WORMITE

Expels the Worm Nests As Well as the Worms From Hogs....

That's one difference between WORMITE and other medicines for hog worms.

Worms in hogs are continually laying eggs which hatch out in a week or so, these develop very rapidly and in turn lay more eggs.

That's why if you give medicine that does not expel these nests of worm eggs you have to keep on giving it.

Five or six cents worth of WORMITE will expel all the worms, their nests and eggs from any hog. Sold only by

LEAHY'S Drug Store

See the "Two Merry Tramps" at the Opera House Sept. 17. The same city show that opened the season at the Grand at Sioux City. A guaranteed city attraction, do not miss one of the best shows of the season

Miss Winnie Owens enjoyed a delightful little birthday party Monday afternoon, in honor of her eighth birthday. The little girls played various games until they were invited to some dainty refreshments

Those present were, Bernice Marsteller, Mae Doernberger, Ethel Whalen, Serepa Howser, Elsie Biegler, Mabel Harpen.

The Annual meeting of the Women's Missionary Society of the Synod of Nebraska, will be held at Wayne, Wednesday and Thursday, Sept. 25-26, in the Presbyterian church. Miss Jenett, Missionary in Persia for more than twenty-five years, will be one of the speakers, also Miss Petrie of New York, Young People's Secretary for Home Missions. All are invited to attend.

Wood & Ward have surrounded themselves with a clever company including Miss Bessie Bennett, Myra Jefferson, The McDonald Sisters, Camilla Reil, Karl Keller, and a chorus of pretty girls with elaborate costumes. Special scenery and electrical affects are carried and the production this season is by far the best ever presented by these clever comedians. The attraction will appear at the Opera House Sept 17th.

Tuesday afternoon the livery barn owned by Frank Cooper was swapped off to James Stephens. Mr. Stephens traded Mr. Cooper a quarter section of land near his home place for the barn. Carroll people are glad to see Jim come in the possession of town property for they appreciate his public spirit and feel assured that the barn will be kept up to a high standard. It is the intention at present to repair the barn throughout. One of the new features will be a comfortable office and waiting room for the ladies. Mr. Cooper is undecided as to what he will do.—Carroll Index.

Will Support Carroll.

Hoskins Headlight: The Headlight is undecided as to the position it will take in the commissioner fight this fall.

We supported Mr. Ziemer for the nomination because he was from the west end and was a pure clean man. We contended then that Widside was not entitled to the commissioner this term, and nothing has thus far transpired to change our mind. Any man from either Hoskins, Garfield or Sherman precincts would be our choice. We do

not know whether or not Ed. Carroll will accept the nomination on the democratic ticket, but if he does we shall no doubt support him, as we deem that the end will get better treatment at his hands than a Winside man. The razzle-dazzle of Farran not being a Winside man won't work here.

No Farmer's, Either?

Randolph at its carnival had more free attractions than any similar affair previously held in this section, had good ball games and spent about \$100 on the affair, but she could not get a crowd from surrounding towns. And this in the face of the fact that our people have turned out big crowds to other towns. We had a good time, however, and the home people turned out to the games and were free with their patronage. It was a good time for home people and home people paid for it. If Randolph should have a similar affair in the future let everybody put it down that there will be a good time and a clean entertainment for everybody, and everybody is invited whether they come or not.—Randolph Times.

One For the Band.

Randolph Times: On every hand we hear only the highest praise for the Wayne band and the excellent concerts given each day. Besides being musicians of a high order they are a set of good fellows and conduct themselves in a gentlemanly way.

Mettlen-Crane.

In a lot of rice, old shoes and good wishes, Mr. and Mrs. William Mettlen left Wednesday evening for Sioux City, St. Paul and the great lakes. Their honeymoon of ten days is to be spent at Wayzata, Minn., and they will be at home to their friends at 542 South Twenty-fifth avenue after November 1st.

Mr. Mettlen is assistant chief clerk in the Omaha office of the railway mail service. The bride was Mrs. Ella P. Crane, a young woman of charming personality who is well known in Omaha. The wedding was solemnized by the Rev. Frank L. Loveland at the parsonage of the First Methodist church. After the beautiful service the guests were taken in carriages to the Rome hotel, where an eight course dinner was served in a private dining room. The decorations were brides' roses, smilax and ferns.

Among the guests was Mrs. W. H. McNeal, of Wayne, Neb., a sister of the bride. The other guests were William B. Hite, Miss E. C. Peterson, Mr. and Mrs. J. C. George, Mr. and Mrs. J. G. Hart.

