a celebration of the birth of Christ than the performance of this great oratorio; and it is becoming the custom of large choral societies to produce it at the holiday season with ever increasing interest.

The prophecy, birth, sufferings, death, resurrection and ascension of Christ are treated, and each part with a depth of musical feeling and religious fervor that impresses these great thoughts indelibly upon the mind of the listener.

The Wayne Choral Union will render The Messiah at the Presbyterian church, on Thursday evening, Dec. 27, with a chorus of forty voices and soloists of high artistic merit, and invites you to help make this the great celebration of the Christmas season in Wayne. Soloists: Soprano, Miss Edith Foley, Chicago; Contralto, Mrs. W. H. Morris, Wayne; Bass, Mr. G. W. Manaster, Omaha; Tenor, Mr. George Johnston, Lincoln.

College Notes.

Misses Neilhardt and Richardson spent Saturday in Sioux City.

Prof. Pile was at Ponca Saturday where he spoke at a meeting of the County Teachers' Association.

There will be no school from the 21st to the 31st of December. The students will spend the vacation at their homes.

The brick work on the new college was completed Tuesday and the roof will probably be finished by the end of the week.

Rev. Ringer visited the College Friday morning. He conducted chapel exercises and gave the students a short but well chosen talk.

Miss Ella Buck visited at the College over Sunday. Miss Buck graduated last summer and is now teaching with great success in her teaching.

A school paper is to be started after the holidays. A more extended announcement will be made after more definite plans have been decided upon.

Next Saturday evening, the ladies of the school will give a box social in the chapel to which the public is invited. This will probably be the last social held in the present building and it is hoped a large crowd will turn out.

A very enjoyable entertainment was given in the chapel Saturday evening by the students of the elocution and physical culture departments. The

parts were all well rendered and Miss Carroll is to be congratulated on the success of the program.

New books for the Alumni Library are coming in every day. This library is a source of greatest good to the members of the graduating classes. Each member is required to read two books a term and submit a written report to either Miss Kingsbury or Miss Chase, who have charge of this work.

Manson Democrat: The gambling table has always been a source of trouble in Manson. For that matter it has always been a source of trouble everywhere and always will be. And in speaking of the gambling table it may not necessarily be a table at all, but may be anything from an elegant mahogany creation with an artistically padded top to greasy and grimy surface of commonest wood, the top of a cigar case, a saloon bar, an office desk or any place where the cards or dice can be thrashed, face upward, to tell the fool that fickle fortune has smiled upon his rival. In Manson the gambling table has played a part in many a domestic and financial tragedy. The laborer has lost his week's wages in a dice game, while the business man has frittered away his fortune, his home and the respect of his fellow business men by keeping his "ear to the tigger," while his "brokers" in Chicago bought champagne and lobster and paid back hire with the money he paid for "margins." In Manson the gambling table has been a whip in politics, a club to beat people into submission to lawlessness for fear of exposure, a source of blackmail and bluffing and a thief and robber in general. In Manson there are many homes which could have been happy had the husband loved his wife better than the green cloth. In Manson there are even stunted young men and women who could have been robust and normal had their fathers taken the money which the "kitty" got and bought nourishing food for the little ones. In Manson there are men today who are "down" and probably always will be for the reason that the gambling table has taken their time from honest pursuits and cursed their lives with an insatiable lust for gambling. In Manson the gambling table of one "gang" has always been fish, while the gambling table of the other "banche" has always been ash. In Manson it has been a crime for one man to operate a gambling table, while such an occupation for another man has been a shrewd business policy. And there lies the secret of most of the trouble the gambling table has caused in Manson. And Manson is only a small town. It does not need a public gambling table, or a private one either. It does not need to support any lazy scoundrel with a "rake-off." If we must get together and play for money stakes, let them do so privately and not pay their money into the "kitty" of some loafer and blackleg. As the gambling table has always been a source of trouble, a thief, a robber and an outlaw in Manson, why not do away with it entirely? Why not eliminate it from business, politics and everything else? Why not put each separate and distinct gambling table, of any shape, make a design where-so-ever, out of business forever? It can be done, but it must be done thoroughly, for if the slightest atom of seed is left it will surely sprout and grow up into a noxious and troublesome weed of dishonesty and discontent. Let the thieves go to work like men or starve like rats.

