JONES' BOOKSTORE

Made His "Mark" Too Low.

The following from last Saturday evening's Sioux City Tribune will be interesting to friends of P. J. Coleman, who has been visiting hereabouts the past month:

Arriving at Everett, Wash., fifteen years ago, with 15 cents in his pocket, with which he purchased buns for his week's rations, O. J. Coleman, a graduate of the law department of the University of South Dakota, arrived in Sioux City today worth at least a quarter of a million dollars.

Mr. Coleman left this afternoon for Elk Point, S. D., to visit relatives of his wife, and from there he will go to visit relatives at Wayne, Neb., returning to Sioux City before continuing his journey home, where he is the senior member of the law firm of Coleman & Fogarty.

It was the Sabbath day when Mr. Coleman arrived in the sparsely settled town of Everett, in the fall of '92, and with only 15 cents to his name he was in a quandary as to where his next meal was coming from. Going to the only general store in the town he purchased 10 cents worth of buns, and walking up the railroad track a short distance he sat down and partook of his princely feast the next day. Monday, he spent his last nickel for some more of the buns, going to the same luncheon place.

That place is surrounded with sentiment for Mr. Coleman and as soon as he accumulated a little money he purchased it, and today he owns the land all around the spot where he ate his first meal in the town of Everett. The first few months were a hard fight for the young attorney, but he persevered, finally securing a lucrative practice. He began his career as a friend of the people, several times turning down offers to represent large corporations, and to this he attributes much of his success. The money he made he put into land, which rapidly increased in value.

Speaking to a friend he said that he placed his first mark at \$40,000, and reached it in five years. Then he increased it to \$100,000 which he made in a few succeeding years. Now he doesn't even make a mark, and when asked if he had passed the \$150,000 he just smiled.

The wealthy westerner is well known to a number of Sioux Cityans who attended the South Dakota University at the same time.

Normal Notes.

Mrs. McDonald of Lyons, visited last week with her daughter for a few days.

Grace Ellis, Scientific '06, was visiting friends on the hill on Thursday of last week. Miss Ellis taught in Stanton county the past year and met with marked success in her work.

The state Examination for certificates was held at the College on Friday and Saturday of last week. About seventy five took the examinations. A number of students also wrote on the examinations at the Court House.

Co-Supt. Miller, Teed and Marshall, who are assisting with the work this term, spent the time from Thursday until Monday at their homes. Their presence at the county seats was necessary in order that they might conduct the examinations.

The play given in the Auditorium Saturday evening for the benefit of the base-ball team was a success in every way. A good crowd was in attendance and all enjoyed the evening's entertainment. A neat sum was added to the treasury of the Base-ball Club.

John Sletten of last year's Professional Class goes to St. Helena next year as principal of the school at that place. Mr. Sletten is a very deserving young man and all are pleased to see the progress he is making. A number of the members of the Alumni Association have been elected to better positions for next year.

A Principal's Club was organized Monday evening. This is a club composed of city superintendents, Principals of high schools and eighth grade teachers. They will meet once each week and discuss some topic of interest to school people.

The young ladies who play basket-ball met last week and elected Miss Julia Davis of Emerson, manager of the Association for this term. Three teams were organized and it will probably be necessary to organize a fourth in order to accommodate all those who wish to play.

The vocal music class meets three times a week in the Auditorium. On account of the number enrolled in the class, it was found necessary to take it to this room. The class takes a great deal of interest in the work as set forth by Mrs. Moler, who has charge of all the vocal music this term.

The four o'clock period each day has been set aside for a talk to be given either by some member of the faculty or by some prominent school men out in the state. The meetings are well attended and a great deal of good should result from them. The Saturday talks will be continued this term as they have been all year.

A letter from Mr. and Mrs. C. H. Bright to Pres. Fife indicates that they will start for home next April. They were just returning to their work at San Isidro after a month's vacation which was spent in visiting various places of interest in the Islands. They met Mr. Meinke who was a student here,

for some time, and who is now engaged in teaching in the Philippines.

At a meeting of the Tennis Club held last week, the schedule was made for this term. There are forty-seven enrolled in the club, consequently the courts are in use the greater part of the day. It is gratifying to see the interest manifested by the students in the various branches of athletics for it shows that young people realize the fact that study, without the proper amount of exercise, is not beneficial.

A number of members of the Alumni Association are in school this summer and some will continue next year and complete some of the higher courses. Among those now in school are the following: Messrs. Rohn, Peters, A. V. Johnson, James Simonin, Burnett Wright, McGee; Misses Bruner, Leslie, Jeffrey, Ellen Johnson, Bea Murphy, Lydia Page, Patterson, Pilger, Fay Campbell, Julia Davis, Anna Brachman and Jennie Vennerberg.

Letter From Steve Russell.

Lakeside, Wash., June 18th, 1907.
 Dear Goldie:—I enclose herewith the necessary for a continuation of the Democrat. We are having quite a gold excitement on the Chelan Butte just south of our town. Some very rich strikes have been made and gold is being found in many places on the Butte. Assays have been made that run all the way from \$13.00 to \$330.00 per ton. The whole Butte is staked and camps are being established every day. There will be some shipments made this week and when we get returns will know more about it. There are mining men here from Cripple

Creek, Goldfields and also from Alaska, and these men say that it is looking good. I hope that the old wart will become a famous mining camp and that it will make all rich who have staked claims.