That the guests should have gone to the Union station to give the bride and groom a strenuous farewell was part of the program which Mr. and Mrs. Mettlen had hoped to escape. Yet they managed to smile and remain pleasant even in the sleet storm of rice.—World-Herald.

A Magnificent Memorial.

Prof. Durrin last week sold Judge Moses one of the finest tomb stones ever put up at the local house. It will be built in Barre granite and weigh 14,000 pounds, being the third largest tombstone to adorn the Greenwood cemetery. It is destined to be a memorial for the Moses family and will be a beautiful addition to the already large number of Prof. Durrin's artistic tributes to Almighty Death.

Lad Scalded To Death.

Carroll, Neb., Sept.—Special to The News: When Mr. Burrows of Carroll afloat on the dock in New York City after a business trip in France, he will be greeted with a sad story of tragedy that has befallen his home here during his absence. On Saturday his little two-year-old baby boy, who had been scalded to death in a pail of boiling water, was buried in the local cemetery and the unaware father will not learn of the fatal accident until he returns to America from his present business trip abroad.

The little fellow was toddling around the kitchen floor. After a summer of barefootedness he had been put into a pair of shoes, and he felt clumsy. The mother, on her knees, was scrubbing the floor and beside her stood the pail of boiling water. The little two-year-old baby boy was walking backward when he stumbled over the edge of the pail and fell into the scalding water. Death followed quickly.

Mrs. Burrow's father will journey to New York where, upon the return of the father, he will gently break the news.—Norfolk News.

BY DAD

The races are now on between Jack Frost and King Corn, Consumption and Peek-a-boob.

The Teddy bear makers have gone on a strike. Perhaps they would rather be bear behind than continue to work.

The last installment of taxes and the ice bill—but what's the use? The cold truth will come to you soon enough.

A lot of newspaper fellows are now queessing on when the corn will be safe. But they are not the fellows who are raising the corn.

Wayne merchants should be encouraging trading at home instead of driving it away. The fare to Sioux City isn't as much as it was—and even at that it is rebated. You have the privilege of making your own nest.

The Cherokee Democrat sings: Cold weather's coming on space—Jack Frost begins to gloat 'Cause we haven't saved quite each enough

To buy that overcoat. We'll have to wear that old one. If we can't get the "rocks". To get the faded, tattered rag From out our uncle's box.

"Well, how did you rest last night?" asked a landlady of the new boarder.

"I didn't rest much," he replied, "I was troubled all night with insomnia."

"Sir," was the lady's indignant comment, "I have never heard such a complaint before in my twenty-two years as a housekeeper, and I'd have you know, sir, I've had you better as my boarders! Moreover," she went on as he began to mumble over an explanation, "I do not believe you, sir, and am willing to board you free if you find a single one in the bed."

Paulina Times: The Rolfe editor who recently went to church six times on one Sunday and published the fact at once in order to prove his piety, calls us very ungodly names in last week's issue of his paper. He says the Times prints saloon advertisements and takes it out in trade when every one knows that we have been compelled for a long time to pay cash at the third parlors. The Rolfe editor does not refuse to print the drug store advertisements in his religious sheet when it is a notorious fact that one of the stores there sells as much booze as the ordinary saloon. The difference is only in the name and in the quality of booze—with everything in favor of the saloon.

"Wait, that train is an hour and a half late. Don't you think you had better hand them a package?" That's the way Postmaster McNeal came at me last week after letting that squib about the postoffice closing on Labor day soak in. Well, it would be a good thing to jack up these "any-old-time trains" but it is decidedly improbable a little roasting would have the same effect it had on the postmaster. Mr. McNeal explains that he was out of town and it was an error of an employe, the office not being open at 5:30 promptly. Mac says he'll stay at home hereafter, and that he isn't entitled to a few hours' rest anyway. In other words he feels hurt over the censure and took it so hard that the DEMOCRAT is sorry it ever kicked about such a little matter.

City Council Doings

A quorum of the city dads got together Monday night and held the first meeting for a full month. Stopping Passengers Awakened by Masked Men and Forced to Give Up Valuables.

Omaha, Neb., Sept. 9.—A daring hold-up of the Grand Island train No. 8, occurred early this morning near Murdock, Neb. Three masked men went through the day coach and relieved more than half of the passengers of their money and valuables.

Just before the train reached Murdock the men appeared in the coach and began waking up the sleeping passengers. One man held a revolver to the passenger's head while a second went through his pockets.

The men progressed well and secured a good haul, continuing their work until surprise hit the robbers. One man robbed, then entered the toilet room, pulled the air brake cord and jumped from the train.