Judge Graves won a great victory. (Columbus Telegram.) The campaign in the 3d district settled for good all the question as to the right or the wrong of the district judges carrying railroad passes and settled it by a decision against the pass. The large vote received by Judge Graves was in some measure due to the fact that the people of the district approved his course in refusing to accept railroad passes. He won many republican votes because of his advocacy of government ownership of railroads, and he won many more by his attitude on the pass question. Judge Boyd set the seal of approval on the anti-pass crusade by discarding his own passes just as soon as he saw how popular Judge Graves had become by his anti-pass record. From this day forth no man will be given a nomination for district judge by any political party in Nebraska, outside of Omaha or Lincoln, unless he shall solemnly

I pledge that he will not accept a pass during his term office. Judge Graves did not quite win a seat in congress, but his campaign won a great victory for the people, because he made the pass question so prominent that it has resulted in the banishment of all passes from the pockets of district judges in this state, except those those who vote in Lincoln or Omaha, where the local vice prizes to the magistrate, according to the measure of their subservency to railroad and other corporate interests.

ATTORNEYS AT LAW

WAYNE, NEBRASKA.

Holders of Standard Oil securities have been feeling Moody of late.

The Mrs. Eddy affair has now reached the double column advertisement stage. There are some things we can't lose.

Representative Gaines has introduced a bill raising the pay of congressmen to \$7,500 annually. He probably was compelled to pay railroad fare.

Crazepey has finally been formally dropped from the ministry of the Episcopal church and will have plenty of time to get ready for next season's chataqua.

In Panama ten inches of rain fell in one day and the Chagres river raised twenty-eight feet. It is feared that the crop of Panama hats has been ruined.

Des Moines is having a great religious revival. Meetings are being held in saloons as well as churches and it looks as though the devil would be put out of business until the legislature meets.

There are still some people in this world who think they can build up their own business by attempting to tear down somebody else's. But there is no case on record where it has been successfully done.

The United States court of appeals has awarded the medal for the most complete set of trusts of the Continental Wall Paper company. The trust should be passed a few and sent where the paper goes.

The sale of those hens' nests with rubber stamps for dating the eggs has greatly increased since the pure food law went into effect. Judging from the looks of some of the eggs that come to market the thing needed most now is some sort of washing attachment.

The Mason City Globe-Gazette says something is wrong in Iowa when the most intelligent state in the union lacks 2,000 teachers for its schools. Yes, the boys and girls learn so little in the public schools that they can't get certificates permitting them to teach school.

A short while back there were several men in this country who claimed to be the only honest ones in sight. They could discover and tell in what way everybody else was dishonest. Some of those apstaras have already been "sent on" and there are getting into close proximity to the big foot.

Down in Alabama a Methodist preacher has been "hauled over the coals" because he plays golf and has had to explain in conference. His explanation is that he never did anything that he couldn't thank God for, but if he has offended any of his brothers he is sorry for it and willing to be forgiven.

Holiday Items

It's less than two weeks until Christmas and the task of selecting presents will be a pleasure if you will spend a few minutes inspecting my assortment. Everything is new and marked in plain figures and the prices are such as will conform to the sparsely filled purse.

It's to your advantage to make early selections, thereby avoid the usual rush; also the opportunity of making purchases before the lines are broken.

I extend an invitation to everyone to come and visit my store before Christmas. Come and see what I have to offer. Should you find any goods which conforms to your taste and purse will lay them away for you until a future time.

Special Attention

has been paid to the selection of FANCY CHINA. I invite the attention of prospective purchasers in this line to the admirers of pretty, odd pieces and hand-painted China in cups and saucers, celery trays, cracker jars, salad, berry and chocolate sets. You should see my offerings.

APPLES.

I am headquarters for apples and have a good supply on hand. Don't fail to include a barrel of these fancy, hand-picked apples in your Xmas purchases. Nothing is more healthy for the children and it pleases them too. I have a number of varieties to select from, Ben Davis, Wagner, None Such, Seek-no-further, Baldwins, Greenings and Orleans. These are all good keeping stock and offered at an attractive price.

Things for the Stockings.