I have seen a great many pieces of rich bearing quartz and while I do not understand much about formations I am forced to believe that "Gold is wherever you find it." Prospects for a railroad are growing brighter and we hope to be linked with Jim Hill's main line in the near future.

Jim also owns the great water power here now and will in all probability improve and harness the power for use in operating a portion of his system through the Cascades.

Wishing you and all friends well, I remain, Yours truly,
 S. B. RUSSELL.

Bloomfield Journal: W. H. Thies, from near Wisner, passed through the town with his prairie schooner, enroute to Gregory, S. D., Tuesday evening, and camped north of town. During the evening he provided himself with a jug of firewater imbibed of it so freely that towards morning he was seized with snakes, and wandering into town soon awakened the people on south Bazile with his screams and howls. He was put into the cooler and by morning was sobered up enough to continue his trip. His partner explained to the marshal that such "spells" are a very common affair with Thies.

NERVOUS COLLAPSE

IS OFTEN PREVENTED BY DR. WILLIAMS' PINK PILLS.

Taken When the First Warning Symptoms Are Noticed Much Needless Suffering May Be Saved.

Are you troubled with pallor, loss of spirits, waves of heat passing over the body, shortness of breath after slight exertion, peculiar aching in the heart, beat, poor digestion, cold extremities or a feeling of weight and fullness? Do not make the mistake of thinking that those are diseases in themselves and be satisfied with temporary relief.

This is the way the nerves give warning that they are breaking down. It simply means that the blood has become impure and cannot carry enough nourishment to the nerves to keep them healthy and able to do their work.

Rest, and a few times give the needed relief. The tonic treatment by Dr. Williams' Pink Pills, however, prevents the final breakdown of the nerves and the more serious ailments which follow because the pills act directly upon the impure blood, making it rich, red and pure.

Mrs. E. C. Bradley, of 103 Parsells avenue, Rochester.

"I was never very healthy and some years ago, when in a run-down condition, I suffered from a nervous shock, caused by the death of my mother, which was so great that I was unable to work."

"I was just weak, low-spirited and nervous. I could hardly walk and could not bear the least noise. My appetite was poor and I was unable to go back to work. I felt sick and as though I had never been well."

"Dr. Williams' Pink Pills are invaluable in such diseases as rheumatism, after-effects of the grip and influenza, St. Vitus' dance and other partial paralysis and locomotor ataxia."

"Dr. Williams' Pink Pills are sold by druggists, or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams' Medical Company, Schenectady, N. Y."

PROUSE REARED IN CAPTIVITY

The Covers of Massachusetts to Be Restocked With Partridges.

Every sportsman in Massachusetts and every bird hunter in the country owns Prof. C. H. Hodge of Clark university, Worcester, is to thank for his deep interest in the rearing of partridges, or ruffed grouse, in captivity.

Prof. Hodge is the only known person to have succeeded in the difficult task. Prof. Hodge's experiments have been conducted for a period of four years, and as a result of his work, he has been able to breed and rear in confinement, notwithstanding the many failures reported heretofore.

The work was conducted by Prof. Hodge during the many months of February followed by repeated frost, but by constant persistence he has at last succeeded and his work has been crowned with success.

Prof. Hodge undertook the work as an experiment to see what could be done toward restocking the covers of Massachusetts with the species which is so favorite among birds, which to all appearance is fast becoming extinct. Prof. Hodge was able to rear young partridges for several weeks, but the experiment was abandoned because of the fact that the birds were unable to stand the cold and died as fast as they had been reared.

By close study of the cause of the mortality among the birds was discovered and the remedy applied. As a result, Prof. Hodge is now able to show several healthy partridges reared from the egg. The birds are reared in the same manner as those taken from the nest in the wild. Prof. Hodge has still further demonstrated the fact that the birds are reared from the eggs taken from birds held in captivity.

It is the intention of Prof. Hodge to go into the woods on a much larger scale this spring.

Prof. Hodge's experiments will be watched with interest by every sportsman in the country, but more especially by the Massachusetts fish and game commission, which has granted the privilege of the work and who intend to take up the work as a means of restocking.

If the rearing of partridge in captivity can be done there will be no fear in the future of the partridge becoming extinct, and the problem which has been confronting the state for so long will be solved.

Washington, Special: Armed Confederate veterans marched down Pennsylvania avenue, in Washington, stamped through the corridors of the capitol and stacked their arms against the very door of the executive office of President Roosevelt. They grasped hands in friendship with the successor of Abraham Lincoln

and assured the chief executive that when he was in need of rough riders they stood ready to enlist. This is an unprecedented occurrence in the history of the national capital. Never before were Confederate soldiers, or any other soldiers who had borne arms against the government, granted the privilege of entering its streets fully equipped and bearing arms as would a victorious army returning from the field of bat-

tle. Never before were once hostile arms carried by the men who wielded them against its very White House and the capitol. This is a special dispensation necessary, and on the request of Representative John Wesley Gilmore, of Tennessee, this was granted by a special order issued by the district commissioner and signed by Commissioner West, acting president of that board.

Then he looked at the clock, which told the hour of 10, and resumed reading. In another half hour he threw down the paper and demanded: "Well, where the devil is he this morning?"

"Here he is," the controller smilingly answered. "The staff below the clock is the first time in many a year, blushed like a young man and got down to business with the remark: 'Say! Did you ever see a man make such a fool of himself?'"