The robbery occurred with little excitement and was over before the passengers were fully awakened. Amount secured is unknown, but believed to be about \$500.

Orr & Morris Company

Wayne, Nebraska

Across the Street East of the First National Bank

This store makes it a rule to have and sell the best merchandise at prices which are no higher than those usually paid for poor merchandise.

There's a Reason

There's a reason why we are selling so many dress skirts. The reason is in the superior merit of the line we sell. Every skirt in our stock has sufficient material in it. That's why our skirts have that satisfactory width or fullness which the inferior skirts do not have. We do not ask more for our skirts than is usually asked for inferior ones. An investigation will convince you.

Here is an all-wool, fine Panama skirt in dark navy, plaited, and self-trimmed with bias folds. This skirt measures exactly four and one-eighth yards around the hem and will fit perfectly.

Price \$5.00

Best \$10.00 Coat on Earth

This might sound like a very broad statement if it were not for the fact that we have the coats right in the store. You can have the chance to judge for yourself. This coat comes in the all-wool Kersey in castor, black, navy or brown and in the crushed plush, lined throughout all 52 inches long and stylishly made after the season's approved fashion.

The other coats we have in stock are just as good, for the money, as this ten dollar one.

Special arrangements have been made to provide the children and misses with the cloaks that they want.

See Our Cloaks Early and Get Your Choice

Special in Men's Shirts

All the odds and ends of our stock of men's dress shirts will be placed on sale, beginning Saturday and lasting until the lot is sold. There are no better made shirts nor no better fitting shirts than these we offer you, and they are the kind worn the year round for dress shirts.

All \$1.00 Shirts on sale at . . . 75c
All 50c Shirts on sale at . . . 39c

Odd Lace Curtains

In going through our lace curtain stock we find a number of kinds of which there are but one or two pairs. We will make an "odd lot" price on these curtains, many of which are worth \$2.00 per pair. The price for Saturday and next week will be:

Per Pair, 98 cents.

Single Curtain, 49 cents.

Extra Special in Small Children's Dresses

These dresses are well made of fast color material. Our only object in closing them out is owing to the fact that so many sizes are sold, but still just the size you want may be in the lot.

A lot of little calico dresses, well made 19c
A lot of little gingham dresses . . . 39c
A lot of nice little dimity dresses . 49c

Winside News.

From the Tribune.

Clyde Hodgson returned from South Dakota Saturday night.

E. E. Olds has gone to Lincoln to visit relatives and attend the state fair.

Mrs. A. T. Chapin and daughter Tot, arrived home from North Dakota last Friday evening.

Mr. and Mrs. L. S. Needham and children returned from their western trip Thursday evening.

Mrs. Reichert went to Albion Saturday to visit her daughter, Sam accompanied her as far as Norfolk.

Miss McAdams, assistant principal in the Winside schools, arrived last Friday. She will board with Mrs. E. C. Miller.

Miss Ollie Elliott arrived from University Place, Neb., yesterday morning and is the guest of Miss Reeces at the hotel.

Misses Nannie Schrumph and Clara Schneider left on Monday morning for Fremont where they will attend the Fremont Normal for a few months.

Miss Nannie Castle, who has been spending her vacation with her aunt, Mrs. I. O. Brown, went over to Wayne Monday to again enter the Wayne Normal.

If he is unfortunate enough to be married, the county superintendent ought to send his wife away on a visit during institute, even if he has to promise her a new dress.

The bantam contest between Editor Lundberg of the Herald and Editor Nellor of the Headlight, that had reached the stage when common sense argument had been obliterated and descriptive adjectives of all species brought into action, seems to have abated. We do not know whether it was by mutual consent or because the vocabulary became exhausted, but the doves of peace seems to have lit, and the world can now continue to rotate on its axis in the same old way. Now

let's all attend a Hoskins "huggin' bee" and forget it.

Saturday afternoon, Bob Fenske proceeded to make good his claim that the dipomania hospital at Lincoln was "no good," in his case at least. He came to Winside on the afternoon train and when John Dimmel refused to sell him that which causes all his misery, he promptly tore the shirt mostly off of John and tried to spoil the would be decent saloon man's good looks by punching him in the face. Marshal Hills arrested Fenske and he was placed in the jug until evening, when a fine of five dollars was imposed upon him and he was turned loose.