Things which please the children most are Candy, Nuts, Figs, Dates, Fruit, Etc. It's well to remember my stock is never depleted on these items. All kinds, flavors and colors may be seen in my Christmas candy display.

Christmas Trees and Candles

will be in demand and I will be prepared to supply all. Leave your order early for trees that you may have good selection.

2 Goldfish and Globe Free

with a pound can of Guaranteed Baking Powder at 50c. The premium makes a very acceptable present for the wife or children.

Stereoscope and Fifty Beautiful Views

is one of the best items we have to offer. A set of these will afford plenty of entertainment for your family and friends during the winter months. Our price as long as present supply lasts: Stereoscope and 50 Views, \$1.25; Set of 50 Views, 75c.

Holds Fire 36 Hours

COLE'S HOT BLAST

Does it with either ordinary soft coal or hard coal. This stove is the ideal heater because the fire is never out, the rooms are heated evenly and best of all, it uses less coal than any other stove made. In fact, we guarantee it to save one-third in fuel over any lower-draft stove the same size.

Cole's Hot Blast will burn briskly for two hours in the morning with coal put in the evening before. Simply open the draft.

These wonderful results are possible because of the patented Hot Blast draft used in connection with the patented air-tight construction (see picture), which we will show in detail if you will come to the store. We guarantee it to remain air-tight as long as used.

DON'T PUT UP WITH YOUR OLD STOVE ANOTHER YEAR

It is false economy. Cole's Hot Blast saves its cost in fuel every year and at the same time gives most satisfactory heat; it is cleanly, and is sold under a positive guarantee.

If you enjoy the luxury of dressing in warm rooms without the necessity of kindling new fires, investigate Cole's Hot Blast today.

News from Winside.

The Tribune does not wish to criticize, but for the sake of what strangers might say about us, we would suggest that Mr. Hamilton have the "artist" who painted the curtain at the opera house, correct the misspelled words and punctuation in the ads.—Winside Tribune

These printers in this town think they know, but don't know much wherever they go. The printers think they are the best. They print the worst and leave the rest.

And so the artists in this town, as they are very well known, they take the brushes in those hands and paint ads as they stand, and if any bothy can do better than that we will give him fifty and he will know where he is at. No need of it to make people sore and think that some other fool knows more. The Tribune may take a pluck and all those papers at good luck, so that is what the knockers say.

Don't criticize your neighbor's faults, That may hurt who do. Don't ridicule the masters or Malign the chosen few Don't think yourself a censor for The silly human folk, And just remember as you go That any fool can "knock." Don't laugh at those who make mistakes, And stumble on the way, For you are apt to follow them And almost any day. Don't think the others shifting sand, While you are solid rock, And don't forget, for heaven's sake, That any fool can "knock." Don't be a puller down of fame On other men conferred, Don't give a parting kick to one Who fell because he erred, Don't think that you are perfect and The only size in stock, And now once more just bear in mind, That any fool can "knock."

Hugh O'Connell has sold his pool hall fixtures to D. A. Jones, Jay Jones being manager of the business. "Pat" is going to farm it and the Democrat hears he does not intend to keep batch, either.

Miss Rose Reiffel and Simon Baron have gained considerable notoriety over the former's refusal to marry Si after the wedding had been all arranged. In speaking of his sister's doings I. Reiffel told the Tribune: "I wish it were not so," said Mr. Reiffel. "Simon (meaning Mr. Baron) is a fine lad and there is not another boy in the town I would rather see her marry than he. Yes, they are cousins, but that is all right, in my estimation. I do not know whether there is a third party mixed in the deal or not, but if my sister loves O Gentle more than a Jew, let her marry him. Religion counts for nothing in a case of this kind."

WHAT YOU WANT TO GIVE AND WHAT YOU OUGHT TO PAY

This week we present a carefully prepared list of our most desirable gifts for every member of the family. Not only do we name a great number of good, reliable and acceptable presents, but we quote prices on these worthy articles which are in many cases much below what is usually asked.

THE KEYNOTE OF TRUE CHRISTMAS GIVING IS TO GIVE GOOD, THE KEYNOTE OF TRUE ECONOMY IS TO BUY WHERE YOU CAN MAKE YOUR MONEY GO THE FARTHEST.

