The Fortnightly club met with Mrs.
A. B. Davis Tuesday evening and en-
joyed one of the club's "good times."

four ladies being present. Mrs. Kate
won the prize and Mrs. Henry Bush the

The Monday club ladies gave Mrs.
Cunningham a surprise in the way of
an elaborate supper and all the et
ceteras last evening as they wanted
her to have one last good time before
her dreary stretch of Idaho wilderness.
They also presented her with a small
souvenir.

The exercises at the Pres. church
on Sunday morning passed off finely
notwithstanding the rain, the children
in the primary class deserve special
mention as also Miss Harriet Willour
who has a very sweet voice as was
plainly shown in the solo she rendered.

Normal Notes.

Term examinations are being com-
pleted today to the satisfaction of all
of us.

Ellen Johnson of the '05 class spent
Sunday with friends. Her school in
Knox county has just closed

Several students will spend Satur-
day and Sunday with home folks.
They will return ready for class work
Tuesday morning.

Mr. Vaught of Pilger spent Monday
visiting classes. He made a pleasant
chapel talk. His work in the bank is
pleasant and he will not take up teach-
ing again.

Harrington school board has elected
Miss Emma Tripp of the Scientific
class to the position of intermediate
teacher. She is a great worker and
well prepared for such a place.

A. F. Dugger of the '05 Scientific
spent Saturday and Sunday with his
brother and sister. He was on his
way to his Rock county home from the
state university which he has been at-
tending.

The entertainment by Miss Car-
roll's elocution class Saturday evening
was quite well attended. All were
well pleased with the program Joe
Chicoine won first place; Lois Wilkie
second; Franz Radke third

Mr. N. B. Mack left Monday for
Lake Geneva where he goes as dele-
gate from our Y. M. C. A. to attend a
students' conference for a week's ses-
sion. He went by way of Chicago to
have a visit of a day or two with his
brother.

F. S. LeCron, '05 Teachers, is a candi-
date for county superintendent in
Platte county. He has been very suc-
cessful as principal at Platte Center
for four years and will make a
number one county superintendent.

He is a progressive, judicious school
man who gets the best results in his
school work.

W. F. Richardson is to be principal
of the Pilger school next year. He is
well able to care for the position as he
is one of the very strong young prin-
ciples of the state. The Pilger school
has been fortunate in having a strong
teaching force for several years

Supt. W. E. Miller of Cedar county
is no longer an Alumni bachelor. He
committed matrimony last week. The
lucky lady was Miss Teed of Ponca,
who has been one of Dixon county's
leading teachers for some years. Mr
Miller will spend the next four weeks
teaching in the College. His many
friends extend congratulations.

Miss VanVleck of last year's class
was married Wednesday at Sioux City
to a gentleman from Waterbury, at
which place they will make their
home. This lady was the principal of
the school at Waterbury the past year
and proved successful in two ways.
Her school friends extend best wishes
for pleasure and continued success.

The Y. M. C. A. is planning well
for next year. The officers have been
elected and plans matured for more
productive work in the future. The
officers are: N. B. Mack of Thurston
county president, Arthur Anderson of
Dixon county, vice-president; Mr.
Herrell of Wayne, secretary; Mr. Salsor
of Knox county, treasurer. These are
capable men who will continue in
school another year.

The summer term will open up on
Tuesday morning with all the regu-
lar teachers in their places. Supt.
Marshall of Knox county, Supt. Teed
of Dixon county, and Supt. Miller of
Cedar county, will reinforce the regu-
lar faculty. At the middle of the
term the work of these superinten-
dents will be continued by Supt Stahl
of Cumming county, Supt. Pilger of
Pierce and Supt. Perdue of Madison.
A large number of classes will be or-
ganized and carried through with an
effort to make every minute most
pleasant and profitable for all who at-
tend.

The students' national convention
Saturday was the most successful
thing of the kind the school has ever
had. Prof. Saunby with his parlia-
mentary law class as national commit-
tee, had everything well mapped out.
Each member of the class selected a
state delegation from the student
body. The contests, temporary and
permanent organization and all details
were carried out with the regularity
of a real convention. Temporary or-
ganization took place between 10 and
12 o'clock and convention from 1 to 4
o'clock. Fred Pile was the presiden-
tial nominee.