R. Hodgson and John Boock circulated petitions to present to the Village Board, asking for the privilege of keeping hogs on their premises. The Board promptly turned them down, as an ordinance had been passed, which went into effect the first of the month, prohibiting the raising of swine inside of the incorporation, and no exceptions could be made to one or two men. It does seem a little hard that some people who could easily keep a pig or two without bothering anyone, can not have that privilege, but in order to shut out hog pens that do bother other people and are a public nuisance on account of the odor, such an ordinance had to be passed. This is the law, let us abide by it.

How to Make a Curfew.

Every family should have a curfew which should positively "ring tonight," and every night if needed. These curfews are inexpensive and can be homemade. Take a piece of a siding two feet long and whittle one end down to the handle; then take the child that needs the curfew and bend him over a barrel. Now take the piece of siding in the hand and use it for a clapper. Put it on hot. Divide the strokes evenly, and see that none miss. Good for a boy or girl up to the age of sixteen and applications are warranted to cure the

most pronounced case of street loafing that exists. The music this curfew makes is finer than singing "Where is my wandering boy tonight?"

Two Merry Tramps.

Since last presented here, Wood & Ward have had their everlasting, singing, ringing, tom-fooling musical farce entirely re-written and arranged for all new musical numbers making the "Two Merry Tramps" practically a new show nothing to be retained but the title. Among the musical numbers will be several that are original with the Company, "The Bell of Bartsellville," "A Tale of a Belgian Hare," and "The Trust Buster." This attraction will appear at the Opera House, Tuesday, Sept. 17th. Prices 25, 35, 50 and 75 cents.

LOCAL NEWS

M. S. Davies leaves Sunday for the Pacific coast.

Dr. and Mrs. R. B. Crawford left Monday morning.

Frank Russell was an arrival Monday from Meadow Grove.

Dr. and Mrs. Van Kauren are visiting at Dan Harrington's.

Dell Strickland and his mother left Tuesday for Idaho for her health.

Carl Schneider, the Winside saloon man, was bound over to the district.

Fred Thies is trying to get license to start the second saloon in Winside.

Ed. Williams, nowof Lynch, was in town Monday on his way to the Interstate fair.

Mr. and Mrs. Roy Jeffery and Mr. and Mrs. E. J. Raymond were Monday passengers to the fair.

Mrs. Ed. Jones, daughter of O. C. Lewis, and baby, were arrivals from South Dakota last Saturday.

Sheriff Mears took the crazy man, found south of Wayne, to the hospital at Norfolk last Sunday night.

Leslie Crockett was down from Bloomfield last Saturday. Leslie likes the job in the hotel first-class.

Bring your job printing orders to the DEMOCRAT. We can quote you lowest figures and the best of workmanship.

Miss Sullivan, the dressmaker, has leased the room next to I. W. Altar's office where her patrons can now find her.

A big crowd of Wayne people, went to the fair at Sioux City Monday and our people have been keeping it up all week.

The pulpit of the Methodist church will be supplied next Sunday morning and evening. The pastor, Rev. Horn, will return for the following Sunday.

A letter from Jessie McMath, Panama, Io., says crops are very light there. Four bushels wheat per acre and 17 of oats, corn being fairly good.

Delbert Taylor, is reported to the DEMOCRAT to be very low, at a hospital in Sioux City, his trouble being appendicitis. His mother, Mrs. Taylor, leaving for that place today.

Marshal Miner picked up a crazy man last Tuesday, E. Gordon, escaped lunatic from Norfolk. A hospital attendant came down yesterday and took him back.

The town was surely full of politicians last Saturday; Jim Stanton, Chas. Beebe, Ed. Carroll, Geo. Farran, Mike Lyons, Carl Schneider and a number of others whom the DEMOCRAT is not familiar with.

Chas. Shulteis and Henry Kellogg arrived home last Saturday evening after a couple weeks visit. Mr. Shulteis says crops are fine in South Dakota. Small grain is turning out good, corn being light on new land.

John Davies, brother of M. S. and Sam, will come back from North Dakota this fall. John went up there several years ago to rest up and run a cattle ranch. It hasn't been much of a rest, but he has made good money.

Winside Tribune: A. L. Tucker and wife were in Winside Sunday evening. Wallie said his brother wanted the key to the opera house, but as many Winsiders had the same longing, no favoritism could be shown even if the was from Carroll.

The Monday club had an enjoyable porch party at the home of Dr. and Mrs. Wightman last Monday, complimentary to Mrs. A. L. Tucker, who leaves in a few days for California. After an elegant supper the party took in the plum orchard and had a regular picnic.