Our Christmas stock offers these two advantages in the fullest measure---what we have to sell is good, the prices we ask are lower than you can appreciate until you see the goods.

Christmas has not been a last thought with us, no rush at the eleventh hour to collect as Christmas gifts whatever suitable merchandise we had on hand and push them forward as holiday goods. We have spent three months of careful and painstaking work in selecting and buying gifts that would be the most thoroughly acceptable to young and old. From the baby to grandma we considered every member of the family individually and selected with their wants and needs in view. As a result we are able to offer the largest and finest collection of strictly holiday goods that you will see in any store and you surely should visit our big store and handsome display if you wish to do your best and make your money go the farthest.

The wedding will be attended by only a few friends and relatives but a large number of invitations have been issued for a reception from six to nine o'clock in the evening
Long Tennessee Fight
 For twenty years W. L. Rawls, of Bella, Tenn., fought nasal catarrh. He says: "The swelling and soreness inside my nose was fearful, till I began applying Bucklen's Arnica Salve, this caused the swelling and soreness to disappear, never to return." Best in existence. 25c at Raymond's drug store.
 About two feet of snow would suit the man who has lots of winter goods to sell.
Outwits the Surgeon
 A complication of female troubles, with catarrh of the stomach and bowels, had reduced Mrs. T. S. Anast, of Leavenworth, Ind., to such a deplorable condition that her doctor advised an operation, but her husband fearing fatal results, postponed this to try Electric Bitters, and to the amazement of all who knew her, this medicine completely cured her. Guaranteed cure for torpid liver, kidney disease, biliousness, jaundice, chills, dizziness, general debility, nervousness, blood poisoning. Best tonic medicine. 50c at Raymond's drug store.
 All over the country the ice men are making promises. Let it be the promise which will keep better than the ice did last season.
A Texas Wonder
 There's a Hill at Bowie, Tex., that's

twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 190. He says: "I suffered with a terrible cough and doctor gave me up to die of consumption. I was reduced to 90 pounds when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, a ter taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure cure for coughs and colds. Guaranteed by Raymond, drugist, 50 cents and \$1. Trial bottle free.
 The geologists have decided that there is enough coal to last 5,000 years. But the man who hasn't enough to last five days isn't getting much satisfaction out of the prediction.
LA GRIPPE, PNEUMONIA
 Pneumonia often follows a grippish but never follows the use of Foley's Honey and Tar. It cures la grippish coughs and prevents pneumonia and consumption. Ask for Foley's Honey and Tar and refuse any substitutes offered. Mr. G. Vacher, of 157 Osgood St., Chicago, writes: "My wife had a severe case of la grippish three years ago and it left her with a terrible cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50c bottle cured her cough entirely." Refuse substitutes. Raymond's drug store.
 Evidently the president concluded that the tariff will not be revised by its "friends."
 Doctors Could Not Help Her
 "I had kidney trouble for years writes Mrs. R. Connor of Sheldon, Wash., 'and the doctors could not

help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am now cured. I can not say too much for Foley's Kidney Cure." It makes the diseased kidneys sound as they will eliminate the poison from the blood. Unless they do this good health is impossible. Raymond's drug store.
 Sir Robert Ball of London has finally got the earth's age figured out and puts it at 800,000 years. He doesn't give the exact day of the month on which it was born, but this will not make any material difference.
The First Requisite of Beauty.
 The first requisite of beauty is a clear complexion. Orino Laxative Fruit Syrup clears a sallow blotched complexion as it stimulates the liver and bowels, and the eyes become clear and bright. You owe it to your friends to take it if your complexion is bad. Orino Laxative Fruit Syrup does not nauseate or gripe and is pleasant to take. Refuse substitutes, Raymond's drug store.
 Armoor's horses beat King Edward's at the Chicago show. If there is any other game they can play let them come on.
Thinks Railroads Were Prepared.
 (Clarison Herald)
 Nebraska has three railroad commissioners elected, but it is extremely doubtful if they ever enter upon their duties. It will be remembered that a republican secretary of state sent out the notices of publication in the matter of the constitutional amendment behind time, and it is not too much to