"For Money Purely," said a composer, "I have succeeded in the fact that he produced opera solely from business, never from the musical or artistic standpoint."

"Frank wasn't it? Most men in his line used his method, but hypocritically, pretended to be artists."

"In our discussion, said that he went to music as a certain performer went at perfumes—not with the primary object of making money, but with the idea of producing something novel, bizarre, profitable."

"This performer," he explained, said one day to a friend: "I have a new perfume. It is called 'The Girl Who Went to the Moon.' It is a perfume that smells just like gasoline."

"But," said his friend, "I don't care for it. It is a perfume that smells just like gasoline. It is a perfume that smells just like gasoline. It is a perfume that smells just like gasoline."

REASON FOR MARRYING

From St. Louis, Mo. (Special).

A recent authority on love said: "The reason why a man marries is because he is lonely and he wants to be loved. The reason why a woman marries is because she is lonely and she wants to be loved."

"Love has no reason, nor does it listen to reason. It is to be doubted if the human mind can ever give a reason for love. Love is a mystery, and it is a mystery that cannot be explained."

"A woman marries because she has a longing for love, and she is lonely. She is lonely because she is lonely, and she is lonely because she is lonely. She is lonely because she is lonely, and she is lonely because she is lonely."

"A woman marries because she has a longing for love, and she is lonely. She is lonely because she is lonely, and she is lonely because she is lonely. She is lonely because she is lonely, and she is lonely because she is lonely."

"The Prize Peacock of the Zoo Makes Fatal Visit to a Wolf's Pen."

"Billy, the prize peacock of the Bronx zoological garden, foolishly flew into the paddock of Dick, a vicious Tasmanian wolf, Thursday afternoon."

"Dick, who is a newcomer at the zoo and acts anything from a belt buckle to a snoring hat, Billy was his first acquaintance. Billy was speaking acquaintance with all the other wolves and carnivorous beasts in Bronx park, and it was inferred by the keepers that it was for the purpose of charming Dick that he fluttered down in his pen."

"Dick's feathers, the only remnant of the handsome bird, are kept as souvenirs. Six hundred Sunday school children, who were talking in the park on Tuesday, saw the birds and animals, and Mr. Field is invariably their custodian."

"Field approached Billy, who was sleeping in his pen. Billy was in a state of wakefulness. After looking the children over carefully, the plumed bird rose into the air and made a bee line for the paddock in his pen."

"Not having eaten for half an hour, he welcomed Dick and proceeded in a friendly way. Billy was a fighter, and he submitted peacefully to the program prepared by the wolf. The children saw that the wolf was a fighter, and they submitted peacefully to the program prepared by the wolf."

"Billy was a fighter, and he submitted peacefully to the program prepared by the wolf. The children saw that the wolf was a fighter, and they submitted peacefully to the program prepared by the wolf."

One of the Leading Mining Engineers of Denver Says:

"Let me congratulate you on what I consider a sure thing; that is the prospect and possibility of opening one of the richest deposits in the state."

From United States Deputy Mineral Surveyor:

The present policy of the King Solomon T. & D. Co. pursued will make the company one of the best dividend payers in the mining industry."

Greater Than Expected:

Another one says: "After visiting the property I was surprised to find the King Solomon greater than I expected."

Western Trade Journal of Chicago Says:

"The Herculean efforts of the management of the King Solomon T. & D. Co., backed up by rich properties, are bearing highly gratifying results."

From one of our Enterprising Farmers,

Who visited the Property: "I have no hesitancy in recommending it and I would be pleased to have my friends make a thorough investigation for their own satisfaction. I believe it will make them more money than any investment they can make."

A Leading Banker and Heavy Stockholder Says:

"It is difficult to conceive the amount of ore that is possible to be uncovered by the extension of the tunnel."

One of our Leading Merchants adds his Testimony

in these words: "There is no question about there being sufficient quantities of ore. Another fact that gives me great faith in the company is that the management is composed of fair, honest men of sterling business qualities in whom I have every confidence."

I might add the testimony of scores of others, all of which are on file at my office and can be seen at any time, but time and space will not permit.

It is endorsed by the leading men everywhere and they are buying more stock than ever before. The new plant of machinery is now running and development will be rapid.

Yours for Business,
O. A. KING, General Manager.

Grier-Durand

At high-noon, Wednesday, June 26, 1907, at the home of the bride's parents, Mr. and Mrs. Adam Grier, the wedding of their daughter Ella to Mr. Thos. E. Durand was performed by Dr. Hedding of the Presbyterian church. Only the relatives and a few friends witnessed the ceremony and immediately following a delicious wedding dinner was served. The bride is a handsome and accomplished Wayne county girl, born and bred, and one of our most capable teachers. Her friends grant she is deserving of the "best husband" that she got. They will visit a few days and then go to the groom's farm northwest of Bloomfield to reside.

Edgar Howard, in Columbus Telegram: "One of the few really great lawyers of Nebraska paid me a magnificent compliment the other day. He declared that as a newspaper writer I could pass a fair examination, but that I was at the bottom of the class among lawyers. But somehow he could not understand why I was so pleased with his statement. He had been on a vacation, and had failed to read the official statistics which show that in all the penitentiaries in all the states, not one editor is confined, while the smart lawyers now wearing stripes number up close to the preachers."