Sheriff Mears left Monday for Kansas to get Charley Hardesty, the young farm hand who bought a threshing outfit from Mr. Bullock of Norfolk and mortgaged a lot of stock belonging to his employer to pay for it. Hardesty put up an awful job on Bullock. He showed him all the stock, etc., and even went so far as to take him to dinner. Bullock never tumbled the fact that Hardesty was only a hired hand.

School Notes

County Superintendent Littell.

The greatest aid that a parent can give to a teacher is to see that their children are regular in their attendance. By keeping a boy or girl out of school a day now and then does not only interfere with their own welfare, but it is too often a hindrance to the whole school.

Every school in Wayne county due to open the first Monday in September opened with duly qualified teachers at the helm. We were fortunate in this, as in some counties many schools did not open, owing to the shortage of teachers. Their school officers have yet to learn that it pays to provide salaries that will not only insure plenty of teachers, but the very best.

Much has been said relative to ninth grade work being introduced in the country schools; it is a matter that ought not to receive a second thought on the part of any rural school board, but yet, appeal after appeal comes to this office from teachers who have been compelled by school officers to undertake to teach the ninth grade, when in many cases they have already eight full grades to handle. With a Free High School law there is not one good reason why a ninth grade subject should be taught in a rural school and there is every reason why they should not. I have called to my attention at least three causes where pupils have done ninth grade work for a full year, and then undertook to enter a tenth grade of a graded school each case proving a dismal failure. If this alone were the only evil effect we would have no objections to offer, but who is to atone for the time stolen from that great army of children who never get beyond the sixth grade? A ninth grade to complete the work must have, at least, four forty-five minute recitations each day. What does that mean? It means that you have taken one half of the time that belongs to six or eight other grades. No teacher would think of giving a ninth grade full time, but give them half the time they should have; it will mean at the end of the year the pupils have a very poor smattering of the subject and those below in the grades have been neglected. I have the highest regard for that ambitious boy or girl who desires to get a taste of higher branches, but I do not favor making a high school out of a rural school for the sake of blighting that child's ambition, at the expense of the whole school. Another evil feature of these country high schools is that very often pupils who fall on the eighth grade county examination undertake to dodge the plan of the public school system, by taking ninth grade work instead of getting down to work in the eighth grade where they belong. Let us break away from this foolish idea and give the teacher a chance to do her best for whom the rural school was organized and let the high school do its work.

The county superintendent and Prof. F. M. Gregg of the State Normal made a trip last Tuesday to the loose cliffs on the reservation seven miles north of Pender. There we found one of the best fields for geological study of N. E. Nebraska to be found anywhere. It was a revelation to the Professor and myself to know that pages of Old Nature's book are open so near at hand. Any teacher or student would be well paid to pay this spot a visit.

Are weeds growing unmolested around the foundation of your school building? If so, why not try improving its appearance by removing these unsightly borders.

Parents, visit your school this month and note the increased interest your children take in their work.

More work has been done by school officers, patrons and teachers during the past year to improve the appearance of the school house and grounds than any previous year, but there yet remains some work to be done. If a weed patch for a school yard, and a dirty, dingy school house, has no dis-

fluence upon a child's life then all that has been taught concerning the influence of environment in other lives is only a dream. However, we do not believe that the unpleasant surroundings met with in some of our schools do not indicate lack of appreciation of the fact that a cheery school room and a nice play ground has much to do with a child's interest in his work, also does much to create a taste for the beautiful and in after years make better farmers and housekeepers of

these boys and girls now under our charge; without any reference to what the future may have in store for them, present conditions warrant the effort it costs to beautify their surroundings.

That school officers who have indicated that a cigarette smoker is good enough to teach his school will probably be disappointed in not finding such material in his year.

At Norfolk last Saturday Supreme Judge Barnes, to whom the matter had

been taken, admitted Herman Boche alleged murderer, to bail in the sum of \$15,000. Boche was taken to Norfolk in handcuffs to sign his bail bond. From all that has appeared in the Norfolk News about him, a paper decidedly friendly to Judge Barnes. Boche is an all-around bad man. This is the second man-killing stunt he has been accused of. Since his incarceration he has tried to stab his keeper with a pitchfork. Now, what are you going to say about that Baneroff lynching? Doesn't it look as though this was the only re-

course?

College Notes

Rev. Lloyd Cunningham visited the College Tuesday morning, and gave the students a very pleasant talk at the Chapel exercises.

*Among the new students this week were Messrs. Robn of Pierce, Pryor of Wayne, Wright of Wayne, Leonard of Wakefield, Potts of Tilden.

During the vacation, Mr. Morton, the contractor, had a force of men working on the new college building, finishing up the work that was not completed last winter. The appearance of the building has been very much improved with the cornice and other changes.