expect that the courts will knock out the whole business. When it comes to a pinch the corporations usually have a trickster to save them, and here in Nebraska the tricksters have come from the g. o. p. rank.
FAILED
 All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Pattera, Naabus, Ia., writes: "I had a bad cold last winter on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without any benefit. A friend recommended Foley's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Raymond's drug store.
 At Peoria several days ago a new born monkey was named Caruso and it is still alive. Perhaps it hasn't been told about it.
New Cure for Epilepsy
 J. B. Waterman of Watertown, O., Rural free a very, writes: "My daughter, afflicted for years with epilepsy, was cured by Dr. King's New Life Pills. She has not had an attack for over two years." Best body cleanser and life giving tonic pills on earth 25c at Raymond's.
 Michael Schindel of near Birmingham is suing Walter Davidson for alienation of his wife's affections and says he thinks her love was worth at least \$1,000. If that is really all it was worth he didn't lose much.

Winnipeg, Man.—A switch engine crashed into a passenger engine in the Canadian Northern yards and badly damaged the latter. The engine reversed the switch engine and jumped down the track and the driver stood down the track. A runaway engine pulled a switch, sending the runaway engine into another track and straight into a freight train. Two men were killed.

Washington.—Secretary Shaw has taken action to release for use a sum equal to the surplus receipts for November and December. He has given orders to the holders of United States bonds that the interest maturing on the several interest dates between and including January 1 and May 1, 1927, will be paid without rebate on and after December 15.

Jefferson City, Mo.—Governor Folk announces he will give Aggie Myers another stay of execution unless Justice Brewer of the federal supreme court orders the stay lifted. Justice Myers has been convicted of murdering her husband.

Omaha, Neb., Dec. 10.—"Be quiet, shut up!" thundered Judge Sutton yesterday in the coal trust case. W. J. Connel, another defendant, said, "You say such a fine as it may be hard for all these defendants to pay."

It is Growing Says William J. Bryan at Labor Fair. Lincoln, Neb., Dec. 10.—W. J. Bryan made an address at the opening of the labor fair last evening. "There is a great gap existing between the rolling classes and those who live without rolling, but at the present time brain and muscle are working in closer harmony than they have for many years."

Both Harriman and Gould Lines Are Involved in Utah Land Frauds. Salt Lake City, Dec. 10.—The federal grand jury investigating coal land frauds has indicted the Utah Fuel Corporation and the Utah Fuel Company against certain shippers who have made a large profit by selling coal to the Utah Fuel company.

Twelve Persons Seriously Injured When Boilers Blow Up in West Lynn, Mass. Lynn, Mass., Dec. 9.—The boilers in the H. J. Harney shoe company blew up this morning and twelve persons were injured. The explosion wrecked many buildings in the crowded manufacturing district.

It is said that the most magnificent and costly pearl necklace in the world is the property of the Countess Henkel. It is made of three historical necklaces, each of which enjoyed considerable fame in former times.

Washington.—Secretary Shaw has taken action to release for use a sum equal to the surplus receipts for November and December. He has given orders to the holders of United States bonds that the interest maturing on the several interest dates between and including January 1 and May 1, 1927, will be paid without rebate on and after December 15.

Lincoln, Neb., Dec. 8.—The law against wife desertion won a victory and lost one yesterday. Judge Holmes granted a bond of George Clark that he would support the woman he had deserted, and Governor Elrod, of South Dakota, refused to extradite William Olbeher, wanted in this state for abandoning his spouse.

After being in secret consultation with the coal trust attorney, W. J. Connel, another defendant, said, "You say such a fine as it may be hard for all these defendants to pay."

World Will Soon Point Finger of Scorn at the Non-Worker—Laboring Man Can Be Proud. Lincoln, Neb., Dec. 6.—W. J. Bryan made an address at the opening of the labor fair last evening.

The indictment against the Harriman companies embraces the Utah Pacific, the Utah Fuel Corporation, the Utah Fuel Company, Everett Buckingham, general superintendent of the Oregon Short Line, and J. M. Moore, general superintendent of the Utah Fuel Company.

Feared Loss of Life Narrowly Avoided as Employees Were Just Going to Work—Financial Loss Half a Million. Lynn, Mass., Dec. 9.—The boilers in the H. J. Harney shoe company blew up this morning and twelve persons were injured.