The West Point Democrat, in writ-
ing of the county meeting of school-
boards, says: "After roll call the chair
introduced Prof. Pile of Wayne (Yor-
mal, who gave one of the best educa-
tional addresses it has been our plea-
sure to listen to for many months. He
spoke of agricultural education, and
pointed out a way of making present-
day education counteract the evils in
society. He stated that nearly three-
fourths of all crimes are committed
between the hours of 2 p. m. Saturday
and 2 a. m. Sunday, and that if some-
thing could be done to prevent the
wrongs committed during this period
of 12 hours by disseminating the right
kind of education and by enlisting the
activities of all in uplifting engage-
ments, the billion dollar cost of taking
care of the evil doers would be greatly
reduced. His address was highly ap-
preciated."

Prof. F. S. Wolf, formerly a member of the College faculty, was married June 2d, at Hawarden, Io., to Miss Mary E. McLaughlin. Prof. Wolf has been a resident of Lincoln for the past year. The DEMOCRAT wishes Mr. and Mrs. Wolf many—little howls.

The Mellor block will soon be completed, Orr & Morris expecting to get located in the new building about the middle of July. The new block is a beauty and adds much to the appearance of the city. The second floor, excepting the two front rooms, will be occupied by Dr. Naffziger as a hospital, making a fine suite of rooms for that purpose.

Mr. and Mrs. Ike Walden of Carroll went to Nebraska City this morning for their little daughter who is attending the school for the blind there, the child to spend vacation at home. On their return Dr. Gifford of Omaha will again make an examination of the little girl's eyes, there still being a hope that she may regain her sight in the next few years, her eyes being perfect, blindness being caused by paralysis of the nerves, a condition scarlet fever left her in.

Phil H. Kohl has through his attorney, F. A. Berry, commenced an action in the district court against C. R. Munson and Henry Kellogg for \$2,780, alleged due him as commission on a land sale. The DEMOCRAT understands that the land in question is the 2,780 acres now owned by Chas. Shultze and Mr. Kellogg, the latter having a one-third interest. As the DEMOCRAT is informed Mr. Kohl went to South Dakota, and fixed that end of the deal for the land while Messrs. Munson and Kellogg took Mr. Shultze up and completed the deal, there being a commission of \$3 per acre on the 2,780 acres. Later, Munson refused to pay Mr. Kohl his share of the spoils, hence the suit in court, making Mr. Kellogg also a defendant.

DON'T Let Them Die

Life is too short for any person to waste time trying to raise chickens without chick feed. You will waste time and money if you buy chick feed that is not the right kind. Some merchants sell chick feed because they can buy it cheap and make a good profit, but such feed will not prove satisfactory to anyone raising chickens. We sell chick feed that we have tested for years and we know it will raise a larger percentage of chickens than any other kind. It costs you no more than other kinds. Why not have the best?

Hoskins News

John Wilson Sr., left Tuesday morning for Wessington, South Dakota, where he will visit with his sons Chas. and Benj for a few weeks.

We wonder what a certain "dear little boy" will do since his school marm has left. This "little man's" mother will have her hands full trying to soothe his ruffled plumes.

H. Martio, Frank and Charles Falk, Carl Joehens, August and Fred Fuhrman, Gus Kollath, Ernest Pfeil, Albert Wittenberg and Wm. Gnirk will be connected with the Hoskins telephone exchange in a few days.

Eric Chapman departed the first of the week for New York where he boarded a steamer Wednesday for Sweden. It has been thirty years since Mr. Chapman left there and came to America. He has never been back during this time and will stay long enough to view the scenes of his earlier life.

We understand that J. W. Johnson has traded the Wayne Herald to R. Phillo for a stock of implements at Carroll. It does seem too bad that a proposition like the Herald should be turned into trading stock, and not get into the hands of a competent newspaper man. Elmer Lundberg will preside over the prohib-repub-demo-pop-editorials for a short time at least.

Quite a nervous shock passed over the habitation of our little village Saturday evening. Women locked themselves in their homes; children ran pell-mell in every direction, screaming at the top of their voices; and stalwart men shook and trembled with fear as they passed by. It was Robert Templin and C. W. Anderson, who had lost the down down that tickles when they kissed the hired girl. Some fellow was mean enough to say that Anderson was the wild man from Borneo, and Templin was the fellow who captured him.

"Wayne people who know the family say they are a shiftless outfit." This is what Goldie, of the Nebraska Democrat, winds up his story of the Kneiss murder and suicide with. We wish to correct this statement, as those of the Kneiss families who lived around here were all honest, hard-working farmers, who, although not very well read in the English language, paid their debts and did their work in an excellent manner as to deserve comment. Those "Wayne People" whoever they may be had better come down this way and learn whereof they speak, before making such statements as this, and brother Goldie could furnish the public more reliable information if he would investigate the reliability of such statements. Certainly the grief of such a tragedy is severe enough for the sorrowing relatives, without having such a dirty slur thrown at them at this time.

A. B. Clark and Wm. Lessman will sell 70 head of Scotch and Scotch Topped Shorthorns at Wayne, Nebraska, Wednesday, June 26. See advertisement elsewhere in this issue.

Marsteller & Peterson

A Strong Letter From Stout.

Editor Democrat: Myself and a friend came into Wayne on Saturday last to transact a little business and take in the sights, and being a little thirsty, after such a long dry spell, we stepped into one of those jing factories. We were met at the bar by one of the booze dispensers, with a smile on his face as of old; we ordered two bowls of the goods that made Milwaukee famous, and to my surprise the bartender flatly refused to deliver the goods (that is to me). I did not ask for any explanations but left the place. After going out on the street, I met an old pal of mine and of course I told him of my experience. "Oh, that's nothing," said he; "I'm on the same train." "Very well, then," said I, "you and I can drink together." Now to say that I was surprised would be putting it very mildly; I was actually astonished. Me, being perfectly sober, and coin in my jeans to pay for the goods. I have been refused drinks more than once in those places when intoxicated, but never before when sober. I also met a business man, in conversation with him he told me that a few of those prohibition fanatics that had run a little shy of business of their own to attend to, had started out to make themselves obnoxious to the community. This man Munson, who seems to be the head push of the Munson-Gossard-Gamble combination, was pointed out to me on the street. At the time he had quite a group of the same production around him, all with their mouths open swallowing everything that he was dishing out. Well, I sized him up that he was just about the make-up I expected to see. I would judge that he wears a No. 2 hat and No. 10 shoe. Now, in all respect to Mr. Munson, I am told that he is a devout man, one that gives alms to the poor, and one that prays to God always. I believe there is just such a man as that spoken of in the New Testament, but still there was something lacking yet before he could enter the Kingdom of Heaven. Now, me getting back to the booze question we are thankful that we are so constituted that we can get along without it, and our business matters are in such shape that we can go where the Munson-Gossard-Gamble combination has no branch office. One more word before we close, and that is, I have never yet met a prohibition fanatic or a fanatic on any liberal question, that in my estimation, was properly balanced, and I think if they will trace their ancestry back they will find that they are direct descendants of the Darwin theory. Wishing the saloon men all the good luck they need in their business, I am Respectfully yours, CHAS. W. STOUT, Ex-Middle Weight Champion Boozie Fighter of Nebraska.

City Council Doings.

Not much business was transacted by the city duds Monday night. Perhaps it was because Thomas and Munson were present, and their unwelcome company gave everybody that tired, disgusting sensation of having something on the stomach that a fellow naturally feels like, "puking up." Such scant courtesy was shown the two expurgators of Clerk Witter's "vicious" liquors, that Bre'r Thomas actually appeared to feel ashamed of himself, and finally appealed to Mayor Ley to table the "steenth Munson-Gossard package until a later date, just what the council should have done, or had done before the request was made. Messrs Fisher, Philo, Brown and Lundburg were present with a petition asking that a water main be laid west from the standpipe, a large number of residents of that part of town being anxious to take water. Mr. Fisher explained that aside from the water rentals the extension of the water district as requested meant at least \$40 per annum added to the water taxes; a number of these outside property holders, west of Main and north of 6th streets, being now patrons of the water plant. The improvement will cost about \$500, and as it is also necessary to get water to Bressler's park, it will probably be put in this summer. The proposition was referred to the water committee. Street Commissioner Benshoof was present and reported that he had only secured service on ten out of some twenty students who voted here last spring, the rest evidently having again changed their residence. Three

of the ten claimed exemption on poll tax because they belonged to the state militia at Statton, but the council will probably demand more proof than their word for it. One of the seven paid, and the rest having neither paid nor worked will probably hear something "drap" very shortly as the matter was referred to the city attorney. Probably another year the students who want to vote will get notice to work a poll tax before their ballot has been counted. The following bills were allowed:

J. B. Armstrong, coal,	\$124.75
H. S. Ringland, ft. and express,	84.84
A. T. Witter, postage,	1.75
R. H. James, reporting,	5.00

The firm plans to finish 3,000 machines for next year's business, and advertise in 400 of the leading magazines. If the results are what are expected next season, a planing mill will be built here and all the work on the machines done a year later, the output being estimated at 5,000 machines to make such a move practical and profitable. The X-Ray promises big business for Wayne as well as its promoters.

Hobart M. Gable Piano Character

Character is as essential in a first-class piano as in a first-class man. The difference is in kind and not in degree. In its relation to the Piano, character means tone, the soul of the instrument; the one trait that gives it a distinct individuality. To win lasting approbation a piano must have this sort of character. If the tone be musical and sympathetic the effect is enduring because it appeals to an aesthetic sense that never tires of beauty in sound.

A good library would mean more to Norfolk than any other institution available at this time. - News.

Why not make 'em all read the News?

One of the most amusing features of life in Wayne is to watch some addlepated cuss who can't pay his petty accounts around town, trying to reform honest people.

The cat has escaped! It is now quietly whispered about that Senator Burkett used his frank in advertising his private business just to get his private business advertised. The senator is cute, he knew all those long-winded announcements of his speaking dates would drop into Nebraska's waste baskets - if there were no spectacular strings attached to arouse the ire of the dems and dimopps.

Those two Kansas preachers who went into a little burg in that state for the purpose of buying liquor and informing on some saloonkeepers, got just what such long-nosed, pestiferous parties need. The townspeople threw them into jail - for unlawfully buying booze, and when they got out the saloonmen pounded them up so they will need a few weeks vacation in the "informing branch of the ministry." There certainly should be an "unwritten law" to fit such mis-fits of humanity.

Britt Tribune: "When we were a boy we used to go to mill and if we did not want to wait for the grist we could exchange five bushels of wheat for a barrel of flour and get the bran and shorts for five bushels. The miller took one-seventh for toll. Today you can't get a barrel of flour for six bushels of wheat and yet the claim is made that the roller process gets a larger per cent of the flour than the old millstones did. There is no shorts to speak of and the bran is about as good for feeding as pine shavings. The old-time millers were sometimes called dishonest, but they must be bright and shining angels now if that is the only charge against them, in comparison with the modern miller. He takes the grist, gives the farmer the toll and sells the bran for breakfast food."

West Point Democrat: The stork visited recently homes of Editors Richmond of the Fremont Herald, Green of the Creighton Liberal and Goldie of the

Wayne Democrat. Their editorials run largely to the proper care of infants, the true value of Mellin's food, paragon etc., ethics of the nursery and what to do in the time of colic. Men who have fought republican rule, trusts, monopolies and other monsters successfully are now vanquished by the sight of a little pink and white object, whom only parents can see the embryo of greatness. The editorial sanctums are deserted, men who have moved thousands with their words of fire, who have spoken to vast assemblages, who have been looked upon as the foremost men of their day now speak in softest whispers lest the tiny bit of humanity, whom papa fondly takes for a walk between 1 and 4 a. m., see fit to test his vocal ability more thoroughly. Pens that have been dipped in vitriol are now massaged with the essence of clover blossoms, cows' milk and sweet cream. Verily, the king of Spain and the platter prince are not the whole works.

Another one of those affairs called "trial by jury" was pulled off in police court Tuesday, Herman Mildner being on the grill. As in the other cases brought before this member of the anti saloon league, defendant was refused a change of venue, and was compelled to stand trial before a jury of the court's selection. A city official who listened to the trial says it "was on the square," every objection made by Wilbur and Thomas for the prosecution being sustained, and all objections by Atty. Berry for the defense being over-ruled. The defense was refused the introduction of much material evidence, Atty. Berry not being allowed to even cite supreme court decisions in support of his construction of the law, as against the statements of the county attorney. There was the usual audience of ladies present, and some gentlemen standing all day who never were known to work that hard for a living.

Mrs. A. Carson of Bloomfield was here this week to attend the wedding of her sister, Miss Louise Baker.

That June wedding will not be in perfect taste unless you get some of the DEMOCRAT's tasty stationery.

Wayne is in for a quiet spell, no doubt. People have "fought and bled" for so long a time that all they want now is absolute rest - until corn-picking season.

Only about a dozen new readers on the DEMOCRAT's list this week.

Mrs. Dan Harrington is entertaining her Sunday school class of little folks this afternoon.

Mrs. E. Cunningham and her mother leave soon for Idaho.

Baker-Thompson.

A very pretty wedding occurred Wednesday, June 12th, 1907, where Rev. Father Kearnes of the Catholic church united Mr. Neal Thompson and Miss Louise Baker in lawful marriage. The bride was attended by her sister, Miss Gertrude Baker, and the groom by his brother, Mr. James Thompson. The bride wore a beautiful gown of white satin, trimmed with baby Irish lace, and carried a lovely bouquet of bride's roses. The groom wore the ordinary black. Following the ceremony an elaborate

four-course dinner was served at the home of the bride.

Only the close relatives of the contracting parties witnessed the affair. The bride is the accomplished daughter of Mr. and Mrs. Wendel Baker, residing two and one half miles southwest of Wayne. The groom is one of Wayne county's most prosperous young farmers and in every way worthy of his beautiful bride. The young couple are going to house keeping on the groom's farm, four miles southeast of Wayne.

BY DAD

A ton of black diamonds would make a useful gift for these June brides.

Maybe it could be made easy to live a hundred years, but—well, don't you know a few you would hate to see living so long.

Better be saving up your money to buy heavy underclothing next fall. You know there isn't very much left of the old ones.

Oh, yes, the street sprinkler man will be around to collect his bill just the same, even if his side partner does do most of the work.

"Where do you women put your money?" recently asked a lecturer of his audience. But he didn't insist on getting an answer and didn't say that he was from Missouri.

Aren't you glad you bought a straw hat last year. You would hate like h—l to blow in \$2.50 for one now, just as it is coming time to be making a contract for your winter's supply of coal.

Princess Margareta, wife of Prince Gustavus Adolphus, son of the crown prince of Sweden, on Friday gave birth to a son, the future heir to the throne of Sweden. The dispatches do not say anything about a "splendid brunette of 23" getting mixed in the deal.

"Instead of running an excursion train out to meet people in outside towns, why wouldn't it be a good scheme for Norfolk merchants to run an excursion train in and give people a chance to see Norfolk?"—Norfolk Press. Yep! We are all aching for that kind of a chance!

A man and his wife visited the doctor's office the other day to get the doctor to prescribe for the woman.

"At a glance," said the doctor, "I can see you are all run down. Let me see your tongue."

"Heavens!" exclaimed the husband, "no use to look at her tongue. I know mighty well that it haint run down!"

"Yes," says one of those tantalizing republican joshers, "the democrats are going to run John Soules for sheriff next fall!" "And if the democrats keep up their present run of luck he'll be elected, too," chimed in another Rooseveltian. "Well," said the only sad-eyed democrat mournfully, "we've elected cheaper stuff on our ticket, with your help, and only within the past year at that!"

The DEMOCRAT can't afford to send a receipt by mail to every subscriber who sends a dollar for a year's subscription. The two cent stamp and stationery necessary would eat up about all the profits. If some of you people who owe from three to fifteen years will send the epistolix to liquidate the indebtedness, the whole force will be pleased to jump onto a stamp and lick all the gum off'n it.

The Norfolk Daily News has a piano contest on and will "give away a \$300 piano, August 31st." Somehow, by dad, it would appear to us that the News is too good a paper to take up with such a scheme as a "piano contest" as there are always several readers for each copy received at the Wayne postoffice, but if there are any pretty girls in Wayne here's a chance for them to get a piano for nothing.

Walt Cook also had "a package" given him. Walt has been janitor at the M. E. church for some years, and during the city campaign fought his darndest, believing the prohibition leaders would be able to make him street commissioner. Walt not only lost out on election, but recently got his number "23" from the church people. Ami Lewis getting the job of janitor. Walt would like to be street commissioner now, and would no doubt also agree to be a high-license man, but we fear he was too late in "reforming."

If the prohibitory liquor law fails in many things, says the Cherokee Democrat, it certainly succeeds in developing a lot of dirty cowards, sneaks and informers. Some of them have gall enough to appear on the streets and try to associate with decent people, who roast them as their backs are turned. They haven't got brains enough to know that they are injuring the very man they think they are protecting. Dirty as they are they try to put the dirty work on the shoulders of others, and sometimes succeed because infamous laws, enacted by the same class of critters, give them the power.

A young married lady one morning gave her husband a sealed letter which was to read when he got to the office. He did so, and the letter ran as follows: "I am obliged to tell you something that may give you pain, but there is no help for it. You shall know everything, whatever the consequences. For the last week I have felt that it must come to this, but I have waited until the last extremity, and can remain silent no longer. Do not overwhelm me with bitter reproach, for you will have to put up with your share of the trouble as well as myself."

Cold perspiration stood in big drops on the brow of the husband, who was prepared for the worst. Trembling he read on:

"Our coal is all gone. Please order a ton to be sent this afternoon. I thought you might forget it for the tenth time, and therefore wrote you this letter."

But he didn't forget that time.

Rev. S. R. Beatty, a Sioux City divine, on Sunday last preached on "Crimes of the Tongue" and paid particular attention to tattling. He told these truths: "More strife is stirred up by tattling slander and exaggeration than in any other way. We all know people who tattle incessantly, whose tongues never seem to weary, who are familiar with all the domestic accidents, the petty quarrels and shortcomings of all their neighbors. They have no evil designs and do not intend to

harm anyone's reputation or to hurt their neighbor's feelings but they betray their neighbor's confidence and publish their friends' secrets, stirring up strife and causing wounds. It is almost impossible that a tattler should be free from circulating falsehood, and this surely is a crime to those con-

cerned." Manson Democrat: The new dumping ground fills a long-felt want. It will be the last resting place of many a loathsome collection of garbage and other filth that has sizzled and smelled around town for many a day. How nice it would be if the dumping ground

could be used for a few of the human nuisances around town—people who have either outlived their usefulness, or else were never of any use whatever—the fotsam of the village, loafers, liars, scandal-mongers, meddlers, deadbeats, petty thieves, knockers, booze-fighters, cranks, and all that conglomeration al-

ways so active and so annoying. Take them out to the dumping ground and throw them there with the balance of the refuse, without mark, murmur or memorial.

It might strike some taxpayers as a little peculiar that our county attorney couldn't take care of the police court business, but he evidently wasn't cut out for such light work.

The DEMOCRAT understands that Mr. Thomas' next appearance will be before the city council Monday evening, June 24th, when he will ask that accommodations be provided to revoke Peter Thompson's saloon license.
Chas Nies returned home Tuesday from a trip to South Dakota.