Last Thursday Miss Nellie Lauman, who was to have been married yesterday to J. Earl Sweet, was taken seriously ill. Dr. Williams attended her and other local physicians were called in for consultation. Saturday Dr. Knott of Sioux City came up to see the young woman and Monday morning she was taken to a hospital at Sioux City for an operation. News from Sioux City today is that Miss Lauman had an operation Tuesday and is doing fairly well, although little hope was given here by the doctors for her recovery.

Always remember to call up 289 if you want to make a date—meat her, of course.

Was a Magnificent Sale.

The Clark-Lessman sale held yesterday was the most successful Shorthorn sale ever held in Northeast Nebraska. Breeders were here from all over the country, and while local buyers say the stuff went high, Iowa parties and others claim it sold cheap considering the breeding and quality. The average price is over \$101 per head; by number as follows:

The Racket

Where to Celebrate The 4th!

It is the duty of every American citizen to observe the Nation's birthday. At no time in our experience have the people been more prosperous, and as we are at peace with the world let us all celebrate this 4th of July in a glorious manner. Where to go is the question? We believe there ought to be one place in every county where people can get together on that glorious day.

Winside we understand has made ample arrangements to entertain the crowd, and no doubt will have, as she deserves to have, the greater part of the citizens of Wayne county. Of course there will be some private picnics, but wherever you celebrate the 4th it is necessary for you to have the proper clothing to make you comfortable and look as you desire to look.

We Know How

to rig you up for the occasion and you will get more than double enjoyment; your friends will brighten up at your appearance, and it is your duty to look as well as you can, so don't think of trying to enjoy yourself in an old suit. If you buy your clothing here you will get stylish clothing and will save enough money to pay all necessary expenses on the 4th

At Winside

and not only that, but you will get better clothing here. If you want extra good things to wear you will find them here. Our stock is large and complete in everything that is stylish. You will find what you want here, and the prices are lower than elsewhere, and ONE PRICE TO ALL. With each 50c cash purchase in our boys' and children's department we will give a bunch of firecrackers free, until the night of July 3d.

EGGS SAME AS CASH.

Winside News.

Winside will be the only town in Wayne county that will celebrate.

That ball game the Fourth will be hotly contested and well worth coming many miles to see.

Mrs. C. E. Shaw has been suffering from blood poisoning this week, which was caused by being speared on the finger by a fish several weeks ago.

One of Nebraska's greatest orators will deliver an address here the Fourth. He is none other than Hon. J. J. McAllister of Dakota City.

Only two weeks from today is the glorious 4th. Come and roll in the grass, shaded and cool, in the prettiest little park that exists anywhere.

A. C. Goitz is in Laurel this week getting ready to build a fine residence in that sleepy little town. This means that Winside will soon lose the Goitz family and Laurel the gainer that much.

The Tribune cordially congratulates Mr. and Mrs. Jack Dunn over the safe birth of a new daughter' she arriving early Monday morning. Mother and daughter are doing well but Jack recovers slowly.

Miss Anna Jensen assisted in the Tribune office the first of the week. If Anna sings grammar and "figgers" down at the College with the speed and accuracy that she does type, it won't take her long to get her diploma.

Secretary of War Taft passed through Winside Saturday evening on his way to the Black Hills. He seemed well and entirely free from that stomach ache and the political situation throw in South Dakota gave him. While here he expressed grief that business duties prevented him from stopping over to at-

tending our great big 4th.

The cucumber bug has arrived and is getting in his deadly work. Last year Chase Shaw used calomel with fine effect. It stung the bugs and their teeth dropped out, so they could not bite the plant any more.

John Dimmel confidentially hinted to the good old man who occasionally lurks around this office that it was probable that he, Dimmel, would have something on tap at his place the 4th. This being settled the town will prepare to receive Bro. Goldie in due pomp and splendor.

The Tribune wishes to deny the rumor that Tucker sat on 'Bill Taft's' knee all the way from Wayne here Sunday evening. Nellor might have sat there between here and Hoskins but Tucker could not get close enough to the big man to occupy that seat of honor on account of the crowd.

When you want a windmill or pump, let us figure on the job for you. **C. W. HISCOX.**

For Sale.

Good 9-room house with 22 acres of land adjoining. Enquire at this office.

Call up 289 for your Sunday meat order.

I want to buy all the old iron in this part of the country, for which I will pay top notch prices. **C. J. RUNDELL.**

Winside will see the biggest crowd of people on the 4th that ever got together in Wayne county.

Get the Sampson' or Goodhue mill at C. W. Hiscox'. They are the best.

Hoage Ranch for Sale.
What is known as the Hoage ranch, of 240 acres, one mile south of La Porte, one of the best farms in North-east Nebraska. When those boozing minors get their big witness fees they'll be too old to serve under the saloon league.
No matter whether Mrs. Kaufman of Sioux Falls is given a new trial or not, or even later acquitted, the death, miserable death, of her servant girl at her hands has been avenged by the verdict of guilty rendered last week. It was a horrible tragedy, in all its loathsome details, and that the rich woman, even though her husband be a millionaire brewer, was convicted in this first trial, should be less than enough for others of her kind.
No wonder, by dad, that County Atty. Wilbur and Police Judge Alter were so frantic and strenuous to stick the saloonmen in Alter's court. F. A. Berry says Alter has a nice bill of costs made out. Young Gossard, for instance, is allowed \$10.00 each in four cases, where he was only a witness in two. Police Judge Alter's docket allows the young witness who has done so much for the league 10 cents per mile mileage from South Sioux City, when the law only grants him five cents, and furthermore, in these cases, would give him nothing as he was subpoenaed here in Wayne. No wonder Wilbur and Alter and Thomas, and the preachers and the Sunday school teachers, etc., took such a deep interest in these cases, and were all tickled in the belief that none of the saloonkeepers could get away from Alter's court! What a nice spectacle these Christians (?) present! How the devil must chuckle with glee over the Wayne Anti-Saloon League, anyway!

Dr. S. A. Knopf, a German scientist, declares that consumption is due to the art of osculation. "Don't kiss anyone on the mouth," he says. Of late every once in a while some scientist bobs up and tells us kissing is dangerous, but there doesn't seem to be any less kissing. There is some truth and a good deal of rot in the assertions of scientists. Anyway, if kissing on the mouth were prohibited there wouldn't be very many oculatory indulgences. Kissing is one of the first things people learn to do when they begin to get brains, and the older some people get the better it seems to taste them.
For the right to kiss we'll all stand firm.
And chew the festive consumption germ.

Used "Knucks" on Him.
Dr. Leisenring was called southeast of Wayne early Monday morning to attend injuries received by Fred Wrobel, at the hands of John Muth. The parties were at a dance at Chas. Meyers' place Sunday evening at which time Wrobel, who is a widower, gave Muth to understand that he, Muth, was to stop teasing a small son of Wrobel's. Later on while going home Wrobel was attacked by Muth on the road, the young man and a son of Chas. Meyers having driven down the road and laid in wait for Wrobel. The first crack the victim got was in the eye, when he got hold of his assailant and could have handled him had not Muth called for young Meyers to help him. Wrobel was then badly beaten up, Dr. Leisenring taking a stitch in two or three of the wounds, and stating there were several cuts through the scalp to the skull, made by a pair of knuckles.
Young Muth and Fritz Meyer appeared before Judge Hunter on Tuesday to answer to charges of assault with intent to commit great bodily injury, the case being continued to Monday, July 2d. Parties tell the DEMOCRAT that Muth has the reputation of being somewhat of a bully in the neighborhood. If he carries brass knuckles he certainly needs some correction.

No matter whether Mrs. Kaufman of Sioux Falls is given a new trial or not, or even later acquitted, the death, miserable death, of her servant girl at her hands has been avenged by the verdict of guilty rendered last week. It was a horrible tragedy, in all its loathsome details, and that the rich woman, even though her husband be a millionaire brewer, was convicted in this first trial, should be less than enough for others of her kind.
No wonder, by dad, that County Atty. Wilbur and Police Judge Alter were so frantic and strenuous to stick the saloonmen in Alter's court. F. A. Berry says Alter has a nice bill of costs made out. Young Gossard, for instance, is allowed \$10.00 each in four cases, where he was only a witness in two. Police Judge Alter's docket allows the young witness who has done so much for the league 10 cents per mile mileage from South Sioux City, when the law only grants him five cents, and furthermore, in these cases, would give him nothing as he was subpoenaed here in Wayne. No wonder Wilbur and Alter and Thomas, and the preachers and the Sunday school teachers, etc., took such a deep interest in these cases, and were all tickled in the belief that none of the saloonkeepers could get away from Alter's court! What a nice spectacle these Christians (?) present! How the devil must chuckle with glee over the Wayne Anti-Saloon League, anyway!
By 1940 the people will all be insane, said a delegate to the correction conference. That's no reason why insane persons should have been sent to the conference as delegates.

Dr. S. A. Knopf, a German scientist, declares that consumption is due to the art of osculation. "Don't kiss anyone on the mouth," he says. Of late every once in a while some scientist bobs up and tells us kissing is dangerous, but there doesn't seem to be any less kissing. There is some truth and a good deal of rot in the assertions of scientists. Anyway, if kissing on the mouth were prohibited there wouldn't be very many oculatory indulgences. Kissing is one of the first things people learn to do when they begin to get brains, and the older some people get the better it seems to taste them.
For the right to kiss we'll all stand firm.
And chew the festive consumption germ.

Note From Mrs. J. W. Ott.
Jamesport, Mo., June 22, 1907.
Friend Gracie—Seeing that the supplement to the Democrat was not filled out last week and thinking you were scarce of news, we thought our Wayne friends would like to know our whereabouts, and how Mr. Ott's health is. He is apparently as ever fat and sassy, (only) hissed! And we have lots of friends here, we have "witnessed" many delicious tables, as here is where the good things grow, but this year the snow storms have taken everything except berries and garden sass. As I do not want to take too much of your space I will close.
Mrs. J. W. Ott.

Hobart M. Gable
Piano Character

Character is an essential in a first-class piano as in a first-class man. The difference is in kind and not in degree. In its relation to the Piano, character means tone, the soul of the instrument; the one trait that gives it a distinct individuality. To win lasting approbation a piano must have this sort of character. If the tone be musical and sympathetic the effect is enduring because it appeals to an aesthetic sense that never tires of beauty in sound.

PIN IN MAN'S BODY LEADS TO CHARGE OF KILLING WOMAN

Surgeon's Knife Reveals Point of Weapon Used in Defense Two Years Ago

(Long Prairie, Minn., June 25.—Interest in the murder of Annie Kinto which occurred two years ago and the mystery surrounding which has never been cleared up, is revived by the publication of the following story in a local paper.

"That truth is stranger than fiction is well illustrated by the developments in a Morrison county murder case. About two years ago a young woman was killed near Randall in a particularly horrible and brutal manner. She had been employed as a servant at Little Falls and had taken the train home for a short visit.

Hatpin Broken.

"While passing through the station along the road to her home, she was attacked and murdered. In the struggle, which must have been a terrible one, she was armed with a hatpin. The hatpin was broken in the struggle, and the broken end of a woman's hatpin.

"Not a sign or clue to the murderer was left during all of the time which has elapsed since the slightest evidence leading to the probe. It was thought for a time that two negroes who had been arrested in connection with the murder of the girl, and the authorities spent months in looking them up. Suspicious characters were traced as far as the Pacific coast, but without avail.

"Shortly before the murder the young woman had been seen with a certain young man. This young man, however, was in his efforts to locate the guilty person and accompanied the sheriff while the process of attempting to identify suspects.

Arrest to Follow.

"Two weeks ago this young man was taken with an attack of appendicitis. He was removed to a local hospital, where an operation was performed. In his abdomen the surgeons found the broken end of a woman's hatpin.

"The young man is still in the hospital recovering from the effects of the operation. His arrest by the sheriff as he leaves his cot will be the first intimation he has that the broken hatpin has been discovered."

WOMAN, GUN, MAKES TRAMP SAW WOOD

St. Louis, June 25.—The Hotel (Crews) in Alton bears the hubbub which is the result of a woman's peculiar method of getting by in work for food support. The woman, a tramps, had walked away recently with broad smiles at her helplessness, after she had eaten her food.

The last time she was seen at the hotel was a 200-pound man, who said he was too weak to work until he had eaten Mrs. Crews' supper. She had been seen with the man at the hotel. She had started away.

While the tramp was eating, Mrs. Crews had picked a revolver and she returned with it concealed under her apron. She asked the man if he would eat with her. He replied insolently that he would not. Then Mrs. Crews drew the revolver, and fired into the man's face and compelled him to go to work.

For half an hour Mrs. Crews neglected the hotel to stand guard over the laboring hotel. She was rolling from his floor face when Mrs. Crews told him he might ease work. She then threw him back to tramps at the hotel.

GIRLS START RIOT; FIGHT POLICEMAN

Discharged Employes Wreak Vengeance on Former Companions.

New York, June 25.—Girls who had been discharged two weeks ago by Rattner Bros., manufacturers of shirt waists, gathered about the factory at 100 West 12th street, and attacked the girls who were still employed in the factory.

"Two hundred girls were engaged in a half-railing, fierce-sounding contest. Clothes were torn to shreds. The combatants soon presented a battered appearance.

Patrolman Lynch tried to pry the contestants apart, with the result that his uniform was scratched and bitten. Deceased fruit, vegetables and aged eggs were thrown at him.

Reserve Called Out.

Lynch finally managed to capture Fannie Vintz and Fannie Tuelch. On the way through the two blocks to the station house with his prisoners the companions of the two girls made repeated efforts to release them from the grasp of the police.

When Lynch finally got the girls into the station house, one of the girls employed in the factory charged them with a hand-pulling, fierce-sounding contest. Clothes were torn to shreds. The combatants soon presented a battered appearance.

Patrolman Lynch tried to pry the contestants apart, with the result that his uniform was scratched and bitten. Deceased fruit, vegetables and aged eggs were thrown at him.

KIDNAPERS SLAY BOY BECAUSE HE CRIED

New Orleans, June 25.—Two miles from the interior of a big swamp near this city, the headless body of Walter Lamana, an Italian child, between 7 and 8 years old, who was kidnaped and held for \$6,000 ransom two weeks ago, was found by police and vigilantes just before daybreak yesterday. He had been strangled to death, according to confession of one of several Italian boys held by the police.

The boy, who is supposed to have been broken when he was strangled, causing the head to become separated from the body when decomposition set in. The head was found about a short distance from the body.

The Italian, two of them women, are under arrest charged with being accomplices to the murder, and extra details of police and departures are made. The bodies of the Italian children were found in a small crowd of people.

The law and order element is much stronger than it has been for some time. A large number of leading citizens have pledged themselves to prevent violence. The murdered boy was found near the Rose about twenty miles from New Orleans. A sweating process went on for a confession from one of the Italian suspects.

IF SONS BECOME FATHERS, BEQUESTS ARE INCREASED

Heirs to Fortune of Stetson, the Hat Man Have Already Thus Profited.

New York, June 25.—"If my sons marry I will double their incomes, and I will give them my money when they increase their incomes, and also provide that each child shall have an estate worth \$250,000."

This summary of a remarkable provision in the will of the late John D. Stetson, the millionaire hat man and owner of the Stetson hat, has been made public.

In brief, the will of the aged man provided that if his sons marry they shall receive a \$250,000 "baby" having a net worth of \$500,000. Stetson was in a position to make good on his promise. Several number of children were born to his sons.

John D. Stetson has already profited by the unique will, John D., Jr., doubled his income on June 15, by marrying Miss Elizabeth Stetson, a highly bred woman in Wakefield, N. J. The daughter of J. Harry, has tripled his income, having joined with the Stetson family, her father's daughter, two months after his father's death and a child having been born to them.

At the time of the will, the younger son, John D. Stetson, Jr., was only 18, and his wife had not yet been born. The facts were learned from the terms of the will were disclosed.

Disapproval of Mrs. Elizabeth Stetson, the mother, and others of the family, is being expressed by the younger couple. J. Harry was only 20, and his wife had not yet been born. The facts were learned from the terms of the will were disclosed.

John D.'s wedding was not accompanied by such secrecy. It did take place at the Stetson estate in the Northport orphan's court. His income being increased, the estate he receives at Rikers park is easily worth \$250,000.

The younger son, Henry F. Roosevelt, is threatened to make trouble. Under the will she received only \$150,000 outright and the income of \$100,000 more than she is entitled to.

There are not the same alluring promises on marriage and babies in her contract. The younger son, Henry F. Roosevelt, is threatened to make trouble. Under the will she received only \$150,000 outright and the income of \$100,000 more than she is entitled to.

QUITS \$12 JOB TO BE INVENTOR—RICH

St. Paul, June 25.—From occupying a laborer's position at the fertilizing department of a local firm, a young man, South St. Paul, Christian Young is now a prospective capitalist, and now has a check in his pocket for \$12,000. He has just sold an invention which he has just sold.

Mr. Young is 25 years of age, is married, and lives at Mendota. He has been receiving about \$12 per week from the packing company, and for the past few weeks he has been working on a time perfecting a combination wagon and sleigh.

He recently took out a patent, and a few days ago he sold the American right for it to an eastern wagon concern for \$24,000, check for that amount reaching him today.

Mr. Young will hold his position at the packing plant until this evening and will draw his regular weekly pay stipend then for the last time. He will remove in a short time to Chicago, and will be in possession of the patent rights for all foreign countries.

He expects to make a good fortune from this source.

Tables turned. Client holds up his attorney.

St. Paul, June 25.—After his lawyer had received a voucher for \$2,000 in settlement of a personal injury suit, the client, William E. Grove, a melo-dramatic element into the case by holding up the attorney at the office, taking the voucher and making a "getaway."

The attorney, who was the victim of the holdup is William E. "Dampier."

The suit against the E. O. road was compromised and settled Tuesday afternoon.

The attorney had just received a check for \$2,000, and was on his way to his private office to talk over some minor claims.

Robber holds up 2 coaches at once.

Wawona, Cal., June 25.—Two of the regulars from Raymond, bound for Wawona, were held up by passengers relieved of their valuables by the "Black Kid," the famous lone bandit of the Sierras.

The holdup occurred in the locality of the Black Kid's former successes. The bandit, who is a red-headed man with an old, rusty forty-five rifle, called at Archie Turner, the driver. He called upon Turner to halt and then commanded the passengers to get out their hands. The bandit waited until the second stage appeared, when he seized the driver and ordered the frightened passengers to get out their purses and wallets.

After having made the collection Eaton was compelled to tie the wealth, consisting of jewelry and \$250, in a handkerchief and pass it over to the robber. While the collecting was going on the robber compelled Mrs. Eaton to get out of the stage. Mrs. Eaton was shield from any attack from the rear.

While waiting for the second stage and when the collection was going on, the bandit killed the driver. When he had finished the general holdup and replenished his stock of valuables he ordered the bandit back into the stage and commanded the drivers to go on.

Funston will not let troops parade.

San Francisco, June 25.—General Frederick Funston, in command of the department of California, has informed the military commission of the committee he does not propose having the troops parade before an "unwhipped mob."

The committee had written Funston to form part of the usual procession of the military commission. He asked that he assign several battalions to form part of the usual procession. He said that some of his men would be ordered to wear their hats in advance. He also said he is loath to have his men parade before a mob.

Flirts with one wife, other sees.

Chicago, June 25.—Don't let your wife flirt with you even on a street car.

If Peter Undergrove, a conductor on the Chicago street car, had observed this principle, he would have been happy today in the possession of two wives. He was charged with a wife and a child on the charge of bigamy.

Mrs. Peter Undergrove and Mrs. Peter Undergrove, both claiming the petitioner as a husband, are on his way. One of them flashed a six-inch smile in his direction.

Butlers, Pa., June 25.—Twenty-five thousand barrels of oil are today burning at the plant of the Walloway Oil company, East Butler, with no possibility of stopping the fire and with the gravest danger of its being communicated to other areas. The oil was ignited by lightning.

MRS. KAUFMANN IS FOUND GUILTY OF MANSLAUGHTER

Flandreau Jury Says Sioux Falls Woman Is Guilty of Killing Maid Servant.

Defendant and Family Had Expected Acquittal and Intense Grief Is Manifested—Mrs. Kaufmann to Be at Liberty Receiving Appeal.

THE SENTENCE.

Section 224 provides, Every person guilty of manslaughter in the first degree is punishable by the state's prison for not less than four (4) years.

WHAT MANSLAUGHTER IS.

Section 224 of the penal code of South Dakota provides as follows: Homicide is manslaughter in the first degree in the following cases:

1. When perpetrated without a design to effect death by a person while engaged in the commission of a misdemeanor.
2. When perpetrated without a design to effect death and in a heat of passion but in a cruel and unusual manner or by means of a dangerous weapon; unless it is committed under such circumstances as constitute excusable or justifiable homicide.
3. When perpetrated necessarily, either while resisting an attempt by the victim to commit a crime or after such attempt shall have failed.

Flandreau, S. D., June 25.—The jury in the case of Mrs. Emma Kaufmann returned a verdict finding her guilty of manslaughter in the first degree for having caused the death of Agnes Folz, her 16-year-old house servant.