Interesting particulars have been given by the Dutch papers about a telegraph messenger, living in London, who has learned to speak several languages. This man is only about thirty years of age, can speak and write English, French, Italian, Greek, Hebrew and Sanskrit, and is able to decipher hieroglyphs and cuneiform.

Birmingham, Ala.—Because he plays golf and a paper pictured him smoking a cigar on the golf course, Roy James A. Hartsfield, mayor of this city, has been elected to the North Alabama conference of the church.

One Jail Boarder.

After long weeks of illness and poor business Sheriff Meats has a boarder in the person of J. M. Endsley whom he arrested at Norfolk last Saturday for a little crooked deal (the fellow put up on E. W. Cullen. Mr. Cullen sold him a set harness and took a mortgage on a team, later finding that another party had a prior claim to the horses. After getting rid of the harness Endsley slipped away to Norfolk where he went to driving a hack for a living and where his mother lives. Representing himself as a pal of Endsley's Mr. Cullen found out where the young fellow was and sent the sheriff to get him. The matter will be aired in Judge Hunter's court next Monday.

The Much Looked for Report Has Come

And It Is Certainly a Splendid One. Below Are Given a Few Extracts From It.

This Report is Complete in Every Detail, and is Given for the Protection of Investors. The Property is Proven to be All That We Have Claimed For It. Management Endorsed.

Excellent Shipping Facilities.

"Owing to the fact that the principal property is being worked through the main King Solomon tunnel, the mouth of which is located within 200 feet of the main line of the Colorado & Southern Railroad, it will be seen to be directly accessible both for shipping ore and receiving supplies and fuel, and as a switch has been installed adjoining the power house, the cost of handling fuel and supplies is reduced to a minimum."

Profit In Low Grade Ore.

"It is now possible, where the ore occurs in sufficient quantities to obtain suitable treatment, to allow the profitable mining and extraction of very low grade ores."

Three Hundred Million Dollars Produced By Our District.

"The property of the company lays in the heart of one of the largest mineral zones of the state, and it is recognized as one of the oldest gold and silver districts in Colorado. The production to date has reached over three hundred millions, and owing to the more modern methods of mining, is daily attracting the notice of investors, resulting in an ever-increasing production."

True Fissure Veins.

"The deposits are in the main of the fissure vein type, although our examination proves that in several instances there are evidences of blanket veins. The veins of the fissure type are known to be permanent in depth, offering great opportunities for deep tunnel mining, which is also greatly enhanced by the general topography of the country, which is very abrupt."

Five Veins In 1151-Foot Tunnel.

"Although the tunnel has only been driven 1151 feet, it is true that five veins have already been cut, a most encouraging fact."

Ore at Grass Roots.

"It is impossible to give complete and accurate data on such a large area of mineral property in the limited time at our disposal, but it is our observation that many veins are impregnated with ore, even at the surface, in this Horseshoe district."

Value of Buena Vista Group.

"This property (the Buena Vista group) has a great prospective value from the fact that it develops the lower and richer portion of Royal Mountain on the east, which value is greatly enhanced by the rich float found on almost any part of the ground."

Remarkable Dividends Prophesied

"The tunnel, if prosecuted in its present course through the entire property, will, we emphatically state, cut numerous veins which run through to the surface in addition to many blind veins, and if development work by means of drifts, raises and stopes should open up half of the veins at this tunnel line it is known to intersect, and if ore should be encountered carrying the values of the veins already opened up, this proposition will pay remarkable dividends on the investment for years to come."

Property Worth Ten Times the Cost.

"Our examination proves that the value of the property at the present time is at least ten-fold the amount invested in acquiring same, and the prosecution of the tunnel necessarily increases the value in a much higher ratio than the monthly expenditure for development work, for the fact that each vein as encountered the tunnel affords the cheapest method of economic mining of same, as ore of low values can be handled at a profit, when the same ore, if mined from the surface, where the conditions of such a rugged country exist, and the cost of getting supplies and bringing the ore down would make it almost impossible to mine."

New Property Increases Value of Stock.

"We feel that the acquisition of the Horseshoe property has enhanced the value of stock many fold."

Businesslike Management.