At the primaries in Holt county, Miss Ardilla Van Conest received the nomination for county superintendent. Miss Van Conest graduated from the Scientific Course last August and is a very capable young lady. If elected, she will perform her duties faithfully and honorably.

A very interesting letter was received by Pres. Pile last week from Mr. and Mrs. Bright who are now in the Philippines. They leave the Islands in April and will probably arrive in this country some time in August. Both Mr. and Mrs. Bright will be members of the faculty next year.

F. S. Lecron, Teachers' '95 was nominated for county superintendent of Platte county at the primary held last week. Mr. Lecron has met with very good success as principal for the school at Platte Center for the past few years. He is a deserving man and all his friends wish him success in his campaign.

The first of the one o'clock Saturday talks were given Saturday by Pres. Pile. These meetings occur every Saturday, some members of the faculty giving the talk each week. Many of the students take advantage of these meetings, as many things are discussed which cannot be taken up in the different classes.

Graduates from a number of high schools have entered the graduating classes. Among some of the high schools represented are Wayne, Norfolk, Columbus, Tilden and Pilger. The graduating class met last Saturday and the work was explained to them. Next Saturday they will meet for the purpose of electing officers.

The following members of the Alumni Association have entered the graduating classes for this year: Misses Erna Richardson, Wayne; Julia Davis Emerson; Maud Davis, Madison; Barbara Matheson, Stanton; Mabel Nielsen, Wayne; Messrs. J. F. Rohn, Pierce; Burrett Wright, Wayne. N. H. Mack, Pender; Arthur Anderson, Concord; Veri Rightmire, Wayne.

Millinery Opening

Saturday, Sept. 14, I will open a swell line of Fall and Winter Millinery. I have spared neither time nor money to select swell and nobby hats at a moderate price and Miss Johnson my competent trimmer. We will put forth special effort to please you.

Mrs. LAURA BALL, formerly Ball & Peterson.

At Rest in Jesus.

Mrs. Winifred Mears, Doty, was born in Grinnell, Io., February 20th, 1879. Her family came to Wayne as pioneers in 1882 and are loved and highly respected by all who know them. Mrs. Doty received her education in the high school and the Nebraska Normal of Wayne, and afterward graduated from the St. Joseph hospital of Sioux City as a nurse, which profession she followed with great enthusiasm and success while her health permitted her to do so. Many of her patients testify to her loving disposition and her skillful nursing which brought them back to health. Her health becoming impaired she went to Chadron, Neb., while here she became acquainted with Mr. Doty, to whom she was married April 1st, 1906. They went immediately to Manilla, Io., where Mr. Doty engaged in the jewelry business, and at this place both united the Presbyterian church. As was natural for Mrs. Doty she was active and enthusiastic in every branch of church work. They moved from Manilla to Manning Io., where Mr. Doty became a partner in a drug and jewelry business and here they again took up with the Presbyterian church, the work of the Master who seemed to be calling her. She was vice president of the Christian Endeavor and an active and earnest worker and advocate of missions. While everything possible was done to restore health and prolong her life, all seemed in vain and on Sept. 2d at 2:15 p. m. the final call came, and the home which had been so happy and yet so short in duration, was robbed of its cheerfulness, but the home beyond has added unto its glory.

Mrs. Doty was especially dear to Mr. Doty, having lost his mother when a mere child, and never having known the joys of a home until he was married. The funeral service was held at the parents' home in Wayne and conducted (in the absence of the Presbyterian pastor) by Rev. Parker Smith, of the Baptist church. The remains were laid at rest in the Greenwood cemetery. The husband and parents have the sympathy of the entire community in their time of sorrow.

W. A. Eiler's Big Attraction.

More people speak well of a really meritorious attraction than an inferior one. And it is only those of distinctive merit that in time gain recognition and the esteem of the public to which they are justly entitled. Such has been the success of Eiler's Big Show by having brought into his organization actors and musicians of ability and secured a sensational play filled with excitement and comedy. The "King of the Cattle Ring," Eiler's show is becoming too well known to the amusement loving public to require any further introduction. You have heard of it, to be sure but to have seen it insures your position is a circle of those who appreciate good production of deserving recommendation. CONFIDENCE

What a wonderful amount of meaning in that one word CONFIDENCE! The business of the world hinges upon it. It applies to all walks of life. If you have no confidence in your doctor he cannot cure you, and if you have no confidence in your lawyer he will lose your case. You must have confidence in our preachers or their efforts are wasted, and in particular does this apply to the Clothing Business.

We are proud to state that our methods of conducting our business are not only winning the confidence of the people, but their friendship as well. AND WHY? It is not because we are continually offering you splendid suits worth \$12.00 for \$9.98, or that we are paying the newspapers a liberal amount to advertise our unprecedented and impossible bargains, gathered from the slums and sweatshops of New York. But it is because we handle merchandise from manufacturers who are the top-notchers in their respective lines of goods, and our business methods are always in strict accordance with the promises made in our "ads." We believe in keeping our capital active, our mind and body employed, and in making a few dollars for the benefit of ourselves, but we exercise at all times a just consideration for our customers.

JUDGE US

Judge us by what we are doing, judge us by the clothing you see your friends and neighbors have purchased of us. Go to your friend whom you see with a suit like yours and ask him what he paid for it, and then judge us by our price—that is, all we ask. You will find our clothing just right in every way, ways you hadn't thought or heard of before.

When you buy a KUPPENHEIMER hand tailored suit of us for from \$17.50 to \$25.00 you are getting the top notch in men's clothing, the best the market affords and it will keep its shape as long as you wear it, and you get an absolute guarantee with each suit and overcoat. The new fall patterns and styles are here for your inspection, and to say they are swell does not express it. Come in and look them over.

The WIDOW JONES and VIKING SYSTEM clothing for boys and children are the top notchers in their line, and we sell more boys' clothing than all the other stores in Wayne combined.

The HAWES hats are the best \$3.00 hats in the country, and their styles are always one season in advance of other makes. You may be ignorant, but with a HAWES hat you will look smart. We also have a full line of John B. Stetson hats, \$4.00 to \$5.00.

Selz Royal Blue and Rice & Hutchins All America, are the best \$3.50 and \$4.00 shoes, none better at \$5.00.

STALEY all-wool underwear—well, nuf said, for every man, woman and wee small child in Wayne county knows what STALEY means—the best underwear on earth—and this changeable weather is just the time for you to commence to wear it, keep free from colds and rheumatism, and enjoy life and be happy.

DON'T GET CAUGHT

When you want to buy an article, don't be governed too much by the market price but look to the value, the worth, the texture, the trimmings and make of the goods themselves. A comparison thus made will show conclusively that that the prices we quote are lower than goods of equal worth or quality can be bought for elsewhere. A look is what we ask from you, and you will join the big class who have confidence in this store.

You must stop and look at the machine. The Domestic Sewing Machine has been made for 45 years and if you are in need of a sewing machine stop and we will show you one of the most up-to-date machines on the market today

The New Domestic

We have a good assortment of machines on hand. We want you see them before you buy. We want you to know our price on our sewing machines. We will sell you a machine on easy terms.

MARSTELLER & PETERSON

JUST BACK FROM MARKET

We have just got back from the eastern clothing market and are too busy opening up and marking off our fall goods to write an "ad." Next week we will tell you all about our fall and winter purchases which are the largest in the history of our 21 years selling clothing in Wayne. Hart Schaffner & Marx are certainly putting out the hand-somest suits and overcoats we have ever looked at. We feel confident that you will say the same of them.

While Randolph put on a splendid line of entertainment last week and treated visitors in most hospitable manner, the opinion of every visitor from Wayne is that "there was nobody to it." "Not as many people any day of the show as Wayne has any Saturday," is the way one man puts it.

Randolph Times: The Randolph Reporter changed hands the first of the week when the plant was sold to Nellor & Fox. The former is D. E. Nellor, late of Bloomfield and Randolph, and now editor of the Headlight at Hoskins, and the latter is G. H. Fox of Norfolk. Both gentlemen are well versed in the printing business and newspaper work. Mr. Fox will have charge of the office here we understand.

In the absence of the pastor, Dr. Horn, Atty. A. R. Davis and Editor Lundburg occupied the M. E. pulpit last Sunday, and any members of the church who went elsewhere to hear a "sermon" missed the best two the DEMOCRAT man has listened to in several months.

By dad, I believe it takes a smarter man to practice law or make a living in the newspaper business than in the ministry. As an Episcopalian preacher Mr. Davis would shine, for he is a fine looking man in the pulpit, has a magnificent voice and recites scripture like a born theologian. We will put Mr. Lundburg up against any divine in Wayne county, that he can talk faster and tell more practical, needful truths than any of them.

Another One From Miller.

Red Deer, August 29th, 1907.

Dear friend Temple—I received your letter a few days ago and as I am out on the farm and have no paper will use the Birch bark that grows plenty on my farm by the lake. I have about 200 acres of fine timber and it looks good to me, will get a saw mill on the lake this winter and saw out a lot of lumber, it will bring me about \$28.00 per 1000 feet and cost about \$10.00 to get it out.

I saw a man cutting wheat the other day that will make 50 bushels to the acre. Crops are all good this year. One of my neighbors raised 700 bushels of potatoes on one acre of ground last year, and he has out 2½ acres this year, he told me today that he will have about 2000 bushels this year. Potatoes are ready sale at 50 cents per bushel. I will have about 400 bushels, have only a small patch. I could sell my land now for \$15.00 per acre but I am holding it \$25.00 and do not care to sell it now at all. I have just closed a deal with some farmer in this neighborhood

To sell them 75 telephones to put in this fall. Very will do the installing. The settlers are coming in very fast and there will be a big demand for telephones next year. So you see I am strictly "in it." Oh, yes, I must tell you about the fish, I caught one the other day, a 16 pounder, a fine one, we have all the fish we want to use, am getting tired of them. Steak is fine out here and I am falling back on the bovine product. Munson came out and is building a home on his farm and is having it fenced. If he don't behave himself out here we will take him down to the lake and drown him.

Well, Templeton, how are you behaving? I suppose you have to "be good." I got a letter from my old friend Morgan, and was glad to hear from him. I would like to hear from all the boys. Tell Rolley James would like to see him up here.

I will close, hoping to hear from you soon. Yours very respectfully,

D. E. MILLER

Good by To Good Old Booze.

John Agler reports a lively time at Winside last Thursday night. It appears that Marshal Smith saw Fred Kolb, a farmer, taking a suspicious looking gunny sack full of something out of Carl Schneider's temperance saloon and while Mr. Kolb was untying his team the marshal took charge of the sack, the result being that it was found to contain a \$3.50 jug of California wine. The marshal locked the wine up in the calaboose and next day Mr. Schneider was placed under arrest charged with selling booze. A raid on his building followed and between \$1,000 and \$15,000 worth of liquors were seized and put under lock and key in the city hall. Taken before his honor Justice of the Peace Lucas, Mr. Schneider took a continuance to last evening. Schneider was put out of the saloon business last spring, remonstrances being filed against him for selling liquors to minors and drunkards. It would appear that he made a grand mistake in not getting rid of his stock of goods at that time. Atty. H. E. Siman is counsel for the city in the prosecution.

Great Season of Graft.

These are the days when prosperity is abroad in the land; when everybody "has money to burn," and it is at least amusing to note how some people have it "cremated." In the last few weeks the DEMOCRAT has mentioned the fact that "traveling doctors" had secured as high as \$400 and \$700 from individual families. A few years ago that would look like a fabulous sum to spend for a funeral, but not so now. The latest the DEMOCRAT heard of is sewing machines being sold in Wayne county for \$60 per machine. Any well informed person knows that the best sewing machines built these days costs from \$21 to \$23 at the factory. Let a Wayne dealer add freight and a profit of five or seven dollars and the average buyer will "look all over town" to see where he can do the best, but a transient peddler can go out and find plenty of easy ones at \$60 per. Astonishing, isn't it? The same is true of nearly everything else. There are "advertising specialists," "grocery specialists," "dry goods specialists," "pill specialists," etc., etc. Will Barum's old saying that the American people are tickled to be humbugged live in perpetual truth and practice?

The annual gold production in the initial years of the last five centuries: 1500, four million; 1600; six million; 1700, seven million; 1800, twelve million; 1896, two hundred three million; 1906, three hundred five million. At the present rate of increase the year 1907 will produce the grand total of four hundred twenty-five million dollars while financial experts predict that within three years the annual production will reach five hundred million and that in a few years the production will reach one billion dollars in gold per year. This marvelous increase in the production of gold was made possible by the new improved methods of working low grade ore; to these improved methods the King Solomon company will add water power to still further reduce the cost of production. Do you know what this means to the investor? It means

One Good Investment Is Worth a Lifetime of Labor

that the working of low grade ore has added millions in dividends to the holder of mining stock and it has added millions more to the value of those stocks and at the same time HAS INCREASED THE CERTAINTIES OF MINING MORE THAN 6,500 PER CENT. The King Solomon Mining and Transportation Tunnel is being driven to open vast ore deposits of proved value. Add to these the large bodies of high grade ore already opened by the tunnel, a main line of railroad and an immense water power right at the portal of the tunnel and you have one of the most economically arranged mines in the state of Colorado.

This stock is non-assessable and carries no individual liability.

Buy KING SOLOMON stock; it is a good investment.