The conviction of Mrs. Kaufmann was a great shock to the defendant, her husband and son and her counsel. When the fatal words fell from the lips of Judge Aikens, Mrs. Kaufmann's head sank upon her hands.

Judge Aikens Was Eloquent.

The plea of Judge Aikens for Mrs. Kaufmann, which consumed all of yesterday, was an eloquent effort, at times dramatic and moving. It left him almost exhausted and he announced that never again would he undertake so great a task as that which he had undertaken. Defendant's counsel assailed Peter Erikson, the Kaufmanns' hired attorney, for the statement that Mrs. Kaufmann had been as Erickson had sworn on the witness stand.

Closing Scenes of the Trial.

The case went to the jury at 1:30 o'clock yesterday afternoon. It was 2:30 o'clock when George Egan of Logan, Ia., the eloquent attorney who was engaged by the Erickson party to prosecute the case against Mrs. Kaufmann, concluded the closing argument for the state. He adjourned at 9 o'clock that morning. Resuming after the noon recess of an hour and one-half, Mr. Egan presented his case to the jury. The little daughter of Ed. Brockman, who resides north of Wayne, fell and badly injured one of her arms last week, necessitating the services of a physician.
It is estimated that about 769,326,894-684,261 flies were shut out by screens in Wayne last summer. We have 21 different styles in screen doors and any kind of a window screen you want. FISHER & DICKERSON.
A brakeman named Jewell got a badly mashed hand last Saturday morning, by falling off a car, the flesh being mashed clear around his hand by having it caught in the rods. It got Dr. Wightman, road physician, out at six o'clock to dress the injury, Jewell then going to Sioux City.
The fact that Winside is to be the only place of jubilee July 4th, is making the people of that little city do their utmost to entertain the multitude. Winside has the only real, live park in the county, the only "pull together" set of business men, and her celebration July 4th, will simply be a humdinger.

When City Clerk Witter opened up the city office Monday evening for council meeting his first visitor was Elmer E. Thomas, the noted and notorious civic federation attorney of the Wayne Anti-Saloon League. Mr. Thomas meekly enquired if he could withdraw his "Munson and Gosard" petition of two weeks previous which asked that the saloon license of Peter Thomsen be revoked—because Thomsen had, in Thomas' imagination, with the aid of some Alter-ation, been convicted of selling liquors to minors. Upon obtaining possession of the priceless document Thomsen withdrew without waiting to give the mayor and council even a pleasant "good evening!"

The following bills were allowed by the council:
Julius Petersen, salary, \$20 65
H. A. Moler, dray, 90 00
J. C. Harmer, salary, 50 00
Geo. Heady, labor, 3 00
Tuttle, Chapman Co supt, 77 47
Frank Powers dray, 1 00
A. J. Witter, salary, 25 00
H. S. Ringland, fet & ex, 176 62
Western Elec. Co., sup, 27 18
John Harrington, coal 240 00

The latter bill of \$240 rather made the aldermen feel bad, it being a relic of last year's administration and an unlooked for apparition. Alderman Craven of the claims committee stated he had been unable to find anyone who knew anything about the bill, which was for coal in Jan., Feb., March and April, but it was simply a sample of the business methods employed, last year, and had to be paid.

Geo. Grunemeyer put in a bid for building an extension to the water plant, from the standpipe to the park, which was referred to the water committee.
Petition from J. M. Pile asking for a flat rate, for electric lights, was read. Mr. Pile made an offer of \$555 for the city's lighting for the college from Sept. 1, '07, to Sept. 1, '08, to be paid in four quarterly installments. It appeared to be the unanimous opinion of the council that no flatrate contract could be made with the college, for the reason that the light plant could not stand that much pressure. That the only concession possible would be discount on metre measure. The college now gets a discount of ten per cent, on its light bills.

Street commissioner Fred Benishoff, reported names of students upon whom he had secured service to pay poll tax, and steps will be taken to enforce the payment of same by the students.
Frank Kruger moved from Chamberlaine, S. D. to Sioux City, his address being 1609 Nebraska street.

Democrats Support Welch!
Judge Welch has impressed us as a man whom spontaneous and irresponsible public opinion, the glitter of eloquent counsel, or the sympathies of interested parties cannot move from a clear and cold analysis of the question of right and wrong.—Creighton Liberal.
This is quite liberal, flowing as it does from the clear and bubbling fountain of Democracy. We might add that Judge Welch has made many friends since he stepped into Judge Boyd's shoes. His work on the district bench has been very satisfactory, so far, and it is only fair to say that, he will continue to improve with more experience. The democrats might pick over every available candidate from Ex-Senator Allen to Judge Kelly, at Pierce, without finding one that would give Judge Welch a close race for election next fall. If the other fellows are wise they will endorse him and make it unanimous.—Plainview Republican.

The DEMOCRAT needs only to add that Anson A. Welch will get the solid democratic vote of Wayne county. The judge is "democratic" in his judicial characteristics and decisions on the bench, and will be elected next fall by an "overwhelming majority."

The town hall boys put the College boys to the bad last Thursday evening, 12 to 0. Skeen and Seace were battery for the city.
Charley Stout, ex-middle-weight champion booze fighter of Nebraska, was in town Monday looking for an engagement that he couldn't find.
A most enjoyable "tin shower" was held at the home of Adam Grier in Wilbur precinct Wednesday evening of last week, for their daughter Ella. A large number of young people were present and a dance in the barn enjoyed until an "early hour."