"In summing up this report we take pleasure in being able to endorse the rigid and conservative businesslike management that has been shown in acquiring and prosecution of the work on this property, and it is one of the few mining companies in this that it is actually endeavoring to make every dollar count for the best interests of the investor, and this policy pursued by

Farm machinery: Mc Cormick corn blipper, Champion binder, Champion mower, Peters corn planter with 160 rolls of wire, Canton lister nearly new,

this company will make this property one of the best dividend payers in the mining industry."

The above quotations are from the exhaustive report upon the King Solomon Tunnel and Development Company's properties by Consulting Engineers, Dumbleton and Sanderson.

Mr. H. S. Sanderson, United States Deputy Mineral Surveyor has spent many weeks in an official capacity upon our properties during 1906, and has combined his report with that of Mining Engineer Wm. T. Dumbleton, who has recently made a thorough examination of our property for the protection of our investors.

Mr. Sanderson, besides being United States Deputy Mineral Surveyor, is also a graduate Mining Engineer from several prominent institutions, with ten years experience in his work in the mineral bearing section of the state of Colorado.

Our experience with him shows him to be very conscientious and extremely conservative. Perhaps no better endorsement can be given Mr. Sanderson than to state that he is in the constant employ of a number of the largest mining companies in Colorado to supervise and check up their work.

Mr. Wm. T. Dumbleton is an English Mining Engineer, with fifteen years experience. He is an independent Engineer and, as will be seen by the letter from President Felix J. Woodward, of the Republic Mines Company, he has the rare faculty of being able to tell a good mine from a poor one, and is, without, true to his convictions in making his reports. He is located in Denver, Colorado, where he has resided for some time in the work of his profession. Since he made the examination of the King Solomon Tunnel and Development Company's property, he has been employed to examine an Oregon mine for a Syndicate in London, England, to report to them in person as soon as he has made his examination. He refers with permission to:

George S. Redd, with Redd G. Stidger, Attorneys, 504 Kittredge Bldg., Denver, Colorado.

L. G. Stark, Attorney-at-Law, 206 Kittredge Bldg., Denver, Colorado.

G. W. Logan, Manager of the Hook Hooking Mine, Park County, Colorado, 502 Mining Exchange Bldg., Denver, Colorado.

J. Stanley Edwards, Mgr. Aetna Life Insurance Co., McPhoe Bldg., Denver, Colorado.

Almaden Mines Co., Denver, Colorado.

Republic Mines Co., Denver, Colorado.

N. D. Fraser, Esq., of the Chicago Portland Cement Company, 108 La Salle St., Chicago, Ill.

Alexander Tourney, Esq., Mining man and Capitalist, Thames Chamber, London, England.

The report is a very exhaustive one and covers every detail that can be desired by investors. While it is necessarily full of technicalities, the language is so clear that any one can grasp the thought. It will be readily seen that our former statements regarding our properties are more than verified, and that the plan heretofore advocated by the officers of our company is heartily endorsed. In accordance with the custom of these engineers, if they found any weak points, they did not fail to include them in the report which only makes it stronger in the minds of thinking men. No man has any business which is perfect in every way, and if he cannot see some points wherein it could be made better, others can. It is, therefore, no discredit to our company that it should not be perfect in every detail, and we are grateful to these gentlemen for their recommendations. The Board of Directors will of course accept or reject them according to their decision after careful deliberation.

Upon the first reading of the report, some may feel slightly disappointed. This arises partly from its length and partly because it is so minute in its description of the properties. A second reading will do away with this feeling of disappointment where it exists. A third reading will make you enthusiastic—or a careful reading and digestion of it will have the same result.

We do not see how any stockholder can read and digest the report without valuing his stock much more highly than he has ever done before, and desiring to increase it to his utmost ability. Nor do we see how any investor who is not yet a stock holder can refrain from sending his subscription at the earliest possible moment.

The report covers the following points: 1. Geography. 2. Surface Improvements. 3. History. 4. Geology. 5. Flacora. 6. Underground Development Work. 7. Surface Work. 8. Ore in sight. 9. Estimated Cost of the Extraction of Ore. 10. Water Power and Tests. 11. Patents and Litigation. 12. Prospective Values. 13. Recommendations. 14. Conclusion. The full text is given herewith:
